ABBEY OF GETHSEMANI  
TRAPPIST, KENTUCKY

Dec. 4, 1963

Dear Carolyn:

Jubilee has run off offprints in the past, on occasion, but they have ~~never~~ not done so recently. They might provide extra copies, but on the other hand if the Shakertown committee is sufficiently interested to share in the expense, he might do it on this occasion. I would be glad if he did, as I could use a few myself. Why not have someone write to him from there, and I will also mention it in my next letter to him. The article is to appear in the January issue so there is not much time. Some of my photographs of Pleasant Hill will be with the article.

Write to:

Edward Rice, Jubilee, 168 East 91st St., New York 28.

Certainly I have no objection to copies being made of this. I can return the text you sent me if they want to copy it there. Too bad I did not mimeograph it here, but now we are in the Christmas cheese rush and I can't detach anyone from the crew to do this job at the moment. If they want to mimeograph it they are perfectly welcome to. That might be a solution if Rice does not want to make offprints, though that would be better as pictures would be included.

Yes, your last visit was so pleasant and the conditions were so fine. When will you come again? When can we plan on so nice a day? January is variable, but we might risk it. The only time so far that would be excluded would be from the 18th to the 25th when we are "on retreat". Do let me know. And let me know if you want the Shakertown mss back for someone to copy in Lexington. I have still another copy here, so I will not be inconvenienced in any way.

The Resurrection painting sounds exciting. A great idea and I am very happy about it. May it prosper. All my best wishes to you and Victor.

Cordially yours in Christ,

*Tom.*
