### WATCH AS A COMPASS

Point the hour hand of the watch to the sun, and south is exactly half way between the hour hand and the XII on the watch; e. g., assuming it is 9 o'clock, point the hour hand (indicating nine) to the sun, and the point half way between X and XI is due south; or assume that it is 4 o'clock, point the hour-hand to the sun and the figures II indicate south.

### KNOTS AND MILES

The STATUTE MILE is 5,280 feet.  
 The STATUTE KNOT is 6,082.66 feet, and is generally considered the standard. The number of feet in a statute knot is arrived at thus: The circumference of the earth is divided into 360 degrees, each degree containing 60 knots or (360X60). 21,600 knots tho the circumference. 21,600 divided into 131,385,456 — the number of feet in the earth's circumference-gives 6,082.66 feet—the length of a standard mile.

6 feet	= 1 fathom	10 cables	= 1 knot

Beautiful day

Talked to interesting man on train whose brother in law was sailing on July 3<sup>rd</sup> on Swedish American Line.

Saw Cora + Robert in Cincinnati and had lunch at station. Bob is such a cute baby.

Took Pullman at Cincinnati

(Section 6) Car 75, and was so

surprised to see Harriet Rogers, a girl with whom I camped at Daniel

Boone 8 years ago - she says.

Had supper and breakfast on diner.

Train was terrible - so noisy and dirty that we felt awful!

PLACES VISITED

Place New York - passed through  
Columbus O. Pittsburgh + Philadelphia

Arrived in N. Y. on Pennsylvania about  
9.30. Took the subway, after Paul  
checking baggage, and got off at  
Rector St. Went up steps and found  
ourselves on Wall Street. Thrills  
because it was about 11 a.m. and we  
saw so many men on Stock Exchange  
business. Walked about 6 blocks, and  
found Norwegian Consul at 115  
Broad St without a bit of trouble.  
In about 20 minutes, we had our  
visa's, and felt so free. Went over to  
United States Bldg - where  
passports etc were issued. Called  
Eunice from there, and tried to  
get Marie Dore Wyatt and the  
Binghams. Went to Trinity  
Church, and heard beautiful

Took bus <sup>(top deck)</sup> no. 4 and had a lovely ride along 5<sup>th</sup> Ave and Riverside Drive. Got out at 168<sup>th</sup> St, and took #5 back to town. Saw a Woolworth Dime Store and of course we had to get off the bus. Dime store wasn't any larger than Louisville's, and had about the same "stuff." Walked to Station and as it was 5 o'clock called Eunice. She gave us directions and we took 7<sup>th</sup> Ave Express Subway, and transferred to a Local - arrived at 166<sup>th</sup> St O.K. So glad to see Eunice, and she took us to a darling tea room (Spanish) on 166<sup>th</sup> just a block from Subway. Then we went to

 the man who gained such widespread

much business is done underground. A cripple would have no chance in N.Y. for there are so many steps to go up and down. Everybody is in a hurry - and no one seemed to bother much about their personal appearance. So many women and girls had long hair. Almost every building that looked interesting and that we wanted to know about had no name on it. Told Eunice to see the Mayor about it! Saw Woodworth Blog.  Additional food was brought though, and  
 I saw plenty of beer served, but not

Had Church services on board -

Anyway as we stood in the Court yard a handsome horse carriage drove up and we saw it was the King who entered and drove off. We tried to find a picture gallery, but missed that too, so went back to the Hotel to clean up. Then we went in search of dinner down to the tower on the left side. home. After dinner Karen came over at 7 and we  
all (except Tante) went to Mrs Nelson's and had a  
lovely evening at home with music arriving home  
at 12 or after. 24

Karen went back to visit the 23<sup>rd</sup> & some  
piloted ourselves. The only shopping we could do  
between Karen's & Uncle's, so we had to do our shopping  
on the go. We had Frokost with Uncle & Tante - took  
pictures in the garden - walked to Sanle Kongsgade  
& bought print of "Fredericks Havn," then walked to  
see painting, which did not appeal to us, saw  
Reservoir near Picture Show & then we had tea  
with Aunt Nathalia. We had middag with

had a Frokost with Uncle & Aage finally over - then they  
gave us so many beautiful things which made  
us want to cry. We went home to pack and went  
back to Uncle's for dinner, Aage & Gert & Little  
Jorgen being there. Jorgen brought us boxes  
of candy & the north roses - Aase & Puda came over  
and we had one fine time. Aage took us home  
and we stayed up till 12<sup>30</sup> with parents to  
appease their anger at not being asked over

The boat did leave at 11:45 and they waved at us until we were out of sight. Then we ventured over the boat and find it very comfortable. We have a dandy stateroom (92). Did my washing and wrote letters to Karen + Uncle.

27

We were in Oslo + found Perat his office. He took us out to see Ella + the new baby (1 day old) which was a real thrill as we actually saw all the family. Saw Eivene + Anne live see their baby sister for the first time. We went back on electric train + got off to go to Holmenkollen but changed our plans + walked through fashionable residential section. Saw very interesting private boat 1000 years old, also contents of queen's Viking

Finished fancy work. A very nice couple, Mrs. Axel Skjerne of Bloomington Ind. University sit next to us & Ingeborg Frances, 2 years old, is a doll. She loves my vanity case so we got her one. Also a ball and we have wonderful times playing together.

Have finished flower & doggie & have almost finished reading book. Also read The Call of the Wild by Jack London - a very nice dog story. Land (Newfoundland) was really a beautiful sight - also black sail boat, and noticed our boat overruled to side to keep from striking it. Fish jumped in air. Interesting to see phosphorescent fish
