FOREWORD

The "Kentucky School Directory" for 1971-1972 is published with the cooperation of state and local school leaders. This combined effort provides a service for Kentucky Educators and others interested in the schools of Kentucky. This bulletin provides the answers to many requests concerning personnel, schools and enrollment.

The 1971-1972 publication lists all public and non-public elementary and secondary schools regardless of the number of teachers in each school. Administrative and supervisory personnel, including chairmen of boards of education, are listed by districts. The number of teachers in each school and the number of pupils enrolled is based on the end of year estimates (1970-1971).

Appreciation is expressed to all public and non-public school officials for providing data for this bulletin.

It is hoped this "Directory" will prove useful to school administrators and the public in general.

NON-PUBLIC SCHOOLS—Continued

[illegible]

ALL SCHOOLS, BY LOCAL PUBLIC SCHOOL DISTRICT

A list of all elementary and secondary schools in Kentucky.

Each independent district is listed under the county district in which it is located. Each public and non-public school is listed under the public school district in which it is located.

After the name of each school is the list of grades, number of teachers, enrollment, name of principal or head teacher, mailing address, and zip code. The person listed under "principal or head teacher" is the one to whom school mail should be sent. The address is the school mailing address. The "number of teachers" is the full-time and part-time teachers in each school. Full-time principals and assistant principals are not included. The number of teachers in each school and the number of pupils enrolled is based on the end of year estimates (1970-1971).
