

education and for general continuation school classes. The University of Kentucky has been designated as the state institution responsible for the education of teachers for this work.

A five-year program of preparation for educational training directors and other educational training personnel for schools, business, and industry is offered in the College of Education. The last three years of this program are on a "cooperative" basis with students spending alternate semesters at the University and in work-training situations on the job in business or industry.

Distributive Occupations. The George-Barden Act of 1946 provides for the education of teachers of distributive occupation. The University of Kentucky has been designated as the state institution responsible for this service.

GRADUATION REQUIREMENTS

The College of Education grants the Bachelor of Arts in Education degree to students who major in education and select their group work from art, biological sciences, business education, chemistry, English, foreign languages, library science, mathematics, music, physical education, physics, social sciences, or education for teaching exceptional children. Students who complete the curriculum for elementary teachers are also eligible for the degree of Bachelor of Arts in Education.

In order to graduate from the College of Education, the student must complete 128 semester hours (exclusive of the required physical education) with a standing of 2.0. He must also satisfy the University's requirement in physical education, military science, and residence before he may be graduated.

The student may pursue his work on either the elementary, junior high or senior high level. The requirements for each are given below:
