

Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, December 13, 1994.

The Board of Trustees of the University of Kentucky met at 4:00 p.m. (Lexington time) on Tuesday, December 13, 1994 in the Board Room on the 18th floor of Patterson Office Tower.

A. Meeting Opened

Governor Edward T. Breathitt, Chairperson, called the meeting to order at 1:00 p.m., and the invocation was pronounced by Mr. Ted Bates.

B. Oath of Office Administered

Governor Breathitt called upon Paul Van Booven, Associate General Counsel, to administer the oath of office to Mr. Scott A. Crosbie, newly elected student trustee who is replacing Mr. Thomas Arthur Jones. Mr. Crosbie will serve for the remainder of the 1994-95 academic year.

C. Roll Call

The following members of the Board of Trustees answered the call of the roll: Governor Edward T. Breathitt (Chairperson), Mr. Ted Bates, Mrs. Kay Shropshire Bell, Mr. Paul W. Chellgren, Mr. Robert N. Clay, Mr. Scott A. Crosbie, Professor Loys L. Mather, Dr. Robert P. Meriwether, Professor Deborah Powell, Mr. Steven Reed, Mr. Frank Shoop, Mrs. Marian Sims, Professor John Sistarenik, Mr. Daniel C. Ulmer, Jr., Mrs. Lois C. Weinberg, Mr. Martin Welenken, and Mr. Billy B. Wilcoxson. Absent from the meeting were Mr. James F. Hardymon, Mrs. Elissa Plattner, and Mr. William B. Sturgill. The University administration was represented by President Charles T. Wethington, Jr.;; Chancellors Ben W. Carr, Robert E. Hemenway, and James W. Holsinger; Vice Presidents Joseph T. Burch, Edward A. Carter, Delwood Collins, and Eugene Williams; Robert Lawson, Assistant to the President for Administrative Affairs; George DeBin, Assistant to the President for Fiscal Affairs; Dr. Juanita Fleming, Special Assistant for Academic Affairs; and Mr. Richard E. Plymale, General Counsel.

Members of the various news media were also in attendance. A quorum being present, the Chairperson declared the meeting officially open for the conduct of business at 4:04 p.m.

D. Approval of Minutes

Governor Breathitt said that the Minutes of the Board meeting on October 25, 1994 had been distributed and asked for a motion of approval. On motion made by Mr. Welenken, seconded by Mrs. Sims and carried, the Minutes were approved.

E. President's Report and Action Items

President Wethington commented on the following items in PR 1:

1. The UK Hospital has been named one of the "Top 100 Hospitals in the U.S." by Health Care Investment Analysts, Inc., and Mercer Management Consultants for the second consecutive year.

2. The Donovan Scholars Program, one of the first of its kind in the U.S., is celebrating its 30th year of providing educational opportunities for older students.
3. Prestonsburg Community College has received a \$355,420 grant from the Appalachian Regional Commission for a campus health service.
4. The UK College of Agriculture and the University of Arkansas and North Carolina State University have been chosen to share a \$737,000 grant from the W. K. Kellogg Foundation. The colleges will develop educational programs to bridge the gap between those who would develop and those who would preserve natural resources.
5. The libraries of UK and the University of Tennessee at Knoxville have formed an alliance to share research collections, doubling the materials available to the faculty and students of both institutions.
6. A proposed partnership between Kentucky Tech and Paducah Community College may become the model for all of Kentucky's community colleges in the future. The proposal approved last month by the Council on Higher Education calls for Paducah Community College to recognize and give students credit for classes taken at Kentucky Tech's West Campus.
7. Approximately 1,000 architecture students held their national conference titled Bluegrass Forum 1994 in Lexington November 22-26. The conference was hosted by the UK chapter of the American Institute of Architecture Students.
8. A computerized version of some sections of the original manuscripts of the Old English heroic poem Beowulf is featured in the December issue of National Geographic magazine. The Electronic Beowulf program, which is accessible to scholars around the world through Internet, is edited by UK English Professor Kevin Kiernan.

President Wethington invited the members to peruse the other items at their leisure.

F. Personnel Actions (PR 2)

President Wethington recommended that approval be given to the appointments, actions and/or other staff changes which require Board action; and that the report relative to appointments and/or changes already approved by the administration be accepted. Mr. Shoop moved approval. The motion, seconded by Mr. Wilcoxson, passed. (See PR 2 at the end of the Minutes.)

G. Naming of University Building - William T. Young Library (PR 3A)

President Wethington said that PR 3A recommends that the Board approve the name "William T. Young Library" for the central and life sciences library on the campus of the University of Kentucky in Lexington. He reminded the members of the groundbreaking ceremony held on campus December 6 for this facility. He said that the University of Kentucky

Alumni Association and the Athletic Association have undertaken to finance and construct this building. The building will be given to the University upon completion of construction. He reported that the Committee on Naming Buildings has recommended positively on this name for this new facility. He noted that Mr. Young attended the groundbreaking ceremony and was recognized at this event.

President Wethington reviewed briefly Mr. Young's credentials. He said that Mr. Young was awarded the B.S. Degree with high distinction from the College of Mechanical Engineering at the University of Kentucky in 1939 and holds an Honorary Doctor of Laws degree from the University of Kentucky. Mr. Young was an award winning leader of the ROTC program and excelled in all aspects of campus life. He has been a part of the academic and business life of the state for more than 50 years. President Wethington expressed pleasure in recommending that the new building be named the William T. Young Library. Mr. Wilcoxson moved approval. Mr. Crosbie seconded the motion and it carried unanimously. (See PR 3A at the end of the Minutes.)

H. Candidates for Degrees - Community College System (PR 4A)

President Wethington recommended that the degrees specified in PR 4A be awarded to the persons named, upon certification that the requirements for those degrees have been satisfactorily completed. He asked to editorially add the name of Mary A. Hanks to the list at Jefferson Community College because her name was inadvertently left off the list. Mr. Chellgren moved approval. His motion was seconded by Professor Sistarenik and passed. (See PR 4A at the end of the Minutes.)

I. Candidates for Degrees - University System (PR 5A)

President Wethington said that PR 5A is a companion recommendation to PR 4A. The recommendation is that the President be authorized to confer upon each individual whose name appears on the attached list the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the University Senate. On motion made by Mrs. Bell, seconded by Mrs. Sims and carried, PR 5A was approved. (See PR 5A at the end of the Minutes.)

J. Change in Degree Title (PR 5B)

President Wethington recommended that a change of degree title from Master of Music Performance to Master of Music Performance or Composition be approved. He stated that the change is being proposed because an emphasis in composition has been strengthened and redesigned to conform to accreditation guidelines and because an emphasis in conducting has been added. He noted that the change has been approved by the Senate Council and the University Senate. Mrs. Weinberg moved approval. Her motion, seconded by Mrs. Bell, carried. (See PR 5B at the end of the Minutes.)

K. Change in Degree Title (PR 5C)

President Wethington recommended that a change of degree title from Master of Arts History and Appreciation to Master of Arts Musicology or Theory be approved. He said that the present title does not accurately reflect what is being offered in the program. The proposed name change will also reflect that this program is parallel with the doctoral degree in this area. Mr. Reed moved approval. Mrs. Sims seconded the motion and it passed. (See PR 5C at the end of the Minutes.)

L. Bachelor of Science in Agricultural Biotechnology (PR 5D)

President Wethington said that PR 5D and 5E are degree programs from the Lexington Campus that involve the College of Agriculture. He asked Chancellor Hemenway to comment on the proposed degree programs.

Chancellor Hemenway said that these two new degree programs are illustrative of the process that occurs within the institution. The administration is very cautious about proposing new degree programs. He explained that there must be a clear determination of student and work force need and a full review from the faculty committees and the faculty senate. There is also a determination of administrative feasibility, meaning that it fits within the plans of the institution and also that there are resources to support the degree program. The program is submitted to the Board for approval and then to the Council on Higher Education for consideration. He said that these two programs illustrate a natural process whereby new disciplines emerge and noted that there is considerable demand for these programs.

President Wethington recommended that the Board authorize the approval of the new degree program Bachelor of Science in Agricultural Biotechnology for submission to the Council on Higher Education. On motion made by Professor Mather, seconded by Mr. Shoop and carried, PR 5D was approved. (See PR 5D at the end of the Minutes.)

M. Bachelor of Science in Natural Resource Conservation and Management (PR 5E)

President Wethington recommended that the Board authorize the approval of the new degree program Bachelor of Science in Natural Resource Conservation and Management for submission to the Council on Higher Education. Professor Mather moved approval. His motion, seconded by Mrs. Weinberg, passed. (See PR 5E at the end of the Minutes.)

N. Appointments to University of Kentucky Business Partnership Foundation (PR 5F)

President Wethington recommended that approval be given to the appointment of Jack C. Smith, Jr. and Martin Welenken as members of the Board of Directors of the University of Kentucky Business Partnership Foundation for four-year terms beginning immediately and extending through the Fall 1998 Board meeting. He said that the Board of Directors of the Business Partnership Foundation had met and recommended these appointees. Mr. Wilcoxson moved approval. His motion, seconded by Mr. Chellgren, carried. (See PR 5F at the end of the Minutes.)

O. Reappointments to University of Kentucky Equine Research Foundation (PR 5G)

President Wethington recommended that approval be given to the reappointments of Mr. John A. Bell, II, Mrs. Alice Chandler, Mr. Rick Nichols, Mr. Nick Nicholson, Dr. David O'Neal, Mr. Robert L. Warren, and Dr. Thomas P. Pirone as members of the Board of Directors of the University of Kentucky Equine Research Foundation for four-year terms beginning December 15, 1994. He said that these appointees represent the horse industry and the University faculty. He noted that Mr. Shoop and Mr. Clay serve as Board of Trustee representatives on this Equine Board of Directors. On motion made by Professor Mather, seconded by Mr. Shoop and carried, PR 5G was approved. (See PR 5G at the end of the Minutes.)

P. Professor Powell's Comments

Professor Powell reminded the Board of the University Senate's annual holiday reception at the King Alumni House immediately following the Board meeting. She and Professor Mather extended an invitation to the Board to attend the reception.

President Wethington encouraged the members of the Board to attend and visit with the Senate members and others from campus.

Q. Comments about Library Facility

Governor Breathitt recognized the outstanding job that President Wethington and his team have done in arranging the method for financing of the Library. He said that the arrangement for a AAA rating and a very low interest rate on the thirty-year bonds are outstanding. He congratulated President Wethington and his team for realizing this long sought goal and doing it in such an expert way. President Wethington and his team were given a round of applause.

President Wethington thanked the Board for its enthusiastic support of the project. He said that it made it easier for everyone to work their way through the process knowing that there was the exceptionally strong support of the Board.

Professor Mather said that as a member of the faculty it seemed like a fairly painless explanation and the faculty feels they probably dodged a bullet. He said that President Wethington obviously respected the departmental budgets and the faculty does appreciate it. He said that he hopes the Board understands that the money was not necessarily sitting there idle. While the plan proposed looks rather painless, it is not. It has clearly cut down on the discretionary power of the University for funding special projects which have meant a great deal to the institution. The library is important but he hopes the Board understands that it has not come at no cost to the University. He expressed hope that there might be some added funding from the outside that might make up for what the University has had to do internally to make up for this reallocation of funds. He emphasized that it is a reallocation from other things that the University has been doing and the President has not found new money.

Governor Breathitt stressed the importance of everyone working together with the citizens of the Commonwealth in seeing that higher education has a higher priority in the next budget. He urged the Board to talk to the candidates for Governor and the candidates for the legislature about recognizing the need for higher education to meet its commitment to the young people of the state.

President Wethington said that the library project has been made a priority for the University. It was previously submitted in the budget request, and it continues to be made a priority in the plans for the University. He said that this is a decision to fund something that, in the administration's opinion, is critical for the future of the institution. He explained that in making those kind of decisions you also make a decision that something else does not get funded. The library project is important. The Governor and General Assembly will be asked to help with the support for this project because it is good and important to the Commonwealth. The plan is to move ahead, and the library construction will be underway in the very near future.

R. Acceptance of Interim Financial Report for the University of Kentucky for the Four Months Ended October 31, 1994 (FCR 1)

Governor Breathitt said that Mr. Hardymon, Chairperson of the Finance Committee, was present for the Finance Committee but had to leave. He asked Mr. Chellgren to give the report for the Finance Committee.

Mr. Chellgren reported that the Finance Committee met and discussed seven items requiring Board action and three information items. He said that FCR 1 recommends that the Board accept the University of Kentucky consolidated financial report for the four months ended October 31, 1994. He reviewed the realized income, the expenditures and commitments and moved approval. Mr. Ulmer seconded the motion and it carried. (See FCR 1 at the end of the Minutes.)

S. Report of Lease (FCR 2)

Mr. Chellgren moved that the Board accept the President's Report of the lease agreement between the University of Kentucky and the Lexington-Fayette Urban County Government Public Facilities Corporation. He noted that FCR 2 is a recurring report of leases that are less than \$30,000 and this particular lease has been in existence for the last three years with the Pathology Department. Mr. Crosbie seconded the motion and it passed. (See FCR 2 at the end of the Minutes.)

T. 1994-95 Budget Revisions (FCR 3)

Mr. Chellgren reviewed the budget revisions in FCR 3. He mentioned the income items were spelled out and noted some pluses and minuses netting to a slight decrease in the general fund. He said that there were no unusual items and moved approval. Mrs. Bell seconded the motion and it carried. (See FCR 3 at the end of the Minutes.)

U. Patent Assignment (FCR 4)

Mr. Chellgren said that FCR 4 relates to an invention by a relatively new Assistant Professor, Todd Smith. This invention relates to the medical field, and more particularly to an apparatus and method for the reliable, time-released delivery of a selected medical preparation. This is considered to have potential commercial applications. He moved that the Board authorize the President to execute an assignment on behalf of the Board to the University of Kentucky Research Foundation the following Letters Patent of the United States and the invention represented thereby: Todd T. Smith, Serial No. (to be assigned), filed October 28, 1994. His motion, seconded by Mr. Shoop, carried. (See FCR 4 at the end of the Minutes.)

V. Sewer Easement to City of Owensboro to Benefit Daviess County Board of Education (FCR 5)

Mr. Chellgren said that FCR 5 recommends that the President or his designee be authorized to execute a permanent easement across the Owensboro Community College campus for sewer facilities to be constructed and maintained by the City of Owensboro, Kentucky. He explained that the sewer easement is to accommodate lines running to a new middle school currently under construction by the Daviess County Board of Education on New Hartford Road across from the Community College's main entrance. He noted that this will also improve the sanitary sewer service to the Owensboro Community College. On motion made by Mr. Chellgren, seconded by Mrs. Weinberg and passed, FCR 5 was approved. (See FCR 5 at the end of the Minutes.)

W. A Resolution Authorizing the University's Participation in the Formation of an Integrated Delivery System and its Associated Corporate Bodies, Including a Provider Network and a Service Corporation which will Own and Control a Managed Care Organization, such as an HMO and Other Related Businesses (FCR 6)

Mr. Chellgren said that this item is complex. It requires a commitment by the University of up to \$6,000,000. He asked Chancellor Holsinger to discuss the implications of FCR 6.

Chancellor Holsinger said that FCR 6 is a resolution that authorizes the University's participation in the formation of an integrated health care delivery system and its associate corporate bodies. This includes a provider network and a service corporation which will own and control a managed care organization such as a health maintenance organization and other related businesses. In April of this year House Bill 250 passed the legislature of the Commonwealth and the state entered into an era of health care reform. The result of that has been for the Medical Center to look to the future to see how we might most effectively enter into the provision of health care services to the citizens of the Commonwealth particularly in eastern and central Kentucky. Utilizing Commonwealth Health Care Alliance, which has been in place for several years now, is a way to do that. He explained that a number of hospitals and physicians across eastern and central Kentucky have come together to develop a provider network that will be in place and able to bid on a variety of contract possibilities either with the state or with businesses, corporations, or other groups of individuals who

might seek to obtain their professional services for the care of clinical needs by these individuals. As a result of that, two vice chancellors, Frank Butler and Dean Emery Wilson of the College of Medicine and their staff put together the corporate structure that will allow us to go forward into the future in a way that will help to maintain the sound fiscal viability of our clinical enterprise. He said that it is important to remember that everything we do in the way of our clinical enterprise is done in an effort to have the appropriate education for the students in the next generation of health care clinicians and to have a place where they can undergo the appropriate high quality education that is required for them to go into their particular type of practice in the future. This venture will provide that opportunity. It requires us to be authorized by the Board to enter into the corporation and to be a part of the funding of that corporation. The University would be allowed to invest up to \$6 million of University Hospital funds which will be used along with funds from other qualified hospitals, physicians and health care providers to provide capitalization for this enterprise.

President Wethington recognized Mr. Frank Butler, Director of the University Hospital, and praised him for his outstanding performance. Mr. Butler was given a round of applause.

Mr. Chellgren moved approval of FCR 6. His motion, seconded by Mr. Wilcoxson, carried. (See FCR 6 at the end of the Minutes.)

X. Amendment to Agreement Between University and Kentucky Medical Services Foundation (FCR 7)

Mr. Chellgren said the purpose of FCR 7 is to authorize the President of the University to execute an amendment to the agreement between the University and the Kentucky Medical Services Foundation. He asked Mr. Lawson comment on FCR 7.

Mr. Lawson said that FCR 7 is to make two minor changes in the agreement between the University of Kentucky and the Kentucky Medical Services Foundation. (The Kentucky Medical Services Foundation administers the income that is generated from professional services under our medical services plan.) The first minor change would allow KMSF to obtain property for use as additional practice sites for teaching, research, and patient care, a need that grows out of the health care reform described by Chancellor Holsinger in the discussion of FCR 6. The second change would provide that the payment of costs for obtaining these additional sites would be charged to clinical income. He added that ownership of any real property acquired pursuant to these new provisions of the agreement would be owned by and held in the name of the Foundation. He noted, however, that the KMSF Articles of Incorporation provide that if the Foundation ever dissolves, all of its assets would revert to the University; thus, property obtained as practice sites under these changes to the agreement would pass to the University should the Foundation ever cease to exist.

On motion made by Mr. Chellgren, seconded by Mr. Crosbie and carried, FCR 7 was approved.

Y. Report on Utilization of the General Fund Surplus Expenditure Plan Funds - Information Item

Mr. Chellgren said that the President also briefed the Finance Committee on three information items. The first was a report on the utilization of the General Fund Surplus Expenditure Plan funds. He reminded the Board that the Kentucky General Assembly added an additional 1% to the budget. This specifies and lays out where the President and his staff have decided to allocate those funds for expenditures during the 1994 budget. This allocation was discussed in some detail in the Finance Committee meeting.

Z. Report on Athletic Association Funds - Information Item

Mr. Chellgren said that the second information item relates to the library financing. It is a report on the Athletic Association funds that have been reallocated to support the bonds that were issued to initiate the construction of the library. The debt service on the bonds is approximately \$3.2M. This subject was also discussed extensively in the Finance Committee.

AA. Report on the Bond Sale

Mr. Chellgren said that the last item relates to the financing of the library. The Committee was given a brief report on the bond sale. Seven bids were received on December 8 at 11 a.m. The total spread on the bids was about 1/10 of a percent interest rate which shows what an excellent bid process took place. Lehman Brothers, one of the largest and most prestigious Wall Street investor banking houses with PaineWebber being the co-manager, submitted the lowest bid at a net interest cost of 6.75%. The next lowest bid was submitted by Goldman Sachs & Co. at a net interest cost of 6.78% The difference being less than 300th of 1% which indicates that it is a very competitive process. It is a \$41 million bond issue with a 20 year average maturity and a 30 year maximum maturity. The Kentucky Medical Services Foundation approved a guarantee to back the bonds and help ensure their excellent ratings. He said this was an excellent process and a very successful one that the institution will be proud of for decades to come.

BB. Meeting Adjourned

There being no further business to come before the Board, the Chairperson adjourned the meeting at 4:45 p.m.

Respectfully submitted,

Lois C. Weinberg

Members, Board of Trustees:

NAMING OF UNIVERSITY BUILDING - WILLIAM T. YOUNG LIBRARY

Recommendation: that the Board of Trustees approve the name "William T. Young Library" for the central and life sciences library on the campus of the University of Kentucky in Lexington.

Background: Mr. William T. Young is a native of Lexington, a highly successful member of the business world, a strong supporter of education and other charitable endeavors, and one of Kentucky's most distinguished citizens. He has played an important role in the life of the Commonwealth of Kentucky for nearly fifty years and continues to earn and deserve high acclaim for his public service, support of education, and truly remarkable success in an extensive array of activities that touch the fields of business, sports, government, economic development, and civic affairs.

Mr. Young has made substantial contributions toward the advancement of education in this community and the Commonwealth of Kentucky. He has served on the Council on Higher Education and the Partnership for Kentucky School Reform and has contributed immeasurably to the widely recognized success of Transylvania University. He recognized the University of Kentucky's critical need for a new library and, to help alleviate that need, made the largest gift ever made to the University by an alumnus. His contribution to the Library Campaign was the pivotal event in a private fundraising effort that has made it possible for the University to have the library it needs for the next century.

Mr. Young is undoubtedly one of the University's most distinguished alumni. He entered the University of Kentucky as a student of mechanical engineering in the 1930's, achieved the highest scholastic standing in the College of Engineering, and was awarded a B.S. Degree with high distinction in 1939. He was an award-winning leader of the R.O.T.C. program, excelled in all aspects of campus life, and began at this early stage in life to create the legacy of accomplishment that so clearly sets him apart as a person. He holds an honorary Doctor of Laws degree from the University of Kentucky. Thus, it is entirely appropriate for the new library to be named the "William T. Young Library."

The University of Kentucky Alumni and Athletic Associations have undertaken to finance and construct this new library, which will be given to the University upon completion of construction.

The Committee on Naming University Buildings has unanimously approved this recommendation.

CHANGE IN DEGREE TITLE

Recommendation: that a change of degree title from Master of Music Performance to Master of Music Performance or Composition be approved.

Background: The change is being proposed 1) because an emphasis in composition has been strengthened and redesigned to conform to accreditation guidelines and 2) because an emphasis in conducting (including choral and instrumental conducting) has been added. Most public school music teachers are band, chorus or orchestra conductors and a master of music concentration in conducting is most appropriate.

The change has been approved by the Senate Council and the University Senate.

Approval by the Board of Trustees is required prior to submission to the Council on Higher Education.

Action taken: Approved Disapproved Other

CHANGE IN DEGREE TITLE

Recommendation: that a change of degree title from Master of Arts History and Appreciation to Master of Arts Musicology or Theory be approved.

Background: The present title does not reflect accurately what is being offered in the program. Too, the change will reflect that this program is parallel with the doctoral degree in this area.

The change has been approved by the Senate Council and the University Senate.

Approval by the Board of Trustees is required prior to submission to the Council on Higher Education.

Members, Board of Trustees:

BACHELOR OF SCIENCE IN AGRICULTURAL BIOTECHNOLOGY

Recommendation: that the Board of Trustees authorize the approval of the new degree program Bachelor of Science in Agricultural Biotechnology for submission to the Council on Higher Education.

Background: Biotechnology encompasses cellular and molecular approaches to the manipulation and improvement of agricultural plants, animals and microorganisms and the control of agricultural pests and diseases. The primary purpose of the baccalaureate degree program in Agricultural Biotechnology is to train students in modern cellular and molecular biology and genetic engineering. The students will be provided a firm foundation in the principles of genetics and molecular biology of both prokaryotic and eukaryotic organisms. Graduates will be prepared to assume government, university, and industry positions with research and technology applications to agriculture and food production. Students completing the Agricultural Biotechnology program will also be well prepared to continue their training towards advanced degrees in graduate or professional schools.

The proposed program has been reviewed and recommended by the Senate's Academic Programs Committee and approved by the Senate Council and the University Senate.

Approval by the Board of Trustees is required prior to submission to the Council on Higher Education.

BACHELOR OF SCIENCE IN NATURAL RESOURCE CONSERVATION AND MANAGEMENT

Recommendation: that the Board of Trustees authorize the approval of the new degree program Bachelor of Science in Natural Resource Conservation and Management for submission to the Council on Higher Education.

Background: The proposed multidisciplinary program in Natural Resource Conservation and Management builds upon three years of experience in which the program has been offered as an individualized program. It has grown to include 63 students (Fall, 1993 enrollment), most of whom have been transfers from other majors in the University of Kentucky. The curriculum is designed with several important elements in mind. It is the intent that the curriculum will: 1) provide graduates with a strong science-based education, 2) enhance problem solving and analytical skills, 3) create a desire and capability for life-long learning, and 4) foster the ability to work effectively in a team environment. The curriculum incorporates the requirements of the University Studies Program and the College of Agriculture for undergraduate degrees. Within the curriculum, students may specialize in either a policy or a science option.

The proposed program has been reviewed and recommended by the Senate's Academic Programs Committee and approved by the Senate Council and the University Senate.

Approval by the Board of Trustees is required prior to submission to the Council on Higher Education.

APPOINTMENTS TO UNIVERSITY OF KENTUCKY
BUSINESS PARTNERSHIP FOUNDATION

Recommendation: that approval be given to the appointment of the following as members to the Board of Directors of the University of Kentucky Business Partnership Foundation for four-year terms beginning immediately and extending through the Fall 1998 Board meeting.

Appointments

Jack C. Smith, Jr.
Martin Welenken

Background: These appointees were unanimously elected to the Board of Directors of the University of Kentucky Business Partnership Foundation at the Board's October 19, 1994 meeting. The Articles of Incorporation of the University of Kentucky Business Partnership Foundation, as approved by the Board of Trustees at its meeting on August 25, 1981, require that these appointments be approved by the Board of Trustees.

REAPPOINTMENTS TO UNIVERSITY OF KENTUCKY
EQUINE RESEARCH FOUNDATION

Recommendation: that approval be given to the reappointment of the following as members to the Board of Directors of the University of Kentucky Equine Research Foundation for four-year terms beginning December 15, 1994.

Reappointments representing the Equine Industry

Mr. John A. Bell, III
Mrs. Alice Chandler
Mr. Rick Nichols
Mr. Nick Nicholson
Dr. David O'Neal
Mr. Robert L. Warren

Reappointment representing the University of Kentucky Faculty

Dr. Thomas P. Pirone

Background: The Chancellor of the Lexington Campus, acting upon the advice of the nominating committee of the University of Kentucky Equine Research Foundation which includes the Dean of Agriculture, recommended these reappointments to the President. The President in turn recommends them to the Board of Trustees. These recommended reappointments require approval by the Board of Trustees in accordance with the Articles of Incorporation for the University of Kentucky Equine Research Foundation approved by the Board of Trustees at its meeting on September 18, 1984.

ACCEPTANCE OF INTERIM FINANCIAL REPORT FOR THE
UNIVERSITY OF KENTUCKY FOR THE FOUR MONTHS ENDED
OCTOBER 31, 1994

Recommendation: that the Board of Trustees accept the University of Kentucky consolidated financial report for the four months ended October 31, 1994.

Background: The consolidated financial report includes the financial activities of the University of Kentucky and its affiliated corporations, consisting of the University of Kentucky Research Foundation, The Fund for Advancement of Education and Research in the University of Kentucky Medical Center, University of Kentucky Athletic Association, University of Kentucky Mining Engineering Foundation, University of Kentucky Business Partnership Foundation, University of Kentucky Humanities Foundation, University of Kentucky Equine Research Foundation, University of Kentucky Center on Aging Foundation, and Health Care Collection Service.

As of October 31, 1994, the University had realized income of \$403,479,000 representing 43% of the 1994-95 estimate of \$943,388,000. Expenditures and commitments total \$327,284,000 or 35% of the approved budget of \$943,388,000.

3. Comments - Additional noncredit fees will support the continuing education workshop in the College of Communications and Information Studies and the Small Business Innovation Research conference in Research and Graduate Studies. The continuing education program in Pharmacy has been reduced because of decreased demand. The mandatory fees will support the University Health Service at Prestonsburg Community College.

The federal agriculture grants will support programs in the Cooperative Extension Service. County appropriations will support field programs in the Cooperative Extension Service. Programs to be supported by increased departmental sales and services include the parking programs at Maysville and Paducah community colleges; fine arts programs at Madisonville Community College; duplicating services; programs in the Colleges of Agriculture, Arts and Sciences and Fine Arts; the replacement of trees, shrubs and equipment damaged in the 1994 ice storm from insurance reimbursement; research sampling in the College of Human Environmental Sciences; campus recreation activities in Student Affairs; the College of Medicine's obstetrics and gynecology program with the Veteran's Administration; a contract between the Rural Health Program and Appalachian Regional Healthcare; and the Family Practice Program within the College of Medicine. Reduction in departmental sales and services due to contract changes will reduce those programs in Surgery and Internal Medicine in the College of Medicine.

SEWER EASEMENT TO CITY OF OWENSBORO TO BENEFIT
DAVISS COUNTY BOARD OF EDUCATION

Recommendation: that the President or his designee be authorized to execute a permanent (and temporary construction) easement across the Owensboro Community College campus for sewer facilities to be constructed and maintained by the City of Owensboro, Kentucky.

Background: This sewer easement is to accommodate lines running to a new middle school currently under construction by the Daviess County Board of Education on New Hartford Road across from the Community College's main entrance.

The City of Owensboro constructed sewer facilities adjacent to the Owensboro Community College campus at the time the college was initially established at its present site. The agreement at that time between the City and the College provided that the sewer facility would accommodate the College, as well as additional future development in the area which might require such facilities. In addition, the City agreed to provide at its cost such additional facilities necessary to accommodate future expansion by the College.

Accordingly, the Community College is not asking to be paid for the easement, having previously agreed with the City that the facility be available for the present and future benefit of the College.

The President of Owensboro Community College and the Chancellor for the Community College System recommend approval of this easement.

A RESOLUTION AUTHORIZING THE UNIVERSITY'S PARTICIPATION IN THE FORMATION OF AN INTEGRATED DELIVERY SYSTEM AND ITS ASSOCIATED CORPORATE BODIES, INCLUDING A PROVIDER NETWORK AND A SERVICE CORPORATION WHICH WILL OWN AND CONTROL A MANAGED CARE ORGANIZATION, SUCH AS AN HMO AND OTHER RELATED BUSINESSES.

Recommendation: that the Board of Trustees take the following actions to facilitate the University's participation in the formation of an integrated health care delivery system:

1. That the Board endorse the University of Kentucky Chandler Medical Center's participation with other local and regional health care providers in the formation and development of an integrated health care delivery system and its related organizations as described in the "Background" below.
2. That the Board authorize the expenditure of revenues of University Hospital, not to exceed \$6 million, which will be used along with funds from other qualified hospitals, physicians, and health care providers to provide capitalization for the integrated health care delivery system throughout its development.
3. That the Board authorize the President of the University to execute all necessary documents and contracts to facilitate a participation of the University in this integrated health care delivery system.

Background: Success in the future health care environment will require that providers be structured to manage successfully the health care needs of a defined population of patients. The University of Kentucky Chandler Medical Center must further develop its collaboration and integrated approach with health care providers throughout the Commonwealth to participate and support the management of Kentuckians' health care needs. Participation in an integrated health care delivery system such as the one described below is necessary if the University's Medical Center is to continue to fulfill its missions of service, education, and research.

To be positioned for future viability, a group of physicians and hospitals from Central and Eastern Kentucky, including the University of Kentucky Chandler Medical Center, have developed a plan whereby hospitals, physicians and other providers will join together, as partners, in the structuring of a comprehensive, integrated delivery system (IDS). The integrated delivery system (IDS) will include all types of medical providers. These providers will be linked to allow for the efficient management of the total health needs of the group of people it serves. The IDS will focus on outcomes and quality management, guarantee access to all levels of care within the system, rely heavily on the principles of managed care, and introduce efficiency into the delivery system (e.g., the computerization of medical information from provider to provider). To attract participation into the IDS, the IDS must have an insurance vehicle. The bearing and sharing of risk through the insurance vehicle will create financial incentives to develop an efficient delivery system.

An existing provider network, Commonwealth Healthcare Alliance, represents a strong foundation from which an IDS can evolve; therefore, the CHA Board initiated a planning process to maximize the potential of existing CHA network relationships and to evolve CHA from today's network into an IDS.

The planning initiatives have resulted in an organization structure which supports the goals and benefits of an IDS. The IDS will be comprised of three complementary and supporting entities: a Provider Network, a Service Company, and a Managed Care Organization, owned and operated by physicians, hospitals and other providers.

The Provider Network will consist of physicians, hospitals and other providers (home health agencies, nursing homes, etc.). The Provider Network will serve as the primary and preferred care providers for the IDS.

The Service Company is the capital arm of the IDS with a primary focus on developing the companies necessary to support the development of the IDS. The Service Company will be owned by the Provider Network through common stock ownership and cumulative preferred stock owned by accredited network providers. Initially, the Service Company will develop and capitalize the Managed Care Organization, either wholly owned, or with a joint venture partner. It will also develop other businesses as the future dictates.

The Managed Care Organization will be the insurance arm of the IDS. It will develop and market insurance products to attract people into the IDS. The Managed Care Organization will be a risk bearing entity, designed to market a full spectrum of insurance products, with varying benefit structures and varying reimbursement methodologies. The primary and preferred provider panel for the Managed Care Organization will be the Provider Network.

AMENDMENT TO AGREEMENT BETWEEN UNIVERSITY
AND KENTUCKY MEDICAL SERVICES FOUNDATION

Recommendation: that the Board approve the attached amendment to that certain agreement between the Board of Trustees of the University of Kentucky and Kentucky Medical Services Foundation, Inc. dated June 14, 1994 which was negotiated pursuant to the "Board of Trustees Resolution Regarding Medical Practice Plan" adopted on June 20, 1978.

Background: The Board action on June 20, 1978 provided that:

"The President is authorized to negotiate and execute a contract subject to approval of the Board of Trustees, with an appropriately qualified organizational entity for carrying out necessary functions and assuming the responsibilities involved in the administration of income for professional services under the plan."

Kentucky Medical Services Foundation, Inc. meets the "criteria" specified under Section 3A of the Medical Practice Plan approved June 20, 1978 for the appropriately qualified organization. The attached amendment to the June 14, 1994 Agreement is for the purpose of effectuating the addition of practice sites where the University of Kentucky may continue to conduct teaching, research and patient care service.

Section 7.C. is proposed to become an addition to the existing agreement specifically authorizing Kentucky Medical Services Foundation, Inc. to purchase or lease real and personal property which may be utilized by the faculty/physicians of the University of Kentucky as additional practice sites. Section 20A. is proposed to be amended to add subsection (5) to clarify that the cost of acquisition of such properties is considered to be an actual expense attendant to the production of clinical income, with said expense to be borne by the members of the Medical Practice Plan.

Action taken: Approved Disapproved Other

Date: December 13, 1994

THIS AMENDMENT made and entered into this the ____ day of December, 1994 to that certain Agreement made and entered into the 14th day of June, 1994 by and between the BOARD OF TRUSTEES OF THE UNIVERSITY OF KENTUCKY, a statutory body corporate existing pursuant to Section 164.100 et seq of the Kentucky Revised Statutes (hereinafter referred to as the University) and KENTUCKY MEDICAL SERVICES FOUNDATION, INC., a non-stock, non-profit corporation formed pursuant to Chapter 273 of the Kentucky Revised Statutes (hereinafter referred to as the Foundation).

WITNESSETH:

A. A new Section 7 C. shall read as follows:

Kentucky Medical Services Foundation, Inc. may, on behalf of the members of the clinical departments of the College of Medicine, acquire real and/or personal property to be utilized in the production of clinical income resulting from teaching, research and service functions performed by the members of the clinical departments. Acquisition of said real and/or personal property must be authorized by the Board of Directors of Kentucky Medical Services Foundation, Inc.

B. Section 20 A. shall be amended to add subsection (5) and shall read in its entirety as follows:

REPORT ON UTILIZATION OF THE GENERAL FUND
SURPLUS EXPENDITURE PLAN FUNDS

The utilization of the General Fund Surplus Expenditure Plan funds as approved by the President for expenditure during 1994-95 is as follows:

University System

1. Classroom and Instructional Lab Renovations	\$1,170,000*
2. Deferred Maintenance and Life Safety Projects	497,000
3. Academic and Administrative Computing Systems Upgrade	433,500
4. Merit Scholarships	86,000
5. Agriculture Research - Animal Sciences	<u>94,000</u>
	\$2,280,500

*In addition, \$500,000 has been allocated from the President's instructional equipment fund as approved in the 1994-95 Operating Budget for equipment for these classrooms and instructional labs.

Community College System

1. Instructional Equipment	\$ 398,200
2. Match for National Sciences Foundation (NSF) Math Grant	<u>225,000</u>
	\$ 623,200

Background: The Board of Trustees approved the University's 1994-95 Operating Budget on June 18, 1994. At that time, an operating budget addendum was also approved for the General Fund Surplus Expenditure Plan funds of \$2,280,500 for University System general operations, \$623,200 for Community College System general operations, and \$1,500,000 for the restoration of fifty county extension agent positions as included in the General Assembly's enacted budget. The addendum also noted that during 1994-95 the \$2,280,500 within the University System and the \$623,200 within the Community College System would be utilized for critical one-time programmatic and capital needs of the University. The funds would subsequently be included in the proposed 1995-96 Operating Budget submitted for approval by the Board of Trustees and would be utilized for high priority needs for the University as established in the University Strategic Plan. The President indicated to the Board that he would report back to the Board on the planned use of the funds for 1994-95 once the funds were allotted by the State. In August, the University was notified by the Governor's Office for Policy and Management that the Secretary of the Finance and Administration Cabinet had certified that these funds would be allotted in 1994-95. At that time, the President requested the chancellors and vice presidents to identify their high priority needs for the use of these funds. The above plan represents the allocation of the funds based upon those identified priorities.

REPORT ON ATHLETIC ASSOCIATION FUNDS

Currently, the Athletic Association supports from non-public entity monies general University programs and activities as follows:

	(Millions)
General Operations	\$1.6
Scholarship Programs	.6
Facilities Maintenance and Operations/ Safety, Security and Parking Operations	1.0

Beginning in 1994-95, the Athletic Association will pay approximately \$3.2 million to the bond trustee on behalf of the UK Alumni Association. All programs currently being supported by Athletic Association funds as noted above will be supported by the University. This funding will be achieved by reallocating the following:

Bond Issue Retirement	\$ 1.7
President's Reserve and Contingency Accounts	1.5

Background: The Athletic Association has for quite some time supported several general university programs and activities; specifically, the Athletic Association has provided approximately \$1.6 million for general operations of the University through grants to the University; \$.6 million for scholarship programs; and \$1.0 million for facilities maintenance and operations and safety, security and parking operations. Pursuant to actions of the Athletic Association Board of Directors, the Athletic Association commencing in fiscal year 1994-95 will pay \$3.2 million in support of bond indebtedness to facilitate the construction of a library by the University of Kentucky Alumni Association. The Athletic Association will cease to support the programs and activities noted above.

The University will continue to support all the programs currently supported by the Athletic Association. The funds will be replaced by \$1.7 million made available due to the retirement of an equipment bond issue and \$1.5 million from the President's reserve and contingency accounts. The University has historically maintained a program reserve and operating contingency to ensure some flexibility in the event of budget reductions or emergencies. During the last several years, the University has been able to increase those funds through restructuring and cost containment. Approximately \$1.5 million of the funds which could have been used for capital or nonrecurring programmatic needs and kept in a recurring reserve for contingencies will be shifted to support the programs previously supported by athletics funds.

Therefore, no existing programs will be cut in order to deal with the shift in athletics funding. There will be adjustments in the amount available for nonrecurring priorities established by the President. However, with additional cost containment measures and careful management of University resources, the operating contingency can be restored to its current level within the next few years.
