

Minutes of the Faculty of the University - May 4, 1943

President Donovan requested that each Dean submit suggestions for inclusion in this report.

Leo M. Chamberlain
Secretary

Minutes of the Faculty of the University - May 25, 1943

The Faculty of the University met in the President's Office Tuesday, May 25, 1943. President Donovan presided. Members present were Paul P. Boyd, Thomas P. Cooper, Alvin E. Evans, W. D. Funkhouser, William S. Taylor, Edward Wiest, and Leo M. Chamberlain. Dean Holmes, Dean Jones, and Assistant Dean Terrell also attended the meeting.

The minutes of May 4 were approved as read.

President Donovan called to the attention of the Faculty the action of this body of a year ago, providing that graduating students are to attend both the baccalaureate exercises and the commencement, unless excused by their deans. In this connection, attention was called to certain conflicts that have arisen between the new examination schedule and the baccalaureate exercises. It was the opinion of the Faculty that changes should be made before another year to avoid such conflicts.

President Donovan also called to the attention of the Faculty the tea to be given at Maxwell Place, immediately following the baccalaureate exercises. He indicated that members of the graduating class, their friends and relatives, the faculty, and the alumni, were invited to attend. Mention was made also of the plans for commencement and the commencement luncheon, to be held at one o'clock Friday, June 4.

Members of the Faculty were asked to express an opinion about the desirability of revising and mimeographing the schedule of classes for the first term of the summer quarter. It was agreed that this should be done.

On recommendation of their respective deans, the following four students were allowed credit in the courses in which they were passing at the time of withdrawal to enter military service, although the date

Minutes of the Faculty of the University - May 25, 1943

of their withdrawal was somewhat earlier than the end of the required eight weeks' period.

Gus E. Green - College of Engineering	Russell Schwartz - Col. of Engineering
R. N. Crapster - Col. of Engineering	Chas. R. Steinfort - Col. of Education

On recommendation of Prof. E. B. Farris and Assistant Dean Terrell, Mr. T. L. Johnson and Mr. G. E. Jones were allowed full credit in Engineering 102 - Engineering Administration, although withdrawing from the University to enter military service on May 4. Mr. Farris had stated that each of these men had completed all course assignments and the required term paper, and that they were therefore entitled to full credit.

On recommendation of Colonel Brewer and Dean Boyd, Cecil B. Donnelly was permitted to complete his requirements for graduation with only three quarters of military science.

On recommendation of Professor Capurso and Dean Boyd, the Faculty voted that students seeking the degree of B. S. in Music might complete either the present quarter-hour requirement or the quarter-hour equivalent of the previous semester requirement through June 1, 1944. This privilege had previously been given to students seeking the degree of B. S. in Industrial Chemistry.

The following recommendation, presented by Dean Wiest, with respect to combined commerce-law degree, was approved:

" A student who has met all the pre-law requirements under the Combined Commerce-Law Curriculum may qualify for the degree of Bachelor of Science in Commerce by completing a year of Law at any college of law approved by the Association of American Law Schools.

"In addition to completing the specified pre-law courses, the student must complete a total of 192 quarter hours with a standing of 1 or more, and must be registered in the College of Commerce the entire last year during which he completed his pre-law work."

It was announced that the next meeting of the Faculty would be held at 1:30 on June 2, for the purpose of approving candidates for degrees.
