presents a recap of the Wildcats' national title

April 3, 1996

Wildcats have banner day

Waiting fans feel left out in the cold by hurried basketball team

By Tiffany Gilmartin

PR

16

Touching down at 6:30 p.m. last night, the returning heroes were greeted by about 500 diehard fans.

These fans waited in the chilly afternoon, their spirits buoyed by the hope of seeing their No. 1 team.

the hope of seeing their No. 1 team.

The sea of blue stretched five deep across the quarter-mile fence at Blue Grass Field.

Fans waited with their banners and homemade posters to well-ampional mational champions home.

The Wildcats' plane was aptly maned Champion Air. As the plane came in on its final approach, cheers erupted from the crowd.

The cheering got louder as the

approach, cheers erupted from the crowd.

The cheering got louder as the plane taxied to its deplaning area.

Excited fans hoping to get a glimps of their team, jockeyed for prime fence position.

Some fans had traveled long distances to greet the team. Many driving in from out-of-state to spend the weekend in Wildcat land.

With her mother-in-law in tow, Gene King drove in from Chicago today to great the Wildcats on their return.

"Twe been waiting all my life to see them," said Grace Kelly, the 78-year-old grandmother.

A group of UK students who were unable to get tickets to last night's per rally because they were

While a group of Elizabeth-town Community College stu-dents took the day off and waited outside the fence for three hours to see their team. "We came to see our boys come home," said Mike Bell, a junior.

junior.

Despite the dropping temperature, Rhonda Sedoris, a UK College of Nursing graduate said it would be worth wait to see them

lege of Nursing graduate said it would be worth wait to see them in person.

But as the afternoon turned to dusk, fans soon realized that they were not going to be able to meet their heroes.

After meeting with the media for a few minutes, the players were moved onto the three waiting tour buses to take them to the Rupp Arena for the University sponsored pep ralloy.

Fans were noticeably upset by the move.

Fans were noticeably upset by the move.

After standing at the fence for more than two hours, Mary Kendrick of Bardstown said she felt that the Wildcats were not treating their fans right, by slighting them.

A near tears Nancy Hutchinson of Louisville had waited since 3 p.m. in her new 00 jersey hoping to get Tony Delk's autograph.

"This hurts, you're not a big fan unless you stand out like this," Hutchinson said. "I'm brokenhearted."

SMILES ALL AROUND Members of the NCAA National Championship team (above) stand around their two trophies from their victories in East Rutherford.

N.J. The Cast were greeted by more than 20,000 fans at a pep rally beld in Rupp Arena yesterday. Senior Mark Pope (left) greets members of the media and about 500 fans after arriving at Bluegras Airport.

National championship banner raised during rally at Rupp Arena

What a fitting way to honor a national champion. That was only way to describe the electration last night at Rupp Area Rupp and the compared to the Compared t

tirst national championship since 1978.

By 7:15 p.m., the crowd that had gathered at the arena were engulfed in the spirit of the event by alternating cheers of "BLUE!," and "C-A-T-S." As time went on, anticipation of the Wildcats' arrival wore onto the crowd and they began to chant "We want the Cats!"

The arrowd to the crowd and they began to chant "We want the Cats!"

The crowd let rip a defining roar as the team bus carried the Wildcats straight onto center court. The UK Pep Band struck

up a spirited "On, On, U of K," organizing the raucous crowd.

As Rick Pitino led the team off the bus, the noise of the crowd got louder and louder until it was almost to much for the average ear to UK. Arbitels: Director C.M. Newton opened the ceremonies.

"This celebration is for this team," Newton said. "The players, the coaches, but also the greatest fans in the world."

Lexington Mayor Pam Miller, who was greeted by a chorus of boos from the crowd, then addressed the rally. She thanked the players for everything they did, as well as expressed pride in their accomplishments.

Patton gave all the players and coaches apples, saying "when you go to the Big Apple."

Patton gave all the players and coaches apples, saying "when you go to the Big Apple."

Pitino then recognized all the mistakes, they were untouchable to show the signal of the saying the saying the signal of the saying the sa

Antoine Walker, and Jeff Sheppard. But the biggest reception
was saved for the three seniors.
Each addressed the crowd.
"We're fortunate to have in
Kentucky," Pope said, "the greatest fans in the world."
McCarry got the crowd
involved in the cheer the Cats say
before leaving the locker room.
"Who's in the house tonight,"
he asked. The crowd replied,
"UK."
"Personally, I would like to

he asked. The crowd replied,
"UK."

"Personally, I would like to
thank God," Delk said. "There's
no better way to go out your
senior year than to win the national championship."
Sears presented a \$20,000 academic scholarship to UK, and
then a Waterford Crystal trophy
to the Cats.
The festivities were capped
with the team raising to the Rupp
Arena rafter a banner reading
"NCAA Champion 1996," as the
Queen song "We are the Champions" played over the speaker.

UK bicycle policy being revisited

By Chris Padgett

Little black sign posts are sticking up all over Central Campus where little blue bicycle dismount zone signs once were attached.

The signs, which displayed the words, "Dismount Zone," were stolen and replaced and stolen again much to the chagrin of UK Police and the UK Office of Public Relations.

Folice and the UK Office of Public Relations.

John Scharfenberger, UK Public Relations spokesman, said the entire bicycle campaign produced less than desirable results.

"It was not a success," Scharfenberger said.

The goal of the campaign was to create public awareness among both cyclists and pedestrians to create public awareness among both cyclists and pedestrians through an education campaign aimed at improved understanding.

On Tuesday, UKPR and the Vice President of University Relations ran an ad in the Kentucky Kernel. According to the ad, a

bicycle forum will be held today at 7 p.m. and Tuesday at 4 p.m. Both meetings will be held in 206 Stu-dent Center. "This meeting will provide an opportunity for bicyclists and pedestrians to voice their concerns and opinions on any policy making that will take place," Scharfenberg-ers said.

and opinions of any penny, and the work of the work of

President-elect already on the job

Shortly after winning last Fri-day's Student Government Associ-ation presidential election, Alan Alay awated no time in assuming his responsibilities of campus leader — even though his formal swear-ing-in doesn't takes place until next Wednesday. Ala has been busy on the phone, setting-tup meeting times to review

Aja has been busy on the phone, setting-up meeting times to review the duties of the Senate members. "They should already know what to do if they are going to mu," he said, "but we are going to go over it."

Because of a number of new senators taking office, Aja thought a formal meeting was necessary to address any issue that the constitution may have been vague on.

His goal is to eliminate any con-

fusion members may have about the position they hold.

The next order of business is to interview candidates for two executive coordinate committee and three directors' positions.

Aja has a list of criteria on which he will base the appointments. They have to be diverse, openminded and people who working well with others.

"They must not only be willing to work, but prove they can work hard," Aja said.

Already Aja and his running mate Christy Guyer are working on some of the platform issues that got them office.

A few of the issues are already taking shape, according to Aja.

He said that businesses have expressed interest in the Designated Driver's Card program. This allows drivers of intoxicated pas-

from participating bars and res rants.

"This is a way of promoting responsible driving," he said, "and shows that establishments believe in responsibility."

Another program, headed by Guyer, is a taxi voucher in which students would prepay a discounted rate for cab service.

Ais is open to idea A

prepay a discounted rate for cab service.

Aja is open to ideas Aja expressed by all students. Recently, someone approached him with the idea of a child care bulletin board. This would consist of a specific area to publicize services for nontraditional students with children. Before this idea materializes, Aja must take it before the Senate committee for approval.

Although Phil Curtis was his

onent, Aja thinks Curtis has
e good ideas and is extending
fifer to him to join SGA.
Aja was impressed with
a campus-wide party organized by Curtis last year.
Proceeds from the function
went to God's Pantry.
"In the past people have
held grudges, even if they
didn't win," Aja said.
He asked, how can the
campus be together if people hold grudges against
st.
bit him burg schoddle Aid.

others.
With his busy schedule, Aja found time to participate in Monday's rally against racism.

"Everyone is celebrating and rejoining wor basketball — and that's good — but we can't allow the schedule of the schedule of

Finney said that the racism problem at UK is "systemic, it is in the belly of the beast."

Students and faculty said they want to see an immediate change in UK's climate.

in UK's climate.

Some of the changes suggested by students were to have mandatory classes dealing with racism and increased public education.

"I would have rather taken a race or sexual awareness than some of the other requirements," said Jana Bowling, social work senior.

"The cross-cultural courses just don't cut it."

Other solutions included try-ing to keep professors who leave because they believe there is racism on campus and get rid of professors who are racist.

Students also asked the Uni-rsity administrators to support rsity administrators to support minority students after they ne to UK.

"You recruit the black students but then you don't support us," said Gerald Coleman, English and philosophy major

Coleman said that the national average for University-sponsor-ship of their Black Student Unions is \$35,000.

Unions \$35,000.

Coleman said UK's funding of a Black Student Union is much less, about \$1,500 a year.

"This is everybody's problem," said UK graduate student Charmanine McKissick-Kemp.
"It is at an individual level and it starts now."

UK to play host to conference

UK plays host to a historic gathering of hundreds of African and Zairian natives from all over North America this weekend, for the first International Conference on the Eransition to Democracy of the Conference has been organized by Mwana Mawampanized by Mayan Mawampanized by Mayan Mawampanized the Capricultural Economics department in conjunction with a committee of Zairian nationals. They communicate regularly on

committee of Zairian nationals. They communicate regularly on the Internet on issues related to their country.

the Internet on issues related to their country.

Zaire's modern economy under President Mobutu has collapsed since 1991 and many parts of the country have returned to a barter system according to a U.S. State Department report issued last month.

The economy has been reduced to a state of subsistence agriculture. Education is unavailable to all but the wealthiest Zairian children. Public roads and facilities have declined due to a lack of investment. Natural resources are being exploited for foreign curren

cy.
"This is a chance to come
together and to form our organization to stand up to this dictator,"
Mawampanga said.
"Our goal is to meet every year

in will face a lot of problems.

Mawampanga's concerns are real.

The economic insecurity has led to serious human rights abuse? The state department reports allegations of the extortion of citizens by the military, political and extrajudicial slilings and secret detentions.

Mobutu continues to impede democratic progress by exercising control of the military and by co-opting factions of the political opposition.

"There's a need for change and we can't sit here and enjoy all the freedoms of democracy and not do something about it," Mawampanga said.

This conference should be of interest to anyone concerned with human rights, environmental issues and the advancement of democracy.

Panelists and speakers suffice.

Panelists and speakers will focus on the conditions suf-fered by African people under dictatorial regimes like Zaires Mobutu Sese Seko.
Friday's keynote speaker, Randall Robinson, is an international-

ly respected advocate for human rights and democracy. He is president and executive director of TransAfrica, a Washington D.C. lobby and educational development group. Robinson's efforts have been a factor in changing U.S. policy on the dismantling of apartheid in South Africa and in the return of President Jean-Bertrand Aristide to Haiti. Conference ge and we set of the president of the president Jean-Bertrand Arristide to Haiti. Conference panelists include Dr. John Pickles, and Trican scholar and professor at U.K., Karen Mingst, chair-woman of the

Administrators want input on new policies From PAGE 1

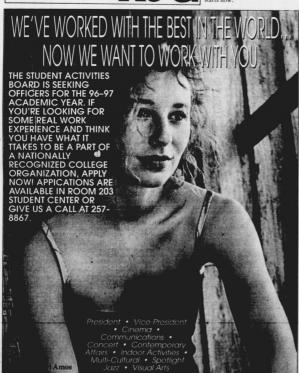

"Don't they have anything else better to do?" Runyen said. UK actually has had quite a lenient policy on bike safety.

A fall 1994 bike survey by the Dean of Student's Office found that almost all major U.S. universities have some sort of a bike policy. Michigan State University has a policy where police officers monitor bike lanes and actually ticker and impound bikes of riders who do not comply with policy. The University of Missouri has a plan in progress to establish paths and Purdue University has recently implemented a bike safety policy

that provides tickets for violators and impoundment for others in violation of their policy.

"I believe something needs to be done to ensure that someone doesn't get seriously injured," Steve Mercer, a UK staffer said.

"I do not believe that bikers should lose any rights as a result of the policy — they could be driving cars around campus and that would make traffic congestion worse."

You'd think UK was playing slow-pitch softball not college baseball. After all, in their last four games the Car's pitching staff has given up 49 runs.
But yesterday evening at Cliff Hagan Stadium, UK looked to two freshmen for some help.
Omar Henry and Eric Bishop combined on a two-hit shutout as the Casts clobbered Xavier 16-0. Both Xavier hits were infield hits by Jayson Gale that dribbled about 30 feet.
"We got a great performance from our two freshman pitchers," said UK head coach Keith Madison. "Our pitching staff has really been struggling lately."
It was the first collegiate start for Henry. He pitched five innings, giving up one hit.
"We were glad he gave us a good start and glad he had the opportunity," Madison said. "It won't be his last."
It was the first collegiate start for Henry. He pitched five innings, giving up one hit.
"It was the first collegian start for Henry the pitched state and broom said." It was the his coming off a concussion and bruised shoulder which he received while being involved in a rundown at Morehead State last Tuesday.

Lift was a pretty good performance today, "Bishop sid." I just think It should be coming along quicker. But I'm not down or anything. As long as the team wins, I'm happ."

Coming into the game, Bishop was 1-2 with an ERA of \$8.38.

The offense for the Cats was led by Pete Pryor. He

UMass prof upholds his end of bet

By Gary Wulf

A bet between UMass accounting professor Ron Mannino and UK Assistant Professor Art Goldman has paid off for Goldman, who was banking on the Wildeam 1-74 win against the Minutemen Saturday night.

The wager required the loser to wear the T-shirt of the opposing team for the next two classes after receiving it. As proof, a picture of the professor wearing the T-shirt would have to be sent with the case of Samuel Adams beer or bottle of Kentucky bourbon depending on who won the game.

of Samuel Adams beer of rotter of the Kentucky bourbon depending on who won the game. He said he was worried during the last minutes of the game. "I'll admit when (the game) closed within three I thought in hight have to go to the store and buy the bourbon," Goldman said. UMass accounting professor Mannino was still in a good mood after losing the bet. "Our main satisfaction was that it was a hard fought game and a UMass alumnus coached the winning team," Mannino said. Goldman had a plan if UK would have lost on Saturday night. "If UMass won, I was going to wear a sweatshirt underneath the UMass T-shirt because I wasn't

going to let the UMass red touch my skin," he said. Originally from Minnesota, Goldman said he had not before experienced the love of basketball that makes or breaks the morale in

Kentucky.
"I come from Minnesota and basketball is not a big thing up there," Goldman said. "It's my first year at UK and I couldn't be hap-

there," Goldman said. "It's my first war at UK and I couldn't be happier."

Mannino said he had no regrets about taking part in the bet.

"I can't believe how many people came up and asked me where my Kentucky T-shirt was," he said.

Mannino said he was not nervous when watching the game, but was worried about the affect it would have on his daughter.

"I was watching the game with my 11-year-old daughter who thought UMass' earlier loss was the end of the world, so it'll be tough for her to recover from this one," Mannino said. "For you (Kentuckians) it's another championship but for us it's the end of a great seasor."

Instead of sending a photo with the case of beer, Mannino is going one step further. He will be make the step further. He will be make a world in the waring the UK T-shirt, congratulating the Wildeats on their win and conceding the loss. Mannino said he will have a problem shipping the beer, since Samuel Adams is only available in bottles and costs more to secure glass items during packaging.

After the win, Goldman's confidence level in the Wildcats soared, so he sent a blind fax with the same details of the UMass bet to Syracuse, which he also won.

Championship T-shirts going fast in Lexington

Kentucky basketball fans lined up before stores opened today, then poured in to grab up T-shirts boasting the Wildcats' brand-new NCAA title.

Rita Warner was one of the 50 or more in line before the doors opened at Dawahare's in the Fayette Mall this morning.

"I got one for my grandson and for a lady at church," she said. "They look gorgeous."

The Wildcats won the title less than 12 hours earlier by beating Syracuse 76-67 Monday night in the NCAA championship game in East Rutherford, N.J.

"It was wonderful," Warner said, clutching the baje containing the shirts.

Kentucky baskethall fans lined up before stores opened today, then poured in to grab up T-shirts boasting the Wildear's brand-new Richard Chevront, an imployee at the Kennedy Bookstrand-new RocAn tide.

Portraits for the 1996 KENTUCKIAN, the official yearbook of the University of Kentucky, will be photographed beginning Wednesday, March 20, and continue through Wednesday, April 10, on the Student Center Mezzanine between the hours of 10 a.m. to 2 p.m. and 3 p.m. to 7 p.m. each day.

Please sign up for your appointment in the Yearbook Office, Room 032 of the Grehan Journalism Building, Monday through Friday during the hours of 10 a.m. and 4 p.m. or call 257-4005, or see the photographer.

For the yearbook pose all students should dress professionally (males should wear a suit or sports jacket and tie; females should wear a favorite top or dress). Hands should be properly groomed, as they will show in some poses. A graduation cap and gown will be provided to seniors by the photographer.

NOW GET GOING!

People were stripping. Toilet paper, firecrackers and alcoholic beverages arched in the sky Shattered glass carpeted the streets. Several cars and a news truck were overturned. A section of Woodland Ave. was set on fire. People were stripping. Toilet paper, firecrackers and alcoholic beverages arched in the sky and rained down on the masses. Dozens of people were dangling from the tops of utility poles and wires. One student stood atop the 30-foot University Plaza sign waving a UK flag. Nobody's quite sure how he got up there, but firemen had to get him down. And Lexington's finest were out in full force, dressed for the occasion in complete riot gear.

Most of you remember this, because almost every single one of you was there — packed into the intersection at Euclid and Woodland avenues like sardines high on crack.

The atmosphere after Saturday night's victory over UMass had been one of euphoria and universal good-will. The atmosphere Monday night after the championship was one of sheer

s a gray-headed old-timer I find interesting the recent letters and articles of UK's young people wrestling with the problem of racism. I grew up in an African country whose which are interested in the problem of racism. I grew up in an African country whose which are interested in the problem of racism. I grew up in an African country whose which are interested in the problem of the united States in the doors of state institution many years before the U.S. Supreme Court pried open the doors of state institutions in the United States in the doors of state institutions in the United States. In parts of Africa today we are hearing about genocidal tragedies, with none tribe massacring another. In Bosnia we hear about one ethnic group trying to eliminate another. Racism is a universal human problem.

Before we can prescribe a solution to racism we first have to case of this behavior. We often say: "There ought to be a law," whenever something grossly unfair takes place. But the trouble with these laws is that they usually address the symptoms with the summer of the problem. For example, when a drunk criver in a pickup hammered a church bus near Carrolton and the resulting flames killed several children, the state of Kentucky passed a new law to require an extra door in the school buses to allow easier escape for the children, But what if the next drunk pickup driver crashes right into that new door?

The root cause of that accident should have been searched out and dealt with. What questions could we ask? Was the truck driver speeding? Was he driving in a reckless manner? Was he

We won — now I can graduate

When I started my college career here, so too did Jamal Mashburn (you remember him don't you?). If you weren't at UK at that time, it was back, way back in 1990. Where is he now? I think we all know the answer to that. Where am I now?! stayed here.

Mom and Dad think I lost my direction, that I'm wasting my time (and their money) dilly-dal-lying. OK, so! should've finished my studies in 1994. I couldn't. Not only because my courses were way over my head, but because the Cast' trip to the Final Four came up just a tad short. Every year since, we've come up short.

If you ask me, I think my tim-

near the completion of my college career, so too does Walter McCarry. This year has more meaning to me than just being the year I graduate. This year the Cats are NCAA Division I Champions. So, Mom, Dad, the "Cats" been let out of the bag. Now, I can say, "I was there when we won that." Now I can graduate.

Charlene Witten

Acting like animals

Our heroic basketball team has triumphed, our school is the undisputed national champion. Yet try as I might, I cannot find joy in this.

It's not like I'm a Syracuse fan. On the contrary, I'm true blue through and through. What sad-

dens my heart in place of the joy I should feel is that this championship, or rather the "celebration" in its stead, has allowd me to look into a rarely seen part of the human psyche, one that is frightening to behold.

Think back to Monday night for a moment. Our usually peaceful student body and indeed a far piece of Lexington worked itself into an animalistic fury. Desmond Morris, a professor of zoology and student of human behaviors, has pointed out that many predatory animals work themselves into similar furies before the kill. Yet there was nothing to kill, and indeed that matters little. We're not animals. Are we?

I personally saw the complete

Are we?

I personally saw the complete destruction of a car, a phone booth and several signs. I saw and heard of the injuries inflicted during this rampage so euphemistically titled "celebration." There

was no call for it.

I helped the police to protect a young lady who had been shoved from atop a newspaper stand, suffering a mild concussion (though

at the time we feared her neck to be broken). Humankind prides itself as being better than the animals. But I personally witnessed Mon-day night that what separates us from the beasts is a thin veil, all too easily shattered.

"IF THOMAS Jefferson justifies and endorses-

and advocates suicide for cancer, why am I in

this courtroom?

Organization is working for justice

ulticultural misunderstanding and ignorance continue to go untrated on this carpus. Recently in Tennessee, legislation was presented requiring teachers to teach evolution as a controversial theory. Consequently, many teachers are afraid of presenting various related topics in fear of losing their jobs. Pat Buchanan gained considerable support as a presidential candidate from the American public in spite of his blatandy racist jargon.

These are all serious concerns for those working for greater tolerance and understanding in this society. These are all symptoms of a much greater disease that plagues America. It must be stressed that if this country is to survive, then the societal list hat cause these symptoms must be work toward identifying, under-

standing and healing this sickness. No one is immune or more susceptible based on their ethnic origin, nationality or gender. We are all susceptible for we are all human and negatively affected.

It is commonplace for the Kentucky Kernel and this campus to become a pulpit for those wishing to express their senseless views. People seem to enjoy wasting their minds involving themselves in shallow mudslinging and criticizing. "Black," "White," "Greek," "non-Greek," "Kentuckian," "non-Greek," "Kentuckian," "non-Greek," "Kentuckian," "non-Greek," "Rendur, "son-Greek," "Sensel all just empty labels we cast on one another as we perpetuate our disease of ignorance. We waste so much time stressing these small differences that we overlook the grand reality and basic truth of our human universality.

Improving our world will begin

when real education and teaching is emphasized. This does not mean increasing grade-point averages, ACT scores or any other shallow measurement device. What it does mean is increasing emphasis upon expanding people's perceptions and awareness of the world and life at large.

Here is a quote from a great teacher and writer named Krishnamurti about education: "We are turning out, as if through a mould, a type of human being whose chief interest is to find security, to become somebody important, or to have a good time with as little thought as possible ... Conventional education makes independent thinking extremely difficult. Conformity leads to mediocrity ... In seeking comfort, we generally find a quiet corner in life where there is a minimum of conflict, and then we are afraid to step out of that seclusion. This fear of life, this fear of struggle and of new experience, kills in us the spirit of

adventure; our whole upbringing and education have made us afraid to be different from our neighbor, afraid to think contrary to the established pattern of society, falsely respectful of authority and tradition."

This is from his book Education and the Significane of Life. It is in the UK Library. Check it out.

is in the UK Library. Check it out.

This indeed is a powerful statement which will not rest too will with those already programmed into a rigid and inflexible mental framework. Hopefully, it will stir people to question and examine not only the beliefs and prejudices of this article but their own beliefs and prejudices as well. We, the youth, need to realize that we are in a crucial time of our lives as the young generation. We need to honor and maintain our youthful creativity and courageousness instead of trying to become some robotic person in the name of "success." As we approach the

next century we can become a unified generation against ignorances. If we let go of the fears which have been passed down to us and allow our natural selves to emerge, we will see the positive power of youthful generativity radically change this nation and world including all of our personal lives. We have the opportunity to become genuinely free people living within an intelligent and prosperous society. This week you will have opportunities. There will be a meeting of AWARE at 7 p.m. Tuesday night in the Student Center to discuss our campus sickness and an event by Students for Social Justice in the Free Speech Area on Thursday from 10 a.m.-2 p.m. to try to create a safe space for confronting our own ignorance and discussing how ean begin working toward multicultural unity in a balanced and sane world.

Scientists preparing for eclipse

By Lisa King Contributing Writer

Comet Hyakutake will soon make its exit, but another astronomical treat is in store for us tonight — a total lunar eclipse. The moon will rise at 6:33 p.m. and will be in a state of total eclipse at that time. It will remain in totality for about an hour, then will begin appearing gradually, becoming fully visible at 9 p.m. Total lunar eclipses occur on an average of about once every two to three years. Astronomers can pinpoint the exact time of their arrival. But Tom Troland, assistant professor of physics at UK, said the physical characteristics of the eclipse cannot be predicted accurately.

"What is intriguing to me is that no one knows in advance how dark the moon will appear," he said. "Sometimes it's so dark you can barely see it, and other times it's a deep red color. This is one aspect of the eclipse that can't be predicted."

The moon could appear red because sunlight is bent, or refracted, by the Earth's atmosphere, which acts like a prism. Red light is refracted more than other colors. Blue light is dispersed in all directions, while red will be reflected that the colors. Blue light is dispersed in all directions, while red will be reflected that the state of the said. "Somether is a sun another colors. Blue light is dispersed in all directions, while red will be reflected that the said is the said. "And they will be reflected that the said is a said. "And they knew that round objects east this type of shadow."

Toland will set up a reflecting the color of the atmosphere will be reflected the suspect the Earth was round because during a lunar eclipse they could clearly see the Earth casting a curved shadow on the mipportant event is the role it has played in shaping scientific knowledge.

"The ancients first began to suspect the Earth was round because during a lunar eclipse they could clearly see the Earth was round because during a lunar eclipse first part of the said. "And they knew that round objects east this type of shadow."

Toland will set up a reflecting the said. "And they knew that round

What would you say about a great-tasting beverage that delivers an energy boost two times longer than a cup of coffee, while soothing your headaches or muscle cramps at the same time? Thanks to its special ingredient of Thanks to its special ingredient of Guarana extract, Guts soft drink has this potential, according to Mike Lyons, Vice President Business Development of All-American Bottling. The Maues people of the Brazilian Amazon have known about the health advantages of Guarana for thousands of years. In 1648, a German explorer and botanist marveled at the longevity of these local natives. He attributed their hardiness to the nutty brown seeds of the Guarana nt, which he gave the Latin name of Paullinia Cupana.

Today, the Maues still benefit from Guarana's potent therapeutic properties, ranging from an aphrodisiac to a nerve tonic. At its most revered level, they believe Guarana to be a source of eternal life as it wards off old age. Several scientific studies of Guarana have revealed active constituent in the seeds called Guarana that has a chemical composition similar to chemical composition similar to caffeine. However, unlike the instant and addictive kick given by caffeine, Guaramine is absorbed by the body in small amounts over a longer period of time. Therefore, the stimulative action of a drink containing Guarana can last twice as long as a caffeinated beverage like coffee or cola. Scientists recognize Guarana's ability to calm nervous

tension, ease headaches and migraines control appetite by quieting hunger pangs, relieve menstrual pains and other PMS symptoms, and ease muscle cramps and fatigue in the physically active. Its stimulating effects are undeniable, yet it is calming and relaxing too. Guarana is a wonderful, all-around tonic.

Guts Beverages International Inc. of Canada and All-American Bottling have successfully harnessed the energizing powers of Guarana in a carbonated soft drink. At first glance, Guts may look like a cola, but its invigorating taste has nothing in common with cola but color. Guts is currently being test-marketed in Lexington, KY and Knoxville, TN.

No Guts, No Glory. For more information on Guts, contact Mike Lyons, Vice President Business Development, All-American Bottling Corporation at (405) 232-1158.

mistry provided key

Fans may not see some of the Cats' best games this season.

That's because the most intense matchups might not take place in front of thousands at Rupp Arena on gameday. Rather, they could develop in front of a handful of coaches at Memorial Coliseum during afternoon bluewhite scrimmages.

After stockpiling more

white scrimmages.

After stockpiling more weapons than a Cold War superpower, Coach Rick Pitino controls one of the deepest rosters in

trols one of the deepest rosters in the nation.

"I like the cupboard to be full," Pitino said.

His is so well stocked that college basketball's resident lunatic, Dick Vitale, has brazenly suggested the Cats could field two Top 25 teams this year.

Of course there's only one Big Blue machine, and there are only 200 minutes of playing time to distribute among 12 or more talented athletes.

ented athletes.
Forget North Carolina and

Many experts speculate that the Cats could be their own

the Cats could be their own worst enemy.

One such prediction appears in ESPN College Basketball magazine, which ranked UK second behind Kansas.

"How do you keep a Noah's Ark team — two of everything — happy and cohesive?" asked the magazine.

magazine.
"It is a problem coaches say

they love to have, but we think it keeps Kentucky from winning it all this year. ... Team chemistry, not X's and O's, is Pitino's tough-

est challenge."
Pitino, however, does not see

Pitino, however, does not see it. In fact, he said conflicts are the least of his worries.

"The chemistry is as good as it's ever been here," said the seventh-year head coach. "It's completely out of my mind."

puzzle

Numbers game

Still, Pitino will have to do some jug-gling in order to give evervone adequate

time.

"It's a tough
job," Delk said of Pitino's plight. "(But) he's the person who the person who watches us three to four hours a day, so when it comes down to the starting lineup or who to put in at crunch time, I think he'll

make good decisions."

On many top-ranked teams, conflict arises over who'll start. But Pitino's philosophy — fre-

quent substitution, designed to wear down his opponents — makes starting lineups irrelevant. "Look at the team last year, for example," said senior Mark

Pope.

"Antoine Walker was the MVP of the SEC Tournament, and he didn't start a game. Coach is going to give guys their time and opportunities."

Pope could have used himself as an example. Though he didn't start in 25 of the of the team's 33 games, he logged more minutes than starting center Andre Riddick.

Pitino decided that he would

limit the playing rotation this season to eight or nine, and would consider redshirting up to

would consider redshirting up to four players.

Recently he has backed down somewhat from that stance. In his first news conference this year, Pitino said he'll probably use a nine- or 10-man rotation and may not redshirt anyone.

"I think this could Working the

Faithful fans start madness

Midnight Madness is still 16 days away, but one local basketball fan already has

but one local basketball fan already has staked out his place in line.

Wally Clark, 45, arrived at Memorial Coliseum Wednesday around 5 p.m., becoming the first Big Blue basketball fanatic to line up for the annual practice.

He simply parked his gray Chevy van at a nearby parking meter, gathered his lawn chair and sleeping bag and started counting down the days until Oct. 15, the day the UK basketball team officially kicks off its season.

A lifelong Wildcat fan, Clark suffered a stroke five years ago that left him partially disabled

Unable to work, he spends much of each day sitting around his Lexington

home.

"It's something to do with my time while the weather's still nice," said Clark, who was wearing a T-shirt commemorating UK's three consecutive Southeastern Conference Tournament titles.

"If I'm going to be sitting around, I may as well be sitting here."

The plan is for a member of Clark's family to relieve him for an hour or two each day so Clark can return home and take a shower.

ake a shower.

"Now if I didn't have a shower every day, that would upset me real bad," said Clark, who also is looking for a substitute tomorrow so he can attend the UK-Auburn football game.

Unlike the Vallandingham family, who have been first in line for the midnight practice almost every year since 1989, Clark does not have a length to protect himself from

Wayne Turner dribbled down the court, then arched a high alley-oop pass to Ron Mercer, who slammed it through the hoop with a ferocity that brought a packed house to its feet. Signs of things to come?

Perhaps, but a quick glimpse of the future wasn't quite all you could glean from UK's Midnight Madness first wee hours practice.

night Madness first wee hours practice.

A Hollywood-style glitzfest not unlike the "Batman" movies it was named for, "Cat Fan Forever" provided few on-court facts about the 1995-96 Cats.

It was, after all, the first practice of the new season.

What it did provide were a few laughs, some slick highlight video clips and a homage to UK fans that set off the standingroom only crowd, as a jersey

fans that set off the standingroom only crowd, as a jersey

Holy anterior cruciate ligaments, Batman!
Like the dynamic duo them-

Like the dynamic duo them-

selves, though, McCarty and Delk executed a near-perfect landing, and shortly thereafter, the hour-and-15-minute-long main event began, with the Cats running drills, tossing down dunks and scrimmaging.

As you'd expect, UK was less than smooth in the scrimmage, as the Blue team, featuring McCarty, Delk, Mercer, Antoine Walker, Turner, Jeff Sheppard and Nazt Mohammed, got blown off the court by a White team of Derek Anderson, Mark Pope, Allen Edwards, Cameron Mills, Anthony Epps, Jared Prickett, Jason Lathrem and Oliver Simmons.

That's solid evidence

That's solid evidence that Midnight Madness gives the easy-chair that Midnight Madness gives the easy-chair analysts little to work with. Some observa-tions on what you actu-ally could learn from the

ally could learn from the event:

WMcCarty, whom Pitino called a "future top-10 pick in the NBA draft," is heavier. Mohammed is not. Pitino lauded McCarty for bulking up—from 168 as a freshman to 228 entering his senior season—and freshman Mohammed for trimming down from 310 to 249 since arriving at UK.
Also noticeably trimmer was Pope, who entered last season listed at 240 pounds. Pope has shed pounds, it seems, in favor of inches—on his vertical. Fea-

tured in his Madness repertoire were a pair of blocked shots and a distinctly un-Popelike rock-the-cradle slam.

Sheppard has not lost his flair for the dramatic. His second dunk of the night was the stuff of vintage NBA slam dunk contests — the ones that were creative. Sheppard tossed the ball high into the air, dropped and did a cartwheel, then leapt high into the air, fetched his own alley-oop after it bounced off the floor and flushed it with two hands. two hands.

VLexington loves Mercer.

freshman freshman from Nashville, Tenn., drew the loudest ovadrew the loudest ova-tion during introduc-tions. For the record, that's not includ-ing Delk and McCarty, whose daredev-il act came later. Working the

Madness is no longer a recruiting tool for Pitino alone. None of the nation's top men's basketball prepsters were in attendance, but the UK football and women's basketball teams used

women's basketball teams used the event.

Tim Couch, among the most highly-sought after quarter-backs in the country, and Jaime Walz, one of the top women's basketball prospects in the nation, both were in attendance.

Minutemen provided setback for young Cats

By Brian Bennett Senior Staff Writer

AUBURN HILLS, Mich. - Though new players, higher rankings and differ-ent uniforms have been added to Rick Pitino's Wildcats, the story remains the same: lack of interior defense and reliance on the three-pointer can kill the greatest of comebacks.

Last night, soon-to-be-formerly-No.

1 UK learned this lesson the hard way

once again.
This time it was Marcus Camby, like last season's predecessors Rasheed Wallace, Erick Dampier and Samaki Walker, who did the teaching. Camby abused the Cats' three-headed center rotation of Mark Pope, Antoine Walker and Walter McCarty for 32 points, nine rebounds and five blocked shots.

While the Cats (1-1) misfired layups and free throws and mishandled lobs, UMass (1-0) rode the 6-foot-11 Camby and a strong supporting cast to the 92-82 upset.

upset.
"I knew none of those guys could jump as high as I could," said the UMass junior center of UK's frontline. "I knew I could get (my shot) off, and luckily, it went in."

West in 11 of 16 times to be exect.

went in."

Went in 11 of 16 times, to be exact. And when UK tried to double team, Camby passed out brilliantly. That's one reason why two Minutemen forwards, 6-foot-7 Dana Dingle and 6-foot-6 Donta Bright, combined for 36 points over the taller Wildcat frontcourt.

"(Camby) found the open man," Pitino said. "He's such a force, and he makes everyone on that team better."

UMass finally got a victory over UK in the teams' fourth rugged meeting since 1991.

in the teams routh rugged meeting since 1991.

"It's right up there with the biggest wins we've ever had," Bright said. But the Cats seemed ready to pull out another in this series after a furious 19-point and the control of the first series after the rally in the final 10 minutes of the first half that tied the score at 45. It started less than two minutes into the half Working the puzzle

▼A tear

half that tied the score at 45. It started less than two minutes into the half after Pitino was hit with a technical arguing a McCarty foul. After two free throws, and a three-point play, the Minutemen led 54-46.

The Minutemen then punched the ball inside to Camby, while the Cats avoided the shotblocker by taking ourside shots. UK shot 37 percent in the second half, while UMass hit 56 percent.

Though UK's press had John Calipari's team rattled, the Cats failed to convert several layup attempts and missed on at least four alley-oop tries.

UMass raced to a 9-1 lead and stretched it to 28-10 after the first 10 minutes. Much like the season opener against Maryland, UK started sluggishly, looking confused on offense and slow-footed on defense.

footed on defense. But then Walker, who didn't start,

ALL-AMERICAN In the first UK-UMass game, center Marcus Camby led the Minutemen to a big win over the Wildcats.

exploded during a team huddle.

"We're gettin' our goddamn ass kicked," he screamed to his teammates.

Less than two minutes later, Walker clapped his hands in the face of Carmelo Travieso's, then partially blocked Travieso's jump shot to start a fast break. Sparked by Walker's outburst, the Cats turned up the press and started creating from their defense.

After a McCarty one-hand slam on a missed shot and two steals which led to layups, the Minutemen's lead was trimmed to 39-33. The Wildcats completed the comeback with threes from Tony Delk and McCarty, followed by Walker's ed the later of the service of the start of th

followed by Walker's did the but he second half ended with Walker and others missing badly on desperate threes, and with the Cats looking more like the team that lost to North Carolina, Mississippi State and Louisville last year than this year's contender.

top contender.

"(UMass) took care of business down "(UMass) took care of business down the stretch while we were taking bad shots and making bad decisions," Walker said. "They play like a March team right now and we don't." This article originally appeared in the Nov. 29 edition of the Kentucky Kernel.

Razorbacks gave **UK scare in Rupp**

Sovereignty, in these last 73 days, has been near-sinless basketball at UK. The overwhelming Wildcats have busted through their schedule with not so much as a dare from an oppo-nent. "Duels" are transformed

into UK clinics/practices.
For 73 days and 73 nights UK swelled its record, its statistics, its aura. Life monitoring the Cats became this: 1) Go to game. 2) Start story in middle of first half. 3) Watch spectacular dunks. 4) Nod into a slumber watching

highlights on SportsCenter.
The Cats forced UK coach Rick Pitino (and the rest of us) rummaging through performances (concerts?) trying to find something, anything, to find fault

Then, up from our president's fine state, came Kansas (with an

The Hogs, of course, were down this year. Arkansas frol-icked to Rupp Arena (as any team with 10 newcomers should) and actually made UK win, instead of frivolously succumbing like so many others. Now, instead of elongating the

Now, instead of elongating the rules for problematic play to accommodate the Cats, the Razorbacks exposed some nonstrengths (they shan't be termed weaknesses) in UKs play.

Kareem Reid, Arkansas' splendidly alwiss freshman continue.

didly elusive freshman, continually dodged UK pressers, knifing his 5-foot-10 frame (although he's more like 5-foot-7) across the court, creating a flurry of layups early in the game.

h

It started with a layup by Dar-nell Robinson (2-0). Then, Wayne Turner had the ball stolen. After an Arkansas miscue, Tony Delk clanked a short jumper; Walter McCarty missed the follow.

Off was Reid, pushing the Off was keld, pushing the tempo, too young to respect UK's normal tempo dominance. The result: Sunday Adebayo easily slides through the lane (4-0). Antoine Walker lost the handle Antone Walker lost the handle on the next UK trip; it was Reid who sprinted to the orange and was then fouled. Reid hits a free throw (5-0).

After another UK miss,

Robinson crashed inside for another lay in (7-0).

Arkansas w crowd, almost at once, thought: "Hov dare they? Who do they think they are?"

"It's just sort of fun for us. We don't know

The crowd became agitated.
What's this? A game? A fullfledged, real-life, competitive
game was being played? My
goodness, the twists life can

bring.
"A waahah," as Pitino would
say later. (That's "war," for the New York-ese illiterate.) always is with Arkansas."

UK would score (at 17:01 two Delk free throws made it 7-2) and go on to win 88-73 in a somewhat sloppy game, but lessons learned could be more advantageous for the Cats than victories; lessons are hard to

come by.
"We'll fight you until the general's dead," Arkansas coach

eral's dead," Arkansas coach Nolan Richardson said. "We got after old Kentucky." A fresh set of true-to-life com-petition is exactly what UK need-

The Cats do have lacking por-tions of their game, although only talent-rich, spunky teams will bring faulty parts into focus. So, what can the Cats learn?

No. 1: Physical play should not be shied from. UK did in the first half, becoming swarmed on

After a halftime berating from Pitino, the Cats flipped the docket, thundering to the boards.

Lesson: when an opponent plays physically, so must UK.

Working

the puzzle

No. 2: Arkansas is likely a

five or six seed in the NCAA Tournament.

Anyone (repeat, anyone) with a few bruisers inside could give UK trou-

transaction.
"For a few minutes, it reminded me of some hell," said Richardson, talking about the fabled 40 Minutes of Hell defense once employed by the

Hogs.
"It was more like 38 minutes of prayer, 2 minutes of hell."

It became another day in 73,

but it was one of a handful in which UK learned some lessons.

New denim uniforms created uproar among Wildcat faithful

By Jason Dattilo

Don't talk to Rick Pitino about uniforms want to hear it.

Last night on his Big Blue Line radio show the UK coach addressed a comment made by CBS commentator Billy Packer CBS commentator Billy Packer during Sunday's nationally tele-vised game with Arkansas. Packer said the color on the Cats' new denim duds resem-bled "Carolina blue" — a defi-

nite no-no in the Bluegrass.

The color in UK's uniforms has traditionally been royal

"Our color is so much darker than 'Carolina blue' it's not even close," said Pitino, who endorses Converse, the uniform's manufacturer.

"These uniforms are tastefully done and sharp looking."

The conversation took a turn for the worse when a caller from Pikeville, Ky. — a selfproclaimed traditionalist said he agreed with Packer.

Big mistake.
"I don't want to listen to any more of that nonsense," Pitino

Apparently UK and Con-Apparently UK and Converse, spent six months calibrating colors and experimenting with different patterns.

Pitino said the finished product is a "big hit" with the players and coaching staff.

"It just shows that people have nothing to better to do

have nothing to better to with their time," he said.
"We're 20-1 and people are
worried about the color of the uniforms.

This article originally appeared in the Feb. 13 edition of the Kentucky Kernel.

SEC dominance shocks many

By Chris Easterling

All season, members of the media were constantly belittling the Southeastern Conference by saying that the competition was weak and that there were very few really good teams in it.

The reasoning behind this attitude was partially based on UK's total dominance of the conference through the regular season. The Cats posted a 16-0 record in conference play, as well as beating teams in the SEC by an average of 24.2 points a game. It also doesn't help boost the

It also doesn't neip boost the league's reputation when the closest team to UK, Mississippi State, finishes the regular sea-son a full six games behind the Cats.

But how things change when

you get to the postseason.

Entering the season, Mississippi State was expected to give UK all it could handle in the SEC race. But the Bulldogs did not meet those expectations early on.

Instead, State stumbled, at ome, against Arkansas—Little Rock.

Then when they had an opportunity to show the nation they were for real in a nationally-televised game against UK, they fell on their face, losing 74-56.

74-56.
Fast-forward now to March
10 at the Louisiana Superdome,
State is in the SEC title game,
facing the number one team in
the nation in UK. This time,
though, the Bulldogs team that
people expected to see at the
beginning of the season showed
up and handed the Cats a 73-84
humbling.

Southeast Region into a berth in the Sweet Sixteen. The Cinderella tournament run for the Bulldogs continued as they knocked off Connecticut and Cincinnati to become the first team from the state of Mississippi to reach the Final Four. But Syracuse ended the Dawgs tournament run with a 77-69 loss in the national semifinals.

nament run with a 77-09 loss in the national semifinals.

Mississippi State wasn't the only SEC team not from the state of Kentucky to put together an impressive run. The other two league teams to make the field of 64, Arkansas and Geor-gia, also made a credible showing to make the field of 64, to make the field of 64, Arkansas and Georgia, also made a credible showing for themselves.
Said to have been the last

team to gain a berth in the tournament, the Hogs took the lack of respect to heart. And Penn State was the first to feel

Penn State was the first to teet the anger.
The Nittany Lions were the the fifth seed, but the high seed meant nothing to the Razorbacks, who took control early and never looked back in eliminating PSU 86-80.
Marquette was the next to go down at the hands of the Hogs, 65-56. Next up for Arkansas — Massachusetts.

Massachusetts.

The Minutemen were not

The Minutemen were not about to let the young Razor-backs stand in their road to the Meadowlands, and beat the Hogs, 79-63.
For Tubby Smith's Georgia

For lubby Smith's Georgia Bulldogs, it was the experience of the squad's seniors that helped UGA reach the round of 16. It was in the second round that the Dawgs woke the nation up to their ability by beating

PHOTOS BY MATT BARTON Kernel stat

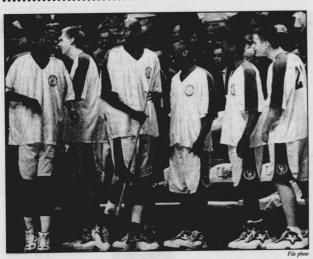

SCHOOLING Pitino and his team (top) were some of the SEC people that showed the rest of the country what the SEC was made of.

Purdue 76-69.

But nothing lasts forever, as UGA found out against Syracuse. In maybe the game of the tournament, the two teams battournament, the two teams bat-tled it out for 40 minutes before deciding they needed another five minutes to figure out who was advancing on. In the end, a John Wallace three-pointer finished off the Dawgs, 83-81, as the Orangemen went on to the Final Four.

Four teams in the field of 64.
All four reaching the Sweet
Sixteen. Two in the Final Four.
One National Champion.

Not bad for a conference that was supposed to be down.

CLEAN SWEEP The team celebrates during its win during the last regular season game of the year against Vanderbilt.

UK sweeps conference with spotless record

Working the

puzzle

As the Cats were putting the finishing touches on Vanderbilt and the regular season Saturday night, Walter McCarty grabbed a broom from a Committee 101 worker and started sweeping the Rupp Arena floor near the UK bench. Ahhh,

symbolism.

By defeating Vanderbilt 101-63, the No. 1-ranked Wildcats ran the table on the Southeastern Conference, becoming the first team since the 1955-56 Alabama team to finish unbeaten in the league.

UK also completed a sweep of its 13-game home schedule for the sixth time in the 20-year history of Rupp Arena.
Even though McCarty's housekeeping might have seemed appropriate, the 6-foot-10 center/maid was put out of business by UK coach

out of business by UK coach Rick Pitino, who didn't want his

Rick Pitino, who didn't want his Cats to get cocky.

"(Coach) wasn't too excited about that,"
McCarty said. "We got a little carried away."

A team doesn't want to get carried away, but a little celebration never hurt anyone, especially a squad that went undefeated over a 16-game conference slate in these days of increased league parity.

"To be honest, I didn't think it was possible," said Pitino, whose squad won for the 25th consecutive time, tying the school record for a single-season winning streak.

streak.
"This is something the players really wanted to do," Pitino said. "Obviously with four or five games remaining, it was in sight and they focused and zeroed in."
"All the hard work has paid off," senior guard Tony Delk said.

"When you work as hard as we do, good things happen."

What kept the Cats from having an off

"Our respect level for our opponents to play harder than they've ever played," said Pitino, who added that the Cats' undefeated SEC mark is his greatest regular easen accomplishment.

ular-season accomplishment.

"If we didn't have that respect, would've stepped on our foot and had a bad night."

It also was Senior Night at Rupp Arena as the Cats' three seniors — Tony Delk, Mark Pope and McCarty — were honored in a pregame ceremony. With emotions running high and expenses

still wet from the singing of "My Old Kentucky Home" the Cats (26-1, 16-0 in the SEC) jumped out

to an early 13-0 lead on the

Commodores The early run was made possible by tenacious defense that forced Vandy into two five-sec-

ond violations.

Also included in the early spurt was a spectacular 360-degree dunk by McCarty off the fast

"We had our run at the beginning of

the game," Pitino said.
"We normally have it when the other team gets a little tired, but we fed off that run and it allowed us to command the

tempo."
The Cats built a 17-point halftime lead and led by as many as 40 in the second half before downing Vandy (17-12, 7-9).

This article originally appeared in the March 4 edition of the Kentucky Kernel.

A salute to seniors

he three seniors — Tony Delk, Walter McCarty and Mark Pope — probably deserve their own nickname. Not since "The Unforgettables"

name. Not since "The Unforgettables" has there been a group that embodied the heart of UK basketball; these three have been the body (Delk), heart (McCarty) and mind (Pope) of Wildcat hoops. Senior Night at UK — one of the most touching events in all of sport — will surely garner many a tear from the Rupp masses. They deserve it; the trio leads the best team in the country, on and off the floor. The three come from different backgrounds and different ent backgrounds and different geographic areas. There's the West (Pope, Bellevue, Wash.), the Midwest (McCarty, Evansville, Ind.) and South (Delk, Brownsville, Tenn.).

Brownsville, Tenn.).

All are eccentric; Pope has his wit, McCarty his vocal talents, and Delk a high propensity for modesty. They are the three cogs on a team saturated with potential cogs.

Delk, UK's best scorer, best left-hand-ed scoop shooter, best defender. Delk could have been player of the year; the Wildcats are too loaded for one player to receive such accolades.

receive such accolades.

Delk is the most gifted off all the horses in UK's stable. Wildcat coach Rick Pitino, a pretty good judge of NBA talent, thinks Delk is a lock at the next level.

Certainly, he has excelled at this level,

probably with the threat he causes more than his actual statistics.

To prepare for any of the teams Delk has played considerably for at UK (1994-

has played considerably for at UK (1994-96), opposing clubs have made the stop-ping 6-foot-2 guard top priority. Obvi-ously, this hasn't worked tremendously well, due in part to Delk's own ability to score while being heavily guarded. It is Delk's demeanor — soft-spoken and driven to win — that has allowed him to embrace greatness. Delk certainly will be missed; he forces teams when watch-ing game film, to take notice of his shots, his drives in the lane and his superb defense. He'll hull you to sleep, then pop defense. He'll lull you to sleep, then pop a three, make a steal, ignite the crowd. Of the three, Delk is the most talented ath-lete; for this, UK will miss him most.

Walter McCarty

Walter McCarty

What more to say about this 6-foot-10 tall drink of a ballplayer?

He's got the voice for which Shaquille O'Neal yearns; he plays the game with an intense fire; he shoots like a guard, but can catch the orange in the low post and juke for a thundering dunk just as quickly.

McCarty will likely play in the NBA.

Certainly, he deserves it. He has accepted Pitino's instruction with the next level in mind, taking on a diet that would make Chris Farley proud.

His road to stardom was not easy. After a miscue by his guidance counselor at Harrison High School in Evansville, McCarty entered UK behind the game as a Proposition 48 casualty. He persevered, practicing in his free-time, while proving himself in class.

Observers wonder what would have

happened if McCarty had another year in Pitino's system. Surely, he'd have devel-oped a bit more physically. Perhaps his post game would have more weapons and the added experience would have helped. To see a McCarty dunk is to witness a

beautiful thing (not quite the birth of a baby, but close). The best McCarty dunks are the ambushes, where there is no forewarning. These bring the crowd involuntarily to its feet.

These are the moments to remember about McCarty. It's not his singing, not his three-point ability for a big man, not his ball handling. They should name his rim-bending dunks the "McDunk" "McDunk.

Ty Halpin

Mark Pope

If UK makes it to the promised land this season, Pope will be the man behind the pulpit. Pope, a former Rhodes Scholar candidate, has been the behind-the-scenes guy all

He has been a starter, and he had his best game of the season in the opener against Maryland. His more comfortable role is coming from the bench, providing relief for McCarty.

relief for McCarty.

Pope's minutes have been among the most vital late in the year. He is what Rodney Dent was to the 1993 Final Four team: A wide body in the paint. Should a team attack UK inside with physical big men, as Georgia and Arkansas tried to do earlier this year. Pone is the main stooner.

Always a tertiary player, Pope has made his mark rebounding and playing smart basketball. Pope, a player Pitino thinks will be effective in the NBA, will excel in all walks of life.

Revving the engine

The seniors that will stand at Rupp's The seniors that will stand at kapp's center court are three cubes of ice, cooling a potential hot drink (the UK team). With personalities that calm matters of potential fire, a UK team labeled "chemistry-impaired" has become one of the best in Wildcat history.

istry-impaired" has become one of the best in Wildcat history.

Give Delk, McCarty and Pope a good deal of the credit. Each has not just contributed, but led. Pitino, you can argue, is a strong leader. He is not. He's a polished tactician, a strong scouter and a inspired motivator. In team games, leadership leads to chemistry. Chemistry — the only thing this team needed to achieve greatness is here. The elements to the equation have been Delk, McCarty and Pope. When they leave Rupp Arena tomorrow, an era college basketball might never see again departs too. These three played a great team game to make their team great. "The Unforgettables" did the same. These three won't be forgotten anytime soon. For where the four seniors in 1992 (Pelphrey, Richie Farmer, Deron Feldhaus and Sean Woods) brought UK back to national notoriety, these three finished the job, pushing the Cats to annual national title competitor status.

These three will be missed, and missed dearly.

N.Y. is Cats' kind of town

nuzzle

By Brett Dawson Senior Staff Writer

NEW YORK — If the UK basketball team is going to accomplish all it hopes to in 1996, it need not make much of a New Year's resolution. Playing the way it did in late 1995 should be about what it takes.

The Wildcats closed out '95 with a

The Wildcats closed out '95 with a flurry, running their winning streak to eight games with a pair of victories in New York City's famed Madison Square Garden, claiming the championship of the ECAC Holiday Festival. UK romped Rider 90-65 in the first round, then steamrolled Iona 106-79 in the championship game.

The competition wasn't up to the caliber UK has faced so far, but Rick Pitino was

so far, but Rick Pitino was nothing short of thrilled with his team's play over the team's two-game stretch.

The key reason? UK's unselfishness, which led to 48

unselfishness, which led to 48 assists in the two games.
"Everybody questioned at the beginning of the year 'Do you have too many players?" Pitino said.
"That can be true, you can, unless they're just totally unselfish like this group. Everybody has to sacrifice. (At the beginning of the season), I said we could either be a special group or we can complain (about playing time and shots), and they've been nothing but special."
None more so than Tony Delk and Antoine Walker, who along with Walter McCarty were named to the all-tournament team. "For me, it's just that my teammates are finding me and getting me the ball," Delk said.

Big Blue Apple

UK fans from far and wide made the trip to New York City to watch the Wildcats play in the Garden. Though the majority of fans in "The World's Most Famous Arena" were pulling whichever underdog played the Cats, UK fans were the most vocal of the bunch.

Most of them probably went sightsee-ing as well. If they did, they could've seen plenty of skyscrapers, but Walker and McCarty weren't often among them. The Cats saw very little of the city that never

Cats saw very interest the city that never sleeps during their stay.

"We treated the tournament as the big thing, so we didn't go out and see much,"
Delk said. "We saw a little but, but we didn't make a point of going out and sightseeing.

Working the

didn't make a point of going out and sightseeing."

When they did, it normally was a controlled environment. Included in those sights — the Empire State Building, which Epps called "Nasty Naz's house," likening freshman center Naz'r Mohammed to King Kong.

Overall, though, Epps was less than awed by Madison Square Garden, an arena Pitino said would someday provide fond memories for his team. As for New York City itself, Epps said he'd rather settle down in a city that does sleep occasionally.

sleep occasionally.
"New York wa "New York was nice to see, the buildings were tall, Chinatown was all right," he said.

From TD to Three-D

The Holiday Festival was a chance for UK to strut its stuff for an entirely new audience, and that chance paid off for Delk. Delk wouldn't mind returning to

Delk. Delk wouldn't mind returning to the Garden next season — to play against (or for) the New York Knicks.

The court obviously sits well with him. The 6-foot-2 guard netted 24 points in UK's win over Rider, then scored 29 against Iona, despite foul trouble limiting him to just 22 minutes.

"Lord Knows what he'd have done if he'd had more minutes," Pitino said.

In the two games, Delk shot 19-for-28 from the floor (68 percent) and 9-for-12 from the three-point line (75 percent).

Delk: modest through it all

Ty Halpin

ony Delk, three-point fireballer/quiet leader of the Cats that are Wild, is not a normal human being. Not even close.

Forget his propensity from the three-point line (better known as Delk's arc, in most geometry classes), his ability to hang in the lane while sinking pillow-soft jumpers and his uncommonly intense defense. On the court, Delk's play is

eı

g, ı-

er

st

if

intense defense. On the court, Delk's play is consistent — 18 a game, every time he gets his 20 minutes on a crowded roster.

He is just as steady off the court in his modesty, which is not found often in humans. Not at all. Most collegians with Delk's talent would at least take a little credit for what they do; Delk does not. Saturday night at Rupp Arena, Delk had more reason than ever to do a bit of bragging. Self-promotion wouldn't have been unacceptable, especially from Delk. especially from Delk.

Yet, after hitting 9-of-12 three-pointers (setting a new UK record), there was Delk in the locker room, talking of his teammates and how they found him when he was open. Sure, he hit shots not likely by most humans, including a stratosphere-busting (and record-breaking) ninth three over a Texas Christian University defender. "I don't think I was hot," the ever-modest Delk

SEMIOR LEADER Tony Delk provided leadership for the team, including during the championship game.

said. "Our team was not."

Yeah, right. True enough, Delk is an animal that needs feeding; shots are a staple in his diet. His teammates do a good job of getting him the ball. Delk still has to hit the shot, which to him is expect-

Delk's off-court stature and on-court pres

Delk's off-court stature and on-court presence are reminiscent of former UK All-American Jamal Mashburn, whom Delk is on track to pass on the scoring list, should the Cats play in 20 more games. That would mean UK making the national title game, with Delk averaging 18 points a game, ending his career with 1,908 points. A player ripens from "great" to "special" over time; Delk has done so, capping the great-to-special run with Saturday's performance. "Special" becomes "legendary" by continuing a high level of excellence. Delk likely will. But he wouldn't tell you that. In that respect, Delk is a throwback. There aren't any jubilant dances following a hoop and foul; no taunts on his way back down court when a three drips through, in the face of a defender. The Brownsville, Tenn. native plays a methodical, stylish breed of basketball. It is not like Chicagoan Antoine Walker, who unveiled a new swagger following a dunk. No, Delk is from a smalltown. Delk plays hard, talk's soft and wins. Period. "That record should be his," said junior forward Derek Anderson, who picked up Delk after he hit the final three, as if he was urging (squeezing) emotion from the senior. "He doesn't say much about himself, but this is his."

Delk has been allowed every chance to be cocky. This season, he's been chosen player-of-the-game

himself, but this is his."

Delk has been allowed every chance to be cocky.

This season, he's been chosen player-of-the-game
five times; hit 46 of 88 threes (52 percent); has been
held under nine points just once (six, against Georgia Tech); has hit for 21 or more seven times; and
has been named a finalist in national player of the
year voting. All that while averaging a shade over 24
minutes a game. nutes a game. Teammates likened him to Michael Jordan in the

locker room. Delk paid no mind.
"I wasn't hot," Delk insisted.
Walker, as close the Wildcats come to cockiness, knows what Delk means to UK. Without him, there isn't the constant outside threat that makes Walker's

isn't the constant outside threat that have a game more effective in the paint.

As vocalists go, Walker is UK's version of World Wrestling Federation "star" Jimmy Hart (the Mouth of the South). Delk plays a more tentative

"Tony says what he's gonna say behind closed doors," Walker said. "He gets his point across." Stubbornly, Delk will not talk of himself without mentioning his mates. He continually told reporters that 9-for-12 is not hot.

"I don't know what it feels like to be hot," Delk

I don't kind.

If he ever gets hot, I hope I'm there to see it.

Pitino press concerns Wildcat fans

By Jeff Vinson Campus Editor and Alison Kight Executive Editor

The much anticipated Sports Illustrated issue featuring UK coach Rick Pitino on the cover hit the University with all the subtlety of an atomic bomb. The issue included an article written by William Nack, which looked at the determination and drive of at the determination and drive of Pitino, who has risen to the top of the coaching ranks. It focused on Pitino's coaching career and how his job has affected his fami-

But the article has touched off something of a controversy among the Wildcat faithful.

among the Wildcat faithful.

"I take issue with Sports Illustrated's extreme attempts to depict Rick as some sort of deranged madman by using illustrations instead of actual photographs," UK Athletics Director C.M. Newton wrote in a letter to the magnification.

One illustration in particular raised the ire of many; it showed Joanne Pitino, the coach's wife, tied to a basketball pole while being pulled by her husband to a new coaching job.

"Having my wife tied to

new coaching job.

"Having my wife tied to a basketball pole and a backboard does not depict the true story of what we're all about as a husband and wife," Pitino Working the puzzle ▼The te

a husband and wife," Pitino said on Friday. He said that he wasn't sorry for himself but for his three oldest children who have to endure the pictures. Pitino told a story about his son Christopher who was excited about having his father on the cover of Sports Illustrated. "... the night before the article was coming out, he said 'I can't wait to show everybody ou're going to be on the cover of Sports Illustrated. I'm so proud of you Dad'," Pitino said. "I had already seen a copy and said 'Christopher don't even get it, don't even mention it."

READ ALL ABOUT IT Fans all everywhere were talking about. Sports Illustrated Pitino article.

Jay Ingle, a second-year law student, said he disliked the illustration but that the article shed light on what makes Pitino a

"(The article) shows what drives him, what makes him competitive," Ingle said.
Chad Tindall, an agricultural

engineering junior agricultural engineering junior agreed.
"I don't see what the big deal was. Maybe the pictures were a little bit crude, but the article made him sound like a motivator," Tindall said.

Sports Illustrated spokesman Dave Mingey said the article kept with the magazine's mission of taking readers behind the
