3. <u>Unpaid Salaries</u>. The following resolution relative to unpaid salaries was unanimously passed:

"The President called the attention of the Committee to the resolution adopted by the Board of Trustees at the meeting of June 4, 1932, due to the lack of funds for the payment of salaries of employees of the University. He stated that the total amount due to the employees of the University at the end of the fiscal year, June 30, 1932, which was earned by them in accordance with their contracts with the University, and which the University is unable to pay, for lack of funds, is the sum of \$200,425.16. It was moved and seconded that this report of the President be filed and that the Executive Committee renew the pledge of the Board of Trustees to these employees of the University to make every effort that it legally can to bring about the payment of the amounts owed to them."

The report on which the above resolution is based reads as follows:

"The Business Office has paid out all college funds for the year 1931-1932 available to date, July 13, 1932. In addition to certain claims pending adjustment, the following salaries and bills remain unpaid:

Salaries for March Salaries for April Salaries for May Salaries for June		\$33,451.42 33,008.92 62,638.52 69,943.44 199,042.30

State Journal Library bills		3,228,61 1,000,00 204,653.77

- The Business Agent stated that the 4. Vocational Education. expense of operating the Vocational Education Department for the year 1932-1933 amounted to \$25,126.98 and that the State Vocational Education Board has paid the University of Kentucky that amount, of which \$12,563.41 was paid by checks representing federal funds, and \$12,563.48 was paid in two State Warrants, representing state funds; that these State Warrants were sold at 78½ per cent; that the total amount realized on the two State Warrants, including accrued interest, was \$9,856.72, representing a loss of \$2706.72. The Business Agent was directed to confer with the staff of the department of Vocational Education, through Dean Taylor, as to adjustment of loss on these warrants, the warrants representing the State's half of these salaries, and to report at next meeting of the Executive Committee.
- 5. Bills Approved. The following bills were approved and ordered paid when funds are available:

American Council on Education	. \$200.00

Insurance Premiums of Experiment Station Property for the Year beginning March	7 004 00

6. Accounting Under New Laws. The opinion of Attorney General Wooten as to status of University finance was recorded in the Minutes of the meeting of June 23, 1932. A further opinion in certain phases of College finance, including unexpended balance at end of fiscal year, was made on written request of President Cherry of Western State Teachers College, and others. No copy of this has been received by the University of Kentucky.

The members of the Executive Committee stated that in their opinion Trust funds, that is, funds received by the University to be used for specific purposes and that are not a part of the ordinary operating expense, do not come within the meaning and scope of the clause in the appropriation bills requiring transfer of funds to State Treasurer. The terms under which Trust funds are given and accepted will not permit of such transfer.

The members of the Executive Committee stated that in their opinion federal funds do not come within the meaning and scope of the clause in the appropriation bill requiring transfer of funds to State Treasurer. Federal funds are under control of the governing board of the institution, as indicated in the following letter from the Comptroller General of the United States:

## COMPTROLLER GENERAL OF THE UNITED STATES WASHINGTON

September 4, 1930

A-32831

The Honorable,
The Secretary of Agriculture.

Sir:

Reference is had to the letter of the disbursing clerk, Department of Agriculture, dated July 21, 1930, and to your letters of August 8 and 27, 1930, with respect to official checks of the disbursing clerk in favor of the Trustees of the Mississippi Agricultural and Mechanical College and the Treasurer, Mississippi Experiment Station.

With respect to check No. 1207889, dated July 9, 1930, to the order of the Treasurer, Mississippi Experiment Station, representing first quarterly payment fiscal year 1931 under the acts of March 2, 1887, 24 Stat. 440, March 16, 1906, 34 Stat. 63, for general expenses, office of the experiment stations, and the act of February 24, 1925, 43 tat. 970, for a more complete endowment of agricultural experiment stations, you are advised that the acts under which these funds are appropriated require payment to be made "to the Treasurer or other officer duly appointed by the governing boards of such agricultural experiment stations to receive the same." Since the Congress has authorized the payment of these funds only to an officer of the Agricultural experiment station duly appointed by the governing board of such station such payments may not be made to any other person, and the provisions of the Federal statutes in this respect are in no way affected by any act of the legislature of the State attempting to provide for such payments to an officer of the State other than an officer of the experiment station duly appointed by the governing board of such station to receive the same.

The check in question will be held in this office pending further advice from you.

Respectfully,

(Signed) J. R. McCarl Comptroller General of the United States.

The President and Business Agent are authorized to act in accordance with the above stated opinions. They are directed to take up questions arising on other funds and the methods of deposit and withdrawal with the proper state officials.

7. State Geological Survey. The President was directed to get an opinion of the Attorney General on the question of funds from which cost of removal of State Geological Survey shall be paid.

The Business Agent presented a statement of further expense of removal, which statement was approved, and the Business Agent was ordered to submit it to the State Auditor for payment. Copy of the statement follows:

- 11. Book Stacks. An appropriation of \$15,000.00 was made at the last session of the Legislature for the purpose of putting additional book stacks in the Library building. President McVey was authorized to proceed with purchase and installment of stacks.
- 12. Sprinkler Contract. The G. C. Wilcoxen Company presented a bill for balance due on Sprinkler Contract, amounting to \$2,094.00. Payment was authorized where contract has been compiled with and upon approval of the work by the Actuarial Bureau.

# TREASURY DEPARTMENT Washington

July 19, 1932

MT:ST:EAR

University of Kentucky,

Lexington, Kentucky.

Gentlemen:

Reference is made to your letter of June 23, 1932, in which you request this office to furnish you with a ruling to the effect that the university is exempt from paying the taxes imposed on its use of electrical energy and telephone and telegraph facilities, inasmuch as it is entirely maintained by taxes.

You are advised that payments from the funds of a State or political subdivision thereof thereof for electrical energy, telephone and telegraph facilities used in the exercise of an essential Governmental function are not taxable.

If the electrical energy, telephone and telegraph facilities furnished to the University of Kentucky, a State institution maintained by State funds, are paid for from State funds, no tax attaches under sections 616 and 701 of the Revenue Act of 1932.

Telephone, telegraph, cable or radio messages, conversations and dispatches or electric bills, which are not paid from such funds are not exempt from tax, even though paid by the university officials and even though they relate to University business.

Respectfully,

MRF

R. M. Estes, Deputy Commissioner. The Business Agent was directed to follow up this correspondence on question of tax on checks and to send copies of University drafts or checks, if necessary, to the deputy commissioner.
