Writer Sees In Gum Chewing the Possibilities of a National Sport

(By M. E. Stewart)

Not that it is new, this game—far from it, unfortunately. But so far as we know, it has never been publicly recognized as a proper diversion. However, it could be made very fast and enjoyable, that is, for those already inclined to it. We refer to no less famous an occupation than that of chewing gum. It can be, nay, it is, a furiously speedy race when two or more devotees indulge together, as any university student can testify.

Perhaps it is an evidence of our secluded habits that the popularity of this "neurological symptom" had not struck us long ago. It may be almost wholly due to the fact that our ears are thus lacerated by the "blows of sound," we hope so. For those addicted to this cow-like activity would be exonerated, in such case, from much of the displeasure they cause. We are nothing if not broad-minded. "Chocou a son gout" really does express our feelings, even concerning personal habits that strike

"LETTERS"

New Issue Brings Editors Many Congratulations

The Kernel is delighted to report that the second issue of "Letters," the university literary quarterly, even at this early time has been the occasion for numerous compliments and congratulations to the editors of the magazine.

Alice Hegan Rice's short story and David Alexander's critical study of Sherwood Anderson seem to be the most popular contributions in this issue.

Students who wish to subscribe to "Letters" are asked to do so through Jack Cousins, who has recently been given charge of student subscriptions.

STROLLERS BEGIN WORK ON PLAY

Directors Announce Casts; Rehearsals Being Held Nightly to Assure Presentation of Drama in April.

The Strollers, dramatic club of the university, held their first rehearsal for the spring production, "Dulcy," Tuesday night at White Hall. Addison Yeaman is the director of the play, and the entire cast has been selected by him, with the cooperation of the other Stroller members.

The cast is as follows, and in one instance, the directors have not been able to limit their choice. The part of Schuyler Van Dyk is to be taken by Bob Thompson. Mr. Thompson is a member of SuKy circle.

The part of Dulcy will be taken by Virginia Hailey. Miss Hailey is a member of Kappa Delta sorority. Angela is to be taken by Henrietta Blackburn, who is a member of the Chi Omega sorority.

Mrs. Forbes has not been definitely decided upon. It is between Katherine Friend and Elizabeth Turner. Miss Friend is a pledge of the Alpha Gamma Delta sorority, and Miss Turner is a Chi Omega. The part of Blair Patterson is to be taken by Bill Durbeck. Mr. Durbeck is a member of the Pi Kappa Alpha fraternity.

Gordon Smith, Dulcy's husband is to be taken by Lewis McDannold. He is a member of Delta Tau Delta fraternity, and took a part in the last Romany production, "Outward Bound." Bill, Dulcy's brother is taken by Leonard Weakly. He is a member of the Delta Tau Delta fraternity.

The part of Mr. Forbes is to be taken by Charles Blaine, a member of the Delta Chi fraternity. Tom Serrett is to be taken by John Lovig. He has been on the Romany staff for several of their last plays.

The part of Vincent Leach is to be taken by Frank Davidson. Mr. Davidson is a member of Sigma Nu and will be remembered in several Romany plays.

Practices are to be held every night in White Hall, and it is hoped the first production of the play will be ready for presentation about the first of April.

The play is a comedy by Marc Connelly and George Kaufman. They have also written "To the Ladies" and the "Torchbearers." It is a delightful three act comedy centering about the scrapes Dulcy gets everywhere into, much to her own innocence.

Latest Registration Figures Total 2,290

According to latest reports, there are now registered at the university 2,290 students, which is the largest enrollment in the history of the university. As stated in last week's Kernel approximately 200 are new students who were not in attendance at the university last semester. The College of Arts and Sciences, as usual led the field of enrollment.

Each year's enrollment has shown a steady increase in the university roster. It is believed next September will bring the registration figure to an unusual height.

'Cats Meet Georgia Tech Five Saturday in Last Conference Tilt

Miss Lydia Roberts Has Perfect Record In Scholarship

Miss Lydia Roberts, who is registered as a second semester junior in the College of Arts and Sciences at the University of Kentucky, has a perfect scholastic record for her six semesters of matriculation at the university. Miss Roberts, since her entrance into the university, has made to grade lower than A, giving her the highest possible standing.

Miss Roberts is the daughter of Mr. and Mrs. L. L. Roberts, of 436 West Third street. She entered the university from Lexington Senior High school in January, 1925, and during her entire three years in high school she made all A's with the exception of one B. This exceptional record as a student caused Miss Roberts to be awarded a scholarship pin each year while matriculated at Lexington Senior High.

At the University of Kentucky Miss Roberts has chosen mathematics as her major subject and journalism and English as minors. She will be graduated in June, 1929. In connection with her scholastic duties, Miss Roberts also enters into student activities; she is a member of Kappa Delta social sorority, secretary of the Women's Administrative Council, member of Mortar Board, senior women's honorary fraternity, and Theta Sigma Phi women's honorary journalistic fraternity, and is president of the Y. Little is Known Concerning Real Calibre of Invading Rival Team
FAST GAME IS IN STORE FOR FANS

Jenkins, McGinnis, McBrayer, Jeffries and Combs Will Start Game

(By John W. Dundon, Jr.)
Georgia Tech's fast quintet will invade Lexington tomorrow night, when they will engage the high-stepping Wildcats basketball team in the last Southern Conference game for the Kentuckians before the conference meet in Atlanta next week.

Little is known of the calibre of the visitors, but they should not give Coach Maurer's proteges an exceptional amount of worry. Georgia Tech has been beaten by Auburn, Tulane and other first class fives on the Southern Conference floors this season. However, the games were fairly close and the Georgia boys have always given their opposition plenty of worry.

The Wildcats have won eight games and lost four to date. The latest victories in the Southern Conference were won at the expense of Vanderbilt, which, with two of its regulars from the Southern championship team of last season playing this season, were trimmed overwhelmingly. Tennessee was also beaten upon the last trip into the southland. If the Wildcats could annex this game with Tech, and then defeat Centre next week, they would have quite an imposing record to bear with them into the shuffle at Atlanta for premier basketball honors of the South.

The line-up of the Kentuckians, which has for the most part been composed of sophomores, has given great account of itself this past season. The team has been faced with two extreme difficulties; first, a new system of play, which is hard to grasp at the outset; and second, a team composed of new men, with one veteran, and with few capable substitutes ready when needed.

The quintet which will start for Kentucky will probably be composed of Jeffries and Combs, forwards; McBrayer or Milward, center; and Captain Jenkins and McGinnis at guard. The line-up of the visiting five from Tech has not as yet been ascertained.

However, basketball fans are assured that a very fast game will be in order for Saturday night, and the Wildcats will put forth every effort to win the game, since in a measure their expectations in the Southern Conference meet will be judged by their showing tomorrow night.

PLAN NOVELTY FOR STUDENTS

Y. W. C. A. and Y. M. C. A. Are Sponsors of Comic Event to Be Staged in Women's Gymnasium Thursday.

One of the most unique social events of the year will be the country party which is to be given February 16 from 8 to 10:30 o'clock in the Women's gymnasium under the auspices of the Y. W. C. A. and the Y. M. C. A. All old students are cordially invited. New students are particularly urged to be present.

In order that this may be a real country party it is requested that everyone dress in some strictly country costume, the more ridiculous the better.

An old-time Virginia Reel and some square dances of the past decade will open the party. Music for these dances will be furnished by a regular band-dance orchestra.

A candy-pulling is also scheduled but other features for the occasion have not been announced, although nothing is being spared to make the party a success.

Prof. Walker Plans Research at U. of K.

Representative of Federal Agricultural Engineering Department Confers With Aggies

Prof. H. B. Walker, of the Agricultural Engineering Department, Washington, D. C., visited the university Saturday, February 4. His purpose was to hold a conference with Dean Cooper and the agricultural engineers regarding the formulation of plans for research work at this institution.

Professor Walker gave a very interesting talk in which he stated that he had visited 44 different experiment stations this year and felt quite optimistic over the outcome of agricultural research in the South.

"With the rapid changes taking place in agriculture," said Professor Walker, "the manufacturers as well as the farmers are looking to the colleges to determine the fundamental principles of farm machinery. We should design our machinery to meet the requirements of making a quality product and not attempt to adapt the process to the machine. The agricultural engineers must be responsible for the methods which will make the quantity per worker a maximum and the cost of production a minimum."

Townsend Tells Story of His Collection of Lincoln Moments

(By Kady Elvove)
If some prophet of forty years ago had told barefoot, tow-headed boy, Billy Townsend, then a collector of arrowheads, seashells, and empty horned nests, that he would some day become the possessor of one of the most valuable and authentic Abraham Lincoln collection in America, he would have grinned unbelievably. And if the prophet had gone on to say that Billy would pay as much as six hundred dollars for one manuscript about the lank, studious farmer-boy who became master of the White House, this twentieth century farmer lad would have incredulously exclaimed, "Aw, gee, d'ya think I'm crazy!"

Today William H. Townsend, graduate of the class of 1912 and chairman of the executive committee of the University of Kentucky Alumni Association is not only the owner of one of the most complete Lincoln collections in the United States, but an author of three books on the picturesque career of the sturdy young rail-splitter who became president of our country. The third of these books, entitled "Lincoln in His Mother's Home Town" will be published by Harper's this fall.

begins modestly
The Townsend collection began modestly enough, when its owner was in Ashville, Ky. There he paid \$1 for a cheap second-hand edition of a Lincoln biography. Now, letters and pictures frame the walls of his Lexington home; old manuscripts peep from drawers and shelves; biographies fill bookcases after bookcases, until even the collector himself admits that he doesn't know the whereabouts of everything.

Among the prize possessions of Mr. Townsend, who was once an editor of The Kernel, is an old book, entitled "The Revised Statutes of Indiana." It was from this book that Lincoln first studied law. Unable to afford

NEW MEMORIAL BUILDING WILL COST U. K. \$107,250

J. T. Jackson Lumber Company, With Bid of \$95,000, Given Contract for Erection

REQUIRE STRUCTURE TO BE FINISHED OCTOBER 1

Amphitheater Will Honor 2,600 Kentuckians Who Gave Lives in World War

To the J. T. Jackson Lumber Company, of Lexington, who offered a bid of \$95,000, went the contract for the erection of the Memorial building at the University of Kentucky at a meeting of the executive committee of the board of trustees in the offices of Pres. Frank L. McVey Wednesday morning. Work on the new building is to begin at once and it is to be completed October 1, according to the terms of the contract.

The contract for heating and ventilating went to R. L. Cranfill, of this city, and the lighting fixtures will be installed by Ben C. Ingles, who offered the lowest bid for this work.

Brick Construction

The building, which will be constructed of brick and is to be as near fire-proof as possible, will cost approximately \$107,250 when completed. It has been estimated by the trustees. In connection with the building will be an amphitheater built of rough stone, and this outdoor structure will give the new memorial a seating capacity of 2,500 persons, all of whom may be addressed by the same speaker. In the interior of the building, inscribed on parchment which will be placed in panels along the wall, will be the names of the 2,600 Kentuckians who gave their lives during the World War.

Those present at the meeting Wednesday included Dr. Frank L. McVey, Wellington Patrick, Robert Gordon, Louisville; Sen. H. M. Prosser, Frank McKee, Versailles; Maurice Crutcher, Robert McMeekin, Mr. Warner and Mr. Hayes, the latter three connected with the architect firm of Warner, McCornack and Mitchell, of Cleveland, who drew the plans for the Memorial building.

'Cat Quintet Defeat Vandy Commodores

Blue and White Five Beats Tennessee Team by Lopsided Score of 54-29

The brilliant playing of Capt. Paul Jenkins and Irvine Jeffries brought a modicum by the lopsided score of 54 crushing defeat to the Vandy Commodores. The Jeffries-Jenkins attack was curbed in the early stages by the Vandy defense, which was a stone wall. Later on, it was seized and the Wildcats came through for easy shots which brought about a veritable deluge.

Irvine Jeffries was worth 30 points to Kentucky. He flipped 15 through the net and clipped at least the same number off the Commodore total. There have been brilliant performers in the Vandy gym in this campaign but none has surpassed the work of Irvine Jeffries. Paul Jenkins was equally as glittering in thwarting the Commodore pass attack.

The line-ups:
Kentucky (54) Vanderbit (29)
Jeffries (15) F. Baker (5)
Combs (11) F. Ireland (3)
McBrayer (1) C. Brooks (10)
Tenkins (6) G. Britches (7)
McGinnis (4) G. V. Shreve (11)
Substitutions: Kentucky—Milward (15) for McBrayer, Owens for Jeffries, Bibb (2) for Combs, Deas for McGinnis, Vanderbit—Lowenstein, Ireland, A. Sharp (2).

SUKY ELECTS OFFICERS

SuKy, student pep organization, elected officers for the coming year at a meeting held in the Men's gymnasium Tuesday, February 7. William Guess was elected president; James Hester, vice-president; Martha Minnihan, secretary; Laverne Lester, assistant secretary; and Margaret Wilson, treasurer. These officers will hold their positions for one year.
