Mr. John Clay.
 Athens.

deposing him -
 Ky

New Orleans Nov. 7th

Dear Sir,

I was favoured with your letter on my arrival here yesterday for the season with Miss Kemble, having left the other members of my family on a visit for a few days at Mrs. De Cless' - In a letter to Mr. Clay, your father, several weeks ago, I had anticipated your request, by submitting to him the pedigree of your mare Imp. Florence. - My impression is that she was got by Anulata by Anille, d. Florentine by Whisker, g. d. Sister to Anam -

If my letter should have failed, I will have great pleasure in furnishing you with an authentic & detailed pedigree. I see one of her progeny has run at Louisville, either first or second but, I know not which -

Don't tell you an owner that brood mares ought not to be very fat, certainly not till they become inciente - You may therefore, injure your animal by too much care -

Will you please to present my kindest and most respectful regards to Mr. and Mrs. Clay? Believe me Dear Sir,

Truly yours
 W. J. Brewer.

Mr. John Clay.
