Dr Son,

Nannie's letter to Jennie with enclosure was rec^d yesterday - got the Box & Mrs; Bacon sent. as it regards renting the House to Winter Jennie says do what you think best in the premises either to tear down the Old house and a little one up in its place or repair the old one and Winter take the cost out in Rent. some things will have to be moved before any thing is done for instance the Piano the girls say you bought and paid for when they needed it and was glad to have it - It must be moved to your house I expect to be home the middle of next week or thereabout.

I have seen Mr. Arthur he sends his best regards to you Family -

Give our love to Nannie & the Children
