

Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, September 19, 1972

The Board of Trustees of the University of Kentucky met in regular statutory session at 2:00 p. m. (Eastern Daylight Time) in Room E on the 18th floor of the Patterson Office Tower on the University campus on Tuesday, September 19, 1972 with the following members answering the call of the roll: Mr. Jesse M. Alverson, Mr. Thomas P. Bell, Mrs. Rexford S. Blazer, Mr. Stanley Burlew, Mrs. Robert O. Clark, Mr. Albert G. Clay, Mr. Richard E. Cooper, Mr. Eugene Goss, Mr. Jacob H. Graves, Mr. George W. Griffin, Mr. Garvice D. Kincaid, Professor Paul Oberst, Mr. Zirl A. Palmer, Mr. James H. Pence, Professor Paul G. Sears, Mr. William B. Sturgill, Dr. John R. Woodyard, and Mr. Floyd H. Wright. Absent from the meeting was Mr. Scott Wendelsdorf. The University administration was represented at the meeting by President Otis A. Singletary; Vice Presidents Alvin L. Morris, Lewis W. Cochran, Peter P. Bosomworth, Stanley Wall, Lawrence E. Forgy, A. D. Albright, Glenwood L. Creech, and Robert G. Zumwinkle; Mr. John C. Darsie, Legal Counsel; and Dr. Donald B. Clapp, Director of the Budget. Representatives of the various news media were also in attendance.

A. Meeting Opened and Oath of Office Administered

Mr. Albert Clay, presiding officer, called the meeting to order at 2:00 p. m. Following the invocation pronounced by Mr. Clay, the oath of office was administered by Mr. John Darsie to the two faculty members, Professors Paul Sears and Paul Oberst, who under recent legislation became voting members of the Board, and to the following new members:

- Mr. Jacob Graves appointed for a one-year term expiring on June 30, 1973
- Mr. Garvice Kincaid appointed for a two-year term expiring on June 30, 1974
- Mr. Zirl Palmer appointed for a three-year term expiring on June 30, 1975
- Dr. John R. Woodyard appointed for a four-year term expiring on June 30, 1976

It was noted that the student member on the Board, Mr. Scott Wendelsdorf, had also become a voting member and that the oath of office would be administered to him at the October meeting.

Mrs. Blazer, Secretary, reported a quorum was present and Mr. Clay declared the meeting officially open for the conduct of business at 2:05 p. m.

B. Minutes Approved

On motion by Mr. Cooper, seconded by Dr. Sears, and passed, the reading of the Minutes of the August 8, 1972 meeting of the Executive Committee of the Board of Trustees was dispensed with and the Minutes were approved as published.

C. Election of Officers

Mr. George Griffin, Chairman of the Nominating Committee, presented the following slate for officers of the Board of Trustees:

Mr. Albert G. Clay, Chairman
 Mr. Thomas P. Bell, Vice Chairman
 Mrs. Rexford S. Blazer, Secretary

and moved that their names be placed in nomination. Following a second to Mr. Griffin's motion, Mr. Clay requested that Mr. Bell assume the chair. Mr. Bell called for nominations from the floor for the office of Chairman. There being none, on motion duly made, seconded, and carried, the nominations for Chairman were closed. Motion was then made, seconded, and passed that Mr. Albert G. Clay be elected Chairman of the Board of Trustees by acclamation.

Expressing his thanks for the confidence shown in him by his fellow members, Mr. Clay assumed the chair and called for nominations from the floor for the office of Vice Chairman of the Board. There being none, Mr. Goss moved that the nominations be closed and that Mr. Bell be elected by acclamation. His motion was seconded, and passed. Mr. Clay asked for nominations from the floor for Secretary of the Board and Mr. Goss moved, seconded by Mrs. Clark and passed, that the nominations be closed and that Mrs. Blazer be elected Secretary of the Board of Trustees by acclamation.

D. Committee Appointments Made

Mr. Clay announced the following appointments to Board committees:

Finance: Mr. Garvice Kincaid
 Student Code Revision: Mr. William Sturgill
 Hearing: Mr. Stanley Burlew, Professor Paul Oberst
 Medical Center: Mrs. Rexford S. Blazer, Chairman; Dr. John
 Woodyard; Mr. Zirl Palmer
 Investment: Mr. Jacob Graves

The Secretary was asked to update the committee lists by these appointments and to send copies to all members of the Board of Trustees.

E. President's Report to the Trustees

President Singletary briefly reviewed the items in PR 1, President's Report to the Trustees, and recommended more careful reading of the report by the members after the meeting. In connection with Item 5 reporting the receipt by the Editor of The Kentucky Kernel, Mr. Mike Wines, of Sigma Delta Chi's Bernard Kilgore Memorial Award, the President introduced Mr. Wines, who was present at the meeting, and commended him not only on the award but on the solvency of the Kernel after its first year on an independent basis. The new members of the Board were informed that because of the Kernel's independent status, it would be necessary for them to subscribe if they wished to receive copies of the Kernel.

Mr. Clay accepted the President's report with thanks and it was ordered filed.

F. Recommendations of the President (PR 2)

President Singletary, after first requesting that the leave of absence recommended for Dr. Roger Eichhorn be corrected to read "one-half time leave of absence for one year without salary, effective September 15, 1972", recommended that PR 2, Recommendations of the President, be approved as a whole.

There being no questions, on motion by Mr. Sturgill, seconded by Mrs. Blazer, and passed, PR 2, Recommendations of the President, was approved as a whole and ordered made an official part of the Minutes of the meeting. (See PR 2 at the end of the Minutes.)

G. Degree Candidates Approved (PR 4)

Stating that the degree candidates whose names were presented as part of PR 4 had completed their requirements in August, President Singletary requested that he be given authorization to confer the appropriate degree on each individual recommended at the commencement exercises in May 1973.

On motion by Mr. Alverson, seconded by Dr. Sears, and passed, the recommendation in PR 4 was approved. (See PR 4 at the end of the Minutes.)

H. Amendments to Governing Regulations (PR 5)

President Singletary explained that amendments to the Governing Regulations must lie on the table for a month prior to adoption and recommended that those proposed in PR 5 be accepted and tabled pending final action in October.

Dr. Sears called attention to the amendment relative to officers of the Board of Trustees which included the addition of an Assistant Secretary and a change in the date of election of officers from the May meeting to the September meeting, and moved that the Board of Trustees accept for consideration and action at the next meeting the amendments to the Governing Regulations as proposed in PR 5. His motion was seconded by Mr. Pence, and passed, with all members voting "aye" except Mr. Goss, who asked that the record show his abstention. (See PR 5 at the end of the Minutes.)

I. Regulations Governing the Use of Memorial Hall and Adjacent Amphitheater (PR 6)

Without discussion, on motion by Dr. Sears, seconded by Mrs. Clark, and all present voting in favor, the proposed regulations governing the use of Memorial Hall and adjacent amphitheater were approved to become effective immediately. (See PR 6 at the end of the Minutes.)

J. Regulations Governing the Use of Memorial Coliseum Adopted (PR 7)

Noting that the only significant change made in the regulations governing the use of Memorial Coliseum was the granting to the Student Center Board of the exclusive right to use the Coliseum for the purpose of producing and promoting concerts with the sole exception of those sponsored by the Central Kentucky Concert and Lecture Series, President Singletary recommended approval of the proposed regulations.

On motion by Dr. Sears, seconded by Mrs. Blazer, and passed without dissent, the regulations governing the use of Memorial Coliseum were adopted to become effective immediately. (See PR 7 at the end of the Minutes.)

K. Student Rights and Responsibilities--University of Kentucky Community College System (PR 8)

The code of student conduct as proposed in PR 8 would bring the code for the Community College System into conformity with the code now operative on the Lexington campus and President Singletary recommended its approval. Dr. Wall, Vice President for the Community College System, indicated that the document presented for approval had received input from students, faculty, and administrative personnel in the Community College System and concurred in Dr. Singletary's recommendation for approval.

On motion by Mr. Cooper, seconded by Mr. Griffin, and passed, the document dealing with Student Rights and Responsibilities in the Community College System was approved. (See PR 8 at the end of the Minutes.)

L. Admission Fee Deposit for the College of Law Adopted (PR 9)

During the past admission period, the College of Law had cancellations from 73 applicants who had been accepted with 53 of these being made after August 1. In order to avoid the resulting confusion, the College of Law has requested permission to levy a nonrefundable fee deposit of \$100.00 of all students accepted for admission, effective with the 1973-74 year. Similar fees are charged by many Law Schools throughout the nation, and both the College of Medicine and the College of Dentistry at the University of Kentucky have authorization to charge admission application fees to discourage persons who are merely "shopping around".

Mr. Bell moved approval of the recommendation in PR 9 authorizing such a fee. His motion was seconded by Mr. Burlew, and passed unanimously. (See PR 9 at the end of the Minutes.)

M. Budget Revisions for 1972-73 Authorized (PR 10)

There being no questions, on motion by Mr. Alverson, seconded by Mrs. Clark, and passed, the budget revisions were authorized and approved as recommended in PR 10. (See PR 10 at the end of the Minutes.)

N. John Sherman Cooper Scholarship Fund Established at Somerset Community College

President Singletary announced that the University of Kentucky had been presented a check for \$4,000 from the Somerset Chamber of Commerce to establish a scholarship fund honoring Senator John Sherman Cooper. The Chamber of Commerce expects to receive additional money to be deposited in this fund. It is their intent that the principal be invested and scholarship aid be provided for worthy students attending the Somerset Community College from the income earned. Mr. Clay expressed the thanks of the entire Board for this fine tribute to an outstanding statesman who has done so much for the state and the nation.

O. Policy Relative to Financial Delinquency Explained

President Singletary said that the University had not previously had a policy relative to collecting delinquent fees and consequently the number of students who did not meet their financial obligations to the University had reached sizable proportions. In an effort to remedy this situation, the University has adopted the policy that any student who does not pay his fee at the time of registration is considered delinquent and is given a 30-day grace period. If a student has not paid by September 29 this year, his registration will be

cancelled unless he is able to receive a temporary waiver of the deadline because of extenuating circumstances. Every effort has been made to publicize this new policy, including personal notification of all students who were delinquent as of September 15.

P. Letter from Mrs. Robert H. English

President Singletary read a letter addressed to the Board of Trustees from Mrs. Robert English expressing thanks and appreciation for the Board's action in naming the arts and sciences building on the Henderson Community College campus to honor the memory of her husband, Dr. Robert English. The letter was accepted and ordered filed.

Q. Summary Audit Report for 1971-72 Accepted (FCR 1)

Since the members of the Board had already had an opportunity to examine the summary audit report submitted by the firm of Lybrand, Ross Bros. & Montgomery for the University of Kentucky for 1971-72, Mr. Griffin moved that the report be accepted as submitted. His motion was seconded by Mr. Alverson, and passed. (See FCR 1 at the end of the Minutes.)

R. Lease Agreement with City of Somerset Approved (FCR 2)

Mr. Griffin moved that the Vice President for Business Affairs be authorized to execute a lease agreement with the City of Somerset which would place certain designated streets and parking areas on the Community College campus under the jurisdiction of the City of Somerset, thereby enabling the City, through its Police Department, to provide enforcement of applicable traffic and parking laws and regulations. His motion was seconded by Mr. Wright, and passed. (See FCR 2 at the end of the Minutes.)

S. Authorization Given to take Necessary Action Regarding Penn Central Transportation Company Commercial Paper (FCR 3)

Noting that the members of the Board of Trustees were familiar with the need to protect the University's interest in connection with the commercial paper of the Penn Central Transportation Company, Mr. Griffin moved adoption of the recommendation in FCR 3. His motion was seconded by Mr. Alverson. Before the vote was taken, Mr. Graves questioned whether the Finance Committee of the Board would make the decision or whether it would be left up to the administrative officials of the University. He was assured that the Finance Committee would be consulted before the University officials took any action.

The question was called for and all present voted in favor of Mr. Griffin's motion. (See FCR 3 at the end of the Minutes.)

T. Meeting Adjourned

There being no further business to come before the meeting, on motion duly made, seconded, and carried, the meeting adjourned at 2:40 p. m.

Respectfully submitted,

Lucile T. Blazer, Secretary
Board of Trustees

(PRs 2, 4, 5, 6, 7, 8, 9, 10 and FCRs 1, 2, and 3 which follow are official parts of the Minutes of the meeting.)

PRI

PRESIDENT'S REPORT TO THE TRUSTEES

September 19, 1972

1. ENROLLMENT ON CENTRAL CAMPUS OVER 20,000

The Fall enrollment is 34,216, with 20,325 at Lexington (19,434 last year).

A breakdown by colleges show Agriculture with 957; Arts and Sciences, 6,679; Business and Economics, 1,902; Education, 2,365; Engineering, 1,015; Graduate School, 2,734; Law, 500; Pharmacy, 266; Medicine, 386; Architecture, 497; Lexington Technical Institute, 539; Social Professions, 475; Allied Health, 537; Home Economics, 566; Nursing, 694, and Dentistry, 213.

Evening and Extension class programs have 2,322 students. Enrollment in the community colleges and Jefferson's new Southwest Branch shows 12,108, compared with 11,060 last year. Individual college enrollments are: Ashland, 1,171; Elizabethtown, 729; Hazard, 201; Henderson, 610; Hopkinsville, 740; Jefferson, 4,323; Jefferson, Southwest, 239; Lexington Technical Institute, 812; Madisonville, 350; Maysville, 333; Paducah, 1,162; Prestonsburg, 450; Somerset, 687, and Southeast at Cumberland, 301.

On the Lexington campus, 29 per cent are new students and 71 per cent returning students. A breakdown by classification in Lexington places 15,848 in the undergraduate colleges, 1,099 in the professional schools, and 2,726 in the graduate school.

2. STUDENT FINANCIAL AID OFFICE CAN HELP STUDENT IN SOME WAY

Although there never are enough funds available to provide loans and other financial services to students who need assistance, James Ingle, director of the Student Financial Aid Office, reports that most students who apply for aid are helped in some way.

There are more students in the work-study program this year than previously, he said, and funds for short-term emergency loans will begin to become available in the next few weeks as earlier loans have been repaid, but money for outright grants will continue to be insufficient for some time.

Employment on campus and in Lexington stores and industries, secured through Ingle's office, enables students to earn about \$1 million a year. Another \$2.7 million was available this year for the loan program.

3. LAW INFO SERVICE IS POPULAR AGENCY

The Kentucky Criminal Law Information Service at the College of Law has received queries from attorneys, judges, sheriffs, police, and probation and parole officers from across the state since its inception last April. The Service operates on a 24-hour day basis. After office hours and on weekends messages are recorded. In emergencies, the person seeking information can get it.

The Service is under the direction of attorney Kay Alley. Assistant director is librarian Judy Woods. Law professor Paul Willis, who is director of the College of Law Library, is project director.

More than 250 calls have been processed since the Service was established under a grant from the Kentucky Crime Commission.

Since Kentucky's information service was begun, several other states have become interested in offering it and have made inquiries to the College of Law.

4. SOCIAL PROFESSIONS PROGRAM RECOGNIZED

The two-year-old graduate program of the College of Social Professions has received accreditation.

Dean Ernest F. Witte said accreditation of new programs takes two years from the time of inception. At the same time, the team re-evaluated the already accredited undergraduate program and reaffirmed its accreditation.

Dean Witte said the team commented:

"Team members highly commend the innovative nature of the graduate program which tries to prepare students for more effective service in getting at the causes of those needing help." The dean said the team suggested "our development of Teaching-Learning centers was quite unique. If we can develop them along the lines we have outlined, we would be making a contribution to professional education of national import."

5. KERNEL EDITOR WINS TOP SDX AWARD

A student who serves as editor-in-chief of the student newspaper, The Kentucky Kernel, has been honored by Sigma Delta Chi, national journalism honorary.

Mike Wines, Louisville, received the honorary's Bernard Kilgore Memorial Award and cash prize of \$2,500. The award is named after a former president of the Wall Street Journal who also was honorary national president of SDX.

To be considered for the award, nominations were to be presented from the UK SDX Chapter, its adviser and professional journalists. In addition, Wines was required to write an essay. Wines believes a journalist has a "double obligation" to be fair and to recognize both the good and evil of society.

6. VETERANS AFFAIRS OFFICE IS RE-ACTIVATED

The Office of Veterans Affairs has returned to full-time status after several years of activity only as an adjunct to other departments.

President Otis A. Singletary said a steady increase in the number of veterans returning to college in the last three years necessitated the change, and he has named Mrs. Linda W. Anderson, who previously served as liaison to returning veterans in the Office of Student Financial Aid in addition to her other duties, to head the new office.

Mrs. Anderson, a native of Pike county who has been at the University since 1966, said the number of returning veterans has grown from approximately 250 five years ago to 2,200 last year. About 2,500 are on campus this fall. A bill currently under consideration by Congress could double that number.

7. LAW COLLEGE CONDUCTS PREPARATORY COURSES FOR 28 STUDENTS

Twenty-eight disadvantaged and minority group students interested in studying law recently completed a six-weeks preparatory course at the College of Law.

The program, funded by the Federal government in cooperation with several colleges of law, is a part of the Council on Legal Education Opportunity program, and serves primarily as a "head start" exercise for students who already have been accepted for admission to colleges of law across the country. Cooperating schools in addition to the University are West Virginia, Cincinnati, Tennessee and Ohio State.

Students learned reading comprehension in the context of legal material, criminal law, evidence, and legal writing and research. They received free tuition, room and board, a weekly expense allowance and a stipend to replace earnings that may have been lost during the institute's six weeks. They also were given a travel allowance.

The grant of \$27,000 was supplemented by the colleges cooperating in the program. Each of the participating schools contributed approximately \$1,800 each, according to Prof. Robert G. Lawson, acting dean of the College of Law.

The Council is funded by the U.S. Office of Economic Opportunity and the Ford Foundation.

8. UNIVERSITY-ORIGINATED ART SHOW CURRENTLY ON U.S. TOUR

Graphics '72: Japan, an art exhibition originating at the University and first shown in the University Art Gallery last February, has been on tour since March and has shown at institutions in Wisconsin, Pennsylvania, Michigan, and New York. This month the exhibit is being presented at Murray State University, and next month it will be at Colgate University and State University of New York. It has solid bookings until March, 1974. Prof. Richard B. Freeman, who is directing the tour, said a recent request for a showing came from a museum in Haifa, Israel.

9. WATER RESOURCES INSTITUTE TRAINS POLLUTION CONTROL ENGINEERS

The Water Resources Institute, directed by Dr. Robert Lauderdale, professor of civil engineering, is now in its eighth year of training students for careers in water pollution control. About thirty are active in the field and 12 currently are being trained for work with state and federal agencies. Nine are graduate students, six in civil and three in chemical engineering.

The Institute recently received another \$35,159 grant for fiscal 1973 from the Environmental Protection Agency. The Institute has sponsored seminars in planning and management of water resources, and has studied the migration and forced resettlement of persons whose homes have been disrupted by the building of dams and flood control reservoirs.

Studies also have been done for urban planners designing recreation areas.

10. KERNEL DOING WELL AS AN INDEPENDENT NEWSPAPER

The Kentucky Kernel, student newspaper, began the new year with \$12,000 in the bank, another \$13,000 in accounts receivable, and optimism for a successful year, Nancy Green, publications adviser, has announced.

Last year, the paper's first year of independence, advertising revenue jumped 68 per cent over the previous year. Current circulation is 11,000, distributed free on campus to students, faculty and staff.

11. SEVERAL STUDENTS NAMED TO RECEIVE SCHOLARSHIPS

Several students recently have been recipients of scholarships from various organizations and business firms. Stephen Michael Akers, Russell Springs, is the winner of the first Minor Clark Scholarship Award, given by the Kentucky Wildlife Federation Foundation. He is a University sophomore.

The Kentucky Press Association Journalism Foundation has given scholarships to two first year students in journalism, Nancy Daly, Lexington, and Linda Ellen Carnes, Richmond, to Tommy Sidwell, Somerset, freshman at Somerset Community College, and to Ron Mitchell, Lexington, sophomore, a renewal of a scholarship first awarded last year.

The Mason & Hanger-Silas Mason Co., Lexington, has awarded the College of Engineering a \$5,000 scholarship grant and a current recipient is Harry Sterling Jr., Ashland graduate student.

Winners of Rotary Graduate Fellowships are Satyra Ann Summerour, Birmingham, a topical major in French area studies, and Mark Heimerdinger, Louisville, a student of French literature, French and English. She will go to Besancon, France, and he will study at the University of Dijon, France, both serving as Rotary ambassadors.

12. OVER \$8 MILLION RECEIVED BY UKRF IN JULY

Additional allotments to existing grants boosted the amount received during July alone by recipients through the University Research Foundation to more than \$8 million. This is more than half the total received during the entire recent year for research through UKRF. During the month there were 156 new awards. Funds to tobacco researchers accounted for much of the month's outlay. The total for July, including increases to 24 existing projects, amounted to \$8,253,734.72.

Members, Board of Trustees:

PROPOSED AMENDMENTS TO GOVERNING REGULATIONS

Recommendation: that the Board of Trustees accept for consideration and action at the next meeting the amendments to the Governing Regulations of the University of Kentucky (February 1972) as proposed on the following pages.

Background: The Governing Regulations require that amendments be received for study and consideration one month prior to action. The amendments which are proposed are concerned with the following:

- (1) Incorporation of changes in PART I, A, PART II, A, 2, PART II, A, 4 and the APPENDIX resulting from action by the Commonwealth of Kentucky General Assembly during its 1972 regular session. These sections deal with University programs and requirements, composition and officers of the Board of Trustees, and the powers and duties of the Council on Public Higher Education.
- (2) Incorporation of a paragraph, previously inadvertently omitted, in PART VII, A, 8, a which deals with the faculty of a community college.
- (3) Clarification of PART XII, D as it applies to the use of University facilities by political groups or political candidates.

Action: Approved X Disapproved Other

Date: September 19 , 1972

PROPOSED AMENDMENT TO THE GOVERNING REGULATIONS, PART I, A

Change first new paragraph on page 2 to read:

164.125 UNIVERSITY PROGRAMS, REQUIREMENTS.

(1) The University of Kentucky shall provide:

(a) Baccalaureate programs of instruction;

(b) Upon approval of the Council on Public Higher Education, master degree programs, specialist degree programs above the master degree level, and joint doctoral programs in cooperation with other state-supported institutions of higher education in the state;

(c) Upon approval of the Council on Public Higher Education, doctoral and post-doctoral programs and professional instruction including law, medicine, dentistry, education, architecture, engineering and social professions.

(2) The University of Kentucky shall be the principal state institution for the conduct of statewide research and statewide service programs and shall be the only institution authorized to expend State General Fund appropriations on research and service programs of a statewide nature financed principally by state funds. As applied in this section, research and service programs of a statewide nature shall be programs requiring the establishment and operation of facilities or centers outside of the primary service area of the institution.

(3) The University of Kentucky is authorized to provide programs of a Community College nature in its own community comparable to those listed for the Community College System, as provided by this chapter. (1966, c. 6, § 3)

PROPOSED AMENDMENT TO THE GOVERNING REGULATIONS, PART II.A.2

Change this section to read:

2. Membership

The Board of Trustees of the University of Kentucky consists of sixteen competent citizens of Kentucky appointed by the Governor, two members of the teaching faculty of the University who shall have the right to vote on all matters except that of faculty compensation, and one member of the student body of the University of Kentucky. The terms of the appointed members shall be for four years and until their successors are appointed and qualify. Four of the sixteen appointed members shall be appointed each year. Three of the appointed members shall be representative of agricultural interests, three shall be alumni of the University, and ten shall be other distinguished citizens of the state representative of the learned professions. The Governor shall so make the appointments as to divide the representation on the Board as equally as possible between the two leading political parties of this state. Appointments to fill vacancies shall be made for the unexpired term in the same manner as provided for the original appointments. (KRS 164.130 as amended by the 1972 General Assembly)

Each alumni member is appointed by the Governor from three persons required to be citizens of Kentucky nominated by the alumni by a procedure prescribed by the Board of Trustees. (KRS 164.130; KRS 164.140)

The faculty members must be teaching or research members of the faculty of the University of Kentucky of the rank of assistant professor or above, elected by secret ballot by all faculty members of the rank of assistant professor or above. Faculty members serve for terms of three years and until their successors are elected and qualify. They are eligible for reelection, but are ineligible to continue to serve as members of the Board if they cease to be members of the teaching staff of the University. Elections to fill vacancies are for the unexpired term and are held in the same manner as for the original elections. The authority to develop procedures for the election of faculty members to serve as members of the Board in accordance with the provisions of KRS 164.130 is hereby delegated to the University Senate (University System).

The student member is the president of the student body of the University except that if the president of the student body is not a full-time student who maintains permanent residency in the Commonwealth of Kentucky, a special election must be held to select a full-time student who does maintain permanent residency in this Commonwealth as the student member. (KRS 164.130)

PROPOSED AMENDMENT TO THE GOVERNING REGULATIONS, PART II, A. 4

Change this section to read:

4. Officers

The chairman of the Board of Trustees, the vice chairman of the Board, the secretary and the assistant secretary shall be elected annually at the September meeting of the Board. In the absence of the chairman, the vice chairman presides. The secretary keeps the Minutes of all meetings, issues notices of meetings and provides for the publication and distribution of the Minutes in accordance with instructions from the Board. He is responsible for the maintenance of an official revised copy of these Governing Regulations and for the publication of revisions from time to time. The assistant secretary is empowered to perform the duties of the secretary when the secretary is not present on the Lexington campus of the University and at such other place or places as are required for the efficient performance of his or her duties. The assistant secretary need not be a member of the Board of Trustees.

PROPOSED AMENDMENT TO THE GOVERNING REGULATIONS, PART VII, A. 8, a

Add as a new third paragraph:

Consistent with the Governing Regulations of the Board of Trustees and the Rules of the Senate of the Community College System, the faculty of each community college shall establish its own rules, including an organizational structure that is necessary for the performance of its functions. Copies of the rules of the faculty and a description of its committee structure shall be made available to its members and a copy filed with the Office of the Vice President of the Community College System.

PROPOSED AMENDMENT TO THE GOVERNING REGULATIONS, PART XII, D

Substitute the following for the third paragraph:

Specifically, University facilities shall not be used for meetings, conventions, rallies, or any campaign activities that would further the interests of a political party or of a candidate or candidates for public office. This is not to be construed as prohibiting meetings of registered student political organizations which are open in attendance only to students, faculty and staff of the University, and which are not open to the general public. Further, the University may from time to time invite candidates for public office to speak at University convocations.

"Political party" is defined as a voluntary association of persons formed and organized for the purpose of nominating or electing candidates for public office. This definition includes, but is not limited to, the meaning of "political party" as defined in KRS 119.010.

The plans so developed shall conform to the respective functions and duties of the state colleges and universities, the community colleges, and the University of Kentucky as provided by statute. The council shall for all purposes of federal legislation relating to planning be considered the "single state agency" as that term may be used in such federal legislation; provided, however, that when such federal legislation requires representation on any such "single state agency" by private or non-state institutions of higher education in the state, the Commission on Higher Education, or its successor agency, shall be considered the "single state agency" as that term may be used in such federal legislation.

(3) Determine the amount of entrance and/or registration fees and approve the qualifications for admission to the public institutions of higher education. In determining the entrance and/or registration fees for non-Kentucky residents, the council shall consider the fees required of Kentucky students by institutions in adjoining states, the resident fees charged by other states, the total actual per student cost of training in the institutions for which the fees are being determined, and the ratios of Kentucky students to non-Kentucky students comprising the enrollments of the respective institutions, and such other factors as the Council may in its sole discretion deem pertinent.

(4) Consider the requirements and review the budget requests, which shall be prepared in the manner and submitted by the institutions to the council by dates prescribed by the council, of the institutions of public higher education as to their appropriate level of support considering the functions of the institutions and their respective needs. The individual institutions' budget requests, including tuition and registration fee schedules for all categories of students, along with council recommendations which shall be submitted to the Governor through the Department of Finance not later than November 15 of each odd numbered year.

(5) Review and approve all capital construction projects the cost of which exceeds one hundred thousand dollars approved by the governing boards of the state-supported institutions of higher education prior to the institutions' submission of such projects to the Department of Finance and/or State Property and Buildings Commission.

(6) Require reports from the executive officer of each institution it deems necessary for the effectual performance of its duties.

(7) Publish annually a report of the educational and financial affairs of the institutions and disseminate other information relating to higher education.

(8) Approve all graduate degree programs including all schools and degree programs for which professional, regional and/or national accreditation of the school or program is available and/or licensing or certification of the graduate are required. Review proposals and make recommendations to the Governor regarding the establishment of new state-supported community colleges and new four-year colleges. Provided, nothing in this Act shall be construed to grant the Council on Public Higher Education authority to disestablish or eliminate any College of Law which became a part of the State system of higher education through merger with a State College.

(9) Prescribe the curricula for teacher education.

(10) Elect a chairman annually from the voting membership and appoint an executive director and such staff as may be needed and fix their compensation without limitation of the provisions of KRS Chapter 18 and KRS 64.640 subject to the approval of the Commissioner of Personnel and the Commissioner of Finance.

(11) Constitute the representative agency of the Commonwealth in all matters of higher education of a general and statewide nature which are not otherwise delegated to one or more institutions of higher learning. Such responsibility may be exercised through appropriate contractual relationships with individuals or agencies located within or without the Commonwealth. The authority includes but is not limited to contractual arrangements for programs of research, specialized training, and cultural enrichment.

Recommendation: that the attached revised regulations governing the use of Memorial Hall and adjacent amphitheater be approved, effective immediately.

Background: Regulations governing the use of Memorial Hall were approved by the Board of Trustees in November 1949 and subsequently have been appropriately modified at least once in view of changes in the administrative organization of the University.

Revision of the regulations governing the use of Memorial Hall is proposed at this time to incorporate current administrative practices, to establish a priority for scheduled academic activities in the use of Memorial Hall between 8:00 a. m. and 5:00 p. m. , to facilitate the use of up-to-date charge schedules and other sound business practices, and to relate the scheduling of Memorial Hall and the adjacent amphitheater.

If approved, the revised regulations governing the use of Memorial Hall and the adjacent amphitheater will be incorporated in the Administrative Regulations.

REGULATIONS GOVERNING THE USE OF MEMORIAL HALL
AND
ADJACENT AMPHITHEATER

1. The Office of the Dean of Students, through delegation established in AR II-8.04, shall be responsible for approval of applications for use of Memorial Hall and the adjacent amphitheater.
2. Applications for use of Memorial Hall and the amphitheater will be considered in order of receipt. These two facilities shall not be approved for use for simultaneously occurring events except when the activities are obviously non-interfering with each other.
3. University units and groups, including registered student organizations, may use Memorial Hall provided their needs cannot be satisfied adequately in another facility. However, each event must be significantly related to the purposes or curricula of the University and, if a student affair, have the approval of the faculty advisor and the Dean of Students. For events involving no admission fee, there will be no charge other than the cost of setting up special facilities. When an admission charge for an event is involved, a contract between the sponsoring group and the University shall be negotiated in advance.
4. No unit or organization of the University shall have any priority with respect to the use of Memorial Hall except that scheduled academic activities including the use of the pipe organ normally will be given preference between 8:00 a.m. and 5:00 p.m. Requests for regular academic scheduling should be received at least 90 days before the start of a regular academic session.
5. Non-University groups or agencies may apply for the use of Memorial Hall when the program to be presented is of an educational, cultural, or charitable nature, or relates to other purposes approved by the Dean of Students and the President. In all cases, however, the use of Memorial Hall shall be in compliance with Part XII,D of the University of Kentucky Governing Regulations.
6. When Memorial Hall is used by a non-University group, a contract between the group and the University will be negotiated in advance stating the charge for use and setting forth the responsibilities of the group and of the University. Charges for use shall conform to a schedule established by the Vice President for Business Affairs.
7. The best interests of the University may make it necessary occasionally to give priority to or cancel one event in favor of another. When such a cancellation becomes necessary, the unit or group holding the reservation shall be given notice as far in advance as possible.

8. Any unit or organization using Memorial Hall shall take proper care of the building and its equipment and shall be financially responsible for any damage thereto during use resulting from abuse or neglect.
9. Memorial Hall is dedicated to the memory of Kentuckians who died in World War I, and no program that is out of keeping with the memorial spirit shall be held in the building.
10. Applications for use of Memorial Hall or the amphitheater shall be made in writing in advance on forms which are available in the Office of the Dean of Students, 521 Patterson Office Tower (7-3754).

REGULATIONS GOVERNING THE USE OF MEMORIAL COLISEUM

1. The Office of the Director of Athletics, through delegation established in AR II-8.0-1, shall be responsible for approval of applications for use of Memorial Coliseum, except for those pertaining to the swimming pool and its auxiliary rooms.
2. While Memorial Coliseum is used largely in terms of the needs of the athletics and physical education programs, it is also designed to serve as an auditorium, music hall, conference center, et cetera. Therefore, no unit or organization has priority for the use of the Coliseum facilities except that approved athletics and physical education schedules will be observed.
3. University units and groups, including registered student organizations, may use the Coliseum provided their needs cannot be adequately met in another facility. However, each event must be significantly related to the purposes or curricula of the University and, if sponsored by a registered student organization, have the approval of the faculty advisor and the Dean of Students. During the academic year the Student Center Board shall have exclusive right to use the Coliseum for the purpose of producing and promoting concerts with the sole exception of those sponsored by the Central Kentucky Concert and Lecture Series. The Student Center Board is granted this right provided the net proceeds from such events are used to support other cultural and entertainment programs open to the campus community.
4. When the Coliseum is used by a University unit or group for an event involving no admission fee, there will be no charge other than the cost of setting up special facilities. For an event for which an admission fee is charged, a contract between the University sponsoring group and the University will be negotiated in advance and the charge involved for use of the Coliseum will conform to a schedule established by the Vice President for Business Affairs.
5. Non-University groups or agencies may apply for the use of the Coliseum when the program to be presented is of an educational, cultural, or charitable nature, or relates to other purposes approved by the Director of Athletics and the President. STUDENT RIGHTS AND RESPONSIBILITIES
UNIVERSITY OF KENTUCKY COMMUNITY COLLEGE SYSTEM

Recommendation: that the attached revised document dealing with both non-academic and academic relationships between Community College System students and the University of Kentucky be approved for immediate implementation.

Background: The original and heretofore unrevised code dealing with both non-academic and academic relationships between Community College System students and the University was approved by the Board of Trustees in March 1970. The revised code now being submitted for approval is the culmination of efforts by Vice President Wall and his staff, the Inter Community College Student Advisory Council, the community college directors, the Community College Senate, local Student Advisory Committees, and members of the University System Dean of Students Office. This revision, which differs substantially in style from the original document, has been designed to very closely parallel the corresponding code for University System students which was approved by the Board of Trustees in May 1972 and became effective August 15, 1972. The relatively few differences between the proposed code for Community College System students and the current code for University System students usually relate to differences in administrative structures or academic senate rules for the two systems.

THE COMMUNITY COLLEGE CODE OF STUDENT CONDUCT:

Rules, Procedures, Rights, and Responsibilities Governing Non-Academic Relationships

Introduction

The University Board of Trustees is empowered by Kentucky Law K.R.S. 164.200 to establish a disciplinary system to govern the University campus. The statute provides:

"The Board of Trustees may establish proper regulations for the governance of the University and the physical training, military or otherwise, of the students. It may authorize the suspension and dismissal of students for neglect or violation of the regulations, or for other conduct prejudicial to the character and welfare of the University."

By Kentucky Law K.R.S. 164.595, the University Board of Trustees is also empowered to establish disciplinary systems to govern the Community College campuses. The statute provides:

"The Board has the same powers with respect to the Community Colleges that it has to the University of Kentucky in general."

By this publication of the rules governing student conduct, the Community College System recognizes that students have the right to know the circumstances and manner in which this disciplinary power will be exercised and advises students that disciplinary rules will be enforced.

In order to devise such rules, the Community College System must first assess the general relation of the contemporary community college to its students. Today's student is at the Community College as a member of a community of students seeking to acquire and communicate knowledge, and so long as his conduct in and out of the classroom does not infringe on the rights of other such students, the Community College should not exercise its powers to either condemn or condone. The concern of the Community College is to provide facilities and opportunities for those who seek knowledge.

ARTICLE I -- THE COMMUNITY COLLEGE JUDICIAL SYSTEM

Section

1.1 Authority of the President of the University

Pursuant to the provisions of K.R.S. 164.200 and K.R.S. 164.595, the Board of

Trustees is responsible for student discipline. The Board hereby delegates this responsibility to the President of the University.

1.2 Disciplinary Offenses

Offenses as defined below are punishable disciplinary offenses. As used in the offenses specified in subsections a. through q. herein, Community College property is defined as all property owned, or leased to, and operated exclusively by the University of Kentucky and all such property leased to or operated by student and non-student organizations which are under the control and regulation of the Board of Trustees of the University of Kentucky. In addition to the offenses defined below, certain other disciplinary offenses involving conduct which is destructive of academic freedom, the rights of others and the orderly operation of the Community College are set out in Section 5.1 hereof.

- a. No student shall engage in interference, coercion or disruption which impedes, impairs or disrupts Community College missions, processes or functions or interferes with the rights of others on Community College property; (Examples of conduct falling within this section are described under Section 5.11)
- b. Lifting, taking, or acquiring possession of, without permission, any academic material (tests, information, research papers, notes, books, periodicals, etc.) from a member of the Community College community or any comparable violation of academic security;
- c. Stealing any item of tangible or intangible personal property from the Community College or from a member of the Community College community;
- d. Abusive, drunken, violent or excessively noisy misbehavior in the classroom or in or on Community College property at any time;
- e. Lewd, indecent or obscene behavior upon Community College property;
- f. The commission of acts which constitute a violation of local, state or federal law upon Community College property;
- g. Unauthorized entry to or use of Community College facilities or any violation of Community College rules regarding the use of Community College property. Where entry to or occupation of premises or facilities was initially authorized, opportunity to comply with a lawful order to leave the premises must be given;
- h. Defacing, disfiguring, damaging or destroying public or private property upon Community College property;
- i. The threat or commission of physical violence against any person on Community College property;
- j. Falsifying, altering or forging any official Community College records or documents, employing official Community College documents or records,

for purposes of misrepresentation, or causing any official Community College documents or records to be falsified by means of any misrepresentation;

- k. Knowingly passing a worthless check or money order to the Community College or to a member of the Community College community acting in an official capacity;
- l. Use, possession, or distribution on Community College property of narcotic or dangerous drugs, such as marijuana and lysergic acid diethylamide (LSD), except as expressly permitted by law;
- m. Any violation of Community College rules regarding the operation and parking of motorized vehicles on Community College property;
- n. Hazing of any kind;
- o. Failure to comply with directions of Community College officials acting in the performance of their duties;
- p. Intentionally giving false testimony or other evidence at any hearing of the Community College Judicial Board or Appeals Board;
- q. Violation of conditions imposed in connection with one or more of the punishments enumerated in Section 1.51 through 1.58.

1.3 Community College Policy on the Student and Local Authorities

- 1.31 The minimum standards of individual conduct required by the penal statutes are both expected and required of every student attending a University of Kentucky Community College. Further, while the institution does not desire to act as a policing authority for the activities of the student off Community College property, and while it cannot serve as a sentencing authority for a student's violations of federal, state, or local law, the Community College may take appropriate action where necessary as provided under Section 1.2(a), 1.2(f), 1.45.
- 1.32 The Community College will not undertake to act as a collection agency for landlords, retail stores, magazine and book companies, etc., and will not provide student addresses and telephone numbers to such parties.
- 1.33 The Community College may report violations by students of federal, state or local law to the appropriate officials.
- 1.34 The Community College cannot accept remand of students charged or convicted of violations of federal, state, or local law for the purpose of imposing disciplinary punishment. However, a Community College representative may accept court appointment of probation of a student to his care and impose such requirements as he sees fit. If such student violates these requirements, he must be returned to court for such further proceedings as the court shall determine, but shall not be subject to Community College disciplinary punishment.
- 1.35 A student charged with a violation of federal, state, or local law may request assistance from the Director's Office. After receipt of the student's request and a review of the charge(s) and circumstances surrounding the incident, a

member of the Director's staff may be made available to counsel and assist the student.

1.4 The Procedures

1.41 The Role of the Director's Office in Student Disciplinary Matters

1.411 When the Director, after investigation into an alleged violation of the disciplinary rules, believes a student has committed a disciplinary offense defined in Section 1.2, he shall notify the student that he is charged with said offense. Thereafter, he may counsel with the student and may outline proposed disciplinary punishment and/or counseling. The counseling session is strictly confidential and does not begin until the student admits guilt to the charges placed against him. Information obtained from the student during a counseling session is inadmissible in any judicial proceeding of the Community College. Admissions of guilt, voluntarily made after notice of rights prior to such counseling session, is admissible in judicial proceedings if the student withdraws from the counseling process or refuses to comply with the conditions of the counseling process.

1.412 In the preliminary conference, the accused shall enjoy the right to have the assistance of an advisor of his choice and shall be informed of this right.

1.413 If the Director and the student are unable to resolve the matter to their mutual satisfaction in the counseling process, the Director shall forward the reports and evidence concerning the case to the Community College Judicial Board for evaluation and possible prosecution. The Director or his designee is thereafter concerned with keeping the records of the Community College Judicial Board and Appeals Board and in aiding the student to comply with any punishment decreed by either Board.

1.414 Within the rights of the student at a University of Kentucky Community College, the Director may contact the parents, or other persons as he deems appropriate in matters of discipline only if the student is under eighteen years of age or consents.

1.415 All student grievances involving rights stated herein shall be reported to the Director or his designee within 30 days of their occurrence. Grievances reported after this period or which otherwise come to the attention of the Director or his designee may be acted upon according to his determination of the circumstances.

1.416 The Director or his designee shall investigate each student grievance to determine whether it contains merit.

a. If he decides that it does, he shall use moral suasion, negotiation, personal appeal, and the prestige of his office to settle the case to his satisfaction and that of the student.

b. When he is unable to satisfy the grievance to the satisfaction of the student or when he has notified the student that the grievance does not contain merit, the student has the right to appeal within 30 days to the Community College Appeals Board.

1.417 The Director shall have broad investigatory powers in non-academic cases and he shall receive prompt and full cooperation from students, student organizations, faculty and administrators. He may recommend policies or practices

that should be terminated, modified or initiated to Student Government, the Senate Council, division heads, or other appropriate persons.

1.42 The Community College Judicial Board

Each Community College shall have a Judicial Board, hereinafter referred to as the J-Board, with original jurisdiction over cases involving alleged violations by students of the stated Community College disciplinary offenses defined in Section 1.2.

1.421 Authority

The J-Board shall have the sole authority to determine the issue of guilt in those cases referred to it pursuant to Section 1.413. It shall have the sole authority to impose punishment short of actual suspension, dismissal, or expulsion upon any student found guilty of a violation of Community College disciplinary rules defined in Section 1.2. If the J-Board believes that actual suspension, dismissal, or expulsion is the appropriate remedy, it shall recommend such action to the Director.

1.422 Composition

The J-Board shall consist of ten persons, five male and five female. There shall be two co-chairman, one male and one female. In order for any proceedings to be taken against a student for a violation of Community College rules, at least five members of the J-Board must be present to hear the case, with at least two members of each sex represented. However, in the event the accused student so requests prior to his or her hearing, he or she is entitled to a board composed of his or her sex only. Any decision of the J-Board must be by a majority of the members of the board hearing the case.

1.423 Eligibility Requirements

Any full-time student, who has had at least one semester of full-time residence in the Community College and who is a student in good standing may apply to the Student Affairs Committee for appointment to the J-Board. Consideration will be given to academic standing of the applicants.

1.424 The Appointment Process

The Student Affairs Committee shall screen all applicants for membership and forward those who have been approved to the Student Government President, who, with the advice and approval of the Director, shall make the final appointment of the J-Board members.

1.425 Terms of Office

Students selected for membership on the J-Board will serve one year terms or, at the discretion of the Director, a term not exceeding three semesters.

1.426 Absences

Three unexcused absences in any one semester shall constitute automatic dismissal from the J-Board. The J-Board, acting as a unit, may make

such additional regulations regarding absences as it may deem appropriate. All requests for excused absences shall be made to the Director whose decision shall be final.

1.43 The Community College Appeals Board

There shall be a Community College Appeals Board with appellate jurisdiction over all decisions of the Community College Judicial Board and over decisions of any faculty members on matters of Community College academic offenses.

1.431 Jurisdiction in Cases of Disciplinary Offenses

- a. Within 30 days after receipt of the decision of the Community College J-Board, any accused student may appeal in writing to the Director for review by the Appeals Board of the J-Board's finding of guilt or for review of the nature or severity of the punishment imposed or recommended by the J-Board. The Director shall forward the appeal to the Chairman of the Appeals Board for appropriate action.
- b. If the Director in his official capacity believes that the punishment imposed by the J-Board was inappropriate for the offense committed, he may request a review thereof by the Appeals Board. Such a request shall be directed to the Chairman of the Appeals Board within 30 days of the decision by the J-Board.

1.432 Disposition of Cases of Disciplinary Offenses

- a. If the student appeals on the issue of fact regarding commission of the offense, the Appeals Board shall review the evidence, and its decision shall be final.
- b. If the student requests a review of the punishment, the Appeals Board shall recommend what it believes to be the appropriate punishment to the Director who shall set the punishment.
- c. Any decision and/or recommendation by the Appeals Board must be by a majority of those members sitting on the case.

1.433 Jurisdiction Over Cases Involving Student Rights Specified in Article II

- a. The Appeals Board shall hear any case referred to it by the Director or his designee and may grant the written appeal of any student to hear a case not referred to it by the Director or his designee. This written appeal must be submitted within 30 days after the Director or his designee communicates both to the Appeals Board and the student that either he considers the case without merit or is unable to terminate satisfactorily the grievance.

- b. Upon receipt of the written appeal, the Chairman of the Appeals Board shall notify the Director or his designee to forward all reports and evidence concerning the case.
- c. The Appeals Board may then, by majority vote, agree to hear the student's case or allow the Director's or his designee's decision to be final.

1.434 Disposition of Cases of Student Rights

After hearing a case and deciding that a violation of student rights has been proved, the Appeals Board may select from the following remedies:

- a. The Board may request the Director or his designee to admit an applicant denied admission in violation of Section 2.12.
- b. The Board may request the Director or his designee to give an applicant a scholarship, or financial aid, when such have been denied or withdrawn in violation of Section 2.13.
- c. The Board may request the Director or his designee to make available Community College facilities and services on a fair and equitable basis when a violation of Section 2.14 has been proved.
- d. The Board may request the Director to have any papers, property or personal effects, taken from a student's person or premises in violation of Section 2.21, returned to him.
- e. The Board may request the Director to direct compliance with Section 2.22, 2.23, or 2.24 when a violation of the rights stated therein has been proved.
- f. The Board may request the appropriate Community College official to grant whatever other relief the Board deems proper.

1.435 Composition of the Community College Appeals Board

The Community College Appeals Board shall consist of six members, two full-time students and four faculty members. In addition, there shall be two student alternates and two faculty alternates, who shall be selected on the same basis and with the same requirements as the regular members. All members of the Appeals Board and/or their alternates shall, when requested, meet within 48 hours notice from the Chairman.

a. The Student Members

The students must have sophomore standing and must have had one full year residence in the Community College and be in good academic standing; they will be selected by the Director or his authorized representative upon recommendation of the local Student Affairs Committee by such methods and procedures as he shall deem appropriate. Their appointments shall be for one-year terms. A student may not serve concurrently on both the Appeals Board and the J-Board.

b. The Faculty Members

The faculty members shall be appointed to staggered three-year terms by the Director upon the recommendation of the Student Affairs Committee. The Chairman shall be chosen from among the faculty members by like procedure.

c. Other Procedural Rules

A quorum for the conduct of business will be five members, not less than three of whom are faculty members. If the Chairman of the Appeals Board deems it necessary, he may call upon legal counsel in order to assure the proper administration of a case. The Appeals Board shall establish such other procedural rules, not inconsistent with the provisions of this Code, as will effectuate the orderly conduct of its functions.

1.44 Temporary Appointments

If a sufficient number of the members of the Community College Judicial Board or the Appeals Board are not present at any time when either Board has duties to perform, the Director shall make such temporary appointments as are necessary to insure that the required number of members are present. Such temporary appointments need not be preceded by the recommendations otherwise provided herein. However, in no case shall a faculty member be appointed to replace a student member, nor a student member replace a faculty member.

1.45 Temporary Sanctions

In the event that the Director has reasonable cause to believe that a student's presence may result in injury to himself, others, or Community College property, or in the event that he has been charged with a crime so serious as to threaten the welfare of the College community, the Director may impose such temporary sanctions as he considers necessary to protect members of the College community or its property, including exclusion from Community College property. Upon taking such action, the Director shall notify the Community College Appeals Board. The student may appeal the Director's decision to the Community College Appeals Board in writing within 30 days. If requested in the written appeal, the Chairman shall call a meeting of the Board to hear the case within 48 hours, or as soon as practicable thereafter. The Board shall consider the student's academic needs to attend class, use the library, and fulfill his other academic responsibilities in making its recommendation. This Board may recommend to the Vice President of the Community College System changes or extensions of the Director's action. The Vice President of the Community College System then shall determine the sanctions to be imposed. Such temporary sanctions shall be enforced only for such time as the conditions requiring them exist. Accordingly, the circumstances shall be reviewed by the Board whenever there are indications that they have changed and upon an appeal in writing from the student involved.

1.46 Honor Codes

1.461 Where any Community College has established, or shall establish, an Honor Code or comparable system which is governed by the students with approval

by and/or appeal to the faculty of the College, the procedures outlined above shall not govern the following offenses to the extent that they are included as offenses subject to the Honor Code and committed by a student subject to such system:

- a. Disciplinary offense number 1.2(b), to the extent that it is committed within the College subject to such system.
- b. Disciplinary offenses number 1.2(d) and (e) as it pertains to the classroom.

1.462 Such Codes may include as offenses such other actions as are deemed appropriate but cannot cover the offenses described in this Code except as stated above.

1.463 The punishment meted out to a student governed by such a system shall be as designated thereby except that actual suspension or expulsion shall be imposed only by the Director of the College with the approval of the Vice President for the Community College System.

1.464 The procedures of all such Honor Code systems must conform to the statement of student rights contained in Section 2.3.

1.465 The establishment of such an Honor Code shall include approval by majority vote of the students to be covered and by the faculty involved.

1.56 Dismissal

Exclusion from the Community College campus and termination of student status for an indefinite period. The student may be readmitted to the Community College only with the specified approval of the Director. If a dismissed student violates the Code of Student Conduct while on a Community College campus or in relation to a Community College sponsored activity, or is present on the Community College campus without the written permission of the Director or the Vice President for the Community College System, as determined after the opportunity for a hearing, he shall be subject to further discipline in the form of expulsion.

1.57 Expulsion

Permanent termination of student status.

If there is a dispute as to whether or not a student is legally liable for a financial obligation asserted by the Community College, and the student challenges such obligation through either timely administrative or legal means, then the sanctions of Article IV with respect to registration shall not apply until final resolution of the dispute.

ARTICLE V -- INTERFERENCE, COERCION AND DISRUPTION

The Community College honors the right of free discussion and expression, peaceful picketing and demonstration, the right to petition and peaceably to assemble. It is equally clear, however, that in a community of learning, interference, coercion or disruption cannot be tolerated.

Students who engage in conduct proscribed by this Article of the Code shall be charged pursuant to this Article only where one or more of the following occurs:

1. Where there is a threat or commission of physical violence, or
2. Where there is a threat of or destruction of Community College property, or
3. Where conduct necessitates the declaration of or takes place during a State of Emergency as provided herein, or
4. Where the Director or his authorized representative gives prior notice that 5.1 is applicable.

Section

- 5.1 No student shall engage in interference, coercion or disruption with relation to Community College missions, processes, functions, or personnel.
- 5.11 Section 5.1 is violated when a student, acting alone or in concert with others, impedes or impairs Community College missions, processes or functions, or interferes with the rights of others. 5.32 The decision of the Appeals Board shall be final as to the issue of guilt or innocence and as to questions of law and procedural questions arising under this Code.

5.33 If the Appeals Board, by a majority of the members hearing any particular case, finds that an accused student is guilty of a violation of Section 5.1, it shall fix the punishment therefore, which shall be either suspension, dismissal, or expulsion, and may include monetary reimbursement. The Board may, however, impose the penalty of undated suspension, if it makes a specific finding of substantial mitigating circumstances.

5.34 Within 30 days after receipt of the decision of the Appeals Board, a student found guilty may appeal in writing to the Vice President for the Community College System for a review of the nature or severity of the punishment imposed. - 5.52 In the event of a declaration of a state of emergency, the following procedures may be implemented:
- a. No persons, other than students, faculty and staff of the Community College with proper Community College identification, and representatives of duly constituted law enforcement agencies, shall be permitted on the campus without appropriate identification issued by the Office of the Director.

Part II:

SELECTED RULES OF THE UNIVERSITY OF KENTUCKY COMMUNITY COLLEGE

SENATE GOVERNING ACADEMIC

RELATIONSHIPS

These selected Rules of the Community College Senate are subject to modification at any time by the Senate. Other rules involving students in academic matters particularly in the advisory area will be found in the Community College System Bulletin and schedule books.

Academic Rights of Students

1. Information About Course Content

A student has the right to be informed in reasonable detail at the first or second class meeting about the nature of the course and to expect the course to correspond generally to its official description.

2. Information About Course Standards

A student has the right to be informed at the first or second class meeting about the standards to be used in evaluating his performance, and to expect that the grading system described in the Community College System and/or local College Bulletin will be followed. Whenever factors such as absences or late papers will be weighted heavily in determining grades, a student shall be so informed at the first or second class meeting.

3. Contrary Opinion

A student has the right to take reasoned exception to the data or views offered in the classroom without being penalized.

4. Academic Evaluation

A student has the right to receive a grade based only upon a fair and just evaluation of his performance in a course as measured by the standards announced by his instructor at the first or second class meeting. Grades determined by anything other than his instructor's good-faith judgment based on such standards are improper. Among irrelevant considerations are race, color, religion, sex, national origin, political affiliation, or activities outside the classroom that are unrelated to the course work.

5. Academic Records

A student has the right to have his academic record kept separate and confidential unless he consents in writing to have it revealed. However, the Director or his designee may disclose the student's academic record without his consent if the information is required by authorized Community College personnel for official use, such as advising students, writing recommendations, or selecting candidates for honorary organizations.

6. Evaluation of Student Character and Ability

A student has the right to have his character and ability evaluated only by individuals with a personal knowledge of him. Records containing information about a student's character and ability shall indicate when the information was provided, by whom and the position of this individual.

ACADEMIC OFFENSES

1. Plagiarism

All academic work, written or otherwise, submitted by a student to his instructor or other academic supervisor, is expected to be the result of his own thought, research, or self-expression. In any case in which a student feels unsure about a question of plagiarism involving his work, he is obliged to consult his instructor on the matter before submitting it.

When a student submits work purporting to be his own, but which in any way borrows ideas, organization, wording or anything else from another source without appropriate acknowledgment of the fact, the student is guilty of plagiarism.

Plagiarism includes reproducing someone else's work, whether it be a published article, chapter of a book, a paper from a friend or some file, or whatever. Plagiarism also includes the practice of employing or allowing another person to alter or revise the work which a student submits as his own, whoever that other person may be. Students may discuss assignments among themselves or with an instructor or tutor, but when the actual work is done, it must be done by the student and the student alone.

When a student's assignment involves research in outside sources or information, he must carefully acknowledge exactly what, where and how he has employed them. If he uses words of someone else, he must put quotation marks around the passage in question and add an appropriate indication of its origin. Making simple changes while leaving the organization, content and phraseology intact is plagiaristic. However, nothing in these rules shall apply to those ideas which are so generally and freely circulated as to be part of the public domain.

2. Cheating

Cheating is defined by its general usage. It includes, but is not limited to, wrongfully giving, taking, or presenting any information or material by a student with the intent of aiding himself or another on any academic work which is considered in any way in the determination of the final grade. Any question of definition shall be referred to the Community College Appeals Board.

3. Punishments for Academic Offenses

Only the following punishments may be given to a student found guilty of commission of a Community College academic offense:

- a. Expulsion: permanent forced withdrawal from the Community College.

- b. Actual Suspension: forced withdrawal from the Community College for a specified period of time.
- c. Undated Suspension: forced withdrawal from the Community College except that the student is permitted to remain on campus provided he follows stated conditions imposed with the punishment.
- d. Forced withdrawal from the division in which the offense occurred.
- e. Forced withdrawal from the course in which the offense occurred.
- f. Any grade for the course in which the offending paper or examination was submitted.
- g. Any grade on the paper or examination in which the offense occurred.

PROCEDURES

1. Cases of Academic Offenses

- a. Responsibility of Instructor
An instructor who has found a student guilty of cheating or plagiarism may:
 - (1) assign any grade to the paper or test involved;
 - (2) assign any grade for the course in which the offending paper or examination was submitted.

In addition, the instructor may:

 - (1) recommend that the student be dropped from the course in which the offense occurred. Such a recommendation shall be made to the Director of the college, with copies to the Chairman of the instructor's division and the student;
 - (2) recommend to his division that the student be dropped from a program of the division. If the division concurs, it shall so recommend to the Director and send copies of the recommendation to the student;
 - (3) recommend actual suspension or expulsion from the Community College to the Director, filing a written statement with the student and the Appeals Board.
- b. Responsibility of the Director of the College - The Director of the college shall consider recommendations for dropping the student from the class or division or suspension or expulsion from the Community College and come to a decision, reporting his action to the instructor and the student. If the Director concurs in a recommendation of suspension or expulsion from the Community College, he shall take the necessary action with the approval of the Vice President for the Community College System.
- c. Rights of the Student
 - (1) The student may appeal:
 - (a) the fact of his guilt;
 - (b) the severity of his punishment if the punishment is other than the assignment of a grade to the paper or test involved. This appeal must be filed in writing with the Chairman of the division in which the offense occurred within 30 days of the student's notification of his grade if the penalty has been reduction in his grade or within 5 days of notification

of forced withdrawal from the course or division, or of recommendation for actual suspension or expulsion.

- (2) The student shall have the right of class attendance and participation during the consideration of any appeal except in cases where outside agencies are used as a part of the student's educational experience. Where outside agencies are used for educational experiences, precedence will be given to the terms of the agreement which have been negotiated between the Community College and the agency.
- d. Responsibility of the Division Chairman - The Division Chairman shall attempt to resolve all cases referred to him by student appeal to the satisfaction of the instructor and the student. If he cannot, he shall recommend a review by the Appeals Board of the punishment imposed.
- e. Responsibility of the Community College Appeals Board - The student, instructor, Division Chairman, or Director may file a statement with the Board. The Board will then decide by majority vote whether to hear the case or not, except that it must hear all cases in which a student has appealed actual suspension or expulsion.

If the Board hears the case because of some question about the fact of the student's guilt, it shall have the authority to impose a final decision.

If the Board hears the case because of an appeal of the severity of the punishment, it shall recommend an appropriate punishment to the instructor.

When the Board hears a case in which the instructor and the Director have recommended actual suspension or expulsion, it may concur with the instructor and the Director, and recommend to the Vice President for the Community College System for his approval and implementation that the punishment of actual suspension or expulsion be imposed. If the Board does not agree that such punishment should be imposed, it shall return its decision and its recommendation of appropriate punishment to the Division Chairman who shall consult with the faculty member as to the appropriate punishment.

The instructor may refuse to accept a recommendation of the Appeals Board with respect to an appropriate punishment, but if he does so, the Board shall have the authority to give the student a W in the course.

2. Cases of Academic Rights

- a. Rights of the Student and Responsibility of the Division Chairman - Where a student feels that his academic rights have been violated, he shall report the matter to the Division Chairman who shall attempt to resolve the matter to the satisfaction of the student and the instructor. If the Division Chairman cannot resolve the matter, he should consult with the Director or the Director's designee. If the Division Chairman determines that the student's case is without merit, the student then has 30 days to appeal to the Community College Appeals Board.

- b. Authority of the Community College Appeals Board in Cases of Student Academic Rights - After hearing a case involving a violation of student academic rights as set forth herein, the Board may select from the following remedies:
- (1) The Board may direct that a student be informed about the content, grading standards and procedures of a course when a violation of the pertinent rules has been proved.
 - (2) The Board may direct that a student's grade in a course be changed, but only to a W (withdrew passing) or a P (passing, credit toward graduation but not toward grade point standing) when an academic evaluation based upon anything other than a good-faith judgment of a student has been proved. Under no circumstances shall a student's grade be lowered as a result of his appeal.
 - (3) The Board may take any other reasonable action calculated to guarantee the rights stated herein.
- c. In cases of academic rights, the student shall have the right of class attendance and participation during the consideration of any appeal except in cases where outside agencies are used as a part of the student's educational experience. Where outside agencies are used for educational experiences, precedence will be given to the terms of the agreement which have been negotiated between the Community College and the agency.

Honor Codes

Any Community College may establish, with the approval of the Senate of the Community College System, an Honor Code or comparable system governed by the students with approval by and/or appeal to the faculty of such a college. When such an Honor Code or comparable system has been established, the procedures for disposition of cases of academic offenses described above shall not apply to the extent that the offenses are subject to the Honor Code and committed by a student subject to the Code.

The punishment meted out to a student governed by such a system shall be as designated thereby except that actual suspension or expulsion shall be imposed only by the Director of the College with the approval of the Vice President for the Community College System.

Composition of the Community College Appeals Board

The Community College Appeals Board shall consist of six members; two full-time students and four faculty members. In addition, there shall be two student alternates and two faculty alternates who shall be selected on the same basis and with the same requirements as the regular members. All members of the Appeals Board and/or their alternates shall be expected to meet within 48 hours after notice from the Chairman.

1. The Student Members - The students must have sophomore standing, must have

- had one full year residence in the Community College and must be in good academic standing. They will be selected by the Director upon recommendations of the local Student Affairs Committee by such methods and procedures as he shall deem appropriate. Their appointments shall be for one-year terms. A student may not serve concurrently on both the Appeals Board and a J-Board.
2. The Faculty Members - The faculty members shall be appointed to staggered three-year terms by the Director upon the recommendation of the Student Affairs Committee. The Chairman shall be chosen from among the faculty members by like procedure.
 3. Other Procedural Rules - A quorum for the conduct of business will be five members, not less than three of whom are faculty members.

ADMISSION FEE DEPOSIT-COLLEGE OF LAW

Recommendation: that the University institute a required \$100 nonrefundable fee deposit of all students accepted for admission to the College of Law, to be paid within thirty days of notification of approval of admission, effective with the 1973-74 academic year. This deposit would apply toward the student fee payment if he does, in fact, register and attend but would be nonrefundable if he does not register. Failure to make the deposit within the thirty day period would result in cancellation of acceptance of admission.

Background: The College of Law is now processing over 1,000 applications for admission annually. In the year just past the College advised 155 students of acceptance for the 1972-73 entering class, placed 60 on the alternate list and 58 on the waiting list. By August 1 there had been 20 cancellations from persons previously accepted, leading to offers of admission to 20 persons on the alternate list. Between August 1 and August 26, 22 additional people cancelled and further offers were made to people on the alternate list. On registration day 31 people who had indicated earlier that they planned to attend did not register and the College has made long distance calls and sent cards to all those remaining on the alternate list and to 10 people on the waiting list.

In view of the great demand for admission to the College of Law, this large degree of cancellations and failure to register can no longer be tolerated and it is believed that this relatively modest fee payment would help to determine those who are admitted who are serious about attending the University of Kentucky and provide a more orderly approach to the beginning of the academic year.
