KENTUCKY ELEMENTARY SCHOOLS

1967-68

FOREWORD

A review of the accreditation of elementary schools of the state for the school year 1967-68 indicates major progress is being made in many areas of elementary education.

Progress in the various areas reflects the concern that personnel of elementary schools have for meeting the individual needs of children. The importance of these concerns is shown by improvement in the following areas:

- ✓Expansion of curriculum offerings
- ✓Increase of experimental programs
- ✓Greater variety of teaching procedures and techniques
- ✓The use of various teaching aids in quantity and quality which reached an all time high during this past year

Elementary schools with eight or more teachers are classified as Extended, Standard, Provisional, or Approved. Appropriate standards and criteria adopted by the State Board of Education are written into regulations for accrediting the elementary schools.

You will note that there are still relatively few schools classified as Extended but you will also observe a gradual increase in the number of Standard schools and a slight decrease in the number of Provisional schools.

I trust this bulletin will be helpful to both elementary school personnel and others striving for a qualitative elementary school for each child in Kentucky.

WENDELL P. BUTLER
SUPERINTENDENT OF PUBLIC INSTRUCTION

106,656 were enrolled in the schools under the control of the independent school districts. The others were enrolled in schools which were operated by State, Regional or Federal authorities or in the private schools.

In all of the elementary schools, there was a total staff of approximately 22,600 teachers, supervisors, principals, and other special instructional personnel serving during the school year of 1967-68. Of this number 18,935 were serving in the schools of eight or more teachers or schools accredited by the State Board of Education.

Table IV following shows the number of elementary schools accredited for the school year of 1967-68 compared with the school year of 1959-60, classified according to size.

**TABLE IV
NUMBER OF ACCREDITED ELEMENTARY SCHOOLS FOR THE
SCHOOL YEARS 1959-60 AND 1967-68 CLASSIFIED
ACCORDING TO SIZE IN NUMBER OF TEACHERS**

Size Classification	Number	
	1959-60	1967-68
8-12	401	309
13-16	215	254
17-20	100	162
21-24	71	109
25 and up	77	204
Total	864	1038

It will be seen from a study of Table IV that the schools of 16 teachers and below, have decreased in number from 616 to 563 during the eight-year period while the schools of 17 teachers and above have increased from 248 to 475.

The trend in the development of the elementary schools throughout the state is towards the larger elementary school unit in order to make it practical to offer an effective program of education.
