PREFACE

The publication herewith presented, an index to the probate cases filed in Brown County, Texas, is No. 25 of the Texas series of counties. The publication is intended to meet the requirements of day-to-day usage by the officials of the county, attorneys, businessmen, and other citizens who have occasion to consult probate case records for the proper conduct of their affairs. The publication may be used by historians and genealogists to obtain references to unpublished source material.

The names of the deceased persons, minors, and other principals are arranged alphabetically, with reference to the filing date of the case and the case number. The following numbers in series 1-2830 were not used as case numbers: 10, 24, 28-32, 34, 36-41, 44-124, 136, 145, 146, 161, 202, 205, 221, 222, 245, 340, 351, 573, 614, 895, 997, 1218, 1308, 1673, 1941.

In Brown County all probate records are in the custody of the county clerk. Probate case papers are kept in file boxes along the east wall of the clerk's office; the cases are arranged alphabetically by the first letter of the surname of the estate and chronologically thereunder.

Since the transfer of territory from one county to another has affected probate jurisdiction and has determined the county in which the probate case should have been filed, a map and table of territorial changes are included herein. Notations concerning present location and availability of records pertinent to Brown County follow:

Bell County, Belton, all records extant.

Coryell County, Gatesville, all records extant.

Milam County, Cameron, records destroyed by fire in 1874.
