Controlled madness

Drop-Add procedure begins Wednesday

Vol. LXVIII, Number 84

Kernel Reporter

Yes Virginia, there is a method to the madness of Drop-Add.
Although the prevailing attitude no campus is that Drop-Add state to the acts are that George Dexter is receiving fewer complaints than he did four or five years ago. Dexter, advising conference and registration associate registrar, believes that it is because more and more people are learning how to use advance registration.

"We are now able to fill approximately 86 per cent of the student's class requests," said Dexter. "They have gotten into the habit of advance registration and so very few need to go through dropadd."

It the desired class is open, students should then pick up a class card at the department table.

4. Students should then proper time that their letter of the alphabet will be accomplated. A student's change will not be processed until the proper discussed and the proper time that their letter of the alphabet will be accomplated. A student's change will not be processed until the proper discussed and the department table.

For those who do need to use it (like those who requested nonexistant courses this semester)

We have the centralized system is fairly simple. It usually lasts about 10 minutes and rarely will take more hand and rarely will take more hand the processed of the minutes and rarely will be accomplaints that he more than an hour. The procedure is as follows:

1. Students should obtain a drop add Sciences, etc.).

2. Students should be report the that their letter of the alphabet will be accomplaint.

3. It the desired class is open, students should then pick up a class card at the department table.

4. Students should then madness.

Went should report to the Collisium at the proper time that their letter of the alphabet will be accomplaint.

3. It the desired class is open, and the proper time that their letter of the alphabet will be accomplaint.

4. Students should be mere the collision of drop-add. The centralized system is fairly simple. It is usually lasts about 10 minutes and rare

process runs until Jan. 18.

Students who didn't advance register go through late registration. This program begins at 8:30 a.m. Thursday on the Patterson Office Tower Mezzanine. The students receive their directions, go to their departments for class registration and then back to the Mezzanine. Despete registration and then back to the Mezzanine.

and then back to the Mezzanine.

Dexter cautioned students about checking to make sure that their class additions have been processed. Class noles are given to the teachers several times during the semester and students should check to make sure they are on them. The corrections should be made early, rather than at the end of the semester.

If you're still in doubt about the system, take two Alka-Seltzers and call George Dexter, Administration Annex-Room 110, 257-1966.

Arts and Sciences brought centralized dropadd to life in Jamary to life 1972 with a three-day operation in Buell Amory. "The first day was a bit trying," said Delap, "but by the afternoon of the third day, wating times were minimized. For handing such a big crowd, we were moving along. The doen was there and someone acted as an advisor to sign routine changes."

Just as it was the first college to use the centralized dropadd, Arts and Sciences also first proposed a University level drop-add day. Knowing that the armory was too small for the stupendous setting, A & provingly, "It was a nuisance."

Lovely to look at

The snow is ended, for a while at least, but it's left an eight-inch reminder. Adding to Drop-Add difficulties are winds gusting at 10-30 m.p.h., and a high temperature in the upper 'teens. Decreasing cloudiness should make cross-campus travel a little more scenic.

Choose quality classes, dean urges students

During registration, a student may feel that organized chaos and confusion have been plotted against him. But then he discovers dropadd. The most wonderful invention since thermal underwear. The chaos is not over. It has just begun. Now it is time for secretaries, professors, and deans to examine a schedule for the oncoming students.

The drop-add procedure is absolutely necessary," said Warren
Walton, assistant dean of
engineering. "Though it is a hassle
to change schedule cards, it sill
better for the students. The problem
we have with this procedure is the
title better for the students where early want to be in,
added Walton.

ones you've heard of.

A big, beautiful sailing vessel glides from one breathtaking Caribbean jewel to another.
And you're aboard, having the time of your life with an intimate group of lively, funlowing people. Singles and couples, too. There's good food, "grog" and a few pleasant comforts... but there's little resemblance to a stay at a fancy hotel, and you'll be happy about that.
Spend six days exoloring

Spend six days exploring paradise and getting to know congenial people. There's no other vacation like it.

Your share from \$290. A new cruise is forming now, Write Cap'n Mike for your free adventure booklet in full color.

Next year you could be on scholarship.

An Air Force ROTC 2-year scholarship. Which not only pays your tuition, but also gives you \$100 a month allowance. And picks up the tab for your books and lab fees, as well.

And after college, you'll receive a commission in the Air Force...go on to further, specialized training...and get started as an Air Force officer. There'll be travel, responsibility, and a lot of other benefits.

But it all starts right here...in college...in the Air Force ROTC. Things will look up...so look us up. No obligation, of course.

> For more info: Maj. George P. Yancey Room 203, Barker Hall 257-1681

Put it all together in Air Force ROTC.
