are boarding at present so that we can relax around, rest, and have a general good time for a while. Think I shall like the south very much. Already I feel very much at home for we have a nice room with very good people, and very conveniently located.

Carl joins me in kindest regards to you both and also in thanking you again for the lovely spoon. Kiss and squeeze the baby for me.

Lovingly,

First of all I must congratulate you upon the arrival of another little son at your home. Would love to see him and you very much.

And next I must thank you so very much for the dear sugar spoon which you

Sunday Eve about 8-30

My own dear Hubbie, how the days drag by waiting for word from you that you are safe and well. I'll be so happy when we are all together again, what would the world be without you my darling. Your mother and I have had such a nice visit at least I can speak for myself, it seemed like her heart would break when you left. She said the last one is gone. Dear little Walter Edward how he does love you, I had spoken about you being in the car some where this afternoon, your Dad was reading in the parlor your mother playing the piano and I had baby Crittenden, we miss Son was gone a little bit and came back with the big tears rolling down his cheeks. I asked him what was the matter and he whispered I was thinking about Daddy on the car.

I was so sorry about Truce. Son was very much troubled too, one night after

I had put him to bed, he lay there quiet
and I asked him what he was thinking
about he said about Lucie down in Ills.
Dear little boy his heart is as big as his
Daddy's.

Tomorrow I go to Massena for
two weeks then Aunt Ann's for a
week and back here for the last week.
Aunt Ann is going to get your
father and Mother up there with us
all. They want Walter Edward to
say a few lines Christmas at church.
I will try to have him learn them.
They are to have Santa Claus which
will tickle him.

Monday P.M. before breakfast. After two
interruptions from Brittenden last night I gave
it up. It's cloudy this morning rained some
last night. Say Hubbie I had to borrow \$5. from
Ned it took all you gave me and more
to pay washing and Mary D. So I borrow from
Ned till I could hear from you.

I am not going to give any Christmas presents except to Barrett and the babes. I had to get me some underwear mine came to pieces like the wonderful one boss sharp all of a sudden. I am going to do my own washing the two weeks I am out home and that will save at least \$2.00

I Guess I wont get to go home today it is raining. Dear old Nubbie how I wish we were all together in our new home. We will have to play Hunting To Night. I will get a new record or several if I get the money withal.

I got to go to Church yesterday. Dad took care of the children, your mother said when she asked if he would Sat night he said no. I told Nell I would never become attached to another like I was to Walter Edward and she just giggled, guess he that there is danger dont you, he holds Crittenden at supper eat with him and the times when he does not need to. I thought Dad,

I must do some sewing today on your

mother's machine. Goodbye my son it
won't be long till it will be told will it?
Love you ever
Mell.

My dear Aunt,

Your letter & check
came this morn - many
thanks. The letter I
forwarded to Justin, the
check (woman-like) I
kept - Hatta.

Well I know you
thought we were
terribly silent - & so
we were. I haven't
seen my friends here
on Grand Ave, & in
three or four weeks -
I have been very
sick indeed & Justin

has had ² his hands
& heart quite full.
He hasn't written his
own mother in a
month. I had
an attack like the
one I had when
I visited Fairview the
first time - tonsillitis,
asthma (bad) sore
lungs & chills, to
top 'all the rest.
I was too sick
to live, almost. I
dragged 'up once a
day, sometimes twice
to 'cook enough to '
keep my folks from
suffering - then they

3
got fruit & melons, &
other things that
didn't have to be cooked -
such ferrets as I
had. But I am
getting better now -
tho I have to go, oh
so slow, yet, & let
things go un done,
that I have always
kept neat etc. I hope
to be well before
Justin returns Sept 2nd 11

He is in fine
form, now - His rest
has given him
perfect health &
how strong & agile
he is on the field.

4
He can hit like a
fiend - but he only
practices - + coaches
his team, He is
captain - + is
manager too, in
McCluskey's absence -
+ the boys play great
ball for him. They
have won every
game since McCluskey
left - 5 straight
games. Don't

You believe any
one who says hes
"all in" - He hasn't
been in so fine
a condition in 5-

5
years. He could
play 3rd his army
is so strong - but
he likes resting
(full pay) better.

I want to
run out + spend
a day sometime if
ever I get well.

Of course you know
I had a new niece
since July 12 - a
fine girl, named
Mary - for Mamma.

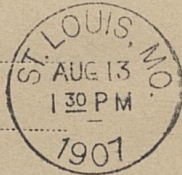

Mrs Mary Holt +
Miss Mary Holt, now -
Justice Jr is
still the only boy in
either family - so in

not a bit ⁶ jealous;
yet -

Love to Nell &
the boy -

Yours
Myrtle.

Dear Sir,

The extreme hot days prevented my presence at the sale yesterday. Indeed I would not have dared to leave the boys in such a day. I am hoping to see you in Jersey soon & perhaps bring my bad luck with rows continues.

The one bought last week was two weeks after date, & I find he is in the barn on the second morning after. He is buried here with regret & managed to run out of the little pigs by hand & milk.

That is all I have left of my last purchase. Yet I want some pigs for meat. Did you have any left over? What have you
