The Historical Records Survey
1938

Preface

So far as origin is concerned, the present list of Arizona imprints is made up of two parts. The first section, comprising imprints of 1860-1876 inclusive, compiled by the undersigned, was first published in the Arizona Historical Review for October, 1932. This list was then revised and amplified and published in book form under the title of Beginnings of Printing in Arizona (Chicago: Black Cat Press, 1937).

The compilation of the list of imprints of 1877-1890 inclusive is wholly the work of the American Imprints Inventory of the Historical Records Survey. Most of the field work in finding and describing the imprints of this later period was done by Miss Estelle Lutrell, of the Arizona Historical Records Survey. During the course of her work, Miss Lutrell also contributed two titles for the earlier period which were previously unrecorded.

The basic list so prepared was improved and rounded out by correspondence with a number of librarians. Arizona imprints in the New York Public Library were checked and reported by the New York City office of the Historical Records Survey. Other titles came to light through reports of the large scale inventory of imprints under way in various libraries throughout the country. Workers of the Pennsylvania state office of the Historical Records Survey reported a number of titles from the Philadelphia Union Catalogue, and the W.P.A. imprints project in Massachusetts recorded Arizona titles in certain Boston libraries.

The resulting titles were then cleared through the Union Catalog of the Library of Congress, a process which provided additional locations for a number of imprints.

The list of Arizona imprints in its present form has been edited by the undersigned, with the assistance of Joseph Conforti, of the Chicago office of the American Imprints Inventory of the Historical Records Survey.

Notes of additional locations of the imprints here recorded, and of titles of imprints not appearing in the present list, are solicited from librarians who may be willing to have this list checked against their holdings. Such notes may be addressed to the undersigned at 950 Michigan Avenue, Evanston, Illinois.

The mimeographing of the present list was done in the Chicago office of the Historical Records Survey, under the direction of Howard E. Colgan, State Director. The printing of title page and cover, and the binding of the volume were done by the Chicago School of Printing as a contribution to encourage the work of the American Imprints Inventory.

We wish to acknowledge, with appreciation, the cooperation of numerous correspondents, among whom may be named Willard O. Waters, bibliographer of the Henry E. Huntington Library, San Marino, Cal., Miss Anna B. Hadley, librarian of the Southwest Museum, Los Angeles, Cal., L. Nelson Nichols of the New York Public Library, Professor Eldon R. James, librarian of the Harvard Law School Library, Alfred Rigling, librarian of Franklin Institute, Philadelphia, Miss Eleanor S. Wilby, librarian of the Historical and Philosophical Society of Ohio, Cincinnati, and Professor William N. Seaver, librarian of the Massachusetts Institute of Technology, Cambridge, Mass.
