

Ashland 6th June 1887

My Dear Wife,

Your favor of the 4th inst
reached ^{me} this afternoon. I wrote to you
yesterday, and also wrote to D Waldo
at St Louis.

My opinion is that you will not
be able to effect a sale of the land at
this visit, but you may gain useful
information, and be able to sell through
an Agent after you return home.

I would not, being sick, stay another
day after you see no prospect of selling.

I think you would feel better to come
home than to stay without a chance
in view of selling.

I am getting along very well but of
course miss you more every day -
