My dearest Joe:-

I arrived safely last night after a very tiresome day. As you know, the trains were very crowded all the way from Atlanta to Bainbridge & made all connections without any trouble. In Atlanta Peyton met me and we had only a word - nothing new - only to get oil for the babies.

Met two or three friends on the train - no persons you know. They had no news. I got to Holmes quite on time. He and Harry were looking for me; they took me up home in a cab. I washed, put on a clean collar and ate a good dinner, part of which was a chicken pie - well cooked, but not just as brown as I wanted it to be. From there I

Write me at Savannah, General Delivery

Journaled on to Bainbridge. I got there nearly nine o'clock. I took a cab to my boarding place where I was told that Prof. Tuttle had prepared supper for me and was awaiting arrival. I went over and found them (Mr. + Mrs. H.) looking for me.

Well, I was not hungry, for I ^{had} just eaten at five, but I did some harm to things because they had fried chicken. I thought of you and Louise. I went to my boarding house, went to bed, and found it hot, and besides some mosquitoes no bugs. I am up, shaved, washed, dressed and writing to you all before breakfast.

Now, don't you know I love you all. Prof. Gilbert has not arrived as yet. I look for him on the next train. Every body asked after you and Louise.

Now, do try to keep well and by happy. With lots of love to you all I am,
your devoted husband + papa

I have moved since yesterday and am now at Americus. We finished the H. C.'s office by 12 noon yesterday. The fact is, I was practically through Gilbert got there at noon.

We are here and will be here for at least two days. It is here that we find work to do.

Hope you all well and getting on in the usual good way without missing or even thinking of me, except as rubbish out of the way. How about that?

So far, my work has been only a diversion. Every one makes me feel so at home that I can't help but ask (almost) where am I? Well, you all be sweet children and take care of each other. With much love and lots of kisses for you all, I am

Dear Sir:- I am writing to find out if there is a vacancy in the teaching staff of the High School. I would prefer to teach in the Mathematics or Latin department, but am willing to try any other subject. I have just received the degree of Bachelor of Arts and also a four-year provisional high school teacher's certificate for Ohio, from the College for Women, Western Reserve University.

If you are interested in my application, I can furnish further details as to my college work and can also give the names of several professors who can supply references.

Hoping to hear from you soon, I remain,

My dear Joe:-

I have received two letters from you since I came to Savannah. I was glad to hear from you all. I have been so busy that I did not write to you yesterday. We have about finished our work here and I shall leave here Monday for Boston. Prof. Gilbert can finish here in less than an hour.

I have been very well and I have not had time to ^{be} unhappy. I was out to see President Wright last night and found that he was going on to Boston today by way of Atlanta. I do not think he wanted me to go along with him. He says that he may remain in New York and attend Columbia. I thought to myself, O that it were I. Well, I shall be in Boston only one day and then I shall return to Ga.

I am glad that you all had such a nice ^{Fisk} party and that you enjoyed yourself so very much. I am sure you contributed no little toward making it go. You are so made that things must move if you are concerned. Glad you had a good time. I am sorry you did not go to the Banneker affair. I did ~~not~~ do right in not paying for you.

I shall not be here after Monday morning. You will not be able to reach me any more before next Saturday in Albany, Ga. If you write at 71 Camden St., Boston, Mass., or at Fords Hall, Boston you can reach me next Thursday. In the event you do write me there send it ⁱⁿ Mr. Ware's care. If I stay in Boston over night I shall stop with Mr. Samuel Hodges, 71 Camden St.,

My railroad fare from here to Boston and back will be less than \$50.00 I shall not lose any thing by going.

Tell Louise that I shall write her from New York. I shall write a few friends also from that point.

I hope by this time mother's ankles are much improved. I shall not have time to get out to West Newton.

You do not care what the Coloreds say about what you have done for our friends. That want hurt at all. I do not care what Mr. J? Harris may say in his paper since he does not trouble you and Louise.

I shall see Hunt next week and get him to send you some peaches.

With much love to all who may ask after me, I ^{am}

My own dear Joe:-

Seven o'clock in the morning, and I am up dressed, have eaten and am writing to the one I love the best. The Grand Lodge is over, I was relected, have received my pay and shall leave for Atlanta at noon today. Nearly all of the people have gone, having left during the night but I did not care to travel at night so I shall leave at noon today and get to Atlanta at 8 p. m.

I have kept well, had a braytime and enjoyed the trip. It has been quite a diversion from the regular grind and the fault-finding people of our town. Yes, I saw Simmons and he delivered your Message. We were to have stopped at the same place - Mr. Madkins, but he was met and carried elsewhere and he remained there. No harm done.

Mrs. Macarthy sends all kinds of nice messages to you, and says lots of nice things about your husband.

The Atlanta crowd left last night with them went Peyton, Ross, Collier, Pharrow, and Hunt, as far as Fort Valley, but I did not go. I did not care to sit up all night and I did not want to be in that jam of tribes. Gilbert left this morning and went as far as Macon. I could have gone with him but I would have had to have gotten up at 4 am, and then to have layed over four hours in Macon. I did not do that but am leaving at noon and there will be no delay.

I shall go at once tomorrow morning to work on our repairs and shall do such as must be done now, without delay. Just as soon as I have all complete or well on the way to completion I shall come to my own sweet wife & child. I shall write you Sunday just what I find that must be done now.

I have much to tell you when I get to you. In Atlanta, I shall spend sometime with Know, but most of the time at Allis, I mean I shall sleep there. I will take my meals wherever I can. I trust and hope that you all are doing well and keeping cool - Whatever the condition may be I want to be with you. With love and lots of kisses I am as ever, Will.

My own dear Joe:-

I am in good condition and all things are moving on nicely. I gave all of my repairs to Mr. Thos. Goosby. He charged me \$45⁰⁰. With all that he is not covering the Lyons Ave. place. It needed it but could wait a few months.

There was no plastering falling off as was indicated or stated in the letter sent to you. I am spending money on repairs as follows: Lyons Ave. \$15⁰⁰, 399 Houston #4 ²⁸, 105 Houston \$5⁰⁰, and 145 & 147 Howell \$4⁵⁰. This does not include Plumbering and Whitewashing. I gave it to Mr. Goosby because I could hold him responsible for the faithful performance of the contract. I shall remain here until Saturday of this week to see that the work is well done. Now, if you have any suggestions I shall be glad to hear

them so that we may work together.

As you know I shall have no money when I get home. I have just paid \$6²⁵ to the N. C. M + P Association for life insurance and shall pay \$45⁰⁰ for repairs and ten dollars for Lodge dues to Odd Fellows, Masons and Knights. I shall have nothing left except my fare home. Please be careful with what you have.

I have not borrowed and do not mean to. I have bought only one night shirt. I may have to buy something else. I love you all and want to see you but I fear you all will not want to see me because I shall have no money. I am sorry, but I am compelled to spend it here.

And, with all, I am not doing all I ought to do in the way of repairs. I think after I am through, we can get along until after November.

Now concerning the write up in the paper you need not pay any attention whatever to what they say. That set of Negroes only want to be noticed.

Sorry to learn of Mrs. Harris' misfortune. Extend my sympathy to her.

Having a pleasant stay here, seeing quite a few of our old friends, all of whom ask very tenderly and interestingly after you. I get a little gossip occasionally. When I come you shall have it all.

Please call up and express my thanks to Dr. and Mrs. McIntyre for kindness to you and Louise. I do hope that you enjoyed your ride.

My own dear Joe:-

I have your letter which came yesterday and found me in good shape. I was glad to hear from you. Every thing down this side is now getting in such a condition that I can leave here about Friday. You may look for me Friday night via of the Southern. I have never been over that road and they have been nice to me, therefore, I am coming that way.

Acting on your suggestion I am writing a letter to Mrs. White. I have said what occurred to me to ^{be} proper. I was very sorry and stood with bowed head at the will of God, but I did not rush to express myself. I am sure that Mrs. W. cares nothing about words from me.

Now, as to the business at this end, I have to say that I have given the work of covering the house to Sharp-Boylston and Day. They have done it cheaper than any other person I could find. Then, too, they will permit us to pay for it along. I shall bring all the facts when I come. I have also before me all matters concerning the money for the insurance. I shall tomorrow sign all papers necessary to get the money. It will then be necessary for these papers to go to the home office in New York and the check will be sent back immediately.

All the friends here ask after you and family. So many say they want to see you. I have not seen aunt Patsy yet. I do not know where she lives. I have not seen Missie or Aunt Julia. I thought to have seen them at Ponton's funeral but they did not come. When I come I will tell you about it. It is very lonesome to me here. I would leave today if I had all business completed. I have not seen any of the Bibbs yet. I shall call before I leave.

I am trying to get a picture of your home but I may fail. It is raining and it may continue throughout the week. In the event it

does I can get no picture. I spoke to one man about it and he charged \$3.00 for three pictures. He would not take less than three.

Tell Louise that all of her friends ask after her. So many of them speak so very highly of her that I am made to feel proud of her I saw Minnie and Jennie Askew yesterday and they were present (or rather Minnie was) at the play at the University and they say Louise made good. I am glad that she is my child although she does not even write me a line and send it in her mother's letter.

It is raining here today and the day is very dull. I can not go any where and no body can come to me. I am however, going to take dinner with Mr. and Mrs Cater. I am to be there at three o'clock. Tomorrow I shall go to dinner with Peyton, Thursday I shall be Knox's and Friday on the road for home. I do not know whether or not you all care to see me. I know you want the money I have. You all may get ready to go as soon after I come as you may desire. I shall not be able to go any more this year.

What did I do Sunday? Well, I went to Big Bethel Sunday school and to the Congregational Church and then remained there to Sunday School. I then stood on the corner and talked a short time. After dinner I went call on Mr. and Mrs. Cater. Later I went to call on the Ruckers. I did not go out Sunday night at all.

I must not write more now but save some to tell you when I come home. I have much to tell about every body and every thing.

When I get there I shall take up the matter of filling the vacancy # I must talk with Mr. Reid before I make a move. I think he will be with me in my plans for filling the place. I answered Mr.

Perry's letter. I had a letter from Mr. Green yesterday.

Your letter sent to Bainbridge was duly received and contents noted. Was sorry that you had the back set. Hope by this time that you are so much better that you are your self again. I do hope that all things shall go well with you. Now, in the event that you need me do not hesitate to call.

Dr. Gilbert did come to Louisville, but, as you know, did not come to stop with us. He stopped somewhere on Walnut St. He saw Rev. Noble. He went to Owensboro and then came back by the village to meet me but I had gone. I met him in Bainbridge as per agreement. Glad you did not have the trouble at that time.

The Grand Chancellor, Hutto, thanks you very much for thinking of him. He greatly appreciates the kerchief and thinks it pretty.

Thank you for the letters enclosed. I am answering Mr. Reid's today. You may send only such mail as you may deem wise. Other matters may wait until I return.

Say to mother that the covering of her house at this time will cost about \$150.00. I have decided to have it done while I am on the ground in July. Say to her that I shall have to borrow the money from her

Renting Agent. If you wishes me to go forward with this work write me to that effect. I shall bring bills and receipts for every thing. I saw Brown while I was in Atlanta and he was willing to wait until I returned.

Tell mother not to fret. I shall bring things to pass.

If you get the insurance draft while I am away please write to me at once. You are liable to get it, because the evidence which I submitted proved conclusively that I had the insurance only right to the claim. The Suit Claim Deed is being obtained that no further question may arise. Don't worry any more about matters. I shall get them right before I make an other move.

Have you heard from Mrs. Simmons and what board does she charge? Be getting ready to go. The Grand Chancellor increased the pay of the Auditors by $12\frac{1}{2}\%$ and all that will go for your trip. What is going on in Louisville. Love to you all. I am well and have been doing fine except I suffered with a bad headache last night. While passing thro Atlanta I got some of Dr. J.C.'s pills. I took two last night, and am much better today. I shall try to get my insurance before I leave Atlanta. You know also, that I must look after mother's house.

We shall close our Grand Lodge session here on Thursday of this week and I shall leave for Atlanta on the same day. Any mail sent to me at St. Nox will be received next Thursday night if life lasts.

I shall see Hunt here this week and shall pay him for two crates of peaches which he will send when he returns home. I will write about them later.

Tell me in your next letter all about yourself. Are you sick or are you well? What is Louise's condition?

3

As I wrote you, I shall pay
my insurance in Atlanta
this week. When I return there
I will likewise, pay the Crawford
note.

What are your plans for
mother while you and
Louise are away? I wish
she could go away also.
I am not sure, but I myself
may go down in the
country in Ky. for a week
or so. I will explain more fully
when I come.

Write me a nice letter and
have it at Knoxville when I get
there.

I shall send Mr. Davis the
house rent on Thursday. I am
not writing cards to any body this
year. What about it?

You tell Louise that I say
I know who loves papa.
People who love me write to
me, but others do not.

With lots and lots of love to
you all, I beg to remain,

Very truly yours,

Hill.

I worshipped today with Rev.

asked very tenderly after you
and Louise.

They are both well and look-

My own dear Joe:-

Just a short note to say that I am well, and trust that you all are in good condition.

I got your letters with inclosures. Was glad to hear of what is taking place. I am so sorry for Mrs. N. Glad you did what you did about the flowers. I would have done the same. I shall fill blanks and forward them to proper persons.

Will the Auditors have made their report, have been re-elected for another year and have received their stipend. I am ready and shall leave for Atlanta tomorrow. My face is turned homeward to my own. When I reach Atlanta I shall send you New York Exchange Check. Hunt will send you next week two crates of peaches. I paid him for them today.

I trust that you and Louise and
Mother are enjoying yourselves
and that things are going your
way. You need not worry
about a new teacher to take

not appoint until I come. I
must try to make the school strong-

I shall write you from

My own dear Joe:

I am back in Atlanta and my face is turned toward all who are near and dear to me. I reached here this afternoon and received your very interesting communication. Thanks for it and its contents.

I shall send you an exchange check tomorrow by special delivery for \$50.00. I was going to do that if I had not received your letter. I am going in to see the rent people and if they have not sent the check I shall collect and bring it. I hope to be able to settle the insurance also. I shall, at least, know more than I know now. I will write you some definite information concerning matters tomorrow night.

Yes, I will confer with Dr. Palmer about Louise. I doubt, however, whether he even kept a record of his examination. That Exam must have been for gym work.

I do not want you to ~~to~~ worry yourself to the extent that you make yourself sick and then cause Louise to imagine something is wrong when really everything is O.K. I will also write you what the Dr. has to say.

Now, dear, be as sparing in spending as you can. I received \$84.45. I shall pay as follows. \$25⁰⁰ Crawford note, \$28⁰⁰ House rent, \$13.30 Insurance to N. C. M. & P. A. and the Standard Life, \$5⁰⁰ for peaches, my ticket home \$11²⁵ and send you \$50⁰⁰. I have my lodge dues amounting to about \$10⁰⁰ to pay. I hope to reach home with \$50⁰⁰ and the rent if it has not been sent. You see where I am now, be sweet and don't worry. I am coming to you. Ophelia and Knox send love. With much love,

Before this good hour you have my special with inclosure. I do not want you and my other sweeties to ever be embarrassed. I trust that will hold you until I get there which will next Friday night via the Southern. I am sending you the Fulton Co. Record marked. From it you may see that I have things in shape and in a few days I shall have my insurance. I am having some delay but the way is now clear. I also, this day, had the St. Improvement debt as paid put to Record or Cancelled satisfied. Hereafter, I shall do the thing right.

Now, the next thing before me is the covering of the house. I am letting the Building Agents - Sharpe Borylston + Day do the work. I tried all around and their price (\$5⁰⁰ per square) was the cheapest of all. They were willing to do the work and collect for it out of the future rents. Now, in the face of the fact that I had no money &

let Sharpe-Baylston and Day do the work. Now, is that satisfactory to you all? The work will cost somewhere about \$100⁰⁰. It may be a little more and it may be a little less. Whatever it is the bills will come direct. For this same grade of work Alex. wanted \$7⁵⁰ per square. I collected the rent and will bring it with me. It was \$43.64. Nothing news about here except the death of Dr. Ponton. He died Thursday morning and will be buried next Monday at 11:30 A.M. I shall attend the funeral at Big Bethel.

Thanks for the letters and the direction you have given to others. I had several letters from various person. Young Mr. Perry wrote me asking for the vacancy. I shall not take it up until I reach home. I must talk with Supt. Reid.

All are well here. Ellen, as perhaps you know, is in Chattergoog. I am tired of being here already. I don't want to be away from you. Did you get the peaches? I sent you at least two crates. Hunt said he would send you the best. Save me some if you can - otherwise do as you think best.

My dear Joe:-

Aug. 9, 1922.

Since writing you another day has passed. In many respects it was uneventful. I called to see Ellen and Bodie and we talked over the situation of the Will left by sister. The facts are as follows: Gladys has no money in bank. While she pays Frank his interest regularly from her rent there is no funds from the other girls could get any of the bequest. Since coming here I have learned that she has sold 124 Howell St. and has not deposited the money, so far as Allen her Attorney knows. As the matter now stands there are no funds left for the Nieces. Everything is the name of Mrs. Nash. They, Ellen and Bodie, have made up their minds to inform Frank of the situation and to proceed along legal lines to make Gladys reposit the amount of the Will or enjoin her from selling her other property until the amount of the will is secured. You be thinking it over and if you agree that course will be taken.

I have just left Smith the man whose Grandfather now dead, was responsible for the fence across my lot. He was very nice and objected in no wise to my having removed the fence. In fact, he reimbursed me for what I paid for moving the fence. I will explain in full when I come. I have been to call on Mrs. Brown and inspected the house front and back. Say to mother that the property is in fairly good condition. The front or big house is in good condition. The rear needs some little repairs. I'll explain when I come.

Called on Siza this morning. She seemed very glad to see me. She looks fine. She is nearly as heavy as you. She asked me all kinds of questions about you. Fannie had written her all about Souse.

As I said yesterday, there is doubt about selling on Howell St. These people who want to buy have no money. Unless I see some thing by Saturday you may expect me Monday Night. While the people here are very nice home is the best place.

Have lots to tell you when I come. All send love to you and mother.

Bodie is leaving for home tomorrow morning. Have her attitude on Gladys. Decorate Souse yesterday. I am taking dinner with Slater today. Be sweet.

Yours Will.

My own dear Joe:-

Today finds me moving on right-side up with care. I am well and in good spirits. I did a big days work yesterday. I hired a man and went out to 147 Howell St. and knocked down and removed the fence from my lot and placed it back on the line. I did it in good shape with any trouble. It cost me only fifty cents. I said nothing to the other party. I shall go and inform him today. The man who had the fence placed there is dead. The present owner is one Maynard Smith. He investigated his right to my land and found that he had none but did not move the fence because his tenants had a garden on it. That is the situation as told to me by his tenants. I moved the fence and told his tenants that they could get all garden produce on my land. Don't worry now about the fence. Now I shall turn my attention to the sale of the property. I find that these fellows have no money. I shall not sell at all unless I get at least \$2000.00 cash. Several

persons seem to want it, but so far I see no money in sight. I will write you again tomorrow.

Well, I am seeing lots of the people. Monday I saw Mr. & Mrs. White; Mrs. Brown, Mildred and Mrs. Knight Darden and Ethel. They all seem so glad to see me and all asked after you, mother and Louise.

I am going out to see Sisters Ellen & Bodie today. They expressed a desire to talk with me. I am going over ^{and shall} write you what we talk about. - I have just learned this morning that Ophelia Nash has sold one of her places here, for three thousand dollars. I was talking with Allen yesterday and he knew nothing about it. Now, Allen recommends that Ophelia be enjoined from selling unless she deposits five thousand dollars, the full amount originally left by "Pister" in bank. Allen says the ~~con-~~ ^{con-} ~~put~~ ^{put} - \$5000.00 should not be spent. I will write you as soon as I see them.

I shall do some calling today and shall have some news to write to-morrow. I am writing to Louise also today. Love to mother

My own dear Joe:-

I arrived safely about three hours late and found Allen and a fellow named Chester whom I used to teach at Hampton so patiently waiting for me. There were no events on the way.

I went out to Beylous, took a shower, made a few changes, had something to eat and we started for a car to church. While we were waiting Dr. Mrs. Butler and Henry drove by in their car, took us up and carried us across town to the church. While we a little late we heard the major part of the sermon and I want to say that it was good. It was Communion Sunday and there was a good congregation present. After the sermon Dr. Madison went up told the pastor that I was there and to call on me to say a word. He did so and I talked. Well, what I said pleased and impressed.

Mr. & Mrs. Herndon invited me to take dinner with them. I did so. It was very nice. I reimbursed table man zero and was careful.

At the church I really had
an ovation. I will tell you
all about it when I come.

Sate in the afternoon, when I got
away from the Steadons' I went
over to see Ellen and her folk. I
found them all at home. They
seemed very pleased to see me. Bessie
looks well and Ellen is getting more
flesh on her. Ambrosia is not so stout
but looks fine. Her New boy is fine.

I went by the Howell St. place, saw the
fence and the situation. I shall move
the fence tomorrow, and without trouble.
From there I went down Auburn Ave.
and met Finch with his little Grand
son. Finch looks fine and I think some
stouter than when I was here before.
I went by the Ruckers' and saw them.
Mr. R. is not well at all. He has fallen
off and thin. Mrs. R. has not been
well but is up and better. I met Ethel
at the Ruckers' with her baby. Ethel's baby
is fine and she looks well. I shall go to
see others today and tomorrow. She
please seem very glad to see me. Five or six
please seem anxious to buy my Howell St.
place. I hope you all are well and happy.
The Allens send love. I shall go to see Mrs. Brown
today. Will write soon to mother.
I am your own still.

the Cause? Attend every Sunday beginning today. My address today is a summary of my three years with you: Bring every member of the Home! Let us all eat dinner together at the Church. It will be another opportunity for the Church family to be together at the table. Take our address and write us a line to comfort us while away.

We welcome back home to visit Mrs. Hattie Cater Haynes who is visiting relatives before joining her husband who will teach History this year in Talladega College. She has been recipient of many social courtesies.

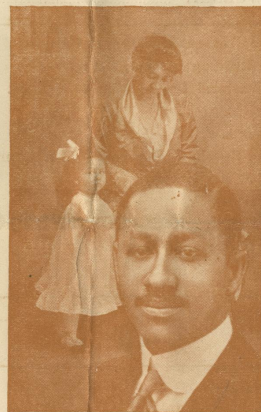

A committee is arranging an informal reception for Wednesday night at the Midweek service for the pastor and family. The members of the Church are invited to share in an expression of gratitude for their third hard year's work.

A birthday party given Friday night on the Community Playground by the Every Need Club was a great success. Mrs. Berta Kines Walton is president.

A Sunday dinner will be given by Circle No. 3 of which Mrs. Minnie Davis is president and Mrs. Manley, vice-president. Everyone is invited to eat dinner at the Church following the morning service.

MY CHURCH: Ought to be kept up just like my home, what I withhold from it reflects on me. If I give it nothing shows the emptiness of my soul. Even if I can't give it money I can give it my presence, my sympathy and my prayers: "Times are hard" only when I deal with my Church. But its mine. I'll not allow anyone to speak against my Church because of me. I shall be in my place each Sunday, bring my family and use my influence for my Church. "The all else should flee" I'll stand by to safeguard its interest.

CLASSES BEGIN AT COLUMBIA

Summer School Enrollment May Set New Record.

MORE THAN 12,000 EXPECTED

Dormitories and Section Crowded as Sessions Start.

Columbia University began its twenty-third summer session to-day with an enrollment which, early registration figures indicate, will establish a new high mark. Unemployment, strikes and the general factors entering into the higher cost of education have not stemmed the tide which each July sets in toward Morningside Heights from all parts of the country and which year by year gains in volume.

Last year 11,800 students registered. This year, in the opinion of Registrar Edward J. Grant, the enrollment is likely to exceed 12,000. The first three days were record breakers, the total being 7,754, as against 5,381 in 1921. This increase, Mr. Grant explained to-day, was due in part to a shifting of the registration period, which previously began earlier and afforded the students more time in which to register before classes got under way. The result was to concentrate registrations with gains in numbers, which to a considerable extent is more apparent than real.

Increase Each Day.

With appropriate allowance made for this condition the summer school au-

thorities feel that the attendance will surpass that of all previous years. The registration on the first day was 2,254, compared with 1,113 last year; on the second day, 2,597 compared with 1,767; and on the third, 2,903 compared with 2,501.

For the first time in the history of the summer school the registration on each of the first three days was more than 2,000. Regular registration will continue to-day and to-morrow in the university gymnasium.

The Columbia summer session began its existence in 1900 with an attendance of 417. This year's army of students represents an increase in the neighborhood of 3,000 per cent. At the start a relatively few courses were given, and the teaching staff was small. To-day more than 1,000 courses are offered and they embrace virtually the entire range of elementary, intermediate and higher education.

Hundreds of instructors, including scholars of international distinction, are now giving instruction. They come not only from Columbia, but from schools, colleges and universities of the East and West, as well as from abroad. They include men of the type of Dean Roscoe Pound of the Harvard Law School, who with Prof. John Dewey and Prof. Walter W. Cook is directing special conferences in jurisprudence.

Many Women Among Students.

A large number of women are members of the teaching staff. Women form a large part of the student body. Teachers from schools in many States are enrolled in increased number. The bulk of these are working for higher degrees and in many cases their tuition and other expenses are defrayed by school boards in the towns and cities in which they teach. Professional workers and students aiming to expedite their college work constitute considerable groups.

The university dormitories open to summer school students are full to overflowing and thousands of the big Morningside colony, which sprang up in a night, are finding quarters in the apartment houses of the neighborhood. The university commons is taxed to capacity.

Bridges Can't Take · School Board Place

**Citizens' Union Vice President
Is Ineligible for Late Dr.
Bloom's Position.**

Isham Bridges, vice president of the Citizens Union Fourth Street Bank, will not be elected as a member of the Board of Education to succeed the late Dr. I. N. Bloom, it was learned yesterday.

No person connected with a firm which has a contract with the board is eligible, and the board has some of its money in the bank with which Mr. Bridges is connected.

William Hoke Camp, president of the board, expressed regret for himself and the entire body after Mr. Bridges declined to accept the place.

ISHAM BRIDGES, bank vice president, will succeed Dr. I. N. Bloom on the Board of Education.

BANKER TO GO ON SCHOOL BOARD

Isham Bridges Is to Succeed Dr. I. N. Bloom As Member of Body.

Isham Bridges, vice president of the Citizens Union Fourth Street Bank, will fill the vacancy on the Board of Education caused by the death of Dr. I. N. Bloom, it was announced last night. Mr. Bridges will be formally elected at a called meeting of the board at 12:30 o'clock tomorrow afternoon.

Mr. Bridges is a native of Louisville. He began business life with the Weissinger Tobacco Company. Later he entered the banking business with the Fidelity Trust Company, where he was employed until he was appointed manager of the Louisville Clearing House Association.

This latter position he held for twenty-five years, leaving it to assume his duties as vice president of the Fourth Street Bank, April 1, 1920.

Dr. Bloom, educational leader in Louisville, died July 23 at the Norway Sanitarium, Indianapolis. He was the oldest member in point of service of the Board of Education. In 1888 he was elected School Trustee, serving until 1892. He was again elected in 1908, serving two years.

Dr. Bloom was elected president of the Louisville School Board in 1908, and when this body became the Board of Education he was elected as president again in 1910, serving until 1912. Twice since that time he had held that office, the last time being in 1921.

My own dear Joe:-

I sent a special yesterday to say that we arrived safely and were both conveniently placed. I am writing today to say we went over to the University this morning and Louise completed her registration without a hitch. She got what she wanted and if that does not prove satisfactory she may make changes provided they are made within the next day or two. So far every step has been good.

I am pleased to report also that Louise is much delighted with her stopping place. She is as happy as she can well be without you. It goes without another word that Louise will be happy.

Nannie has been to call on Louise and I think they plan to go to school together.

Mrs. Fannie Douglas Howard is stopping
two or three doors from the Paces
and is attending Columbia. She and
Louise will go together in the
event Nannie and Louise's hours do
not come together. Fannie is music
teacher in the Junior High at

Public School Music. So far as
I can see your little girl will
have every safe guard necessary.

I shall go to see Mrs. Penn and Jessie
perhaps tomorrow. Instead of being
on the same street as Louise they
are just around the corner on ^{N.} 13th
Lots of "coloreds" will be at Columbia
this year. Sorry I cannot stay.

Be sweet and take good care of
yourself and Mother until I come.
Plan to go to Rev. Proctor's Church
tomorrow Sunday. With lots of love,
I am, Will.

My very dear Jrs:-

I hope you all are well and happy. I am moving on right side up with care.

Your letter to Americas was received yesterday and its contents carefully noted. I have the letter from Mr. Benson and shall comply right away.

I am sending you a check for \$50⁰⁰ from it please pay house rent \$28⁰⁰ to Mrs. Johnson and \$5⁰⁰ on my Liberty Bond. The rest you will please leave in bank. I am sending out a few checks. I will send you your money when I get my pay next week. I am in Americas today but will go to Albany tomorrow.

I hope you all have been well. I think I never wanted to be with you quite so much as I did yesterday. I am sure you had watermelon. We did not have any here.

Mr. Hershaw did not say any thing of vital importance. You know how he knows everything which goes on.

This letter is short and rambling in my next I will tell you all the news.

Be sweet and write me soon.

Yours.

W. B. Matthews.

Dearest Jovi:

I am here a day ahead but here for only two days. I shall return to Americus and Macon for two days before the convening of the Grand Lodge. I am well and trust you all are in good shape. I found Mrs. Mrs. Macarthy in good health. Both of them asked after you and sent best regards.

I got a letter from Mr. Benson, the Scout Executive. I shall write him. Hope things are going well with you. I shall send you the money with which to pay the house-rent tomorrow. Please pay it Mrs. Johnson. Davis requested that I pay it to her.

I am going to try to get you
some peaches next week I wish
you would write me just how
many crates you would like.

Give my best wishes to those
who may inquire after me.

This letter is short. I shall
write you again tomorrow.

With love and kisses

I am

Will

My dear Joe:

Well, I am just in from Church where I did as usual - slept. I am moving on right side up with care. Hope you and the others are well and happy. I am hard at work but enjoying the change. As you know I am having plenty to eat of the very best well cooked - I am at Mrs. Warren's. I leave here Wednesday for Macon, Ga. for a few hours ^{and} then we go back to Albany where I remain until the Grand Lodge is over.

Yes, I miss you very much and have had you constantly on my mind all this week. I am sure you will say and do the right thing in all matters around there. The good white women interested in the work of your Committee will stand with you in all matters pertaining to what is best. You do not have to submit to any humiliation from Carnet.

I have met quite a few old friends already on this trip. Mrs. Lura Greenwood Hart lives here. Her husband Dr. Hart has a car and will take Gilbert and me ~~for~~ a drive this

P. M.

Next week I shall send you the check for your money and at the same time I will send you an additional \$5⁰⁰ with which to pay my Liberty Bond payments at my bank.

I am quite sure from present indications that you will have your husband with you next summer. I think I have enough this time. I can be elected if I care to but I am sure you want me to quit.

When I get to Atlanta, I am going to see if I can arrange for our loan in monthly payments at \$30⁰⁰ or \$35⁰⁰ per mo.

I have been away since I began this letter. Dr and Mrs. Hart took me + Dr. Gilbert for a drive. We were out nearly three or four hours. I then came back and made an address to the B.Y. P. U. I am finishing this letter. Send any mail which you have for me Albany, Ga. G. H. MaCarthy. Be as sweet as you can and love me ~~much~~ as you can. I shall see if I can send you some peaches. I shall see Hunt next week. I hope to hear from you real soon.

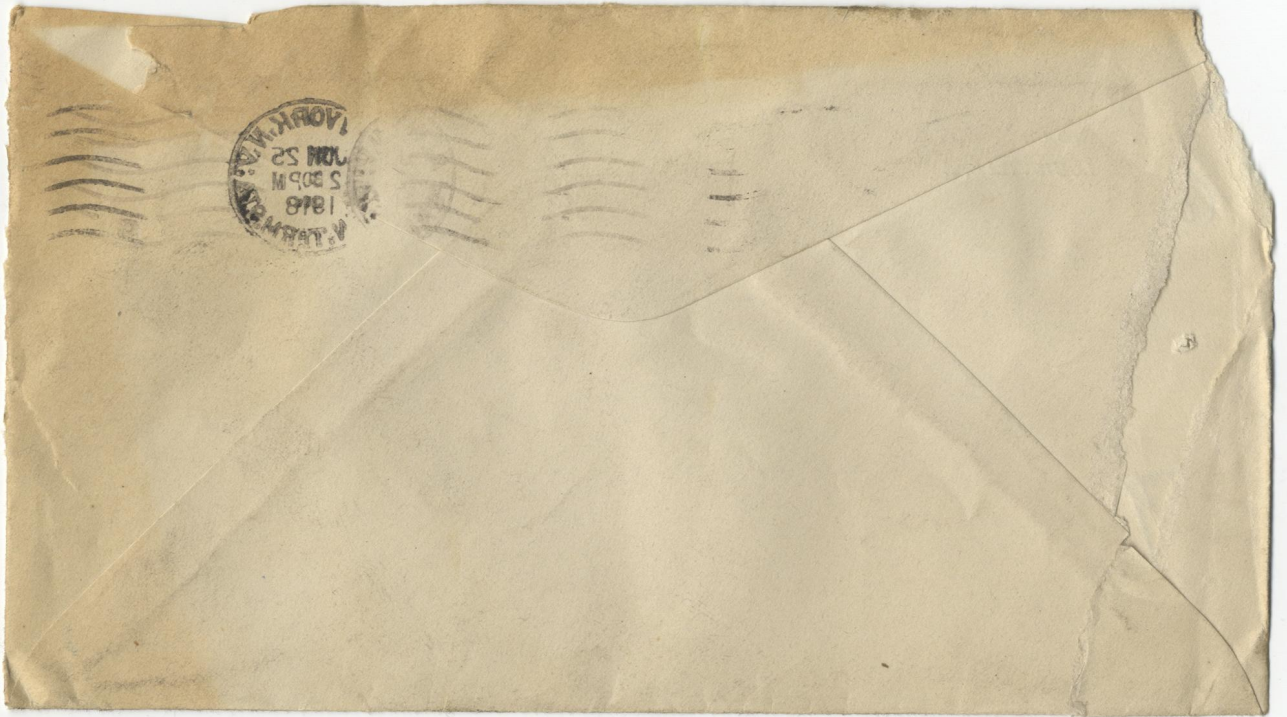

As ever,
W. B. Matthews.

Wife, Daughter and Mother,
Dear Folk:-

I arrived in New York safely and am writing you all before I am located. The trip was a tiresome because so many people are traveling to New York and Washington. Every body seems to be going to see his or her boy before he leaves for France.

I am well and shall, as soon as I can, find me something to eat. You all be sure to take care of yourselves. Keep me informed as to conditions. I find that I shall leave here tomorrow night at 8:35 for Bainbridge via the Atlantic Coast Line. I shall arrive there Friday at 11:25, if train is on time. I will write you if any change in plans.

I have nothing to write save I
am as dirty as a pig. I must
go and clean up and look about
I will write you again to-
night or in the morning.

Now all of you be just as
good and as sweet as you
can and I will reward you

by coming to you as soon as
possible

With lots of love in the
order named in the salutation
of this letter, I am as ever,

Will

My very dear Joe:-

I leave here tomorrow for Savannah. Already we have completed the audit in the offices of the Grand Chancellor, G. R. Hutto, and the Grand Keeper of Records and Seal, B. W. Warren. This is the quickest work in the history of the Order.

The Grand Chancellor says I may go to Boston next Monday and not return until Sunday July 9th without loss of pay. Another thing he says, and that is that I may be elected if I care to be. It is a great thing to be in the land of your friends.

I am now at Mrs. Warren's and you will remember that she is the lady who feeds me. I am just doing finely. I am having good table manners so don't worry.

How are you all getting on? What is new among the "Villians"?
