My Dear Brother

Oh you don't know how
very loathsome I have been since you
left I've missed you very much indeed
you said that you would write to me
from Louisville or some place near there
I would have written before but have
been wanting to receive a letter from
you. Pa has been up. Ma Mary Jane &
Sallie all all up now. I have had the
mumps very badly indeed since you left
I've been over in Covington ever since
last Friday morning. I got acquainted with
John Burbanks do you know what kind
of a young gentleman he is? he appears
to be very intellectual, and is very polite
and conducts his in a very gentlemanly
manner. I don't know anything wrong about
him. only I know he likes Annie Breda
very well. There is a large May Shely
