'MIKADO' CAST HAS BEEN SELECTED AND REHEARSALS BEGUN

Costumes and Scenery Are Being Prepared by University Art Department

PRESENTED NOV. 24

Part Of Proceeds Will Be Given to Band.

Professor Lampert announces that the principal parts of the "Mikado" have been assigned and that Tommy Brooks will sing the part of the "Mikado" and Martha McClure the part of Yum-Yum. Jack Dahringer will be Nanki Poo; Neal Sullivan will appear as Pooh Bah; Herndon Evans will have the part of the comedian Ko-Ko; Mariam Seegar will be Pitti Sing; Sue Chenault, Peep Bo and Mary Campbell Scott will give the part of Katisha. It is planned to finish the first act this week and the importance of being present at each rehearsal cannot be stressed too much.

Work on the costumes and scenery which is being supervised by the art department is progressing very satisfactorily and the first rehearsal of the entire company was held Monday afternoon. Mrs. Miner is going to teach some Japanese poses and dances to the company to give the production the proper atmosphere. Her assistance is particularly beneficial because of her deep interest and great capability in this line of work. The date for the production has been definitely set for November 24th with a matinee on the afternoon of the 22nd for the school children of Lexington. Professor Cassidy, Superintendent of the Lexington schools says that the children will be dismissed for the matinee. Mr. Cassidy in no uncertain way has shown his interest in musical education. He has encouraged classes in instrumental music which have made it possible financially for a great many more chil-

RESOLUTIONS ADOPTED BY WOMEN VOTERS

Miss McLaughlin Appointed Chairman of Publicity For The State.

At a meeting of the executive committee of the Kentucky League of Women Voters at Louisville Saturday, Miss Margaret McLaughlin, assistant professor of Journalism of the University of Kentucky, was appointed chairman of publicity for the state.

The committee adopted resolutions calling for a legislative program as follows:

To support a measure eliminating from the state of Kentucky certain laws which restrict the civil status of women.

To support a bill raising the age of consent from 16 to 18 years.

Members of the executive board from Lexington who attended the meeting were Mrs. Frank L. McVey, Mrs. E. L. Hutchinson and Miss Elizabeth Stanton. Mrs. Hutchinson was appointed chairman of the organization committee of the league.

The annual convention of the league will be held in Lexington during February, at which time Mrs. Maud Wood Park, National President, will speak.

NOTICE TO STUDENTS

University classes will be continued on Saturday, November 12th, as usual. Those students who desire to attend the football game at Louisville on that date will register their names in the registrar of the University before 5 o'clock Friday night. Those registering will be excused from their classes on Saturday.

Signed: FRANK L. McVEY, President.

LIVING EXPENSES OF STUDENTS OUTLINED

Prof. S. E. Leland Gained Information Thru Class in Statistical Methods

With a view to studying the problem of expenses of college life and ways of reducing them, the University of Michigan is asking the Kernel and other college publications to help them in securing actual figures on the cost of living on campuses of various representative colleges of the country.

The Michigan Daily, of the University of Michigan is starting a strenuous campaign soon to get the M. C. L. materially as it affects its students. This movement is both timely and practical, and will probably furnish an example to other colleges and similar organizations.

According to Dean Melcher the living expenses for students here are as follows: room, \$7.00 to \$12.50 a month per person (where two room together), average \$10.00; board, \$20.00 to \$30.00 a month, average \$24.00.

In the eleven fraternity houses the average for room and board is \$32.00 a month. At Patterson Hall the charge is \$62.50 a quarter, or approximately \$30.00 a month. The University Cafeteria furnishes reasonably priced food to students, selling \$5.00 meal tickets for \$4.50.

The average cost of living last year at this University, all expenditures included, was \$796.45 for men, \$778.55 for women, \$787.50 for both men and women, according to information gained in a voluntary survey made by the class in Statistical Methods under Professor S. E. Leland last semester. The cost for men in the College of Arts and Sciences was less than that for women, while in all other colleges it was greater.

The average expenditures in the different colleges were found to be as follows:

A. & S.	\$711.85
Law	895.02
Engineering	713.86
Agriculture	919.28

From the College of Engineering, which may be regarded as representative of the whole school, 60% of the students were self-supporting, and that number were making 58 1/2% of their expenses. The chief types of employment were waiting on tables, carrying papers, professional athletics, and clerical, musical, and advertising positions. Only 22% of Engineering students budgeted expenses.

That the cost of living increases very materially during college course is shown by the figures below, giving the average cost in the four classes of the several colleges.

College Fresh.	Soph.	Junior	Senior
A. & S. \$686.40	\$664.41	\$729.24	\$732.29
Law 572.97	697.17	827.32	960.73
Ag. 693.67	767.13	808.49	888.12

DR. GANFIELD MAKES INTERESTING TALK IN CHAPEL TUESDAY

Former President of Centre College Speaks on "The Trend of Civilization"

MISS SCOTT SINGS

Brilliant Future For University of Kentucky Is Predicted

Doctor William A. Ganfield, former President of Centre College, now of Carroll College, Wisconsin, gave the principal address at Chapel Tuesday morning and followed his words of greeting with a farewell to the University of Kentucky upon the eve of his departure to Wisconsin. Dean Paul Boyd conducted the devotional and made the announcements which preceded the address and Miss Mary Campbell Scott sang "Annie Laurie."

Doctor Ganfield prefaced his remarks by evincing once more his interest and love for the University of Kentucky and prophesied a brilliant future for her as well as the entire school system of Kentucky. His address was concerning "The Trend of Civilization" from the most ancient times of which we have an account up to the present day. Civilization came into the world many, many ages ago and it came to stay but what is left of that ancient civilization is only history now and gone. It has always moved westward. In ancient history there are startling accounts of the civilization of Egypt, in the day of her supremacy the University of Egypt was a wonderful educational force and then, Greece had her Golden Age, in which she added the names of more men who have contributed to civilization to history than any other country has ever done. She was followed by Rome which left such a lasting and deep impress on the sands of time. Every lawyer in our land, every judge on the bench can testify to the contribution the "City of Seven Hills" has made. Next Spain, because of her culture, glory, wealth and power at one time during the Middle Ages was acknowledged to be the greatest Empire the world has ever known. In 1898 Spain proved her weakness. Some people believe she will eventually return to her old time prestige. Not so long ago Great Britain had her place well established as mistress of the sea and boasted that the sun never sets on her soil but one of the sharpest and dependable critics of English life has recently

NOTICE!

There remains eighty men in the University who have not received physical examinations. Some of these have failed to report. Two more days will be given for these examinations, Monday and Tuesday, afternoons from 3:30 to 5:30 o'clock. Notices will be sent to each of the eighty men. Those who do not report on these two days will be suspended without further notice.

Signed: DR. P. K. HOLMES, Head of Department of Hygiene and Public Health.

JUNIORS ATTENTION!

All juniors who have not yet secured information cards for the junior section in the '22 annual please call at the Kentuckian office in the basement of the Science building and make out a card. Juniors who have received their cards will please fill them out immediately and drop them in the junior box in the Kentuckian office. All cards must be in by November 15.

V. M. I. CADETS WILL BE NEXT WILDCAT VICTIMS

Pribble, Fleahman, and Sanders May Not Be Able To Play

It was a badly bruised, but determined squad that showed up on Stoll Field Monday afternoon for a light workout in preparation for the V. M. I. game to be played at Louisville, Saturday November 12 in Eclipse Park. The team will leave Friday afternoon at 5:40 o'clock from the Union Station for Louisville with Coach "Injun Bill" Juneau in charge. With every man on the team injured with the exception of Fuller and Ramsey, the work of Monday afternoon consisted of light practice and punting. However, Coach Juneau promises plenty of work and scrimmage for the rest of the week. It is doubtful whether Pribble, Fleahman or Sanders will be able to play, and the Wildcat squad will go into the fray badly crippled if these three players are not able to be in the line up next Saturday.

The Cadets have a strong team, their line having the weight advantage and in Farley and Bunting they have players of the first order. Farley who plays quarter is excellent at the forward pass and will doubtless try this form of play. The Wildcats, however, undaunted by the defeat suffered at the hands of the "Wonder Team" are determined that it will be the last defeat this season, and when Farley attempts his wonderful passing, he will have his hands full. All who saw the Centre game know that when it comes to pluck, grit and courage the Wildcats have enough of those qualities for a dozen teams.

As the train pulled into the Southern Depot last Saturday evening one of the battered warriors cried out: "Are we datter-hearted?" and immediately came the answer in a lusty chorus: "Hell no!" and that is the kind of spirit that knows no defeat.

The probable lineup is as follows:

V. M. I.
Clarke L. E., Summers L. T., Westcott I. G., Miller C., Harrison R. G., Hunt R. T., Ridgely R. E., Farley Q. B., Bunting L. H., Costello R. H., Venable F. B., Kentucky:
Colpitts L. E., Russell L. T., Baugh L. G., Fest C., Ramsey R. T., Server R. G., Wathen R. E., Lavin Q. B., Sanders L. H., Fuller R. H., Pribble F. B.

SENIORS NOTICE

November 19th is the last day for the payment of Senior Class Dues without an additional charge.

For the benefit of those not at the meeting the class, dues were voted at \$15.00. This includes \$4.00 for annual, \$7.00 for the senior page in the annual, \$4.00 for current expenses.

Pay to the class treasurer or his assistants.

FIGHTING WILDCATS ARE HUMBLLED BY THE CENTRE COLLEGE CREW

Kentucky Eleven Advances Ball to Fifteen Yard Line In First Quarter

History repeated itself last Saturday on Cheek field when Centre's famous fighting Colonels defeated the Wildcats in the twenty-sixth annual classic by a score of 55 to 0.

The Blue and White team started out strong, holding the "Praying Colonels" to one lone touchdown during the first quarter. They fought valiantly all through the contest and as night was falling, came back with a rush to Centre's fifteen yard, only to be stopped by the whistle.

McMillan, Roberts and company played true to form. The Danville backs swept around end time after time behind an interference which could not be stopped. "Bo" completed pass after pass with his accustomed accuracy which was a large factor toward victory.

Kentucky, in the first few minutes of play advanced the ball to the fifteen yard line but a grounded pass gave Centre the ball. Bartlett, McMillan, and Snoddy rushed the ball up the field by skirting the ends and passing. Roberts bucked it over for the first tally of the game. McMillan kicked goal. "Bo" made the next touchdown in the middle of the second quarter, skirting left end and cutting back across the field for a total of 49 yards. He failed to kick goal. Covington next took it across by a run around left end for 39 yards.

The heavier team soon began to inflict injuries on the Blue and White and King and Wathen were taken out. Ridgeway and Colpitts went in and both men played good ball. Fleahman was taken out early in the second half with an injured side and his absence was greatly felt. A triple pass, McMillan to Bartlett to Snoddy was the means of another touchdown and a series of line bucks and end runs enabled McMillan to take it over again in the third quarter.

SU KY CIRCLE ASSIST STUDENT LOAN FUND

Tickets Are Now On Sale For "Mikado" and Sue Harvard

The Su-Ky Circle of the University, in view of accomplishing the task of making the Student Loan Fund, a successful venture has taken on the sale of tickets for the University production, "The Mikado" and in co-operation with the Kiwanis Club of Lexington, is in charge of the sale of tickets for the concert given by Sue Harvard, December 7.

The Kiwanis Club is bringing Sue Harvard to Lexington for the purpose of assisting the University in its undertaking of providing funds for students unable to remain in school without procuring a loan. The proceeds from the concert will be given to the Student Loan Fund.

The seats for the entertainment are now on sale and may be secured from members of the Su-Ky Circle or the Sister Circle of Su-Ky. The price of admission is \$1.50.

MANY CANDIDATES AT BASKET BALL PRACTICE

Entire Championship Squad Should Make Another Wonder Team

The first basketball practice of the season was ushered in last week. Of last year's letter men King, Adkins, Poyntz, former Captain Hayden were present for roll call, while Ridgeway, Wilhelm, and Captain-elect Lavin are still playing football and will not be able to report until after Thanksgiving. Smith has a bad hand, but will be out later in the season. Between thirty and forty new men also reported, and from appearance, some of these will give the old men a hard race for positions on the team. Under the guidance of Coach Bucheit practice is being held twice a week until after the end of the football season, when practice will be daily.

In December the S. I. A. A. meets at Birmingham, and the date and place of the Southern basketball Tournament will be decided. Kentucky is hoping for another team that will emerge from the tournament with flying colors.

The University is making arrangements for games with eastern colleges on their 1922 schedule. The feature event of this invasion will be a game with either Yale, Harvard, Cornell or Princeton.

Rev. R. W. Owens Speaks Before Y. M. Meeting

The Y. M. C. A. held its regular meeting in the "Y" room last Sunday evening. Thomas Clore presided and Reverend Ralph Owens was the speaker of the evening.

In part Rev. Owens said, "Back of all manufacturing plants there is some force that controls the whole workings of that plant. Thus, back of man there is a great power that should control his life." Rev. Owens said that every individual should have the following three things; 1. Power of self control; 2. Power to discern essentials; 3. Power to lead others. In concluding he said, "Only one man in fifty is a leader. But each one of us can learn to be a leader by preparation."

BIBLE CLASSES ARE TO BE CONTINUED

The University Bible Classes, under the auspices of the Y. M. C. A. have been started with thirty organized groups. The total enrollment of these groups for the first week was over three hundred.

Groups have been organized in thirteen of the fraternity houses and seventeen other boarding houses. It is hoped that every student in the University will join one of these classes.

The course will continue for twelve weeks and at the end of this time a dinner will be given for the group that has had the best percentage of attendance.

NOTICE

The Patterson Hall Saturday night dances are arranged only for those girls who are living under the Woman's Self Government Association rules, and the girls who are their guests of dinner or for the evening. Violations of the above rule will not be overlooked. Girls living in town may not come to these dances unless they are guests of girls living in the dormitories, fraternity houses or other boarding houses under the Woman's Self Government Association rules.

The enforcement of this rule is absolutely necessary, owing to the large crowds which dance at the Hall on Saturday evening.

NORWOOD MINING SOCIETY

This Norwood Mining Society was formed in 1910 by the students in the mining department of the University of Kentucky. It was first called the "Kentucky Mining Society" but later changed to the Norwood Mining Society. It was organized for the purpose of promoting better fellowship among the students and professors of the mining college and portraying in a more attractive light the aims, ideals and sciences of the mining profession.

At present the society is doing well. It meets weekly and discussions on various topics are heard, both from the members of the society and from men of experience in the mining game. The interest that is being shown in the mining profession and especially in the development of our own resources in Kentucky is very gratifying.

SQUIRREL FOOD

How Girls Try To Be Popular.

Before going deeply into this all absorbing subject allow me to give the Philosophical side of the matter and explain why they want to be popular.

The members of the stockinged sex realize the importance of the infallibility of the law of demand. What one fellow wants another also craves, all hounds want the same bone. Now when this law begins to operate the powder puffer will have more to choose from, more of them will want her for a wife and she can get a mate from the made-to-fit-you store with much more ease.

Matrimony, Ah! The state of Bliss. Lead me on!

The most common pop seeker can be identified by her, "Hello, there; how you?" "Fine thank; how you?" She usually has pretty teeth and a Doug Fairbanks smile and is just "thrilled to death" or "so sorry" about something. She fakes pep and is unusually loud always making a big fuss about nothing, all of which goes to remind one of the little quotation,

"Passions are best likened unto streams, The shallows murmur yet the deeps are dumb."

In addition this particular likeness of five usually wears wool stockings and loud hats and several other things.

Different girls, of course, use different methods. Most of them think boys are thick and have worshipped at the shrine of St. Idiot. We agree with you most of them are. At a dance these said girlish wights hold you rather firm while dancing and occasionally let "the skin you don't love to touch" come in contact with a well shaven mug. Ugh. Or maybe, when someone breaks you she gives your digits a little hug with her paw,

squints up her eyes and remarks, "You are just a wonderful dancer," and then under her breath says to herself, says she, "You use my feet to good advantage"

At night, at the poets say "When upon them you chance to call," they, at least some of them, hand out this bunk of having traveled far and near. They try earnestly to entertain you and occasionally make a bright remark such as, "A rolling stone is not on the level." Then when perhaps the boy should say something at which they can giggle, they end the mirth with some sort of saying to the effect that you are so funny.

Some-of-them assume another attitude in the swing. The attitude of affection, having had much experience. When she says "If I had some gum I could feed you and I'm not saying how either." Watch out, she is the most deadly.

Modesty hann't much of a chance when big feet, bow legs and knock knees won't make a girl wear long dresses.

Her shoes were so big you could see the cowhide in them.

Oh, to have my past all ahead of me.

The University of Kentucky is entitled to four candidates for the Rhodes schol-

arship from the state for 1922. The final decision will be made on December 3 by the Committee of Selection, which is composed of Doctor Frank L. McVey, Chairman; Allen Barnett, Shelbyville, Secretary; W. S. Hamilton, Professor of Law in the University of Kentucky; R. Helm, Louisville; C. A. Keith, Richmond. With the exception of Doctor McVey, all members of the committee are former Rhodes Scholars.

The candidates must be citizens of the United States; must be at least nineteen and not more than twenty-five years of age; and must have completed at least their sophomore year in the college or university from which they apply. Each candidate will appear personally before the committee of selection.

The three qualities which are considered by the committee in making the selection are:

1. Qualities of manhood, force of character, and leadership.

2. Literary and scholastic ability and attainments.

3. Physical vigor as shown by interest in outdoor sports or in other ways.

The successful candidate will receive \$50 pounds a year in addition to a scholarship at the College of Oxford for three years.

WHO AM I?

With men I have no use at all,
I've seen them rise and slowly fall,
They're all one grand and glorious stall;
They have no soul.

Now girls are different so I find;
I have no certain one in mind
But my girl typifies the kind
That I extol.

Perhaps you wonder what I do
To justify such chatter true
And so I will confide in you
My nature dull.

I guard my girlie day and night,
I keep within her reach and sight;
I hold her close, but not too tight.
I'm "Camisole."

Hittorf or Crookes Tube

How Were X-Rays Discovered?

SIR James Mackenzie Davidson visited Professor Roentgen to find out how he discovered the X-rays.

Roentgen had covered a vacuum tube, called a Hittorf or Crookes tube, with black paper so as to cut off all its light. About four yards away was a piece of cardboard coated with a fluorescent compound. He turned on the current in the tube. The cardboard glowed brightly.

Sir James asked him: "What did you think?"

"I didn't think, I investigated," said Roentgen. He wanted to know what made the cardboard glow. Only planned experiments could give the answer. We all know the practical result. Thousands of lives are saved by surgeons who use the X-rays.

Later on, one of the scientists in the Research Laboratory of the General Electric Company became interested in a certain phenomenon sometimes observed in incandescent lamps. Others had observed it, but he, like Roentgen, investigated. The result was the discovery of new laws governing electrical conduction in high vacuum.

Another scientist in the same laboratory saw that on the basis of those new laws he could build a new tube for producing X-rays more effectively. This was the Coolidge X-ray tube which marked the greatest advance in the X-ray art since the original discovery by Roentgen.

Thus, scientific investigation of a strange phenomenon led to the discovery of a new art, and scientific investigation of another strange phenomenon led to the greatest improvement in that art.

It is for such reasons that the Research Laboratories of the General Electric Company are continually investigating, continually exploring the unknown. It is new knowledge that is sought. But practical results follow in an endless stream, and in many unexpected ways.

Alumni Notes

Betwixt Us

(Comments of alumni on matters of interest are always welcome—Alumni Secretary.)

County chairmen in Kentucky and secretaries of all classes have been called on to aid in compiling addresses of the 14,000 ex-students of the University as the fore-runner of a campaign to enroll 3,000 of them in the Alumni Association.

There is no question that the Alma Mater is rapidly attaining a place of all-round leadership in which the alumni may become a vital factor. Recent activities of the Association and of the local clubs in Kentucky and in other states indicate that hosts of the former students are as keenly interested in the University as graduates and a great effort is going to be made to bring about organized co-operation by the entire body of former students and graduates.

Throughout Kentucky this week former students and graduates were candidates for offices, major and minor. At this writing the final outcome in all instances is unknown but it is certain that there will be several "Kentucky" men in office. Some of these will be in the Legislature, a strategic position in view of the more liberal support that the University will expect from the 1922 General Assembly. This indicates the leadership being assumed by "Kentucky" alumni, which will become more pronounced as time progresses.

This leadership is confined not alone to Kentucky. Public office has been awarded to sons of the Blue and White in California, Indiana, District of Columbia and Texas. Business and professional leadership also is conceded to "Kentuckians" everywhere. There is reason to rejoice and yet in the pressing need of the Alma Mater for a more liberal financial policy on the part of the State there is a definite challenge to the alumni.

Home Coming Is Feature

The Home Coming Thanksgiving Day—November 24—will be an important event in the University's history according to plans announced by the Committee on Arrangements of which Miss Marguerite McLaughlin is chairman. More than 1,000 former students and graduates are expected to be in Lexington that day for the several forms of entertainment beginning with the Kentucky luncheon at noon in the Lafayette hotel and ending with "The Mikado," the annual student opera, at the Woodland Auditorium in the evening.

One complete section of reserved seats at the Kentucky-Tennessee football game has been held for the alumni who can make their reservations through the Alumni Secretary. A supper and dance have been arranged for the afternoon and early evening following the football game. This will be at the Phoenix hotel.

Alumni from every section of Kentucky watched the game at Danville Saturday. They spoke repeatedly of the fine spirit displayed by the Wildcats and by the students whose cheering seemed like that of the followers of a winning team. Several parties are being planned for the Kentucky-V. M. I. game at Louisville November 12.

CARROLL ALUMNI ORGANIZE

Blue and White Supporters in Northern Kentucky County Have Big Plans
The Carroll County (Kentucky) Alumni Club was organized at Carrollton November 4 with fourteen charter members. A membership drive was begun this week among the alumni of Carroll and neighboring counties. Officers of the club are Grover Routh '11, president; Rop Sharp ex '15, vice president; Miss Marie C. Becked '17, secretary; W. F. O'Donnell ex '12, treasurer; Miss Elizabeth Colegrove '15 members of the executive committee, and John H. Way '13, chairman of the membership committee.

Announcement was made of the unqualified support pledged to the Uni-

versity's legislative program by Representative-elect Oscar Vest, of Carrollton. The Carrollton alumni promised that other members of the General Assembly would be lined up by them for University's program. Several promising athletes were sent up by the Carroll County alumni in September to wear the Blue and White. More may be expected in the future, they claim.

Progress of the University in the last four years, plans for future development and accomplishments and purposes of the Alumni Association were explained by Herbert Graham, the Alumni Secretary.

START BUSINESS DIRECTORY

Advertising Section is Opened for Convenience of the Alumni

An alumni Business and Professional Directory is being undertaken by the business management of the Kernel as a part of the advertising section. The first to respond is Warner P. Sayers ex '09, secretary and sales manager of the F. D. Lawrence Electric Company, of Cincinnati. The Directory will be a convenience to alumni who have business to transact in various parts of the country and forms a good medium for obtaining new business. Similar departments have been launched by other papers and alumni magazines with growing popularity.

In the last issue of the Columbia Alumni News there are listed under Engineers, Construction and Consulting, six firms of which alumni of Columbia are proprietors or executives; four legal firms; one testing laboratory; three insurance agencies and several miscellaneous enterprises. The Kernel management is expecting this department of its paper to become one of the most interesting and helpful of its undertakings.

Kentucky's hope for a greater prosperity and happiness lies in the development and expansion of the University of Kentucky. Former students and graduates have the responsibility more than others for assuring success to that program.

There are 1,000 graduates and 13,000 former students who were not enrolled in the Alumni Association last year. Dues, including the Kernel, are \$2 from July 1, 1921 to June 30, 1922. A drive for members is on during November. How many will you get?

KENTUCKY'S ATHLETIC STANDARD

Men who wear the blue and white on the gridiron of Kentucky, we the students of the University, are proud of you. It is true that you have lost the last three games but luck was against you the first two of these while the last one—well, it took more than luck and it took more than the prayers of the "Praying" Colonels to pile up such a score on you. If the Danville team had run over you for a hundred points we would still be proud of you for we know that you did your best. We also know that the men on the University eleven are as good players as the men on any other team, and have a right to play.

The reason that we are proud of you is, above all, that we can conscientiously say that you are eligible in every sense of the word. The time has come for the whole world to know of the high plane upon which athletics is conducted at the University of Kentucky, and you men are responsible for this high standard. What other school can boast of such a high scholastic standing among its athletes as the University of Kentucky? You are amateurs in the true sense of the word. Athletes for love of the sport and of the school, knowing that you are receiving nothing in exchange for your efforts except the satisfaction of working well for a good cause, you are the highest type of sportsmen of which any institution can boast.

It is true that a great deal is required of you that might not be required at

other schools; even your entrance requirements to the University are enough to keep a great many players on some of our neighboring college teams. You are required to keep up in all your work and the fact that you are foot ball players gains for you no exemptions in your classroom work. You are required to pay your own tuition, your own board, your own room rent, and no one ever offers to give you all the spending money you might want. You are in school primarily for an education and being an athlete is a minor consideration yet you are willing to sacrifice your valuable time that the University might have the benefit of your services on the athletic fields.

Ror these in spirit and in truth, gentlemen of the U. of K. squad. Your comrades are both proud and thankful.

OUR FACULTY FRIENDS.

When we pass our professors on the street are we tempted to speak to them in a friendly manner and mention to our companion that the man to whom we have just spoken is a good scout along with being a good instructor? Unfortunately we are not often thus tempted because we are of the opinion that many members of the faculty are nothing more than human icebergs who are merely cogs in a machine and who take no interest in the student after he is out of the classroom.

There is no reason in the world why professors and students cannot be on more friendly relations toward one another. When we meet some hard boiled prof on the street we ought to go out of our way to speak to him even if he has given us a flock of D's the previous semester and often threatens to have us figuratively kicked out of school. If we do that the illustrious members of the faculty may warm up and act human.

Many of us have the wrong idea about the faculty members. They are not all gloating over the prospects of flunking us in our next examinations; in fact a few of them may even allow us to go on for another year without having the flag hung at half mast for us. We believe that some of them would even enjoy being on friendly terms with the students although most of them act rather timidly when we speak to them as though afraid they are violating some faculty rule by responding to the salutation.

Lets get away from such an attitude and have a spirit of friendship exist between students and faculty which will serve to draw them closer together for the common benefits that might arise from a better understanding of one another.

FIGHTING WILDCATS

(Continued from page 1.)

The Colonels scored twice in the final period. A pass over the line to Roberts from the thirty yard line after a series of end runs was followed shortly after by another long pass to Lemon who ran thirty-five yards for a touchdown.

Brewer went in for Lavin in the last minute and pulled off the most thrilling play of the game by eluding all the Centre players and advancing the ball from Kentucky's fifteen yard line to the fifteen yard line on Centre's side. He was nab-

bed by McMillan from the rear.

dren to have instruction on violins and wind instruments who would not have the opportunity otherwise. Just now, as a result, over 100 children are taking lessons on the violin. Cecil Noe who is the son of Professor J. T. C. Noe will instruct on the wind instruments.

Volumes could be written of how proud Kentucky was of the appearance of her Band at the Centre-Kentucky game Saturday and everyone is pleased that part of the "Mikado" proceeds will be

originally expressed a desire to participate for new uniforms for this Band.

On account of a lack of costumes the chorus of the "Mikado" has been cut down a great deal from the number that pated and try-outs were held from which the following persons were selected: Elizabeth Allen, Aileen Arnold, Francis Ashbrook, Betty Barbour, Ethel Barker, Mary Matilda Beard, Betty Brown, Sara Cardwell, Katherine Cave, Nan Chenault, Francis Delong, Mittie Eblen, Harriet Folsenthal, Ann Harbison, Margaret Harding, Lollie Hackersmith, Mary Huffaker, Elizabeth Hyde, Lucile Kautz, Evelyn Kelley, Helen King, Martha Pate, Marjorie Riddle, Mary Snell Ruby, Anness Sargeant, Elizabeth Snapp, Cornelia Stoffer, Roberta Thurmond, Daisy Lee Tinsley, Maybelle Todd, Edith Tune, and Elizabeth Turner. Mary Louise Covington, Clay Miller Elkin, Mary Lyon, and Margaret Smith. The male portion of the chorus is composed of: W. A. Anderson Jr., Earl Baughman, T. B. Bonta, L. M. Buckner, H. S. Caxton, Robert Clem, Elbert Decoursey, Duerson Fendley, Myer Freyman, Joe Hayden, L. B. Herring, H. J. Hopkins, Max Howard, Carl Lampert, T. J. Lyons, Beverly Mann, Robert Porter, Tom Rilley, Latta Smith, C. V. Snapp, D. V. Sublett and Douglas Vest.

LIVING EXPENSES

(Continued from page 1)

said that England can no longer be counted on for the bulwark of the defense for civilization and so now the world is looking toward America. A great American has said in one of his books "If I wanted to know what my nation will be twenty-five years from now I would take a survey of the ideals and opinions of the college and university men and women of our land." So the future of Kentucky, Dr. Ganfield, thinks depends very largely on the students of the University of Kentucky, of Centre College, Georgetown, Transylvania and our higher educational institutions, now the question, how will she be directed, arises.

A prominent professor of Harvard University offers his opinion that civilization is not to stay in the United States of America and so that is why the students

of the present day are living in an age which is second to only one other in the history of the world. The only other more consequential in issues and full of opportunities is the time of the birth of Christ. Everything then depended on the man called Jesus and no one could estimate the condition of the world if he had failed. Men and women of our colleges and universities could fail but they dare not. For this we find is true, as each race that has carried the torch of civilization has laid it down there has been a primitive white race to pick it up. There is not a primitive white race left on the face of the globe so if we drop the torch some race other than the white one will doubtless pick it up.

In closing Doctor Ganfield said, "I will probably remember as in Kentucky as a football enthusiast, in reality I am an enthusiast for America college life, for scholarship and study, good fellowship and wholesome play, for the same things that make college life great, make our nation safe."

STUDENT COUNCIL HOLDS MEETING

A meeting of the Student Council was held Friday evening, November 4. The following business was transacted; I. A Social committee composed of Dave Thornton, chairman, George Rouse and Sam Ridgway was appointed. 2. All requests for social events must be sent to the secretary of the Council to be referred to the committee for further action. 3. Action was taken to compel everyone to pay class dues. 4. Pan-Hellenic dance, Junior Prom and Senior Ball will be allowed to continue until 2:30 a. m. providing they do not occur on Saturday evening.

All mail or requests for the Council will please be sent to their box at the University Post Office.

CAMPUS CHATTER

B. L. Nisbet, a graduate of the College of Law in 1915 and at present a successful lawyer in Madisonville, Ky., was a visitor at the University last week.

Judge Lafferty announces that the Pennsylvania State College has placed this College of Law on its accredited list of law schools. That college has no law school connected with it but when student wishes to take 3 years of work in the Arts and Sciences department there and then come here and take one year of law he may do so and receive credit for his law work as the fourth year in the Arts and Science department. Thereby entitling him to his degree.

The Botany Club met Wednesday November 2 at 7:30 at Dr. McFaldand's residence with W. A. Anderson, president, presiding over the meeting. Dr. McFarland spoke on "Mushrooms" and illustrated his speech with lantern slides. A social hour and refreshments followed.

Dr. McVey returns the last of this week from New Orleans, where he attended meetings of two associations, the National Association of State Universities, November 7 and 8, of which he is secretary-treasurer, and the Association of Land Grant Colleges, November 8-10.

D. C. Duncan delivered the first of a series of talks to be made by students to members of the White Mathematics Club at the regular meeting, Tuesday, November 1. His subject was, "Definitions, Axioms, and Postulates."

An announcement of the officers of this club was recently published erroneously in these columns thru no fault of the Kernel. Miss LeSturgeon is president, and Professor H. H. Downing, secretary.

The Sunday Magazine of the Courier-Journal contained a two page article entitled "Art and the Theatre" written by Professor Carl Sax, head of the Art Department. In the article was an insert of Professor and two illustrations of the Vagabond Theatre, in Baltimore, where Professor Sax was engaged as director before coming to the university of Kentucky.

In the article Professor Sax discussed the necessity of the creative artist in the Little Theatre Movement, also scene painting, which today is admitted to be one of the Fine Arts. Professor Sax used "The Admirable Crichton," and "The Mikado," which were produced by the University as examples of the innumerable opportunities stagecraft offers for self-expression.

At the University, beginning Monday November 14, and continuing through Friday November 18, there will be a fifteen minute prayer meeting held in the office of the Secretary of the Y. M. C. A. This meeting will begin at 1:30. All Y. M. C. A. all over the country will observe a week of prayer.

Beginning Sunday, November 13, the students are urged to be present to unite in prayer for the students of the world. They are especially urged to be present at the time of the meeting of the International Conference at Washington for the nations of the world.

"Are you going to Danville?" was the question on every lip the latter part of last week. And most replies were in the affirmative.

By Friday afternoon the six hundred seats on sale at the book store were gone, but, undaunted by being unable to get tickets, many students went on the contingency of procuring standing room.

The nine coaches of the special train which left the Southern station at 21:30 were well filled and hundreds of motorists took advantage of the beautiful day to drive down; so that when the game was called on Cheek Field at 3 o'clock the blue and white was as conspicuous as the white and gold in the bleachers.

The band was there in full strength and, led by Dan Baugh and Sponsor Margaret Smith, it paraded the field several times between the halves, coming to a halt in front of the Kentucky section and playing "My Old Kentucky Home."

Professor Edward Tuthill spoke at the Court House at Frankfort, October 29 on "Commission Government" explaining the strong and weak points of its operation. Professor Tuthill also read a paper to the Bradford Memorial Society at the Lexington Public Library, November 8, on recent progress in Kentucky.

On account of the Centre-Kentucky football game last Saturday, all freshmen were excused from Matriculation Lecture.

Amanda Forkner and May Denney spent the week end at the home of Margaret Griggs in Danville.

Harriet Chatfield visited with Miss her home in Covington this week-end.

Pansy Meyers spent the week-end at her home in Covington this week-end.

Amanda Gordon, Frances Price, and Eleanor Hall attended the game at Danville Saturday and spent Sunday at K. C. W.

Alice Cassel spent the week end at her home in Harrodsburg.

Louise Connel visited at her home in Paris Saturday and Sunday.

Eva Wesley spent the week-end with friends in Berea.

Mable Ruth Coates and Gertude Collins visited with friends at K. C. W. at Danville last week-end.

Fifty-nine girls from Smith, Maxwell and Patterson Halls attended the game at Danville.

Misses Myrtle Clar, Aileen Fratman, Bertha Craft of the University of Kentucky and Miss Ruth Jeffers of Hamilton College spent last week-end with Misses Mary and Nancy Snook.

The program of the Psychology Club, which met November 1, at 4:30 p. m. at the home of Miss Brookie Tompkins on the Nicholasville Road, consisted of a talk by Dr. Miner on "Standardizing Tests for Vocational Guidance" and a "question box" conducted by members of the club. Hot chocolate and wafers were served and a social time enjoyed.

The next meeting of the club will be held in the Psychology Laboratory Tuesday, November 15 at 3:45. An interesting program has been arranged, and a full attendance is desired.

Dr. P. K. Holmes, head of the Department of Hygiene and Public Health left Friday to attend the Fifteenth National American Public Health Association Convention in New York. He will be absent from the dispensary for a week.

Captain Fred T. Marsh has been ordered by the United States Government from the 40th infantry in West Virginia to act as instructor and assistant professor in the Department of Military Science at the University of Kentucky. Captain Marsh is expected to arrive to assume his duties within the next few days.

The White Mathematics Club met Tuesday, November 1, and a paper by D. C. Duncan, '22 was read. His subject was "Relating to Definitions, Axioms, Postulates and Assumptions." The next meeting will be Tuesday, November 15, Room 310, Civil-Physics Building. Mr. W. J. Brezler will have charge of the meeting and his subject will be "Class and Discrete Sequences."

A great many chemical formulas contain the letter C and H and are followed by numerals as 6 so why was the Chem Freshman ridiculed when he asked, while strolling over the Centre College campus, "What does C6-H6 go off into?"

The Mystic Thirteen, honorary junior fraternity entertained in a party at the Ben All theatre Thursday evening, after which refreshments with the colors and insignia of the fraternity carried out, was served. The members of the Fraternity are: James Shouse, Gilbert Smith, Ryan Ringo, Sam Ridgeway Carl Lipe, Jack Griffin, Harry Brailsford, Bill Finn, Otis Jones and Bowman Grant.

POOR KID

A Freshman went forth to serenade
The lady he loved the best;
He went to the house at evening
When the sun had gone to rest.
He warbled there till daylight
And would have warbled more,
But morning light disclosed the sign

KENTUCKIAN SPACE MUST BE RESERVED BY NOVEMBER 20

Seniors are Requested to Submit an Interesting Snapshot

The attention of all organizations, fraternities, and clubs is called to the reserving space in the Kentuckian by making their deposit with C. V. Watson, business manager, before November 20. Many organizations on the campus have mentally reserved space without telling the Kentuckian manager and expect to appear as usual as they have had their photographs or group pictures taken. This much promptness is appreciated and only a similar promptness is left to be shown in making the necessary payment for space. Please see Mr. Watson before November 20 in the Kentuckian office which is open every afternoon for calls.

Ed. Gregg '22 art editor of the Kentuckian, may be found in the Kentuckian office daily to advise or direct the fraternity club representatives elected to make up pages for the annual. The mounting board is uniform and should be secured from C. V. Watson immediately as the "dead line" placed upon this work is November 25.

Unusual and attractive arrangements have been planned for the campus organization section and other original suggestions are welcome and will be used if practical. Charles W. York, head artist from the Stanford Engraving Company which is in charge of the Kentuckian contract, has spent several profitable days with the staff and the newest art suggestions have been procured for the use of U. K.'s '22 Yearbook.

Individuals who have failed to have their photographs made by this date, are asked to visit the studio of the local photographer and turn them in by no later than November 26. All Seniors are especially asked to observe promptness in this request, and in submitting an interesting snapshot suitable for use on their Senior page.

JOHN DICKER RETURNS FROM ENGLAND

Mr. John B. Dicker, superintendent of shops, at the University of Kentucky, returned Friday from a trip of five months to his old home in England. Mrs. Dicker and John Dicker, Jr. who accompanied him for the trip, arrived home Thursday. Mr. Dicker stopped at Pittsburg, Penn., to see Prof. Paul Anderson, coming on from there Friday.

While in England Mr. Dicker visited a number of notable educational schools especially those having industrial courses, for he is extremely interested in his work at the University where he has rendered splendid service for the past fourteen years.

As a recognition of his services the trustees of the University granted him five months leave of absence. He returns to the University even better prepared to direct the practical work of the Engineering students and is welcomed home by many warm friends.

Cadet Hop Committee To Arrange Dances

The committee for the arrangements of the dates for the six hops to be given by the battalion of cadets of the University has been appointed by Colonel George D. Freeman of the Department of Military Science. The committee will schedule the dates for the hops and will determine the admission fee.

The committee as appointed by Colonel Freeman follows: Chairman: Gerald Griffin, Cadet Lieutenant Colonel, Elizabeth Kimbrough, Major Sponsor. Members: S. C. Carter, 2nd Lieutenant, "A" Company, G. E. Rouse, 1st Sergeant, "A" Company, Silas Wilson, Major, H. J. Hopkins, Cadet "B" Company, E. A. Gans Adjutant, W. M. Embry, Cadet, "C" Company.

Minister—Would you care to join us in the new missionary movement?
Miss a la Mode—I'm crazy to try it. Is it anything like the fox-trot?
—Chaparral.

"I stole a march on them all right," said the kleptomaniac as she walked out of the ten cent store with a sheet of music in her muff.—Cornell Widow.

In Selecting a University—

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

**FROSH-SOPH GIRLS
SOCCER GAME ENDS TIE****Annual Female Classic Has
Few Casualties**

A very interesting event was the soccer game between the Freshman and Sophomore girls, played on Stoll Field Monday afternoon. Both teams were evenly matched and the game ended with two goals to the credit of each team, the score 10-10. An extra five minutes was allowed to play off the tie but the score remained unchanged. Another game is scheduled to take place at an early date to decide which is the champion team. Although it is difficult to pick individual stars, the playing of Captain Smith and Ripy for the Sophomores and Felsenthal and Hockersmith for the Freshmen, was outstanding.

The line-up was as follows:
Sophomores: Fertig F., Ripy F., Smith F., Richardson F., Kraft F., Stallings Q. B., Davidson Q. B., Seay Q. B., Cassell H. B., Short H. B., Hughes G. K.

Freshmen: Smith F., Kenney F., Felsenthal F., Hockersmith F., Wilson F., Dunn Q. B., McFarland Q. B., Wells Q. B., M. Coleman H. B., Stokely H. B., Thurman G. K.

Substitutions, Turner for Cassell, Florence for Hughes. Soph. F. Coleman for Thurman. Freshman.

**WOMAN'S CLUB TO SEE
PRIZE STROLLER PLAY**

"Importance of Being Nice" Given
Saturday 3 p. m.

The dramatic department of the Woman's Club will meet Saturday afternoon at 3 o'clock, Mrs. Sallie Bullock Cave, chairman of the department, presiding. Prof. W. H. Mikesell is in charge of the program and will take one of the leading roles in the play "The Slave With Two Faces" by Mary Carolyn Davies, which will be presented. He has great ability as an actor and has a delightful speaking voice. The other parts in the play will be taken by Margaret Smith and Kitty Conroy, leading roles: Elizabeth Hopkins, F. J. Weidekemper, W. C. Wadsworth, Hershel Harrington.

The prize stroller tryout play "The Importance of Being Nice" by Rachel Crothers will be the second part of this delightful program. The cast is as follows:

Eleanor Smith Constance Biddle
Helen King Constance Biddle
Alice Cassel Mariam Lishy
Louise Barnes Miss Patty Pitt
Allen Arnold Miss Sullivan
Henry Taylor Mr. Chester
Robert Bamber Charlie Beech

After the formal session a club reception will be given in honor of those taking part in the program.

**Address to College Women
By Dean Jewell**

"Modern Tendency in Education"
Subject

"The Modern Tendency in Education" will be the subject discussed at the regular meeting of the Central Kentucky Branch of the American Association of College Women at Hamilton College, November 15. Miss Mabel Pollitt, president of this branch, will preside over the meeting and Miss Frances Jewell will have charge of the program. The special membership campaign recently inaugurated, will close at this time with probably 100 members. More than seventy have already affiliated with this organization.

Dean Alice Karr of Hamilton College will act as hostess, assisted by several other faculty members of that college.

Sage—Listen, the other night you were home loving your wife something dreadful; why didn't you pull down the shades.

Fool—Ah ha, old man. The joke's on you I wasn't home the other night.

HOLMES HEALTH HINTS

Notice has come to the Department of Hygiene and Public Health that diphtheria is spreading rapidly and in some places has become an epidemic. Diphtheria can be prevented and any student who has sore throat or tonsillitis, no matter how slight the case may be, is urged to come to the dispensary at once. Especially is the sore throat dangerous if white patches are visible on the throat and tonsils. An antitoxin is very valuable in preventing the disease and also checking it after the germs have started their work. If the student pays for the antitoxin the Health Department will administer it. Every precaution should be taken and any symptoms of the disease given immediate attention.

At the monthly meeting of the Blue Grass Dental Society Dr. Holmes spoke of the work of the Department of Hygiene and Public Health and the Society pledged its earnest co-operation with the department. They have promised to give special rates to University students in need of dental work, provided they have a note from the Health Department. Bad teeth affect the whole system and financial difficulty must not prevent the student from receiving the needed attention. Dentists in the city of Lexington who have promised to help, in this cause are: Dr. M. B. Guthrie, McClelland Building; Dr. James Dailey, First and City Bank Building; Dr. W. F. Walz, 159 East Main Street; Dr. T. D. Kelly, First and City Bank Building; Dr. C. J. Zimmer, First and City Bank Building; Dr. Harry Hodges, First and City Bank Building; Dr. McFerran Brown, First and City Bank Building; Dr. Cresson Mayhall, Fayette Bank Building; Dr. I. D. **ASSEMBLY ORGANIZED
BY HISTORY STUDENTS****History, Political Science
and Law Students are
Eligible**

Under the leadership of Professor T. T. Tones, a number of students of political science met in the Administration building Wednesday at the fifth hour and organized a mock assembly modeled after the state assembly at Frankfort.

The officers elected were: W. H. Peal, speaker; Henry Taylor, clerk; Ann Hickman, chaplain; H. T. Allen, Republican floor leader and James Wilhelm, Democratic floor leader.

The meetings of the organization will be conducted according to parliamentary form. The object is to familiarize students with methods of legislature, and possibly to produce legislation. The members are planning to visit the legislature at Frankfort in a body during the first semester. The University of Wisconsin has such an organization and it has been an actual aid to the legislators in framing the laws.

All students taking work in the Department of History and Political Science and all students in the College of Law are eligible to membership and are cordially urged to attend the next meeting which will be held in the department rooms in the Administration building, Tuesday, the first hour.

**CHURCH SERVICE BY
RADIO**

Perhaps the most novel message received by the radio station was the church service which was heard from Pittsburg Sunday evening. The radio room is open to the public every evening and the public is invited to hear the concerts and various messages which are received from all parts of the country.

The third regular meeting of the club will be held Tuesday evening, November 8, at 7:30. New members are welcome.

The members of the active chapter of Sigma Nu were hosts at a dinner Thursday evening at which the guests of honor were Miss Sarah Blue, national chapter-in of Kappa Delta, a visitor in Lexington, and Miss Marguerite McLaughlin of the local chapter of Kappa Delta. The dinner party was given at the Sigma Nu house on Winslow Street. Miss Blue has two brothers who are members of Sigma Nu of the University of Alabama.

The Pan-Hellenic banquet, which is annually looked forward to as one of the time throughout the year when all of the fraternity girls of the University meet, was held in the ball room of the Phoenix Hotel at 6:30 Friday evening.

The decorations were chrysanthemums, fraternity colors and the electrically lighted emblems of each organization. The tables were attractively arranged, decorated with baskets of flowers and with artistic menu cards. The members of the Pan-Hellenic council which is composed of representatives from each fraternity presided at the head table.

Henrietta Rogers of Kappa Kappa Gamma presided and gave the opening speech. Responding with toasts were the following:

- Common Brotherhood — Hallie Kay Frye, Alpha Gamma Delta.
- The Spirit of Good Will—Martha Duckman, Kappa Delta.
- Honor and Fairness in Activities—Mamie Miller Woods, Chi Omega.
- Courage and Endurance—Sue Boardman, Alpha Xi Delta.

An interesting feature of the evening was the presentation of the two silver cups. The Scholarship Cup is awarded each year to the member of the fraternity holding the highest standing in the University and if won for two successive years, it becomes the property of the fraternity. Kappa Kappa Gamma was this year successful in gaining it and the cup was presented to Elizabeth Kimbrough by Henrietta Rogers.

The second cup, the basketball tournament cup was awarded to Miss Antoinette Harrison of Chi Omega, that fraternity having won the basketball championship for the year '21.

Each fraternity sang one of its songs before its toast was given while the orchestra played softly during the serving of the menu. The guest list numbered above two hundred among whom were several from out of the city.

Remove Signs

The Su-Ky Circle requests that all persons using bulletin boards in any form of publication please be just as thoughtful and remove notices after the date of their importance. This will get rid of a lot of confusion now resulting from the leaving over of such notices and announcements remaining on the bulletin boards, after the date of the happening.

It is reported that Centre will remove Harvard from her schedule next year.

ANNUAL PROOFS MAILED, ORDERS TO BE TAKEN

Time Yet to Have Pictures Taken in the City

Proofs will be mailed to all persons whose pictures were taken after Friday, October 28. Please make your selection and mail proof promptly to Mr. Caulfield of the firm, Caulfield & Shook, Louisville. Extra cut prints can be ordered through A. B. Cammack at the Kentuckian office. This must be attended to as soon as you have seen your proofs.

Mr. Caulfield has offered to the students of the University special prices for portraits made from annual proofs. The grade of portraits made by him will be the best. You can place orders for portraits now and receive them within twenty days. Prices are as follows: \$ 3.50; 6 \$6.00; 12 \$8.00. Terms cash, payment in advance. See A. B. Cammack in the Kentuckian office for samples of previous work.

Mr. Caulfield of the firm of Caulfield & Shook, photographers left for Louisville last Wednesday after finishing his contract with the 1922 Kentuckian. In a large number of students failed to get their pictures made before he left. This will cause the Kentuckian staff some trouble, allowing for various sizes and quality of cut prints which will result from work done by local photographers. The Art editor suggests that all students who failed to get a sitting last week, go at once to Humphrey on Main Street and get pictures made. This promptness and attention will enable the staff to overcome a part of the inconvenience caused by not using the Annual Photographer.

"CLASS FOOTBALL GREAT SUCCESS"—DADDY BOLES

Doubles Number of Gridiron Candidates, Trains Men For Varsity

Back in the fall of 1919 "Daddy" Boles started the experiment of having class football teams. Each class was to be represented by a team which by playing a number of scheduled games would decide the championship. Prof. S. A. Boles, head of the department of physical education and director of athletics was far-sighted enough to see that the time was coming when there would be a greater demand for material for the Varsity as well as physical development for more than the 35 or 40 men on the Wildcat squad. He then organized the teams, gave them coaches, football uniforms, and to prevent confusion he gave navy blue jerseys to the seniors, red to the Juniors, battle gray to Sops and an appropriate green to the Fresh. Then they started.

The results were satisfactory, more than twice the usual number of men reported for football. That year the Seniors won the championship and were presented with a large pennant by the University Y. M. C. A. The next year the Juniors were victorious, their reward being in the form of a banquet given them by their coach, Dick Webb. The winners of 1921 will be able to get a beautiful silver loving cup by an old football star of the east, H. M. Hubbard, a Lexington businessman, who says he wants these class teams to get busy and develop some more Varsity material.

This fall after the usual two weeks preliminary practice the teams had leaders as follows: Juniors, Sauer, Captain, Bart Peak, coach; Sops, Bayless, Captain, Rev. R. W. Owens and Al Muth coaches; Fresh "Red" Hays, captain, W. H. Hansen coach. The Seniors were not able to get up a team this year on account of outside responsibilities and extra hours required in studies.

The first game of the season was between the Juniors and the Freshmen, resulting in a 21-0 victory for the former. On October 14, the Fresh redeemed themselves by playing the strong Cynthiana High School a 0-0 tie. Not to be outdone, the Sops went to Richmond and defeated the Eastern State Normal team 20-0. Then the first year men tried to go them one better, but met with a 16-0 defeat at the hands of Winchester

High School. This loss seemed to be the proper dose for the youngsters for when they journeyed over to Mt. Sterling to play the High School they won by the decisive score of 40-0. On October 31 Stoll field was the scene of another real conflict when the Sophomores won over the Juniors 7-0.

Last year on armistice day the Juniors composed of "Dutch" Burnam and company went to Shelbyville and played the American Legion team of that place a 6-4 tie. The Legionnaires are raring to go again and have invited this year's Junior team back to Shelbyville to be their guests for their annual game. Increased interest will be added this year in the way of a silver loving cup to be presented the winners by a prominent Shelbyville man.

"So far class football has been a decided success," said "Daddy" Boles when asked for his opinion. Upon being questioned further he said in part, "In addition to the usual 35 or 40 men on the Varsity squad we have 75 or 100 going out for class teams and they are all put in playing condition by the two weeks preliminary practice they are put through before being allowed to play a game. This is seen to by a competent coach for each squad, adequate equipment and a physical examination. In the days of old the fellows attended practice one or two days in their street clothes and then scrapped up a uniform from some place for the game. This was their preliminary conditioning and training. Numerous injuries resulted, practically all of which have been eliminated under the new system. The direct results to the University are: first, a larger number of students improved physically; second, the development of material for the Wildcat squad as will readily noted be the presence of the following class developed men on this year's squad, namely Enlow, Sanders, Bentley, Akin, Russell, Ridgeway, Cammack, J. C. Brown, Ramsey, and Hollowell."

FRESHMAN TEAM BEAT PINEVILLE HIGH ELEVEN

First Year Eleven are Royal- ly Entertained by Pine- ville People

The Freshman team of the University of Kentucky defeated the strong Pineville High School football eleven by a score of 42 to 0 at Pineville last Friday.

In the first few minutes of play the Freshman took the lead by scoring a safety, and after this, mainly by straight football they were able to make five touchdowns, and at the end of the half the score was 35 to 0. Pineville came back strong in the last half and held the Freshman to one touchdown and the game ended with the score 42 to 0 in favor of our first year men.

For the Freshman the backfield played exceptionally good ball, and although being out-weighted by their opponents the line stood clash after clash of the star full-back and tackle. Griggs whose nickname was "Backshot" endeavored to some extent to act as such on the Freshman line. All in all Pineville has a speedy aggregation of high school players and have beaten several good teams in Kentucky. Not only were our boys shown every courtesy and consideration on the field, but they were highly entertained that evening with a dance. They left the same night for Danville and arrived in time to see the Kentucky-Centre game.

The line-up follows:

MISS HOLLIDAY SPEAKS AT Y. W. C. A. MEETING

Foreign Work, as a Profes- sion For University Graduates, Urged

Miss Dorothy Holliday, Traveling Secretary for the Student Volunteer Department of the Y. W. C. A. was the speaker at the meeting of the Y. W. C. A. at Patterson Hall last Sunday evening. She spoke of the many different lines of work that a girl may take up on the foreign field.

"The easiest thing for a College girl to do is to teach," said Miss Holliday. "There are plenty of opportunities for the teacher on the foreign field. Medicine also has a large place there. There is one doctor for every 625 people in the United States but there is only one doctor for every 1,200,000 people in China. There is a place for the Welfare worker, the Physical Director and the student in Home Economics. We who stay at home must be interested in those on the foreign field. To serve others is the biggest thing after all."

Miss Holliday is the daughter of a missionary and has already spent ten years in India. She intends to go out as a missionary herself in the near future.

Elizabeth Ellis contributed a beautiful piano solo. Margaret Settle was the leader of the meeting.

MUSIC LOVERS WILL HEAR SUE HARVARD

Sue Harvard leading soprano of the Metropolitan Opera Company, will be heard by the lovers of music in Lexington, December 7 and 8 at the Woodland Auditorium under the auspices of the Kiwanis Club. These recitals will be for the benefit of the Student Loan Fund of the University of Kentucky. The prices of seats will be \$1.00 and \$1.50.

For several weeks the officers of the Kiwanis Club have been in correspondence with Miss Harvard endeavoring to secure her services for two concerts and it was only a few days ago that a contract was signed with her and Mr. C. M. Marshall, accompanist. Appearances in recent seasons as soloist with such distinguished organizations as the New York Symphony Orchestra, Walter Damrosch, conductor; the Philadelphia Orchestra, Leopold Stokowski, conductor; the New York Philharmonic, Joseph Stransky, conductor; and others have established this young artist as one of the foremost attractions of the day. Her recital programs have won the critical approval of the press no less than the enthusiastic appreciation of her audiences.

Greenville Vernon, in the New York Tribune, says: "Miss Harvard has a voice and she is an artist. She has good looks, grace, and personal charm—in short she has everything that spells success. Her voice is of great sensuous beauty, possessing almost the quality of a 'cello. In its upper reaches, too, it has a rare purity of timbre. It is distinctively one of the finest voices now to be heard on the platform."

Cincinnati Symphony To Visit Lexington

The fourth annual appearance of the Cincinnati Symphony Orchestra will be made in Lexington at the Woodland Auditorium, matinee and night Tuesday November 22, when that well known and highly appreciated with entire change of program afternoon and night. The Symphony concerts are not on the Artist Concert Series and special tickets must be obtained for them. The prices are \$1.10 and \$1.50, for the matinee and \$1.10, \$1.65, \$2.20, \$2.75 for the night. All Cincinnati Symphony concerts this year are of unusual interest as they are the last Eugene Yaayee will conduct for the organization in this country.
