

THE KENTUCKY KERNEL

VOLUME XLII LEXINGTON, KENTUCKY, FRIDAY, MAY 4, 1951 NUMBER 27

SGA Elections Are Today 20 Members To Be Chosen

Recent campus political campaigning will be climaxed today. Polling places for the Student Government Association elections are open from 9 a. m. to 4 p. m.

Bartlett and Lucas Are Winners Of Annual 'Best Dressed Contest'

Jane Bartlett, a member of Kappa Alpha Theta sorority and C. D. Lucas, president of Phi Kappa Tau, were the winners of the Sigma Chi 'Best Dressed Contest' held May 1 at Memorial Hall.

Ancient Custom Is Observed At UK On May Day By Scandinavian Students

White Caps Are Part Of Tradition By Ed Coffman Three UK students helped to perpetuate a Scandinavian custom which is over a 100 years old on the campus on May 1.

UK'S SCANDINAVIAN STUDENTS observed May Day in a style traditional to their homeland.

Four AA Members Roundtable Guests

Four members of Alcoholics Anonymous will discuss what their organization has accomplished on the UK Roundtable at 10 a. m. Sunday, on radio station WHAS or on Friday, May 11 at 9 p. m. on station WBKY.

Today Is Last Day To File For Degrees

Today is the last day on which seniors and graduate students expecting to complete their requirements for graduation in June may make application for such degrees. No student will be considered for graduation who has not filed an application.

UK Engineers Now Observing Day Of Honor

The College of Engineering's annual Engineer's Day, sponsored by the Engineering Student Council, will be held today in Anderson Hall.

500 Attend Language Meet

Some 500 educators from 49 states, Canada, Cuba, and Sweden attended the fourth UK Foreign Language Conference which was held April 26-28.

Green Will Speak On 'Business Writing'

Harold Green, of "Printers Ink," the weekly magazine of advertising, Chicago, will speak at 10 a. m. Monday in the Journalism Building.

Glee Club To Give Two Performances

The University Women's Glee Club under the direction of Mrs. Helen Hamilton, will give two performances out of town on May 7.

700 To Receive Recognition At Honors Day Convocation

Dr. Ralph H. Gabriel, professor of history at Yale University, will be the principal speaker at the Honors Day Convocation at 8 p. m. Thursday in the Coliseum.

May 16 Is Fine Day For Seniors Anyway

All seniors who have overdue books and who own fines at the library will be reported to the Registrar's office May 16.

Green Will Speak On 'Business Writing'

Harold Green, of "Printers Ink," the weekly magazine of advertising, Chicago, will speak at 10 a. m. Monday in the Journalism Building.

Glee Club To Give Two Performances

The University Women's Glee Club under the direction of Mrs. Helen Hamilton, will give two performances out of town on May 7.

SGA Elections . . . . . Today 'Harvey' Opens . . . . . Monday Honors Day . . . . . Thursday

Yale History Prof To Speak On Democracy

Dr. Ralph H. Gabriel, professor of history at Yale University, will be the principal speaker at the Honors Day Convocation at 8 p. m. Thursday in the Coliseum.

Green Will Speak On 'Business Writing'

Harold Green, of "Printers Ink," the weekly magazine of advertising, Chicago, will speak at 10 a. m. Monday in the Journalism Building.

Glee Club To Give Two Performances

The University Women's Glee Club under the direction of Mrs. Helen Hamilton, will give two performances out of town on May 7.

JIM BRADDY, PRESIDENT OF Phi Eta Sigma, pins an Honors Day ribbon on President Donovan as Pat Patterson, president of Alpha Lambda Delta, looks on approvingly.

Broadway Hit 'Harvey' To Open Here Monday

The Pulitzer Prize comedy, "Harvey," will open at 8:30 p. m. Monday at the Guignol Theatre in the Fine Arts Building.

Selective Service Tests Will Begin On May 26

The United States Selective Service Qualification Test will be given by the Personnel Department of UK for the first time on May 26.

May Queen Finalists Are Elected

Finalists for the Queen of the May Day were elected last Friday by popular student vote. The seven coeds are Madge Barnett, Lucy Crawley, Eleanor Gash, Jean Harwick, Nancy Harris, Betty Nash, and Harriet Russell.

FINALISTS IN THE MAY QUEEN CONTEST are back row, left to right; Jean Harwick, Betty Nash, Nancy Harris, and Lucy Crawley; front row; Eleanor Gash, Harriet Russell, and Madge Barnett.

Academic Appreciation Day

UK's annual Honors Day convocation, this year combined with the final Blazer lecture, recognizes those UK students who do not often make the headlines but whose achievements will mean much to the prestige of the University in the future.

We think Dr. Donovan has done an excellent job of explaining the importance of Honors Day in the letter which he sent to the parents of those students who will receive recognition Thursday night.

"These honor students make and will continue to make the University a proud institution. It is from them that the state's future leaders . . . will come. From them will come the leadership necessary to maintain and to raise the standard of living, the democratic tradition, and the spiritual values of our citizenry."

The newspapers and radio are constantly calling attention to our successful athletes, and we are proud of our athletic success; but it must never be forgotten that the student who achieves high academic distinction is the object of our greatest pride. Scholarly achievement is much more important to us than athletic achievement.

Many parents and friends will be present to help honor these top scholars. We hope a great many UK students will be there too.

Vote—For SGA's Future

Students who complain about the futility of the Student Government Association will be inclined to feel it isn't worth their trouble to vote in today's election. But we think a second look at the situation will indicate that the number of ballots cast is pretty important, no matter which side wins.

A large vote would mean that the students are behind SGA and sincerely want it to function as a Student Government Association should. It might help SGA get the governing power it needs to get back on its feet again and it would certainly give the Assembly more incentive for action.

This is by far the most important SGA election of the year. A president, vice president, and 20 representatives are to be chosen. The candidates seem pretty evenly matched, and the outcome will probably depend upon which side is best able to "get out the vote."

The Kernel maintains its policy of strict neutrality in regard to campus politics. But we strongly feel that a large vote in this election is extremely important to the future of SGA. The degree of student interest could be the deciding factor as to whether SGA sinks or swims.

War News Made Easy By Clever Minnesotan

Unless you've undergone a short course in code deciphering, you've probably been wading through most of the war news and getting only a foggy idea of what's going on. But a brilliant boy at the University of Minnesota has penetrated the curtain of cliches and has mercifully compiled this glossary of war terms, which we think you'll enjoy.

If you want to impress people with your knowledge of current events, just memorize a few of these luckynegy expressions. If you work hard at it, you might even snag a job as Head Korean Censor.

HOW TO UNDERSTAND THE WAR NEWS:

Table with 2 columns: The Cliche and The Translation. Includes terms like 'Planned withdrawal to strengthen position', 'Fleeing in confusion', 'Rallying in thousands to their country's defense', etc.

The Mailbox

Politics, Grading System Are Subjects Of Letters

Editor, Kernel:

As a candidate for the Presidency of SGA, I would like to point out to my fellow students some of the aims and objectives of the Constitutionalist party.

- (1) Instigate on the campus an honor system.
(2) Stimulate interest in the election of members to SGA.
(3) Organize a campus chest which would provide the funds for the numerous collections made by charitable organizations.
(4) Improve the present faculty rating system, making a more comprehensive survey and to develop a method of actually determining the value of such a survey.
(5) In closing, I would like to point out that in the past two years a representative from each of the two parties on the campus has held the office of President of SGA. This proves that SGA is truly representative of all students and is not dominated by a so-called minority group.

Sincerely, Bruce Cotton, Constitutionalist Candidate for SGA President.

Open letter to the Students. As a citizen of the University Community, you have a right to know the issues in the forthcoming Student Government election. And there are issues. The party which now and for many years has dominated the Student Government has always represented the interests of a very small group consisting entirely of Greek-letter organizations. During the reign of this so-called Constitutionalist Party, the Student Government has steadily declined until it has become an impotent, useless, and unimportant body. Yet on most great American campuses there is a powerful and effective Student Government dedicated to the best interests of the entire student body. Every student and organization on this campus has problems and interests which require a strong and effective Student Government. Each student contributes financially to the SGA through registration fees, and is entitled to proper representation. To combat the existing evil, and to build a workable and effective SGA, the United Students Party has been established by Independents and those Greek-letter organizations which are against minority rule.

Outdoor Classes

Dear Editor: I read the columns of the Kernel to publicly thank a number of professors and instructors on the campus—and to issue a plea to a number of others?

The thermometer hit a new high Tuesday, and from all indications—including the lousy weather this winter—we'll have a mi-ah-ty hot summer. So praise be and salutations to the teachers who show mercy! Like holding classes outside, for instance—where you can sit in the shade, instead of a hot box of a classroom, and enjoy a few stray breezes. And, much as I hate to mention it, there are, during the winter, teachers who, having finished the class lecture earlier than they expected will "fill up the time" with insignificant comments or unnecessary "reviews." That's bad enough in the winter—but not when it's so hot! Please, please, dear teachers—let us go, let us get out in that beautiful sunshine when you have nothing more to say that is pertinent or of any value.

Once again—our grateful thanks! (and humble pleas). Theron

Thank You, Suh!

Dear Editor: I can think of no better method of expressing my congratulations to you and your staff for the high rating your paper received from the Associated Collegiate Press.

In my estimation, this is another star that the University of Kentucky can add to her crown. I believe that achievements like this are just as important to a university as are those that are reached in the athletic realm. Many of our UK students evidently do not appreciate the Kernel. Last week when I entered the post office to get my Kernel, the usual sight greeted me. Kernels were strewn all over the floor and the trash can was full of the latest publication. Students are much too critical of the Kernel. I too am guilty of that same thing at times. Even after the rating as one of the 13 best college papers in the nation, I'm convinced that the Kernel is OK.

The students must realize that the Kernel is run by journalism students who are getting their first dose of fire. Naturally, they will make mistakes because they are still in the process of learning just like all the other students in the university.

I take my hat off to you, Miss Editor, and thank you and your staff for bringing another big honor to my University and State.

Sincerely, A proud student.

'Brain Equalizer' Plan Would Eliminate Test

An Open Letter to President Donovan: I have just finished interviewing

The Kentucky Kernel

UNIVERSITY OF KENTUCKY

Issued weekly during school, except holidays and exams, and entered at the Post Office at Lexington, Kentucky, as second class matter under the Act of March 3, 1979.

Exams For Seniors

Editor, the Kernel: Since my protests to my professors have fallen on deaf ears, the Kernel seems to be the next best way to keep against. The source of all this woe is the fact that I, a graduating senior at last, am going to be forced to undergo examinations in three subjects in which I have at least a B. I even have an A in one of them. For lo, these four long years, I have looked forward with bated breath to the day when I could take off for Boonesboro while those not fortunate enough to be a mighty senior crammed for the calamities. From the very beginning of the semester, I have worked to keep B's in all my courses. The extra effort

**Social Scene**

**Clara-fying Campus Capers**

**By Clara Earty**  
 Derby weekend has arrived and today the great migration to Churchill Downs will begin. Girls in their prettiest "Derby hats," and boys in their newest summer suits will swamp Louisville for the big weekend.

**PHI DELTA THETA** social fraternity will hold their annual "Derby Dance" tonight at the Lexington Country Club.

A sweetheart of the Phi Delta Theta will be selected for the first time at the Derby Dance.

**THETA OF KAPPA ALPHA** has announced the initiation of the following men: John Cash, Kenneth Cole, Whitner Dunlap, Ben Ardrey, Jack Kloverer, Fred McCom, John McElroy, Bruce Miller, Joe Moore, Sonny Hecker and William House.

**THE OUTING CLUB** will take an overnight trip to Camp Daniel Boone tomorrow night. The club members will leave from the SUB at 1:15 tomorrow afternoon, and return Sunday afternoon.

It should be great fun, for there will be swimming, hiking, and group games.

**THE HOME ECONOMICS CLUB** will entertain with a breakfast in honor of the graduating seniors, Sunday morning at 8:30, in the Home Ec building.

Lion Thompson and Ann Laine will be in charge of the arrangements.

**SIGMA CHI** entertained with a tea in honor of the contestants and judges of the "Best Dressed" contest Tuesday afternoon.

The chapter house was decorated with bouquets of spring flowers and roses. Refreshments of fruit punch, miniature sandwiches, and cakes were served to the guests.

**KENTUCKY ALPHA CHAPTER OF SIGMA PHI EPSILON** was the host last weekend for a tri-state softball tournament. The chapters from the University of Cincinnati, Miami University in Oxford, Ohio; and Marshall College in Huntington, West Virginia were the guests. A party was held at the house on Friday night. Kentucky Alpha defeated Miami for the championship. On Saturday night a party was held at the Green Dome.

**ALPHA GAMMA RHO** will hold its annual "Punk Ritz" formal tonight at the Bowling Springs Country Club.

Music for the dance will be furnished by Tucker Bagarty and his band.

"HARVEY" will be presented by the Guignol players Monday through Saturday of next week. Those who will go at the Sigma Chi "Best Dressed" contest, saw a review of what should be one of the best productions of the year.

**THE NEW PRIZES** of the Kappa Alpha fraternity are the following: Charles Moore, Ed Cate, Charles Dan Young, Buzz Moberly, Ed Oyler, Walter Woodford, Randall Landei, and Bruce Glenn.

New members of Lambda Chi are Charles Harrison, Ed Cate, Charles Johnson, Bob Beecher, Harvey Kerton, Jim Hurler, Marvin Jones, Tony Batschi, Tom McConight, Buddy Kolb, Bob Gleason, Don Sullivan, and Art Virginia.

**SOI WEINBERG** has been elected president of Zeta Beta Tau social fraternity. Other officers are: Evan Sturm, vice-president; Malcolm Cole, secretary; Henry Abraham, treasurer; Gerry Dulbow, historian; and Don Pressman, IFC representative.

**CUMPS CAPERS**

**Pinned**  
 Carol Schields, to Fred Parr, NSP.  
 Louise Wilson, (Boyd Hall), to Bob Williams, BSP.

**Engaged**  
 Ann Mautz, ADPI, to Wally Roy, DTD.

**Presbys Plan To Clean Up**

Presbyterian students will indulge in manual labor Saturday with a work session at their Hanna House. Beginning at 2 p.m., they will clean up the house and the yard. The service committee, with Fay Sumpster in charge, is responsible for the session.

Movies from the series on the "Life of Paul" will be shown at the Forum Hour Sunday night. Westminster Fellowshipists will meet at 6:30 p.m. for supper, at 7 p.m. for Evensong, and at 7:30 p.m. for the program.

The weekly Bible study group has begun a study of Micah. Members of the group are Bob Blumer, Pat Lancaster, Marilyn Harris, Betty Paul, Lanny, Annette Westerman, Katy Tanner, Randall Martin, Dorothy and Jim Dickenson, and Doris Dan Thomas.

Plans are now in progress for a holiday and winter rush at the student group of Second Presbyterian Church May 12. Bob Weldon, Betty Paul Linney, and Doris Fisher are making arrangements for the party.

**Law College Names Student Bar Leaders**

New officers of the UK Student Bar Association and of Phi Delta Phi legal fraternity have been announced by the College of Law.

The new Bar Association leaders are Carl L. "Hoot" Combs, president; Gene Hines, vice president; Anne Woods, secretary; and Charles Martel Hale, treasurer.

Members Phi Delta Phi during the coming year will be Cecil D. Walden. Other officers elected include Joe Hagler, exchequer; Joe Waters, clerk; and Robert Hall Smith, historian.

**Steady Boys!**

**By D. Coy**  
 The University women seem to be more anxious to get untanned than the men. You may have noticed that this week. And in a few more weeks you will see the well-done necks in low neck dresses, which is a sure sign that summer is just about here.

Girls yearn for the time to come, so they display their most enticing charms. But they are a little leary about low cut dresses at the first of spring. Whether a girl is bossy or no, she is self-conscious—at least on the first couple of outings—in a low cut dress.

You can tell this by just watching their eyes if that is possible. Every few seconds they will take a look to see whether or not the dress has slipped. This cautious period runs for most girls until about May 15, if it is an early spring and the low cuts are launched around April 20.

**SOME GIRLS ARE** not concerned about who notices what they are wearing. They go right ahead and adjust. But this type is rare, at least in the early days of spring. Others keep pulling at the dress, pretending nervousness in a lot of cases, without first making a visual check. Some of the more sneaky ones ostensibly look down to check their shoes, bow, adjust their belt, straighten a pin—anything to steal a check on the neckline.

And then there are the few who get carried away by conversation, and completely forget about their new kind of dress. These hapless don't last long due to beams that emit from the eyes of males present. (Some fellows wear sun glasses to cope with this type of girl.)

It is safe to say that around June 1 the alert period is completely gone. By that time girls have either fitted their dresses more snugly or have become completely indifferent.

Along here should go a UK incident which might have something to do with the subject.

It happened in front of the SUB last spring. A beauty queen in a low cut dress was enthusiastically telling a story to a mixed group. She dangled a cigarette, being the type of girl smoker who never puts the face in the mouth except to light it. As she talked and the length of ash grew, she was constantly striking sophisticated poses with it.

**SHE WAS IN ONE OF** these poses

**LOU TODMERS IS ALL SMILES** as she holds the trophy designating her as the Lambda Chi Alpha Crescent Girl of 1951. The presentation was made last Friday night at the Lambda Chi Crescent Ball held at Bowling Springs Country Club. Harry Buttrick, also shown in the picture, was Miss Toombs' escort.

**Sunny Weather Gives Coeds Chance To Display Charms**

**By D. Coy**

### Alumni News **THEN and NOW**

**H. D. EASTON**, formerly of Lexington, is an independent oil geologist who is now living in Suwaneeport, La. While a professor of mining engineering at the University, Mr. Easton obtained his degree. His present address is 312 Slatery Building.

**RESERVE COL. VICTOR SWANKIN**, formerly of Science Hill, Ky., has been recalled to active service and assigned to the air inspector general at Washington, D. C. He has been a special assistant to the Attorney General since his return to the United States three years ago from Germany, where he was a judge in the Microchocers war trials. Colonel Swankin's home is in Detroit.

**MRS. J. L. WALKER**, the former Margaret Ligon of Lexington, has been connected with the Princeton city schools for the past nineteen years. She formerly taught a year at Hazard and a year in Franklin, prior to her experience in Princeton. Mrs. Walker is a Y-Town adviser and Junior Class adviser at Burlington College.

**COL. EUGENE H. COGAN**, formerly of Lexington, has been assigned as commanding officer of the 19th Infantry Regiment of the newly reactivated 5th Infantry Division, at Indianapolis, Ind. Formerly with the Adjutant General Corps in Washington, D. C., Colonel Cogan has a record of 41 months of overseas service and has been awarded the Bronze Star and Commendation Ribbon.

**JOHN M. RIDGWAY** of Lexington has been elected superintendent of the Lexington city schools. Mr. Ridgway has been with the Lexington school system for 20 years and has served as assistant acting superintendent. Ben Herr since the death of Superintendent W. T. Rowland in 1949.

He was director of pupil personnel from 1932 to 1940 and taught at Lexington Junior High School for 12 years prior to this.

Mr. Ridgway was graduated from Morehead State College in 1931 and received a degree in education from the University of Kentucky in 1936. He is a native of Polk, Ky.

**EMMA M. MITCHELL**, instructor in Bacland High School, was

### Women's ROC Program Has July Deadline

The Navy Department has announced that the deadline for filing of applications from college women for participation in the Reserve Officer Candidate (ROC) program has been extended until approximately July 1, 1951. Successful candidates will attend a six weeks summer course at the U.S. Naval Training Center, Great Lakes, Ill.

This announcement said that successful candidates for the ROC program will receive pay for their six weeks training period at the approximate rate of \$25 per week, travel expenses from their homes or colleges to the training school and return home, uniforms, food and lodging at the school. Upon completion of two summer courses the successful candidates also receive a commission as ensign in the U.S. Naval Reserve, provided she also receives a bachelor's degree from her college by the officer-in-charge of the ROC school and the commanding officer of the school is located in the United States. Applicants must be at least 18 years old at the time of making application for ROC training and must be at least 21 and not more than 25 at the time of their commissioning.

Requirements for enrollment in the ROC program also include United States citizenship, enrollment in good standing at an accredited college or university, physical fitness, good moral character, membership in the U.S. Naval Reserve, and have no dependents under 18 years of age.

Navy officials have called particular attention to the fact that successful candidates for commissions in the ROC program would not be "frozen" in an enlistment status. Hence, such unsuccessful candidates would not be required to remain in a reserve status subject to military active duty in an emergency.

With the deadline for receiving applications set at approximately July 1, 1951, students in this area are urged to apply to the ROC program as soon as possible. The ROC program is administered by the U.S. Naval Reserve Training Center, Spring Hill Drive, Lexington, for full details on the ROC program.

JOHN R. PEAK, left, president of the UK College of Pharmacy student council, presents a check for \$300 to Nathan Kaplan, president of the Kentucky Council of Pharmaceutical Education. The money is to be used to further pharmaceutical education.

### Pharmacy Students Donate \$300 To Further Study

The 161 students of the College of Pharmacy recently donated \$300 to the Kentucky Council on Pharmaceutical Education, Dean Earl P. Stone has announced.

The gift, presented through the college's student body, is headed for the newly established Curry-Dilly Memorial Foundation, income from which is to be used for scholarships, loans and awards.

This foundation is a memorial to Drs. Gordon L. Curry and Oscar C. Dilly, past deans of the College of Pharmacy.

The Louisville College of Pharmacy, forerunner of the present school, was organized Aug. 16, 1879, and incorporated Feb. 6, 1872, as a non-profit educational institution.

The late C. Lewis Ditch was president and operated without a dean until the appointment of Dr. Curry in 1894. Dr. Dilly succeeded Dr. Curry in 1917 and was dean until his death in 1925. Then Dr. Curry became dean again and served until he assumed emeritus status in 1946. He held that position until his death last year. The college became a part of UK in 1947.

"It is noteworthy that the years of unselfish service of these men, shared by their families, have influenced the present student body to contribute so generously to this cause," said Dean Stone in announcing the gift.

Donations are also being received from practicing pharmacists, alumni, and others interested in pharmaceutical education.

### English Prof's Book In Print

"The Secular Lyric in Middle English," a book by Dr. Arthur K. Moore, assistant professor of English, was published April 28 by the UK Press.

The book, the first critical study of non-religious lyrical English verse composed during the 300-year period beginning with the thirteenth century explains the literary and historical significance of the memorable verse of that era.

An introductory section, dealing with the origin and development of verse, discusses the earliest specimens that have been preserved in Middle English.

A graduate of Morehead College, Dr. Moore is a native of Lexington. After three years on the English faculty of Tulane University, he joined the UK faculty in 1929. Prior to that in the Southwest Pacific during World War II he had taught at Vanderbilt University and had there received his Ph.D. degree.

Dr. Moore, who teaches advanced courses in English literature of the medieval period of UK, has written numerous articles on topics related to that field. In 1949 he was co-author with Dr. Thomas B. Stroup of "Humanistic Scholarship in the South," a book published by the University of North Carolina Press.

### Faculty Personal

**PROF. FRANK J. PRINDL**, assistant professor of music and director of the UK Concert Band, has been invited to be the guest conductor for an Hawaiian Islands music festival to be held May 11 and 12 at Honolulu.

In addition to conducting a band concert on May 14, Prof. Prindl will judge band competitions at the annual spring festival of the Hawaii Music Educators' Association, and will inspect Honolulu high school music departments.

**DR. LAWRENCE S. THOMPSON**, director of libraries, spoke to the Ohio Valley Region Catalogers' conference on April 27 at the University of Cincinnati on "The Scholar and the Future of the Library Catalog." Dr. Thompson has recently accepted an invitation from the University of Chicago to deliver the summary lecture at the Sixteenth Annual Conference of the Graduate Library School, July 18-21 on "Cultural Determinants of Scholarly Librarianship."

**MISS MARY MUMFORD**, MISS LEORA BENTLEY and MISS FLORENCE IMLAY of the College of Agriculture and Home Economics, are attending the Southern Regional Conference on Children Under Six, meeting in Nashville. Taking part in a panel discussion, Miss Imlay will report on what is being done in the Southern states as a result of the White House Conference on child welfare.

**DR. A. E. BIGGE**, DR. N. H. BINGLER and DR. D. V. HEIGEMAN are in Chicago attending the Central States Modern Language Conference. All are of the German Department.

### College Of Pharmacy RX NOTES

**By Eugene Miller**

Kappa Psi fraternity recently held election of officers. The following new officers were installed: president, William Monroe; vice president, Wilfred H. Danmore; treasurer, Robert Kimball; secretary, Clifton Hurst; historian, Jack Smallhouse; and chaplain, Robert Corum.

Two films were presented by the McKesson-Robbins Wholesale Company to the junior accounting class on April 18. The films entitled: "The Merchandise Advisor" and "Solving and Selling Problems" are pictures from a series of eight films which will be shown this summer in the McKesson-Robbins Sales School. Mr. Ellis Minton, house manager of McKesson and Robbins, gave a short talk and interesting synopsis of each film. The McKesson-Robbins Sales School will be formally announced at some later date.

**CAROL SHARPE** and **JIM FITZGIBB**, secretary and president respectively, of our student branch of the A.P.A., recently attended the national convention in Ann Arbor, Mich. They reported to the students that our chapter is progressing vigorously compared to some of the minor accomplishments attained by other chapters. Carol Sharpe was elected as secretary-treasurer of District Four, which is the largest district of the seventy pharmacy colleges in the United States. It was announced at the next convention, the University of Illinois will set as host in Chicago, Illinois.

John B. Morris is now employed at the T. F. Taylor Drug Company. He is a junior at the College of Pharmacy and is serving his apprenticeship at Taylor's Fourth and Market Street store.

The Kappa Psi Spring Formal was held at the Henry Clay Hotel in the Rainbow room on April 28. Joe Bryant's Orchestra provided the music.

**THE MANUFACTURING PHARMACY CLASS** visited the Central Pharmacy Company in Seymour, Ind. on April 29. Dr. A. E. Slosser, who instructs the course took his class through the pharmaceutical laboratories at Central and observed

### Ray Robinson Elected By Young Democrats

Ray Robinson, student in the College of Law, has been elected president of the UK Young Democrats Club.

Other officers are Roy Moreland Jr., first vice president; Sidney Neal, Jim Lucas, Robert Warden, vice president; and Dorothy Neal, secretary.

The purpose of this organization is to stimulate interest in government and elections among students. The club participates in local elections and other political activities of the Democratic party.

### Engineering Students Write Prize Papers

G. O. Mitchell and Miss Barbara Benn, seniors in the Civil Engineering Department, won second and third places in the paper competition at the joint meeting of the UK and University of Louisville student chapters of the ASCE at Louisville last Friday.

"Concrete Revisions in the Mississippi" was the topic of Mitchell's paper and Miss Benn spoke on "Women as Engineers."

### Upperclass Y's Plan Noontday Devotions

The Upperclass YMCA and YWCA are sponsoring a series of noontday devotions. They will be student-led worship services which will meet from 12 noon to 12:15 each Tuesday and Thursday in the Y-chapel. All students and faculty members may attend.

### Blood Donors Sought By Versailles Center

The American Red Cross is soliciting students' support in blood donations for the war effort.

Students who are willing to support this program are asked to sign up at the SUB desk and then report to the Collection Center in Versailles on May 7 between the hours of 11 a.m. and 5 p.m.

# Delts, Phi Sigs Reach I-M Semis

### Will Meet Today As Teams In Both Leagues Set To Decide Best Nines In Win Division

Phi Sigma Kappa and Delta Tau Delta became the second pair of fraternity teams to enter the winners' semi-finals in the Greek division of intramural sports as they beat Sigma Phi Epsilon and Kappa Sigma, respectively.

The Phi Sigs turned on the power Friday to down the Sig Eps, 19-4. Then on Monday, the Delts, looking like the team to beat among the fraternity nines, shut out the Kappa Sigs, 5-0.

Previously T.I. Lang and Phi Kappa Alpha had won their way into the upper bracket semis and are scheduled to meet today at 8 p.m. The Phi Sigs and the Delts also are slated for an encounter this afternoon at 4 o'clock. However, the Kentucky Derby may intervene and cause the games to be called off.

In another top-lipped clash, Doc Wall's Dorn outfit is set to meet Scott Street Barbers in the right-hand cap of the I.M. playoffs for today. Their important game is scheduled to get underway at 10:30 p.m.

Alpha Sigma Phi won its second game this week as Sigma Phi Epsilon's errors Wednesday gave the contest to the Alpha Sigs by a score of 14-13. Previously, Sigma Phi Epsilon had beaten Phi Kappa Tau, 10-8, in a game played on Monday.

Tuesday saw a pair of independent teams advance in the loser's division of their tournament. Parma House eliminated Newman Club from further competition, 12-11. In the second game, R.S.U. blasted the Barbers by 11-0 to drop the Law nine from the lineup.

Sigma Nu backed up pitcher Dan Anderson with 18 runs in the only fraternity game on Tuesday to outdistanced Alpha Tau Omega's seven corners. The loss bumped ATQ from the loser's division to the tournament.

Two more Greek nines were eliminated on Wednesday when Sigma Alpha Epsilon slugged Sigma Chi, 12-11, and Phi Delta Theta dumped Lambda Chi Alpha, 5-2. Alan March hung on to win the game for Sigma Phi Delta as he pitched a shutout.

While the Phi Deltas took advantage of wildness on the part of Dick Mack and hits off Phil Hayes to win over Lambda Chi.

Games scheduled for yesterday included Sigma Nu vs Kappa Sigma, Kappa Alpha versus Zeta Beta Tau, and Alpha Gamma Rho versus Sigma Alpha Epsilon. All are loser's division contests in the fraternity league.

# Sports Questions Are Back; Sopchek To Pass Out Fags

Editor's note: The contestant who answers the most questions correctly will receive a free carton of Chesterfield Cigarettes. Entries should be addressed to the Kernel Sports Department. Deadline for receipt of entries is Tuesday afternoon at 5 o'clock. Entries should be mailed no later than Monday.

1. What UK footballer received the "Most Outstanding Player" award in the 1950 Sugar Bowl clash?

2. Bill Spivey was the (a) 1st, (b) 2nd, (c) 3rd, or (d) 4th UK player to win the Helms Foundation Award as the most outstanding player of the year?

3. The whole Kentucky football team was arrested in 1905 and forced to play Morgantown, W. Va., or

# Physical Ed Party To Be Given Monday

A Physical Education Party will be given Monday in the Women's Gym from 7-10 p.m.

Entertainment will include folk and social dancing, songs by Al Bruno, Doug Moseley and Bill Leisner, an act from the Trupper show, and a tap dancing concert.

Admission to the party is 75 cents per couple and 50 cents single. This money will be used to defray the Detroit field trip expenses.

The party is being sponsored by the class in secondary school physical education under the direction of Miss Martha Carr and Mr. Maurice Clay.

# Track Meet Last Event Of I-M Year

With the Churchill Downs clash in the history books and the Kentucky High School meet just around the corner, University track hopefuls will gather on Still Field from Wednesday to Tuesday to see the coup de grace to the intramural calendar for this season.

The last event scheduled for the meet, the meet will be run off in two days. Qualifying races and field competition are set for Wednesday, May 16, with the finals of both categories occurring on May 17, the next day.

Included on the agenda are five races and four field events. The track division of the meet will incorporate the 100- and 220-yard dashes, 660-yard run, the half-mile

relay and the 120-yard low hurdles. The field will embrace the high and broad jumps, javelin throw, and a 12-pound shot put.

Six men will qualify in each of the running events and four from the field competitions for the finals on Thursday. Starting time for each day will be 4 p.m.

A contestant may enter any combination of three events in track and field, not counting the relay. May 11 has been set as a new deadline for entries for the meet and May 14 as the final date for any changes of race contestants.

Restrictions on those eligible for the meet are that no letterman, or the runner of last year may compete. Also, fraternity pledges must have been pledged before April 16 of this spring.

Points will be awarded in the meet toward a team championship and outstanding individual performance on the basis of a point per qualification, five for first place, three for second, and a single score for third.

Participation points will be given to winners and runners-up in each event, and qualifiers. Two points go to the first place winner, one to the second place winner, and one to the third place winner.

A physical examination will be required for the 660-yard run. The record of the check-up should be in the I-M office in Alumni Gym by May 15. Manager William McCubbin also is requesting that runners in the distance event practice not less than three days per week up to the day of the meet. A fee of 25 cents will be charged everyone for registration.

# Home Ec Honorary Installs New Officers

Phi Upsilon Omicron, home economics honorary, held installation ceremonies for their new officers at a special meeting yesterday at the home of Dr. Stacie Erickson, of the Home Economics Department on Barbary Lane.

Those to lead the group for the coming year are president, Ann Barwood; vice president, Rachel Johnson; recording secretary, Margaret Griffin; corresponding secretary, Eloise Lore; treasurer, Mary-Ann Wright; and secretary, Pat Lancaster; librarian and historian, Betty Ford; and John Witten; and

# Volts Invade Here Today And Saturday

### SEC Championship At Stake For UT Nine In Series

By Don Armstrong

In what may be a pair of crucial contests for Tennessee, Kentucky's diamond nine takes on the Volts at Legion Field today and Saturday.

Monday the Cats will meet Cincinnati on the local diamond. Kentucky carries a six-win, five-loss record into today's game.

Starting on the hill for the Cats this afternoon at 3 o'clock will be one of UK's hottest hurlers, Al MacLeod. Currently sporting a two-win, no loss mark, MacLeod is credited with wins over Centre and Guy Strong, also holder of a 2-0 record, is listed as the probable pitcher in tomorrow's contest.

A control artist, Strong should work well in the hot weather. The Volunteers are ahead of the Southeastern pack and seem to be on their way to the conference baseball crown. Kentucky used three by margins of a single run over Tennessee last year to gain its championship of the Eastern Division of the league.

Saturday's contest will begin at 2 o'clock.

First baseman Walt Hirsch will change jobs on Monday and assume the role of a starting pitcher. The Kentucky baseball team has only one left-handed hurler in its lineup, the right-handed starter.

Umpires for the home series will be John "Beer" Showalter and Abe Shannon. Familiar faces around Legion Field, the blue jersey arbiters have worked every Kentucky home game this season.

The All-Stars were coached by Manager Jack Johnson.

Several members of the past season's UK freshman squad saw action in the contest. Fifteen men in all got into the game for Kentucky.

Bobby Watson, Mike Moore and four with 16 points, closely followed by Cliff Hagan and Bill Spivey with 14.

E. M. Mobley scored 11 for the All-Stars, followed by Dave Martin with 8 and Jay Mayhew with 7.

Andy Paton—UK Tennis Coach

Coach Andy Paton's tennis squad, scheduled to action yesterday against Centre, will travel to Cincinnati on May 9 to take on the Bearcat return. On the following day they will return home for a match with Western.

There will be no Sunday classes at the University of Tennessee next semester.

Tomorrow is the next day of Spring.

All graduating classes at Ohio State have been composed mostly of people.

Contrary to popular belief, it was not P. D. Roosevelt who threw the silver dollar across the Potomac.

The words "Selective Service" are derived from an old Persian term meaning "Throw the Christian to the lions."

If all the elephants in the world were destroyed, elephants would be extinct.

Scientists have proven that General MacArthur is not Hopalong Cassidy in disguise.

Shirts Finished TO YOUR ORDER

Come To De BOOR opposite stadium Laundry Cleaning

HE'S IN THE ARMY NOW: Pvt. Edward G. Kozlowski, a member of this season's UK football team is shown being given a classification interview at Fort Meade, Maryland, where he is now taking basic training.

# Baseballers Troupe Centre; Al MacLeod Wins Five-Hitter

Frank Ramsey and Don Fucci led the way in the third frame for the Cats as each had two hits while Kentucky was holding around and scoring 12 runs. Ramsey hit a triple his first time up and later added a single. Fucci socked a pair of singles.

Centre's starter, Jack Carayannis was dished from the mound in that inning after he had allowed eight hits, walked five, and watched the unlikely 12 cross the plate. Leigh Bush rebounded Carayannis and pitched the rest of the game.

The Wildcats worked Ruth for five runs in the next three frames or two homers and a theft of home. Bob Terrell picked out a fat pitch and carried the bases behind two of his mates in the fourth. Tom Wilkman got a four-bagger in the fifth with the sacks empty.

Don Fucci ended the scoring when, in the sixth inning, he stole home. The last trio of innings went scoreless for both teams.

Ramsey was the leading batter for the Wildcats with three hits in four trips to the plate. On the defensive side, Lou Thayeropoulos started the game for Kentucky and turned in a creditable performance in receiving MacLeod's offerings.

Score by innings: Ky: 0 13 3 1 1 0 0 0—19 12 5 Centre 0 0 0 0 2 0 0 0—2 5 5 MacLeod and Thayeropoulos; Carayannis, Bush, O., and Coochawoocher.

Now every radical plan of any sort has always had bitter criticism, so I expect a few criticisms on my plan. The chief complaint probably will come from certain educators who will say: "You're crazy." And then supporting their accusation: "What about the standards?" The University of Kentucky would be dropped from the accredited list.

I am very pleased to give you this information. Feel free to contact me to assist you in working out details in the solution to this presenting problem.

Sincerely, William J. Dingelink

FOR THIS PEN YOU'LL DISCARD ALL OTHERS!

GRADUATION is your day! To make it extra wonderful, hint now for a New Parker "51". This is the world's most-wanted pen—favored by leaders in every field. The only pen with the Aero-metric Ink System, it brings new writing pleasure.

A 14K gold point, tipped with Platinum, glides satin-smooth... ink meters out into a perfect line. The reservoir is Ph-glass. (There are no rubber parts!) It stores more ink visibly. And filling this pen is simplicity itself!

A New Parker "51" will make your graduation the commencement of new pride, new writing satisfaction. The Parker Pen Company, Janesville, Wisconsin, U. S. A., and Toronto, Canada.

# Wildcat Football Aspirants Climax Spring Preparations

Editor's note: The author of this article is assistant manager of the football team. He has been with them through all practice sessions!

By Thornton Wright

Climaxing 37 days of rugged practice, UK's varsity griders held their annual Blue-White inter-squad game last night.

The Kernel went to press too early to get an account of the game. Seventy-three boys, with the exception of a few who were injured, came through the drills which, at first were composed of conditioning and fundamentals, but later branched out into the basic offensive and defensive attacks that Coach Paul Bryant will use next fall during the season. Several new variations have been added by the coach since the Sugar Bowl tilt at New Orleans.

Hampered heavily by the loss of seventeen regulars who bolstered the Sugar Bowl champions, Coach Bryant has had the problem of rebuilding the team by filling the vacant places with several junior varsity holdovers and last year's freshman squad. In this Coach Bryant said he had been considerably disillusioned for he felt that the squad as a whole had not exerted the effort that they were capable of and therefore have not lived up to their full ability thus far in spring practice.

If this situation was evident during the inter-squad game and continues next fall, Coach Bryant will feel compelled to use next year's freshmen. However, the coaching staff has been heartened by the performance

The Outing Club of the SUB will sponsor an overnight trip to Camp Daniel Boone this week-end. Members in good standing should sign up before noon this morning in Room 122, SUB.

Students wishing to log will meet at the Student Union tomorrow at 1:15 p.m.

Women May Apply For Scholarship

New Parkers. Parker writing ease and enjoyment. Smooth, interchangeable pen. Single-stroke filler. 4 colors. Metal cap. (No F.E. tax) Pen and pencil, \$5.00. Pen alone, \$3.00.

### Golfers Split With Cardinal And Toppers

In golf action the past week the Wildcats inked in an even split. Defeat was tasted in an engagement at Louisville against the Cardinals. It was a close match with the Wildcats losing by a failing on two holes. The Cardinals have defeated the Cats on one other occasion this campaign.

The second contest for the week was against the Western Hilltoppers, and the Kentucky golfers walked off with a decisive victory. The win was achieved without the services of Craig Wright, the star of the Wildcats' week as compared with 15 for the boys from the Bluegrass.

Johnny Owens, star of last year's team, has had a normal 15 for in his first year as mentor for the Kentuckians. Under Owens the Cats have lost only three and have averaged one of those defeats in a return match.

SPRING HAS FINALLY ARRIVED at last. And here's positive proof. Tins Louise (left) and Carolee Boria and a pair of lucky guys talk things over in preparation of displaying their talents on the tennis court.

### The Stewpot

## Jazz Concert Still Subject Of Discussion

By Dorman Cordell

A headline on the North Carolina State college newspaper reads, "Baseball Replaces Sex as N. C. State." Say, don't you think that carrying this sports craze a little too far?

Apparently the University of Kentucky has incurred the ill will of all people, the music critic at St. John's University, Tom Kelly, apparently disgruntled by a remark said in his music column recently under the heading "Southern Culture" that UK's much-discussed and cussed jazz concert had been canceled and a religious song convention scheduled instead. (Kelly is one of those on-the-spot, always accurate newshounds.)

"He stated, 'Perhaps Adolph Rupp will have to go to the Sweet Bye and Bye or some other song,'"

We are happy to see Kelly taking an interest in one of our favorite baritone, "The Last We Heard, Rupp the singer last year sang a rousing march for the benefit of the St. John's basketball team, accompanied by a musical aggregation known as the "Singing Seven."

This Kelly guy writes a column called "From Bach to Bop." In the same column, which was published in the "Alleluia" chorus of Handel's "Messiah" is played. This was very enlightening to us uninitiated Southerners; in fact, we picked up some priceless information. This was reading Kelly's column, we — and George Friedrich Handel — had all ways thought it was the "Hallelujah" chorus they played when everybody stood up. Thanks a million for the truth, Kelly.

If you think you've got troubles, listen to this — and take warning, girls. At one university, whose name we can't remember, some dirty son-and-so slipped a pore little co-ed's name in the Daily Man Contest — and she won! As Tom Payne would say, this is true.

If three pencils cost 10 cents, how many pencils can be bought for 30 cents? That is one of the sample draft deferment test questions. But don't be fooled — that one just dinks suckers. In another one of the samples gives a learned discussion on semiotics and then poses this one to us — The author's support for his claim that the ingenuity of semiotologists has never been surpassed is (1) that the early philologists were very resourceful in developing theories which were almost poetic in conception, (2) etc. Brodier? We have a real good one picked out to spend the rest of our life in. Anybody want to go along?

A headline in the University of West Virginia student newspaper tells us "U" Riflemen Shoot Victim.

## Frustrated Writer Tells Of "Kid's" Downfall

By Ed Coffman

"There is was at 20,000 feet with one engine cranked out, flat on my back eating ice cream. It was horrible — the ice cream was beginning to melt." Having read enough of the fabulous war adventures of Col. J. C. Himpelstick, USAF, I hurried the book across the room. Unfortunately it hit my roommate in the head and woke him up.

"Wasting no time on the customary apologies, I was forced to leave my humble abode and trek to the campus dingy of the Kernel office. After picking the lock I walked in the editor's office and boldly stated, 'I would like to write a humorous story.' Two shots rang out. Luckily, Miss Anderson, the editor, is a poor shoot. I hastily collected my sputum (it had fallen from my hat) and hurried to my typewriter and started to work.

IDEA! EVERYONE NEEDS AN idea when they write a story. I thumbed through my brain and arrived at a subject: "The Wild and Woolly West." In my many and devious wanderings I had met Uncle Joe, who was an old cowpoke, whatever that is.

I had my subject. I had my typewriter. Now I was ready to begin. The first paragraph was completed when it hit. The building started going from side to side with my right typewriter following suit. This was all right since I was also going from side to side but then we got out of phase. I went one way. The typewriter went another, and the building shook at a steady rate. At this point I began to get my fingers stuck in the keys so I stopped and made a hasty estimate of the situation.

The cause was the presses which are directly above the Kernel office. When they are running, an earth-quake-type shock hits the Kernel office and batters it around. I finally placed the typewriter on the floor and tried to type lying on the floor. The shaking and quaking was less, however, it was enough to give one a case of sea sickness or lipothymia, as the case may be. This must be a solution. Then I got a bright idea. Why not go up in the tower of Memorial Hall, in the tower in peace and quiet? I had just settled down after the strenuous climb when the clock began striking noon. I had forgotten about it. A few minutes later, I had learned my lesson.

Sorry, Over California Teachers' Look men, couldn't we have settled this thing peacefully?

Anyone who has read this far is invited to write. All suggestions will be cheerfully filed in the wastebasket.

## Georgetown BSU To Give Program

The Baptist Student Union King's Hour program tonight at 7:30 at the Georgetown College BSU under the leadership of Bill Jagers, president. A part of the program will be given by the Georgetown BSU choir of 30 members. Informal fellowship will be held after the program.

Installation of new officers of the UK BSU will be at 7:30 Sunday night at Immanuel Baptist Church. Bill Cody, student secretary, will preside over the installation, and Dr. E. N. Wilkinson, pastor, will preach the installation sermon.

## Champs Meet Phi Kappa Taus For Student League Crown

### Need One Win To Clinch Title

The Phi Taus must sweep the full series to take over the lead. Exton must beat his 20 pins to move past him for high average.

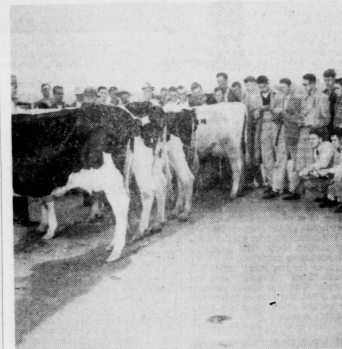

**THE STANDINGS**

Won	Lost
Champs.....45	24
Phi Taus.....42	27
Beta Sigs.....38	31
Handicappers.....37	32
Delta GIs.....34	35
Alpha Sigs.....32	37
Local 542.....31	38
Bulldozers.....19	50

The Phi Taus took defeat on the Beta Sigs who defeated them in the intramural bowling finals in the afternoon by taking three points from the Beta Sigs. Delta GIs and Handicappers took four points from the Bulldozers and Local 542.

Danny Wash nudged past Bill Exton for high average in the league. A 544 series brought his average up to 187.5 for 63 games. Exton, who was unable to bowl last week got his change his average of 187.5 for 51 games. The Champs bowled the Phi Taus in the final session of the Student League. They need but one game to hold first place while the Bulldogs and Local 542.

BOSSY GETS A CRITICAL EYE from these entrants in the Dairy Club's annual cattle judging contest held at the Dairy Center. The contest was held in tax divisions and all five breeds of cattle were judged.

## Dairy Club Banquet

## Miss Nellie Lawrence Is Honored For Service To Dairy Industry

Miss Nellie Lawrence, secretary of the Dairy Department, was honored April 26 at the annual Dairy Club Honor Banquet for her 30 years of service to the dairy industry of the state of Kentucky. The banquet climaxed the Dairy Club's cattle judging contest.

Dr. Fordyce Ely, head of the Dairy Department at Ohio State University and former head of UK's Dairy Department, was the guest speaker who introduced "Miss Nellie."

Dean Thomas P. Cooper, head of the College of Agriculture accepted the College of Agriculture accepted the honor which will be hung in the Hall of Fame in the Dairy Building.

The JUDGING CONTEST, held at the Dairy Center, consisted of two divisions, an upper for juniors and seniors, and a lower for freshman and sophomores. The contestants judged all five breeds of cattle, Jersey, Holstein, Ayrshire, Guernsey, and Brown Swiss. The upper division gave oral reasons for their choices and the lower division submitted written ones. Each contestant made two selections in the 12 classes judged.

Winners in the upper division, All Breeds, were Richard Puchs, first prize, a stainless steel milk pail, 50 cash, complimentary ticket to banquet, and name on plaque in Dairy Building; Second, Allen Duval, three-year subscription to Hoard's Dairyman, 57 cash, and a complimentary ticket to the banquet; third, Ted Howard, a three-year subscription to Hoard's Dairyman, 88 cash, and a complimentary ticket to the banquet; fourth, William H. Downs, and a complimentary ticket to the banquet; second, Billy Ridgway.

## Harriers Meet UT Here Tomorrow

### By Fred Lawson

Assistant Sports Editor Coach Don Stratton's Wildcat track team will meet the strong University of Tennessee thunders Saturday afternoon on Stoll Field. This could be the outstanding track meet for the season for the Cats.

The Cats will be out after their first Conference victory of the season. In their lone Conference meet of the campaign, the Cats were defeated by Vanderbilt down at Nashville.

Always one of the track powers in the South, this year's Vol track team is no exception. Two of their track men have gained nationwide attention.

All Holmberg is one of the nation's outstanding milers, and Herbie Neff has broken several Conference high jump marks.

Holmberg, a native of Sweden, is a tireless performer for the Vols. Besides running his specialty, the mile, he also competes in the quarter mile and the 880-yard dash.

Neff broke the Conference high jump record two weeks ago in a meet with Georgia Tech. Neff cleared the bar at six feet, seven inches. Last week in the Penn Relay, Neff did very creditable 6 feet 6 inches to win the high jump.

Couch Louis Schneider also has a star in Jack Stroud, captain of last year's Vol football squad. Stroud closed in the Javelin in 159 feet, 10 inches to better his own record set last year by three feet and eight inches.

This will be the Wildcats' last Conference meet of the season. Two weeks from now the Cats will go to Birmingham to compete in the Conference meet.

Last Saturday the Wildcats romped to a 80-50 victory over Marshall College in a dual meet on Stoll Field.

The Wildcats took one first place and shared two others. George H. Shell took scoring honors for the Cats with 10 1/2 points, nosing out teammate Guy Weeks by a quarter of a point.

The outstanding performance was turned in by Kentucky's Jay Wallace who won the 880-yard run in 2:04.

Capt. Guy Weeks captured two first place honors by taking the 120-yard high hurdles and the 220-yard pole vault.

Dr. J. S. Chambers, head of the Department of Hygiene, urges all seniors to take the test as this may be their last opportunity to receive University Health Service.

Two-Mile Run — Willis (K) 10:30.7; 2. Price (K); 3. Peadar (M).

# Study Opportunities Abroad

## Student Ships To Europe Provide Inexpensive Travel

The two student ships sailing to Europe this summer under the auspices of the Council on Student Travel offer ideal accommodations for low-cost student and teacher travel. Robert L. Teddlé, executive director of the Council has announced after an inspection of the ships.

"Since the beginning of the Council in 1948, we have been looking for just the type of ships we have available this summer," Mr. Teddlé said. "It was necessary to have low-cost transportation, but at the same time, we wanted accommodations that would enable us to carry out a good orientation and recreation program. This summer we have both."

**THE ONE-WAY FARE** from New York to Le Havre and Southampton ranges from \$15 for space in large dormitories to \$35 for berths in small dormitories and cabins. The price to Bremerhaven is \$20 to \$34 one way.

Eastbound sailings depart from New York June 8, June 25, and July 6. Westbound sailings will leave Le Havre and Southampton Aug. 25 and Sept. 7. There are several off-peak eastbound sailings. Only students and teachers are eligible for space on the student ships.

The "Anna Saben" and her sister ship, the "Nelly," converted escort carriers, can provide accommodation for approximately 150 passengers each, Mr. Teddlé said. He explained that most passengers will sleep in dormitories fitted with comfortable double-decker beds. Meals will be served cafeteria style. There are lounges, snack bars, and space and facilities for dancing and games, both indoors and on deck. Much of the equipment is new, and the ships have been repainted inside and out, according to the Council director.

denits for the conditions and attitudes they will find in Europe. On the return voyage the emphasis will be placed on helping students assimilate their impressions of the trip.

The Council on Student Travel coordinates the efforts of some 50 organizations in the field of student travel. The major purpose of the Council is to make international travel available to students and teachers with limited budgets and to help traveling students understand and appreciate the countries they visit.

### Tour Information

Any student desiring information about Student Tours trip to Europe this summer for the purpose of study, seminars, festival, or just sight-seeing, should immediately contact Elliott Jones at the YMCA. The cost of the tours will range between \$400 and \$550.

### Foreign Study Is Offered In Denmark, Italy

Opportunities for study in Denmark and Italy are being announced by the Institute of International Education.

The colleges Ghastler and the Collegio Romano, both in Pavia, Italy, are each offering a fellowship to an American graduate student during the academic year Nov. 1, 1951 through July 15, 1952.

### U. S. Attracts Many Students From Abroad

There are 30,000 students from other lands on American campuses right now, according to a recent survey made by the Institute of International Education. The most popular subject among these foreign students, the survey shows, is engineering, and the liberal arts the social sciences close behind in second and third place.

This large number is particularly significant, says Kenneth Holand, president of the institute. "When you remember that the U. S. has become an educational attraction only in the last 25 years—and that not so long ago anyone who wanted a 'really good' education went to Europe.

These young people from distant lands, scattered through 1400 schools across the nation, represent a total investment of \$75,000,000.

Investigating the question of where the money comes from that makes this travel possible, the Institute said that about 13 per cent of the 30,000 students came, wholly or partly, on money from the U. S. taxpayer's pocket. This comes under the Smith-Mundt Act of 1948 and under Public Law 265, the latter providing for payments on the Finnish World War I debt by receipt of U. S. dollars.

For further information about these study opportunities, write the Institute of International Education, U. S. Student Program, 2 W. 45th Street, New York 19, N. Y.

Applications for half fellowships of four months may be submitted if the purpose of study can be fulfilled in that time.

For further information for these fellowships include American citizenship, graduation from an accredited American university, academic ability, capacity for independent study, good moral character and good health. Applications should be filed before May 8.

### Foreign Study Is Offered

The University of Leiden in the Netherlands has announced that it will hold a summer session this year from July 22 to Aug. 10.

The course offered will be on the cultural contacts and human relations between the Eastern and Western worlds. It is designed to give an understanding to such problems as the causes for tension in the East; reaction of Eastern populations to Western influence; problems of reconstruction, reorganization and reconstruction of the East in connection with the UN; and the active reaction of the intellectual groups of the different Eastern societies.

### ELAN Offers Summer Study

ELAN International Summer Center has announced that applications are now being accepted for the 1951 summer session. Students, teachers, artists, anyone interested in creative leadership is eligible.

ELAN Summer Center, Le Camp Français on Vancouver Island, British Columbia, Canada, is the proving ground for ELAN's plan for intellectual leaders in Europe. Here ELAN members learn languages and take part in informal discussions which emphasize the free exchange and interpretations of ideas rather than complete conformity or agreement.

French is the official language of the Summer Center and is used in all daily activities.

Recreational activities include swimming, hiking, tennis, canoeing, horseback riding, dancing, theatrical presentations and others.

Scholarships average 50 per cent of tuition and fees at ELAN International Summer Center. For application forms and details, those interested may write to ELAN, 347 Portland Avenue, St. Paul 5, Minn.

### Language Exam Set

The Basic Achievement Examination in Foreign Languages will be given on May 9, 10, and 11. All students wishing to take this test must sign up for it in McVey Hall, Room 123, by Tuesday, Dean M. M. White has announced.

### Superman Grill Bedlam Ignored By Mr. Roberts

By J. W. Jeffries, Jr.

A swiss on rye, piminto cheese, ham salad sandwich, two barbecues and a bacon and tomato on toast. Now, without looking at the above sentence, repeat it.

Mr. Roberts can do it, and make change and do a thousand other minor tasks at the same time.

Mr. Roberts — Lawrence W. Roberts of 222 State Street — is the one calm person amidst a sea of organized confusion known as the Student Union Grill. He is the man who makes the sandwiches.

HE HAS BEEN with the Student Union, which operates the Grill and Cafeteria, for ten years and has lived in Lexington for 30 years. The average student can remain in the Grill for two hours at the most before suffering a complete nervous breakdown. Mr. Roberts was asked how he managed to stand it all day. He replied that when the noise and confusion becomes too much, the juke box suddenly goes "out of order." That serves to relieve much of the bedlam.

He says that it is interesting to watch the transformation of the average student. The freshman straight from high school can be very noisy and ill-mannered, but when he becomes upperclassman standing he reaches more polished and suave.

### Tours Open To Students

Local draft boards have been authorized to issue permits to leave the United States to young men of draft age who wish to go abroad this summer.

This regulation makes it possible for many young men, as well as young women, students and teachers, to take advantage of the low student fares to Europe offered this summer by the Council on Student Travel. Round-trip fares to Le Havre are \$230, the lowest rates offered for any European trips.

The student ships, accommodating 1500 students each and sailing under the auspices of the Council on Student Travel, will leave for Europe June 8, June 25 and July 6. West-bound sailings dates are Aug. 25 and Sept. 7.

During the nine-day trans-Atlantic voyages, a shipboard orientation program will be offered to student passengers consisting of movies, language classes, lectures and discussions of European culture and problems. The program will be conducted for the most part by professors of colleges and universities.

### Summer Folk Dance Course Will Carry 2-Hours Credit

Folk dancing will be featured in a twelve-day summer school workshop, carrying two undergraduate credit hours. The course will be held from July 16 through July 28, and is offered by the Department of Physical Education. Auditors will be accepted for the course. Meeting periods will be scheduled by the class participants at the beginning of the course.

For those who are not registered as full time students in summer school the fee for the workshop will be \$10.00, payable at the Registrar's Office between 9 and 10 a.m. or 2 and 3 p.m. on Monday, July 16. This also applies to auditors. The Dean of Women and the Dean of Men will give assistance to those desiring housing, but these offices must be contacted before the workshop begins.

There will be an opportunity to participate with and assist in the leading of local folk dance groups. The purpose of the workshop is to train leaders of folk dance groups. Special emphasis will be given to the dances for the 1952 Kentucky Folk Festival, which will be held on the campus April 4 and 5. The festival book of dances will be available for this course.

Director of the workshop will be Miss Lovaine Lewis of the Physical Education Department, Program Director for the Kentucky Folk Festival. Other authorities will lead discussions and serve as consultants.

The workshop will include practice in the fundamentals of folk dancing with applied teaching methods. There will be experience in the calling of square dances.

**YOU CAN EARN \$1,000 THIS SUMMER**

Here's your opportunity for pleasant summer work with excellent earnings. Work as assistant to your home state director of a Marshall Field owned company. See: Mr. Gibson, Room 128, Kentucky Union, Thursday and Friday, May 3 and 4 from 9 a.m. to 5 p.m.

### Free Trip To Austria Open To Students

The Council on Student Travel has announced that 100 American students have been invited to Austria for a three-week vacation free of charge. The Council says participants must pay for transportation of baggage, personal laundry, and any additions to the planned program.

The visit includes a 14-day stay at an Austrian tourist resort, a three day visit in Vienna, and a three day visit in Salzburg.

Further information may be had by writing the Institute of International Education, 2 W. 45th St., New York 19, N. Y.

Another 12 per cent are on scholarships given by the schools themselves, and four-and-one-half per cent more financial aid from private, business, social, professional and philanthropic organizations in America. With an additional four per cent helped by their own government, a little over 50 per cent are paying their own way.

# ROTC Luminaries To Receive Awards

Fourteen awards will be presented to outstanding cadets at the 29th annual Military Field Day 2 p.m. Wednesday at Still Field. In case of rain, the events and presentation of awards will be held in Memorial Coliseum.

In addition to the presentation of the various awards, there will be individual competitive drill, company-squadron competitive drill, exhibition drills by the Pershing Rifles and the Confederate Squad, and a final review.

The awards will be presented for outstanding academic records, leadership characteristics, and excellence in drill. The company or squadron winning the drill competition will be awarded the Col. George D. Freeman Trophy, and the cadet who wins the individual drill for freshmen will be given the American Legion Man O'War Post No. 8 Trophy.

THE UNIVERSITY OF KENTUCKY CUP will go to the company or squadron maintaining the highest average in Military Science during the academic year. The possessor of the highest record in team competition on the ROTC Rifle Team will be honored with the Lexington Leader trophy.

Maintaining the highest average in Military Science for the freshman ROTC class will earn for a freshman the Phoenix Hotel trophy. The sophomore and junior with the high-

## Presentations Will Be Made Wednesday As Part Of Military Field Day Ceremonies

est grades will also receive the Phoenix Hotel trophy and the Kiwanis Club trophy respectively.

Feature of the presentations is the awarding of the Air Force Association medal to the outstanding distinguished military student of the Air ROTC. Secret vote of the advanced course students will choose the cadet excelling in the requirements of good citizenship who will be awarded the Rotary Club trophy.

A SET OF SECOND LEUTENANT'S bars is awarded to the outstanding seniors in each branch of Air Force, Infantry, and Signal

Corps by the Reserve Officer Association. Central Kentucky chapter. Outstanding juniors will also receive recognition.

Army and Air Force officers will select the recipient of the Sermons Club trophy which goes to a member of the advanced ROTC possessing a marked degree those inherent qualities necessary in the making of an officer and a gentleman.

Final awards are the U.S. Signal Corps Association medal to the outstanding veteran in the Signal Corps; the U.S. Army Association medal to the outstanding Infantry senior; and the Armed Forces Communications Association medal to the outstanding ROTC communication student in the senior, junior, and sophomore Signal Corps classes.

# Jest Knappin'

By Paul Knapp

Spring—the time of the year you can start the amount a student has been studied by the tint of his skin. From that tender pink to the ruddy brown, it tells the tale. And dry cleaners have to dig out that old bottle of grass-stain-remover. And then there's the latest girl's bathing suit—three band-aids in pastel shades. Which reminds me, a rude cadet at a girl's figure when she's doing her best to display it. Suppose we have some jokes and desert this touchy subject.

Professor: "I'll bet you wish I was dead so you could spit on my grave."

Student: "No, sir, I don't. I hate hell to land on lines."

Student: "But dad, don't you think that two don't give as cheaply as one?"

Father: "Sure son, your mother and I live as cheaply as you do."

Sentry: "Halt! Who goes there?"

Returning A.W.O.L.: "Friend, with bottle."

Sentry: "Pass, friend; halt, bottle!"

And then there was the absent member of the football team who disappeared where he left his specks.

A drunk waltz into an open elevator and fell three floors to the bottom of the shaft. Aghast, he looked up and shouted, "Damn, it's a shaft!"

The captain realized that there was no hope for the sinking ship, and said, "Is there any one among us who can pray?"

A meek man stepped forward. "Yes, sir; I can pray."

"Good," said the captain, "you start praying while the rest of us get things done. We're one short."

"An inmate just escaped from an asylum. He was tall, thin, and weighed 250 pounds."

"I told you he was crazy."

"So your brother is a painter, eh?"

"Yes."

"Paints houses, I presume?"

"None, paints men and women."

"Oh, I see, he's an artist."

"None, just paints men on one door and women on another."

"Friend," writhe her pupils as if crying out, "I had a little brother seven years old, and one day he took his new sled out into the snow. He caught pneumonia, and three days later he died."

Voice from rear: "Where's his sled?"

Ex-soldier: "While in the Aleutians I saw the scrawniest bird. It lay square eggs and talk."

Ex-soldier: "No foolin'! What did he say?"

Ex-soldier: "Ouch!"

"The homeowner placed his hand on the shoulder of the convict before him and began the rhythmic kick-step back to jail. He leaned forward a little and whispered to the tired convict ahead:

"Is this all there is to this rock splitting job?"

"Ain't fourteen hours a day of it enough?"

"Nothing to it."

"Seven days a week of it! Bad food, rotten beds..."

"See, where did you come from?"

"I... was a college professor."

Judge: "You are charged with shooting squirrels out of season."

Young: "Your honor, I shoot them in self-defense."

# UK To Have TV Course

Students in the Radio Arts Department were soon getting practical experience in television work because there is now a TV station within 15 miles of here.

Louisville's WHAS-TV has agreed to permit the University of students to receive apprenticeship training in production of television shows during this summer.

Throughout the 10-week training period scheduled to begin June 11, the students will be taught the fundamentals of scriptwriting, film editing and other jobs which must be learned to produce a TV program. They will receive no salary but scholarship money may be granted to help defray living costs.

The school has its own facilities for television training. The summer months are used for this class to avoid interference with regular classwork. At present, only students will be selected for the training.

Arrangements for this training program were made by Prof. R. G. Sulzer, head of the Department of Radio Arts; Victor Shanks, WHAS station manager; Harold Parr, program director; and Ralph Hanson, director of TV operations.

# Concert Band Course Begins This Summer

A course entitled "Concept Band" will be offered for credit in Summer Session, May 14-15, at the University of Louisville.

The course will meet the ninth and tenth hours of Monday and Wednesday, 8:00 a.m. to 11:30 a.m., in the Amphitheatre.

The course is open to town's people and students. Those interested in further information should call Warren Lutz at the Music Department or call extension 2243.

# Breiding Receives Engineering Awards

Eugene J. Breiding, senior in the Department of Electrical Engineering, received two awards last Friday night at the UK Institute of Radio Engineers meeting.

The Louisville section of the IRE awarded him a one-year associate membership in that organization, dues paid, for his demonstrated ability in electrical engineering and for his professional interests. Also the University of Louisville state section of the AIEE presented him with a certificate for his work in the paper competition between the UK and University of Louisville student branches.

# Hillel Group Elects

Eugene DuBow, freshman in the College of Arts and Sciences, was elected president of Hillel Foundation at the election held on April 29 at Tompkins Administration Building.

Other officers are Jerry Bass, vice president; Ivan Goldfarb, secretary; and Sue Neuman, treasurer.

# Present are running slightly lower than last year's, but Mrs. Holmes believed the final difference in the two years enrollment would be small.

If the plumbing work is done before the end of the summer, women may be allowed to eat in the residence halls for the remaining weeks as no definite plans have been made as yet.

PAMMASTER BILL GROTE readily pays off the ROTC Confederate Drill Squad with \$20 bills. You guessed it. It's Confederate money. In line to receive their pay are, left to right, Read Holland, Jim McCurry, Don Batten, Howard Ellsworth, Bacon Moore, Charles Dishman, and Scotty Griffin. Bill White is the wealthy individual counting his money.

# Who Says Lee Surrendered?

Monday, April 23, was a happy day for one group of unconquered Confederates. It was pay day. The paymaster had brand spanking new \$20 dollar bills to give to each loyal son of the South who refused to believe that Lee surrendered. "Sub, Marce Robert didn't surrender, he simply faded away like an old soldier," is the answer that anyone of these Johnny Rebs will give you.

# Rebel Squad Gets Pay Redeemable After Union-Confederate Treaty

The Confederate squad, which was formed in 1937, consists of Pershing Rifemen who are juniors and therefore ineligible for drill competition. They wear the gray uniforms and the former caps of the Civil War—I mean War Between the States—and carry muskets of the last cen-

tury. On Military Field Day and all drill meets the unit demonstrates the manual of arms as it was executed in the 1860's.

THE LEADER OF THE SQUAD wears the uniform of a Confederate general. He is a lieutenant in the Pershing Rifles company. Although he wears the Southern gray, the saber he carries is one of Yankee make. It was carried during the war by an officer in the Union army.

There is no catch to the 20 dollar bills that the paymaster is handing out to the troops. They are the real McCoy, just overdue in reaching the "army." They were donated to the squad by Sgt. Melville B. Schenck of the Military Department. His paternal grandfather was a captain in the war and saved some of the money.

# Alpha Lambda Delta Elects New Officers

Kim Sanford, journalism freshman, was chosen president of Alpha Lambda Delta, freshman women's honorary, at the annual banquet Tuesday, Pat Patterson, retiring president presided at the banquet and elections.

Other new officers are Elaine Moore, vice president; Shirley Walker, secretary; and Mary Bowen, treasurer.

Janet Anderson, journalism senior, and former member of the honorary, received the Alpha Lambda Delta book award. It is awarded each year to the senior and former member who has maintained the highest standing averaged in the last seven semesters.

Miss Jane Haselden, assistant dean of women, was guest speaker at the banquet.

A sextette is not a female sex fiend. "Illegitimate" is derived from a Tibetan word meaning "Dad does everything."

# Repairing Of Girls' Dorms Means No Summer Meals

For the first time in five summers, meals will not be served at the women's residence halls this summer. The plumbing system in Boyd Hall is being completely over hauled, and water will be cut off from the kitchen and dining room until July 4 or later.

"We decided to have the plumbing done over while the halls were not too crowded," Mrs. Sarah B. Holmes, Dean of Women, said this week. "If we did not have the work done now, eventually the plumbing system might break down unexpectedly."

WOMEN LIVING IN THE RESIDENCE halls this summer will have to pay \$48 for the summer term, Dean Holmes said. The cost of room and board is usually \$100 for the summer. "However," Dean Holmes said, "the cost of food would make a price raise necessary this summer if meals had been served."

"We do not expect to be too overcrowded this summer and only two

# Girls will be in each room," Dean Holmes added. "Several sorority houses will be open and all the women's residence units will be open."

Sorority houses which will remain open for the summer include Alpha Delta, Phi Delta, Delta, Chi Omega, Delta Zeta, Kappa Delta, and possibly Kappa Delta Theta.

Alpha Delta Pi will serve meals for both men and women students in the vicinity of the house. Room and board for members will be \$125.

ABOUT 390 WOMEN, half of the regular term enrollment, are expected to register for summer school. The Dean does not think the facilities for meals nearby will be too heavily taxed by those eating out because early classes will cause students to eat at varying times more so than in the regular term.

**COLONEL Of The Week**

The Stirrup Cup salutes Richard Lynn Piggman as Colonel of the Week. A Commerce Senior from Lexington, Kentucky, Dick is majoring in Industrial Administration and has an overall 20 standing.

He is Chancellor of Delta Sigma Pi, Vice-President and Treasurer of the Patterson Literary Society, President of the Commerce Employment Association, and a four-year performer on WISKY.

Dick has served as an Executive Officer of Sealboard and Blade and of the Arnold Air Society. He has been Treasurer of Keys, and a member of both the College Chamber of Commerce and Alma Magna Mater. He is past pledge master of Phi Sigma Kappa.

As the outstanding Senior in Commerce College, Dick has received the Kentucky Commerce Finance Association Scholarship. He is also a Distinguished Military Graduate.

For these achievements the Stirrup Cup is pleased to invite Dick to enjoy any two of its delicious meals.

# Physics Honorary Elects Biggerstaff

John Biggerstaff, Arts and Sciences junior, was elected president of Sigma Pi Sigma, national physics honor society, for the coming year.

Other officers are Fletcher Gabbard, vice president; John Brabant, secretary; R. D. Haun, treasurer; and Dr. T. M. Hahn, faculty advisor.

After the election of officers, the society initiated five new members. They are Dr. Bernard Kern, John Brabant, R. D. Haun, Fred Payne, and Richard Robertson.

# Swedish Book Display Showing In Library

An exhibit on Swedish Book Design and Production is currently being displayed in the Margaret I. King Library. This display features new ways of using typography and design in the production of finer books. This display should interest any applied arts students.

# A Religion For Liberal Thinkers

1. Do you believe the Bible to be an inspiring human document, rather than the literal "word of God"?
2. Do you believe that man is not condemned by the doctrine of "original sin"?
3. Do you believe that there must be no dogmatic limitation on freedom of religious inquiry and belief?
4. Do you believe the purpose of religion is to help us live this life nobly and constructively, rather than to emphasize the preparation for an after existence?

Join in fellowship with others who want to clarify and stimulate thinking about life and religion. "Not to convert or convertor, but to share." The Unitarian Fellowship of Lexington invites you to hear Dr. Robert T. Weston, Minister of First Unitarian Church of Louisville present a series of sermons on "Religion Without Fear" at its regular service.

Sunday, May 8, 8:00 P.M.

# Committee Chairmen Chosen For Religious Emphasis Week

Chairmen of the various committees for the 1952 Religious Emphasis Week to be held Feb. 24-25 were chosen this week.

W. L. Matthew Jr., professor in the College of Law, will be general faculty chairman. Student co-chairmen are Franklyn Morris and Pat Lancaster.

Co-chairmen of the planning committees are retreat and continuation, Ruth Ann Maggard and Catherine Fitch; publicity, Marilyn Kilgus and Barry Buttorf; worship, Randall Martin and Betty Jo Turner; seminars, Gene duBow and Frank Cully; classroom assignments, Marilyn Miller and Ken Darnell; organized houses, Marilyn Kilgus and Dick Tully; classroom assignments, Jeanne Hubbard and Cheryl Hope; room arrangements, Betty Dickinson and Henry Neal; hospitality, Mary Blanton Williams and Jerry Bass; book exhibits, Jim Todd and Mary Ann Guller; and Laura George Claiborne and Sarah Durham.

Dr. Rhea Taylor and Dean Sarah B. Holmes are in charge of the faculty committee. Bart Frank, executive secretary. Dr. H. L. Donoan, honorary secretary, is chairman of the committee of 100 which is responsible for planning for Religious Emphasis Week on the campus.

These committee chairmen met with the Rev. James Stoner of the University Christian Mission last Friday to discuss plans. UK is one of 18 schools which have secured

# Engineer Positions Available To Women

All women graduates interested in Architectural Engineering or research in that field should see the Dean of Women, Administration Building about opportunities for filling positions in Los Angeles, New York, and San Francisco.
