Dear Father,

I have not got the money yet. And you must please send it at once. For I am compelled to have it. I have nothing at all to go on until you send it. If Allen had not been sick I would not have asked you for it. And you said you would do any thing on earth to make us comfortable. And you could not help us in any needy a time. Now answer at once I am compelled to have it to day. dont disappoint me like you did
