### MEMORIAL SERVICE FOR WOODROW WILSON HELD IN CHAPEL WEDNESDAY

Professor Franklin Farquhar Chief Speaker to The Students

### DOCTOR McVEY PRESIDES

Dean Massie of Christ Church Pronounced The Invocation

University of Kentucky students filled the chapel to overflowing Wednesday morning to pay tribute to the memory of Woodrow Wilson, twenty-eighth president of the United States.

Professor Franklin Farquhar, the chief speaker on this sad occasion, paid brief but eloquent tribute to the fallen leader. "Woodrow Wilson met Ibsen's definition of true greatness," Professor Farquhar said, "and his king thought was the covenant of the League of Nations, into which his unswerving confidence brought 53 nations. The death of Woodrow Wilson should be the occasion for the resurrection of his dreams and ideals throughout the world so that generations will be born great in that heritage," he continued.

Doctor Franklin McVey, who presided over the exercises, introduced Professor William Sutherland, who read extracts from the messages given by the president to Congress April 2, 1917. This message, Doctor McVey said, was characteristic of the man in his championship of the rights of mankind and an expression of the high ideals which animated him.

Dean R. K. Massie, of Christ Church Cathedral pronounced the invocation and blessing. Piano and violin selections were rendered by Professor Carl Lampert and Mrs. Lampert.

President Wilson's favorite hymns, "How Firm a Foundation" and "America the Beautiful" were sung by the audience.

### U. K. GRADUATE ATTENDS PEDOLOGICAL MEETING

Dr. J. S. McHargue of Experiment Station Asked to Read Paper

Dr. J. S. McHargue, research chemist at the Kentucky Agricultural Experiment station has received an invitation from the International Institute of Agriculture at Rome, to attend and present a paper before the Fourth International Pedological Conference which will meet in that city during the latter part of May. During the conference the following subjects will be discussed by eminent authorities from many different countries of the world: I. Mechanical and physical soil studies; application of hydraulics to agriculture; II. Soil chemistry; III. Soil bacteriology and biochemistry; IV. Nomenclature and classification of soils; V. Soil cartography; VI. Plant physiology in relation to soil science.

During the conference a definite proposal will be put forward for the foundational of the International Pedological Association. Pedological ex-

### VARSITY TRACK

Varsity track candidates are requested to report to Coach George Buchheit and Manager Jack Frost in the men's gym on Monday, February 11, to start training for the Cincinnati Y indoor meet March 1.

### LECTURES TO BEGIN ON VOCATIONAL GUIDANCE

Miss Herdman Will Deliver First of Series on February 13

Miss Margaret Herdman, director of the Chicago Collegiate Bureau of Occupations, will speak to the women students in chapel at the fifth hour, Wednesday, February 13, on the general subject of Vocational Guidance. Miss Herdman is a very able speaker and has had six years experience in vocational and employment work. She has been much in demand by other universities for similar conferences and the University of Kentucky was very fortunate in getting her.

Vocational Guidance is under the auspices of the Woman's League which each year has arranged the vocational guidance program. This year there is to be Miss Herdman's general lecture followed in the spring by a day designated as Vocational Guidance Day at which time speakers from the various professions will be here to talk to the women students.

The University Council has excused all women students from their fifth hour classes on February 13 as the lecture is compulsory. Vocational Guidance cards will be signed immediately following the lecture.

After the lecture the Vocational Guidance Committee will give a luncheon; the afternoon will be devoted to conferences; and at five o'clock the Woman's League will entertain with a tea at Patterson Hall to which all the women students are invited.

### BOY SCOUT EDUCATION HEAD SPEAKS AT CHAPEL EXERCISES

Ray O. Wyland Talks on "Citizenship and Citizenship Ideals"

Ray O. Wyland, director of the department of education of the Boy Scouts of America, spoke at the chapel exercises Tuesday morning at the fifth hour on "Citizenship and Citizenship Ideals."

The exercises were opened by a song followed by devotional and announcements by President McVey, who introduced Mr. Wyland. Mr. Wyland told something of what the Boy Scout movement means to America in which he said that the need of today was a new approach to citizenship. Citizens should be measured by what they do and not by what they have and the one who does most is the one who means most. He also said that the Boy Scout movement was increasing rapidly and in the future they hope to make the country move forward ethically and morally.

Buchheit's Cat Five Snatches 24-21 Victory in Closing Minutes

### RICE AND KING STAR

Count is Even for Twenty Minutes but Wildcats Draw Away at End.

After fighting on an even keel with the University of West Virginia Mountaineer five for over thirty minutes, Kentucky's Wildcat quintet drew away to a three point lead, held that margin until the final gun was fired, and won over the Mountaineers 24-21, Monday night. Kentucky's passing attack, coupled with the brilliant play of Bill King and Captain "Chuck" Rice at the guard positions, was largely responsible for the Blue and White victory. The count was tied at 12-12 at the end of the first half.

The Cats entered the game against a much larger team that had not lost a game this season, but undaunted by these so-called advantages proceeded to hold the Mountaineers even for the first half of the game and then forge to the front with a three point lead and hold that lead until the game ended. Kentucky's combination of the short weave passes and the long pass proved much more forceful than the

### NOTICE

There are rumors current about the campus that "Seventeen," this year's Stroller play, has, in the minds of the judges, been casted. This report is not only without authority but it is altogether false. No parts have been assigned. When the decision is made, it will be on merit alone. Please correct all statements or insinuations to the contrary. (Signed): Earl Maxwell Heavrin, Director.

### DEBATE

Tryouts for the debating team will be held on Saturday afternoon at 2 o'clock—People interested in the tryouts for the Kentucky Oratorical contest to be held at Transylvania on March 1, should consult Mr. Sutherland.

### LUCY WHITWORTH, A FORMER STUDENT, DIES

Was Teacher at University High School, Member of Class of 1922

Lucy Whitworth, graduate of the University in the class of '22, died Thursday morning at 3 o'clock at the Good Samaritan Hospital following a serious operation performed Friday, February 1. After the operation Miss Whitworth was thought to be improving until Saturday night when meningitis developed which caused her death.

While a student at the University, Miss Whitworth was very prominent in activities and was a popular member of the Alpha Gamma Delta fraternity. Since her graduation she has been teaching French in the University high school.

Miss Whitworth was the daughter of Mr. and Mrs. Jesse Whitworth, of Hardinsburg, Ky. Her parents and two sisters survive her. As the Kernel goes to press funeral arrangements have not been announced.

### UNIVERSITY UNION FOR STUDENTS MAINTAINED

Aid For Traveling Students is Given by Organization in France

The Bulletin of the American University Union, just issued, calls attention to the removal of the Paris office to more commodious quarters at 173 Boulevard St. Germain, where students and professors visiting France will receive a cordial welcome from the director, Professor Algeron Colman, (Chicago), and from Dr. H. S. Kraus, (Columbia), assistant director.

The retiring director, Professor Paul VanDyke (Princeton) in his annual report states that during the past year the Union registered 1,392 American students, of whom 700 were women and 692 men; 1,164 were working at the University of Paris and 325 followed courses (including summer courses) at provincial universities. Dr. George E. McLean, retiring director of the British division, reports 1,255 registrations, and Mr. R. H. Simpson, the assistant director, summarizes the different lines of work undertaken by the London office.

Copies of this and another bulletin including letters from professors and students who have made use of the facilities offered by the Union may be obtained from the secretary, Professor J. W. Cunliffe, Journalism Building, Columbia University, New York City.

### THRIFT WEEK OBSERVED AT UNIVERSITY DURING WEEK OF JANUARY 17-23

Civic, Commercial and Religious Organizations Co-operate in Observance

### Y. M. C. A. ENTERS PLAN

Students Are Advised to Keep Account of Expenditures and Assets.

Thrift Week, promoted by the University Y. M. C. A., working in accordance with the national movement fostered by the National Thrift Committee of the National Y. M. C. A., was observed on the campus of the University the week of January 17-23. More than 40 civic, commercial, educational and religious national organizations co-operated to cause the observance of this week throughout the United States and Canada.

Budget books were distributed by the University Y. M. C. A. to all the students who desired to keep a personal account of their assets and expenditures. These books are designed to aid the student in keeping his personal expenses. Secretary Bart Peak announces that many of the books have been distributed among the students and that any student who desires one may have it by calling at his office.

The purpose of this national movement is to stimulate the individual to think straight and to act wisely in regard to personal money matters in the realm of earning, spending, saving, investing, and giving.

The basic creed of thrift consists of the following ten rules: Work and earn. Make a budget. Record expenditures. Have a bank account. Carry life insurance. Own your home. Make a will. Invest in safe securities. Pay bills promptly.

### GIRLS BASKETBALL TEAM WINS FROM LOUISVILLE

Fourth Successive Victory For The University Kittenettes

The Kittenettes added a fourth victory to their undefeated record when they won from Louisville Cardinals 15-9 Saturday, February 2, at Louisville.

The Kentucky girls showed the best form displayed this season. Each player was on her game every second. Kentucky led off by scoring a foul which was followed shortly by a field goal by Kerth. Louisville, encouraged and cheered by anxious rooters made a long side shot. The score stood 4-4 for some time but in the last part of the second quarter Kentucky got loose and the half ended 9-4 in Kentucky's favor.

In the third quarter Louisville made a big advance by long shooting, and the score stood 9-8. From that time until the last few minutes of play Kentucky led by a small margin. The accurate foul shooting of the Kittenettes

## MEMBERS OF BUFFALO CLUB ACTIVE IN SOUTHERN SOCIETY

A Southern Society has been organized by the natives of Dixie now residing in Buffalo, N. Y., of whom a large per cent are Kentuckians and alumni of the University of Kentucky. The first annual dinner dance of the Society was given on the birthday of General Robert E. Lee, January 19. A souvenir program of the affair has been received at the alumni office. The program was very attractively designed and contained, in addition to the list of members, officers of the society and evening's program, a list of old songs of the South, such as "Dixie," "Maryland, My Maryland" and "My Old Kentucky Home," the song that has never been equaled in the estimation of most native sons and daughters of the state.

Dr. Philip L. Blumenthal and Luke P. Milward, both alumni of the University and active in the Buffalo Alumni Club, are directors also of the Southern Society. Luke Milward is secretary of the society as well as a member of the board of directors. Other alumni who are members of the Southern Society are L. C. Daniels, O. K. Dyer '04, R. D. Hines ex-'98, A. H. Mason, Charles R. Perkins ex-'09, Roger T. Thornton '14 and Herman Worsham '16.

## KEOP WEATHER FAILS TO KEEP DETROIT FOLK AWAY

A recent communication from the Detroit Club says, "Despite the fact that the mercury had fallen to 10 degrees below zero, the Detroit Alumni attended the monthly meeting and dinner at the Dixie Land Inn last Saturday night."

That is the spirit that will keep the alumni of the University firm friends of each other and of Old State as well. It speaks well of the pleasure it gives the members of the club to get together and talk over the news from back at the college when they fail to allow a depression of the mercury to keep them at home.

The Detroit Club at the meeting spoken of elected the following officers for the year: E. H. Clark '16, president; C. M. Hargraves '20, vice-president; H. J. Beam, '23, secretary-treasurer; Charles E. Plank and Henry O. Wagner, members of the executive committee.

The male members of the club after the meeting made out the rest of the evening with a bowling match at the recreation building, according to the letter, written by H. J. Beam, the secretary.

## NOTES FROM BUFFALO CLUB

The Buffalo Alumni Club held its regular monthly luncheon and business session at the Chamber of Commerce Building Saturday, January 12, 1924. Each of the eighteen members present expressed a keen interest in the bond issue now being considered by the new, and as we hope, more enlightened, legislature. By a unanimous vote it was decided to send tele-

grams to members of the house and senate, and to the Alumni Secretary for distribution to the press, urging their active support of all house and senate bills presented at this session of the legislature which have for their purpose the increasing of revenues and appropriations for the University. A new pride, and a deeper loyalty is kindled within each of us by the awakened sense of duty which Kentucky acknowledges to the University thru Governor W. J. Fields.

Plans for the entertainment of the Senior Engineers on their annual inspection trip, beginning April 3, were discussed thoroughly, and special committees appointed to insure that the class of '24 see not only the big industrial and Hydro-Electric power plants in and around Buffalo, but also the civic beauties of the city including the parks, theatres, municipal buildings, the grandeur of Niagara Falls and the rapids, and the Little Church-on-the-Quiet.

The Buffalo Club extends to all Seniors of the University, in addition to the engineers, a hearty invitation to pay us a visit at this time, and we are making special efforts to help locate all who come with the idea of securing permanent employment. We now have a special placement committee, of which Dr. Philip Blumenthal, 621 Breckenridge street, is chairman, who will cooperate in every way possible to secure employment for Kentucky men.—L. Clifford Davidson '23, secretary.

## CLUB FAVORS BOND ISSUE Philadelphia Alumni Wire Speakers of Houses of Legislature

A recent communication from the Philadelphia Club through the secretary, R. S. Clarke, enclosed copies of a telegram the Club mailed to the lieutenant governor and the speaker of the house of representatives at Frankfort, in which the Philadelphia Club announced itself in favor of the \$75,000,000 bond issue.

The telegram read, "The Philadelphia Club, University of Kentucky Alumni Association, learns with gratification of the bond issue including provision for the University and urges your support in order that Kentucky may creditably fulfill need for better educational facilities and be able to supply the present and increased demand which already exceeds capacity."

Practically every alumni club of the association has now sent telegrams to members of the legislature favoring the submission of the bond issue to the people. It is of great value to the cause if the legislators know the alumni favor this issue for they represent a class of people capable of knowing the needs of the University in addition to the needs for good roads, which are themselves a great aid to rural education. With the legislature assured of the fact that the bond issue is wanted, it would be nothing short of misrepresentation to turn it down, and therefore each telegram received in its favor adds to the evidence needed to show them that the people do desire it.

## DEAN BOYD OUTLINES AIMS AND VALUE ALUMNI OFFICE

The Alumni office is considered an unnecessary expense by some persons who are not acquainted with the work it attempts to do, with the assistance of alumni clubs in many cities and counties. In order to get some outside opinions on the subject it was decided to ask the deans of the different colleges of the University to make statements as to what value they consider the alumni secretary and office is to the university.

The first dean from whom a statement was received was Dean Paul P. Boyd, of the College of Arts and Sciences. Dean Boyd's statement follows: "Privately endowed colleges are

commonly said to have a more loyal and united alumni support than have state universities. If this is a fact, it is hard to understand. Surely a state university should have a great appeal because of the combination of state and institutional loyalty.

"But no body of men and women can put their good impulses into effective operation for the advancement of a cause, educational or otherwise, without organization and experienced leadership. It is for this reason that we feel grateful to our active alumni for their willingness to cooperate with trustees and faculty in bringing to Kentucky a better University. A skillfully and enthusiastically directed active, unselfish alumni organization, is essential."

Graduation or "quitting" must not break the ties with Alma Mater, nor absolve the obligations assumed by teacher and pupil. It is "till death doth part us."

One of the supporters of U. K. is W. S. Griffing ex-, who is a salesman for the Great Southern Refining Co. Mr. Griffing married Miss Mary T. Talbutt in June, 1906. They have two children Lillian T., aged thirteen years and William C., five months old. The family resides at 702 South Limestone, Lexington, Ky.

"Enclosed find my check for dues. I get much pleasure from the Kernel. It is the 'lives' college weekly I know and although I have been out of direct touch with 'Old State' for a number of years, I still have a warm spot in my heart for the grand old institution. It was my good fortune to be one of the editors of the first publication, 'The Kentuckian,' a monthly which was published in 1900-'01-'02, and to assist in making possible the first football souvenir ever published by the college. We were compelled to travel a rock road to make both ends meet, but we had 'the spirit.' In 1908 I also had the privilege of rendering service to 'Old State' when as a member of the General Assembly I helped to get the appropriation of \$250,000 for Kentucky's educational institutions of which State got the lion's share."—Frank M. Hutcheson ex-.

Mr. Hutcheson is practicing law at Henderson, Ky. Mrs. Hutcheson was Miss Inez E. Keen. They have three children, Elizabeth, Frank K., and Edwin Howard.

'04

Charles A. Matlack is conducting a successful plumbing business at 171 East High Street, Lexington, Ky. He married Miss Mary S. Banahan, January 7, 1915. They have two little daughters, Mary Wood Neblett, the residence address is 516 S. Broadway.

'06

One of the names lately added to the "honor roll" is that of Henry English Read, who received his B. M. E. in '04, M. E. in '11 and C. E. in '20. He is a member of the firm of Rogers and Read, engineers and surveyors, 410 Realty Building, Louisville, Ky.

'09

Patrick Henry Neblett is superintendent of city schools of Hazard, Ky. He married Miss Elizabeth Wood, June 10, 1911, and they have one daughter, Mary Wood Neblett, aged ten.

'10

During the drive for funds for the Greater Kentucky Campaign, some interesting letters were received by the

campaign manager. One of these, written by Schultz Riggs ex-, is quoted in part, herewith:

"During my stay in Lexington I waited on tables to pay board, sold newspapers and also worked at the Newspaper Station Farm at 10c an hour to finish paying my expenses there. The total amount spent outside of my earnings while there was \$40 for the entire period from September 1903 to January, 1908. I left at that time to enter the service of the firm I am now associated with. IF STUDENT LOANS HAD BEEN AVAILABLE AS NOW, I would have remained to complete my course. However, the training and experience received has been of great value in my business life. The University of Kentucky is the best asset of our State along educational lines and every boy who desires training should have the opportunity to take a course there. I endorse most heartily the Student Loan proposition and feel sure that it will be a great success."

Mr. Riggs is manager of the Paducah district for the Metropolitan Life Insurance Company and is conducting one of the most successful insurance businesses in the state. His offices are in the City National Bank Bldg., Paducah, Ky.

'12

"My intentions have been good, but—well, here it is at last. 'Our Son' wants to read the Kernel so he will know what is going on down there. 'Our Son' is Robert Leslie, Jr., who arrived to gladden the hearts of Mr. and Mrs. R. L. Jones, January 23, 1924. Mr. Jones is sales engineer with the Carrier Engineering Corporation. Mrs. Jones (nee Mary Brown), is a former student of the University. They reside at 312 Mt. Prospect Avenue, Newark, N. J.

'13

Wm. Muir Lane, formerly with the Westinghouse Electric and Manufacturing Co., at Pittsburgh, Pa., is now a construction engineer with the Department of State Roads and Highways with headquarters at Walton, Ky. He is living at Flemingsburg, Ky., and all mail should be sent to that address.

'17

Chas. S. Schrader is in the research engineering department of A. S. H. V. E. Research Laboratory, U. S. Bureau of Mines, Pittsburgh, Pa.

'18

Mrs. Fred O. Mayes, nee Mary Ricketts, is principal of the Carmarago Consolidated Schools, Mt. Sterling,

Ky. Mr. Mayes, who was in service during the World War and was disabled, finished his college work in the extension department and graduated last summer with the B. A. degree. They have one child, Fred Marston Mayes, five years old.

'19

"At last I have found time to crash through with my dues. My intentions have been the best but the time which has elapsed would indicate that a certain road has been donated quite a few sections. Still, better late than never."—F. Paul Anderson, Jr., Assistant to the President, Irvington Varnish and Insulator Company, Irvington, N. J. Mrs. Anderson was formerly Elizabeth K. Erdman, of Lexington. They reside at 94 South Munn Avenue, East Orange, N. J.

'20

The marriage of Mrs. Lillian Duty ex- and J. Harvey Allen, of Winchester, was solemnized January 22, 1924, in that city. For more than a year Mrs. Allen has held the position of postmistress at Winchester. After a wedding trip east they will make their home in Winchester where Mr. Allen Charles A. Asbury ex-'20 and Miss Sarah Thomas Haley ex-'24, were married December 27, 1923, at the First Baptist Church, Lexington, Ky. They have returned from their wedding trip and are at home on the groom's farm on the Cleveland pike, address Route 1, Chilesburg, Ky.

'21

The marriage of Miss Julia Gardner Ross ex-'26 and Edgar Neal Thurman '21, was solemnized February 3, 1924, at the home of the bride's mother in Lexington. After a few days visit to Chattanooga, Tenn., Mr. Thurman will return to Northwestern University at Chicago, where he lacks only a few weeks of completing his graduate work in chemistry. Mrs. Thurman will remain with her mother until April when they will go Wilmington, Del., where Mr. Thurman has a position with the Du Pont Manufacturing Company.

Robert H. Hays has been appointed resident counsel of the Burley Tobacco Growers' Association, offices at 620 South Broadway, Lexington, Ky. Mr. Hays served in the World War and is now a lieutenant in the Officers Reserve.

## THE NEW SEMESTER

With the work of registration for the second semester of the session of 1923 and 24 finished the University settles down for the conclusion of the session's work.

At the time this was written the facts as to the registration were not available but the indications are that the enrollment will be as large, if not larger, than it was the second semester of the preceding session, with a large number of mid-session high school graduates entering the University as freshmen. To these the Kernel extends the right hand of University fellowship and bespeaks for them among the students upon the campus, the same fine spirit of helpfulness that has been the long standing custom of the institution to extend to freshmen.

The semester also marks the beginning of the end of the journey for still others whose presence has been a source of inspiration to us all and whose leaving in June will bring a sense of corresponding regret.

The Kernel notes with pleasure the increasing number of mid-year freshmen entering the University each session and looks forward with perturbation, under present crowded conditions, to the certain confusion that is sure to come when the saturation point shall have been reached, if indeed it has not already been reached; and in this connection this paper cannot but again indulge in the hope that the people of the state and the Legislature of Kentucky will finally wake up to the absolute necessity of giving our beloved institution that means of sustenance she so much desires and they, if willing, are so abundantly able to give.

Meanwhile, freshmen, sophomores, juniors, seniors, bon voyage and a busy semester.

### THANKS

The following letter has been received from a New York alumnus of the University which the Kernel takes the liberty to reproduce with the usual "blushing protest":

Brooklyn, N. Y., Jan. 18, 24.

Editor of the Kernel,  
University of Kentucky,  
Lexington, Ky.

Dear Sir:  
At the last meeting of the Kentucky Alumni Club of New York while we

were thinking and talking of the University and its affairs, the Kernel was mentioned by someone.

It seemed to be the consensus of opinion that The Kernel is not only a source of much pleasure to its readers but that it is also doing a great service by keeping the alumni in touch with their Alma Mater.

There is no doubt that it must take a lot of time and thought for you and your staff to produce such a creditable paper, and we want to assure you that your efforts are much appreciated by the alumni as well as your other readers.

As secretary, I want to send the best wishes of the New York Club, as well as my own, of you and your staff for your continued success.

Yours sincerely,

D. L. THORNTON, '22,

### His Nom de Guerre

The man who is taking statistics for the new city directory approaches the movers' home in the suburb. At the doorway stands a stout, determined looking lady.

"Madam," he says, "my call is official. I am compiling statistics on the inhabitants of this part of the city. Might I ask what your name is?"

"Duffy—Honorina Duffy."

"And your husband's name?"

"Naturally it's the same as me own—Duffy."

"I mean his full name."

"Well, when he's full he thinks it's Jack Dempsey, but when I lay me hands on him it's still Duffy."—The McNaught Syndicate.

## FAMOUS BARITONE WILL APPEAR AT AUDITORIUM

John Charles Thomas to Give Concert Monday, February 11

John Charles Thomas, famous American baritone, will give the fourth concert in the Artist series, Monday, February 11, at 8 o'clock in Woodland Auditorium, Lexington. Mr. Thomas is one of the most popular singers on the concert stage today, and is hailed with capacity houses wherever he appears. Although this will be his first appearance here in concert, Mr. Thomas is not a stranger. His appearance in the leading baritone role, in Kreiser's "Apple Blossoms" at the Lexington Opera House several seasons ago, made him many friends.

When John McCormack and John Charles Thomas, respectively, gave their opening concerts in New York City last season within the same week, the Musical Digest wrote the criticisms of the two together, calling "John Charles Thomas the John McCormack in baritone." It is believed that all who were fortunate enough to have heard Mr. McCormack's concert last November, will be interested in hearing this favorite baritone, as will all Mr. Thomas' own friends.

Season tickets are to be used for this concert. Single tickets can be had by telephoning or writing to the Lexington College of Music for prices from \$1.10, \$1.65, \$2.20 to \$2.75 including tax.

In order that the artist be not rushed and that out-of-town guests be enabled to remain throughout the program and final encores the concert will begin promptly at 8:15 o'clock. Guests are urged to assemble by 8 o'clock, in order that they may be seated by 8:15 o'clock. Late arrivals disturb the first part of the program, and people leaving before the final encore disturb the latter part of the program.

### Silence Plus

"No."

"About the farm bloc?"

"No."

"About the World Court?"

"No."

The reporter turned to go.

"By the way," added Coolidge, unexpectedly calling him back, "don't quote me."—Boston Globe.

## Y.M. & Y.W.C.A. NOTES

The Friendship Council of the University met in the "Y" rooms Tuesday evening at 6:45. Thomas Baird, vice-president of the Y. M. C. A. tendered his resignation because of graduation. The resignation was accepted and A. L. Atchison, treasurer of the "Y," was elected to fill his unexpired term.

Bart Peak announces that there are 26 student Bible classes operating in the fraternity and rooming houses of the University. The season started with 26, one was lost and one acquired, and so the total is the same as it was at the beginning of the season. Fifteen of the sixteen social fraternities on the campus have these Bible classes. The total attendance is 400, by far the largest there has ever been.

### LAW NOTES

The Law College is quite proud to claim as one of her sons, Mr. Robert H. Hays, of Winchester, Ky., class of '21, who has recently been selected as resident council for the Burley Tobacco Growers Cooperative Association of this city. Since graduation Mr. Hays has been successfully practicing law in Lancaster, Ky. No more popular student ever attended the Law College and we are quite glad to welcome him to Lexington again.

Among the youngest men in the House of Representatives at Frankfort this session are five former students of the Law College: Mr. Harry Miller, Lexington, Ky., class of '14; Mr. J. W. Howard, White Oak, Ky., '20; Mr. Otto Gartin, Ashland, Ky., '20; Mr. Sam Cole, Fayette County, '21, and Mr. Allen Cammack, of Owenton, Ky.

Mr. John Henry Bruce has completed his course leading to the degree of LL. B. this past week with an honor standing for his entire law work. Mr. Bruce has been one of the leaders in the Law College ever since he came here in the autumn of 1921 from Transylvania, where he received his A. B. degree.

The Kentucky Law Journal has made an enviable place among law school publications under his editorship during the past two years. He will enter active law practice in his

home town of Pineville, Ky., and the best wishes of all go with him and predict for him a brilliant future in his chosen profession.

## NEW TEACHER STANDARD IS DEMANDED BY HIGH SCHOOLS OF KENTUCKY

University Asked to Supply Teachers to Coach Debate, Dramatics

### NEED ATHLETIC COACHES

Debating Interest Aroused By The Annual Forensic Contest

The high schools of Kentucky are beginning to demand a new type of high school teacher, trained for coaching debate and dramatics, according to a statement just issued by the Department of University Extension of the University. For years there has been a demand for teachers prepared to teach high school subjects and to coach athletics. This type is still in demand, but the tide is turning and the demand is now swinging back to attention to forensic and dramatic ability on the part of teachers.

The interest in these activities is partly the result of the program of debate and speaking among the high schools of Kentucky carried on by the Department of the University Extension of the University for the past three years. This year the state of Kentucky has been divided into sixteen districts and an organization affected in each. Already more than one hundred high schools have been paired for

debate for the season, and before the end of April it is expected that at least one hundred and fifty high schools in Kentucky will participate.

The subject for debate among the high schools of the state is Resolved, That the direct primary system of nomination is preferable to the convention or caucus system. The University has prepared a debate handbook discussing both sides of the issue. The handbook was prepared by J. C. Jones, assistant professor of Political Science, and Roscoe Cross, assistant in the Department of History and Political Science. The League of Women Voters of Kentucky is interested in a study of the subject and has, through Mrs. E. L. Hutchinson, its president, supplied literature for the high schools. The University has no interest in the outcome of the matter, except in so far as the discussion is an exercise in government and a training in citizenship and speaking for the youth of the high schools.

University authorities believe that the high school debates are bringing about in the State a considerable improvement in public speaking. The State Tournament in Forensics has become an annual affair at the University and each year in May scores of young people through the campus representing winning high schools in various sections of the state. These young people, according to those in charge of the tournament, actually surprise college debaters with their forensic ability. Many of them are training admirably and show marked speaking ability. In a few years it is expected that the program will bear fruit and

result in improved speaking ability for the young people who go out of high schools, for annually from five hundred to a thousand high school students participate in these activities.

Already many high schools are employing English instructors prepared to coach these contests. Many high schools have incorporated organized courses in debate or public speaking into their curriculum, and students receive high school credit for such courses. Some high schools are even beginning to spend money on programs of this kind and are adding to the high school library sufficient funds to carry out the work. More and more there will be a demand for teachers who can coach these activities and more and more this return to intellectual endeavor as opposed to athletic endeavor is expected to occupy the attention of the people.

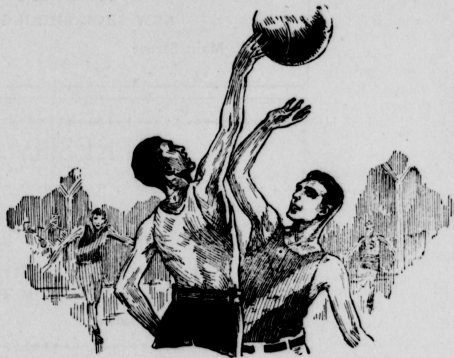

This year contests in debating and public speaking will be participated in by perhaps ten thousand high school students in Kentucky in the presence of forty or fifty thousand people. A program of this kind carried out from year to year cannot but have its influence for good among the schools of the state.

## To all forwards who are playing center

"THE little fellow hasn't got the reach. Why don't they put him at forward where he belongs?" You have heard comment like that about some mis-positioned player.

Just look out they don't talk that way about you—not in athletics but in your field of work after college.

The world is full of doctors who should have been lawyers, and lawyers who should have been writers—men who can't do their best work because they haven't got the reach.

You still can avoid their haphazard choice of a career. Some earnest thinking on the subject, "What do I really want to do in life?" will help you decide right.

That's a real problem. Get all the advice you can—from the faculty, from alumni, from men in business. If you find you have made a false start, change now and save yourself a lot of grief—for once you graduate into a profession, the chances are you'll stay in it.

## WILDCAT CINDER SQUAD STARTS TRAINING WORK ON MONDAY, FEB. 11

Freshman Trackmen to Start When Weather Permits Outdoor Practice

### BANNER YEAR PREDICTED

Nantz is Captain and Frost is Manager of 1924 Cat Speedsters

The first call for varsity track candidates has been issued by Coach Geo. Buchheit for Monday, February 11, and work will start on that date in preparation for the opening meet of the season, the Cincinnati Y indoor meet scheduled to be held at the Queen City, on March 1. Freshmen cinder artists will not be given an opportunity to display their wares until the weather permits their going outdoors.

Six meets are already on the Wildcat card and there is an excellent possibility of adding one more to the list. Two of these are indoor events, at Cincinnati and Louisville, and the others are all away from Lexington so that the work of tearing up of the track to get ready for the new stadium will not interfere with the Cat program.

Kentucky has excellent prospects for the 1924 track season with the wealth of freshman material graduating from the yearling ranks. Miller, 100, 220, 440 and relay flash; Hall, mile and two mile ace; Treacy, 100, 220, 440 and relay speedster; "Turkey" Hughes holder of the unofficial state high jump record and broad jumper of no small means; Jack Green, hurdler, and Brady, pole vaulter are some of the athletes who are expected to make their first year on the varsity cinder squad a banner one.

Add to the above, Captain Dave Nantz, dashes; Dewhurst, hurdles; "Red" Wolfe, pole vault and javelin; Anglin, weights; Mays, Caldwell, Ogden and Butler and one finds what kind of a nucleus Coach Buchheit will have from which to form his varsity squad. Although several events seem already taken care of, there are several that lack the material Buchheit wants to have on hand and there are still good opportunities for a newcomer to grab a place on the cinder team.

A very stiff schedule has been arranged for the Cats and the Blue and White will have to step some to come out on top. Opening at the "Y" athletic carnival at Cincinnati on March 1, the Wildcats will meet some of the best track performers in the Middle West. On March 29, Buchheit will send a squad to participate in the Louisville indoor meet, where the Blue and White will again meet the leading indoor trackmen of this section of the country.

The first outdoor meet of the year will be with the University of Tennessee at Knoxville on April 19. Vanderbilt at Nashville on April 19, the State meet at Danville on May 3, and the Conference meet at Montgomery, Alabama, on May 10, complete the list of events already scheduled. Athletic Director Boles is trying to land another dual meet for the Cats on April 26, and says he thinks he will be able to do so.

## CHURCH LEAGUE OPENER GOES TO CALVARY FIVE

Second Presbyterians and Catholic Club Win By Default

The Calvary Baptist and First Methodists quintets opened the University Y. M. C. A. basketball league Tuesday night with the Baptists emerging on the long end of an 18-12 count. Immanuel Baptist and Maxwell Presbyterian failed to put in their appearance and forfeited to the Second Presbyterian and Catholic Club teams respectively.

Kenny and Hargan played best for the Baptist five, while Faust was best for the Methodists. The Calvary five went into a big lead at the start but had to keep going throughout to keep ahead of the fast closing Methodists.

## SCRAPS

Because of the fact that only one gym floor is available for the University and it is shared with the University high school and the Church League, causing it to be used morning, noon and night, "Daddy" Boles is experiencing quite a bit of difficulty in arranging the class game schedule.

Something new will be seen in the class games this year. Each class will play in different colored sweaters ordered especially for it, with the name of the class written on the front. The seniors will sport the colors of Royal and Cardinal; the juniors, Maroon and White; the sophomores, Black and Old Gold; the freshmen, Kelly and White. The team that has the highest standing at the end of the season will be given large blue sweaters.

Placards will be posted announcing the time of practice and the time of games. Two of the games will be played the latter part of next week. The teams met and practiced several times before examinations but have not met this semester.

George Buchheit and his Blue and White cagers will undertake a task starting tomorrow night, when they will play four games in six days, three of the games to be played here. Starting with Centre at Danville, tomorrow night, in a game that will have an important bearing on the state title race, the Cats will play Georgetown here Monday night, Clemson Wednesday night and Virginia Thursday evening.

After dropping the opening game of their Kentucky invasion to the Cats Monday night, the Mountaineer five of the University of West Virginia took Centre's Colonels into camp Tuesday evening by a 39-29 score. Covington scored 18 of the Gold and White's markers.

The Kittenettes won their fourth straight victory of the season Saturday night, defeating the University of Louisville feminine quintet 15-9. The Kentucky lassies are undefeated in the state race and already hold two victories over the University of Louisville, and one each over Georgetown and Wesleyan. Wesleyan Normal was scheduled to try its hand at stopping the Blue and White last night and Wesleyan will be here for a return game tomorrow evening.

## BLUE AND WHITE FIRST TERMERS HAND COLONEL FROSH DECISIVE DEFEAT

Kentucky Youngsters Force Centre Freshmen to Take 33-12 Loss

### RAMER HIGH POINT MAN

Burnham Shakes Up Yearling Five and Kittens Outplay Lieutenants

Flashing an excellent passing attack in the faces of Centre's yearling five, the University of Kentucky Kitten quintet easily defeated the Lieutenants, 33-12, in the local gym Saturday night. The Blue and White first term outfit was by far the better and played rings around its opponent throughout the game. The Kittens led, 14-5 at the end of the first half.

Coach Lawrence Burnham's shifted lineup worked to perfection against the Danville five and soon started the scoring when Hendricks looped one in from the foul circle after Farrington and Scrivner had tallied three free throws between them. Shots by Ramer and McCann and another free throw by Scrivner brought the Kitten score to 10 before the Lieutenants were able to score. The combination of Farrington, Ramer and Hendricks on the floor, and McCann, huge center, under the basket, proved too much for the smaller Centre five and the Kittens scored almost at will.

There was no Kitten who really stood out above his teammates, for all played excellent games. Ramer, forward, was the high-point man of the evening, with five field goals to his credit.

Contrasted with the smooth working of the Kitten five, was the work of the Centre Yearlings who resorted to individual play with no marked degree of success. Johnson, center, and Morrow, forward, were the Lieutenants' best. The lineup:

Centre 12 Kentucky 33  
Morrow 3 .....F.....Hendricks 8  
Tate .....F.....Ramer 10  
Johnson 6 .....C.....McCann 6  
Kagin .....G.....Farrington 4  
Judy .....G.....Scrivner 3

Substitutions: Centre—Grubbs (3) for Tate, Wilson for Morrow, Tate for Wilson, Rhodes for Tate, Morrow for Grubbs. Kentucky—Besuden (2) for McCann, Stephenson for Ramer, Polsgrove for Hendricks, Smith for Farrington, Kittrell for Scrivner.

Referee—E. King of Lexington Y. M. C. A.

**HALLEY'S TOBACCO SEED**

Three varieties of Burley all standard and guaranteed. Select a variety best suited for your land and which will make you the most money.

If you want pounds we've got the seed; if you want color we can furnish that; if your land is sick or tired we can furnish you seed that will get the best results on such soil.

"IMPROVED HALLEY" the whitest Burley grown, harder than the original type and a better yielder. This seed produces color on all lands. Cigarette wrappers on fresh land.

"COLOR DISEASE RESISTANT" developed by the University of Kentucky and recommended for all lands which have grown considerable tobacco and soils where disease has appeared.

"COLOR TWIST BUD" an excellent variety where a heavy yield is desired. A great many people are calling for seed which produce more pounds. This tobacco combines color with yield.

PRICE \$1.50 PER OUNCE

ROGER BACON

1214-1294  
English philosopher and man of science. Studied at Oxford and the University of Paris. Wrote the *Opus Majus*, *Opus Minus*, *Opus Tertium*, and many other treatises.

For this he was  
sent to prison

Roger Bacon may not have invented gunpowder, as has been claimed by some biographers of the famous Franciscan friar, but he exploded some of the outstanding errors of thirteenth century thought. Because of his advanced teachings, Bacon spent many years of his life in prison.

In an age of abstract speculation he boldly asserted the mathematical basis of all the sciences. But even mathematical calculation, he showed, must be verified by experiment, which discovers truths that speculation could never reach.

In the Research Laboratories of the General Electric Company, Bacon's principles are followed in every experimental investigation. The gas-filled electric lamp and the electron tube were worked out on paper, but it was experimental verification of the underlying mathematical theory that made electric illumination, radio broadcasting and X-rays what they are today.

More than a million dollars a year is devoted to research by the General Electric Company in order that the giant—electricity—may be made more and more useful to mankind.

**THRIFT WEEK OBSERVED AT UNIVERSITY DURING WEEK OF JANUARY 17-23**  
 (Continued from first page.)

Share with others.  
 The object of the 1924 observance of a national thrift week is to get 1,000 communities in the United States and Canada in observing thrift week to:  
 1. Enroll 500,000 families in a budget league and pledged to manage their incomes on the budget plan.  
 2. Observe nationally the birthday of Benjamin Franklin, the American "Apostle of Thrift."  
 3. Organize 5,000 Benjamin Franklin Thrift Clubs in industrial and commercial organizations.  
 In promoting thrift on the campus of the University of Kentucky, the Friendship Council of the Y. M. C. A. placed placards and signs on the various bulletin boards on the campus telling why one should save and how one may be thrifty.  
 The Friendship Council has done a great work on the campus; it does everything in its power to help the students of the University of Kentucky. This is only one of the many things it does every year for those seeking an education at the University of Kentucky.

**VARSI QUINTET WINS CLOSE GAME FROM WEST VIRGINIA MOUNTAINEERS**  
 (Continued from page 1.)

individual attack style of the West Virginians.  
 William King, of all-southern fame, who earned for himself the name of "iron man" by his work in the 1921 southern tournament when the Cats won the title, played his first game since the 1922 season Monday night, and although in a different position than one in which he played in 1921, took up his work where he had left off and with the able assistance of Captain "Chuck" Rice was largely responsible for the Cat victory. King was the keystone of the Cat attack and kept the much younger Cats on their feet throughout the game. With Rice, King, shifted back to the defense as soon as the Mountaineers gained possession of the ball and allowed the West Virginians but few close glimpses of the iron hoop. Rice also played his greatest game. His handling of the ball off the backboard was almost perfect.  
 Four other Cats got into the game before it was over and all four played excellent ball. Milward and Riefkin, with six points each to their credit, led the Kentucky scoring, while McFarland had counted five markers and Hughes two.  
 Captain Pierre Hill, tall West Virginian, led the Mountaineers in their attack with seven points. Hawley, center, and Funk, Hill's running mate at forward, with six points each, followed close behind their leader. Rohrbaugh and Bowers played well at guard.

The lineup and summary:

West Virginia:	Pos.	FG	FT	TP
Funk	F	3	0	6
Hill (c)	F	3	1	7
Hawley	C	3	0	6
Bowers	G	0	0	0
Rohrbaugh	G	1	0	0
