

Darling, I miss
you so very, very much.
I know of no way to
tell you how much.
Every night it takes me
some time to go to
sleep cause I'm
thinking of you and
missing you so much.
I hope so much you
will be able to come
down. That hope is like
a light in the darkness.

Darling, I'm
sorry this is short. It
only means I will be
thinking of you instead
of writing you. I love
you, I love you so very
much. Good night, Darling

My Darling Bill,

I'm in bed writing
this. I got a cold
today so I took a
hot bath and got into
bed. I planned to go
to bed early but
it took me to 11:00 o'
clock to get there.
This will be short
cause I do want to
get a good night's sleep.
