In 1929, Mr. Vaughn was elected to serve as county attorney for four years.

Alumni Association Undergoes Reorganization

A change in the office regime, reduction of annual dues and life membership fees, and the adoption of a new constitution and by-laws, were among the changes made in the Alumni Association at the annual business meeting held June 2, at the University of Kentucky.

Dr. George Hancock Wilson, '04, re-elected president of the Association, presided at the meeting. After the reading of the minutes and the annual reports, the question of reorganization was discussed. The new constitution and by-laws, as drawn up by members of the Executive Committee, were approved and voted adopted. Radical changes from the old constitution included reducing annual dues from \$3.00 to \$1.00, and life memberships from \$50.00 to \$25.00. Changes in the office regime included the following: The University to assume some of the expense of the office, such as publicity, printing, mailing, and alumni contacts; the secretary of the Association to be paid by the Association and not by the University.

The result of the election of officers was announced. Dr. George H. Wilson, '04, was re-elected president; Mrs. Thomas R. Underwood, '19 (Eliza Piggott), was elected vice-president; Walter W. Hillenmeyer, '11, and E. Cronley Elliott, '02, were re-elected as members of the Executive Committee.

At a meeting of the Executive Committee June 14, further changes were made in the administration of the organization. James Shropshire, '29, resigned as secretary of the Association, stating that his full time would be taken by the University. His resignation was accepted. Mr. Shropshire has held the office of secretary for the past three years.

In his place, Betty Hulett, '30, was appointed as the new secretary of the Association. Miss Hulett has been connected with alumni work as Mr. Shropshire's assistant since her graduation from the University three years ago.

Other business transacted at the meeting included the election of Doctor Wilson as presiding chairman of the committee, the appointment of Mrs. Harry Herring, '16, (Pearl Bastin), Herschel Weil, '22, and James Shropshire, '29, as new members of the committee and the reappointment of Maury Crutcher, '17, G. Davis Buckner, '08, and Lee McClain, '19, all to serve for one year.

DR. GEORGE H. WILSON

Graduate of '79 Leads Alumni Parade

When alumni of the University trouped back to their Alma Mater to attend the reunions of their classes, they were greeted at registration by one Napoleon Bonaparte Hays, graduate in the class of 1879, who had returned from Florida to attend class reunions and renew old friendships. General Hays had not visited the scene of his college days for more than twenty years and he was heartily welcomed by old grads and new. He formerly was Attorney-General and was valedictorian of his class.

Several hundred alumni attended the 1933 class reunions. A program of interest and entertainment had been planned by the reunion committee, of which Dr. E. Cronley Elliott, '02, was chairman.

Alumni Day opened with the Senior breakfast at the President's home, followed by registration in the alumni office, after which class or group luncheons were held. In the afternoon each class had special entertainment and old acquaintances were renewed. At 4:30, Dr. and Mrs. McVey were at home to the alumni and friends of the University, the Seniors and members of the faculty and staff.

At 7:00 o'clock the annual alumni banquet was given at the Phoenix hotel. Thomas R. Underwood, former student at the University, presided as toastmaster for the occasion, and John E. Brown, '03, Shelbyville, was the principal speaker. Mr. Brown's subject was "Yesterday, Today, and Tomorrow." He reviewed incidents in the past history of the University, talked of the University of today, and spoke of his hopes and dreams for the University of the future. President McVey gave a short talk concerning "The Alumni Association," telling of the plans for the future and the reorganization of the Association. Music was furnished by the Kentucky Cardinal Quartet.

Activities for Commencement Day were opened with the parade to the Graduation exercises. The alumni formed a part of the parade and attended the exercises in a body. Two graduates, both in the class of '14, received honorary LL. D. degrees. Dr. Herman Lee Donovan, president of Eastern State Teachers' College, Richmond, and Dr. John Howard Payne, president of Morehead State Teachers' College, were the two alumni so honored. Another prominent educator, James Howell Richmond, state superin-

KERNEL PLEDGES \$20,000 TO NEW BUILDING FUND

With a donation by The Kentucky Kernel of \$20,000 and other smaller contributions, the drive for a student union building on the University campus was announced at the banquet of Omicron Delta Kappa held in the University Commons. The student union building finance committee, headed by Gordon Burns, with President McVey, has been working out details of the undertaking.

The Committee on Publications adopted a resolution as follows:

To the O. D. K. Student Union
Committee

University of Kentucky

Gentlemen:

We are pleased to hand you herewith a resolution adopted May 10, 1933, by the Committee on Student Publications, and hope that it will serve in a material way, as well as inspirationally, to promote your meritorious movement looking toward establishing a student union building on the campus of the University of Kentucky.

"Resolved: That the Committee on Student Publications, with approval of present members of the Kentucky Kernel staff, pay annually to the proposed Student Union fund the sum of five hundred dollars (\$500), until the building is under construction, and one thousand dollars (\$1,000) annually thereafter until the Kentucky Kernel shall have contributed the sum of twenty thousand dollars (\$20,000) to the project.

"For this sum the Kernel will ask that provision in such building be made for adequate space for the housing of its printing plant, offices, and stock rooms, also space for a general office for the Kentuckian.

"Be It Further Resolved: That this Committee, at the end of each school year, pay to the Union Fund any balance that may, at such time appear, to the credit of the Kentuckian.

"Signed:

"ENOCH GREHAN, Chairman

"Committee on Student Publications.

"JAMES SHROPSHIRE, Secretary

"Committee on Student Publications."

Other pledges include Judge Stoll, \$100; Prof. Enoch Grehan, \$100; R. D. McIntyre, \$25 per year until the building is completed and paid for; Delta Tau Delta, Phi Kappa Tau,

Alpha Sigma Phi, Tau Beta Pi, and Kappa Kappa Gamma organizations have agreed to pay \$1 out of each initiation fee until the building is paid for. Other fraternities and sororities will be asked to make similar contributions. O. D. K., sponsor of the movement, is making a \$50 donation and also will give \$1 from each initiation.

The probable source of income as drawn up in a plan submitted by Burns in his report include social fraternities and sororities, honoraries and professionals, and gifts from alumni, state, and graduating classes.

The fund is to be put into a trust by a committee composed of the business agent of the University, the president of the University, one faculty member elected by the Inter-fraternity council, one elected by the women's Pan-Hellenic, one alumni member, one active member of O. D. K., the faculty advisor of O. D. K. The plan of this committee, however, is subject to the revision of the administration.

The student union building has long been a topic of discussion on the University campus. President McVey in his report to the trustees has stressed a need of such an addition to the campus. Also at the meeting of O. D. K., last year Judge Stoll suggested such a drive and stated that he would make a contribution of \$100 to the project when it was started.

President Frank L. McVey, principal speaker at the dinner, lauded Dean Melcher who has served as head of the German department in addition to his duties as dean of men. Dean Melcher will be placed on the retirement list at the close of the current academic year, and special duties as professor emeritus will be assigned him.

President McVey recounted some of the activities of Dean Melcher since he came to the University 26 years ago, and said as a supervisor, Dean Melcher was able to appreciate the student group, and anticipated the need for friendship and advice. "A part of his work has been finished in a fine and forceful way, and we wish him a richer and fuller happiness and opportunity in the coming years," Dr. McVey said in closing.

TO WRITE BIOGRAPHY OF IMMORTAL HENRY CLAY

Dr. Charles M. Knapp, associate professor of History at the University of Kentucky, is at work on an extensive biography of Henry Clay which will take him to Washington this summer, where he will spend considerable time in the Congressional Library, going over the manuscripts and materials in the Henry Clay collection. From there he will go to New York City to continue his study in the libraries there.

Doctor Knapp has been working

on the collection of this material for several years, and is anxious to obtain any additional copies of speeches, letters, newspaper or campaign pamphlets referring to or written by Henry Clay. Citizens of Kentucky who are in possession of such papers are requested to communicate with Dr. C. M. Knapp, department of History, University of Kentucky.

Doctor Knapp also plans to edit a book of Henry Clay's speeches and correspondence, and any such available material in the hands of citizens would be of intense value to Doctor Knapp if the owners would grant him the loan of such material for a limited length of time.

KENTUCKY UNIT PERSHING RIFLES WINS DRILL MEET

For the second time in as many years, the Kentucky unit of Pershing Rifles marched on the field for competitive drill, and for the second time, it marched off the field victorious. The crack company commanded by Cadet Capt. Joseph H. Mills, defeated the units from the universities of Ohio State, Illinois, Indiana, and Dayton, which finished in that order respectively.

Approximately 5,000 persons witnessed the exhibition which included competitive drill, an exhibition by the drum and bugle corps of Man O' War post of American Legion, a fancy drill by the entire company of Pershing Rifles consisting of six squads, and a comical exhibition of "what the well-trained soldier does not do," by "Perkins' Rifles."

Out of a possible 1,500 points the Kentucky unit, which is trained by Warrant Officer G. A. Knight, said by Col. D. D. Dennis to be one of the best drillmasters in the United States, made 1,394 points, while the others finished as follows: Ohio State, 1,307; Illinois, 1,285; Indiana, 1,272; Dayton, 1,223. The decision was rendered by Capt Robert Shoe of Ft. Thomas, and Lt. Col. Stanley Koch of Lexington.

Of the 44 graduates this month in the College of Commerce at the University of Kentucky, 95 per cent were employed before leaving the University.

JOHNSON GETS FOURTH "K"; SECOND KENTUCKY ATHLETE TO WIN THIS RECOGNITION

Ellis Johnson, who came to the University of Kentucky from Ashland high school four years ago with the reputation of being one of the greatest athletes ever produced in the state, received his fourth varsity "K"—a distinction owned by only one other Kentucky athlete.

Johnson, a senior at the University, was one of 14 members of the Wildcat track squad who were awarded letters by the athletic council. The Kentucky star had previously been awarded varsity letters for his play on the baseball, football, and basketball teams.

According to records at the University, Charles T. (Turkey) Hughes who was graduated several years ago, is the only other Kentucky athlete to receive letters in four sports. Hughes, who is now head coach at Eastern State Teachers College, at Richmond, received his letters in the same sports in which Johnson participated.

The former Ashland star was outstanding in each of four sports. Many football critics, who witnessed his play, declared he was one of the most finished players they had ever seen and an excellent runner. His passing and kicking were also good. As a student at Ashland, Johnson won a berth on the all-American scholastic football team.

In basketball Johnson was also a brilliant player. During the past season he was selected as guard on Frank Lane's all-American team. He was also given a place on the all-Southern quintet by sports writers at the Atlanta tournament, who described him as one of the greatest guards ever seen in that event.

Before coming to the University he was picked on the all-American interscholastic cage team at the Chicago tournament. Johnson played with the national championship team from Ashland. He was outstanding in baseball at Kentucky until that sport was dropped last spring by the University.

In track Johnson was a quarter-miler and member of the relay team. He was a back on the football team, a guard on the cage quintet and played second base on the diamond.

Other Wildcat trackmen who received letter this year were Ball, Parrish, Cassady, Foster, Gates, Mahan, Emmerick, Kercheval, Seale,

Tuttle, Rupert, Miller, and Captain Baker. Of these, Parrish, Cassady, Foster, Johnson, Kercheval, Seale, Rupert, and Miller were or are members of the football team. The council appointed Frank Adams as manager of the 1934 team.

PARRISH IS CHOSEN 1934 TRACK CAPTAIN

Doug Parrish, Paris, junior in the College of Arts and Sciences, was elected captain of the 1934 varsity track team by the lettermen, succeeding Howard Baker.

Parrish is one of the most outstanding athletes that the Kentucky track team has ever had, and his performances this year have stamped him as a great track man. This red-headed Parisian has broken several school records, and is all in all an exceptionally good track team in himself. He has been responsible for more points in the meets this year than any other man on the squad.

Much will be expected of this auburn-thatched flash next year, and the team will probably depend upon him to handle several events that he has not done this year. He has proved to be a "main-stay" this year and his place will be hard to fill when he graduates.

BATTERY RADIO SETS NEEDED FOR KENTUCKY MOUNTAINS

A great need for battery radio sets exists in the Kentucky mountains, according to Elmer G. Sulzer, director of the radio studios at the University of Kentucky, who has recently installed two sets in remote mountain districts, in cooperation with the community center at Cow Creek, Owsley county, and the Carcassonne School at Gander, in Letcher county.

The Cow Creek and Gander radio listening centers, established by Mr. Sulzer as an educational project of the University of Kentucky radio studios, comprise the first of what will eventually be a system of 50 or more, located in remote parts of the Kentucky mountains. Already plans have been perfected for the location of six additional listening centers, in Martin, Knox, Leslie, and Elliott counties, as soon as sets are available.

There are undoubtedly many battery sets in the state which are not being used and which could be made to serve a good purpose by donation

in use for this work. While some of these sets may be too obsolete for satisfactory service, the parts can be used in reconstructing other sets. Gifts of such old sets, batteries and speakers, will be greatly appreciated, according to Mr. Sulzer.

Mr. Sulzer and Harris Sullivan, technician for the University studios of radio station WHAS, installed the two new listening centers, and will continue with the work of installation in the above-mentioned counties as soon as battery sets are available.

Operators of the listening centers are being chosen with care and the ultimate success of each center will be due to their efforts in bringing the most worthwhile programs to their community. They must tune in daily to the University of Kentucky programs, but outside of that restriction operators will be free to select any programs they consider worthwhile.

Word of the installation of the radio set at Cow Creek traveled with such rapidity that when the first program finally came through, following completion of installation, a group of thirty people had gathered to hear it, a proof of the value of such a service to the mountains of Kentucky.

Four new radio listening centers, in addition to the two already set up, will be installed the first week of July, according to an announcement just made by Elmer G. Sulzer, director of the radio studios at the University, which is sponsoring the idea. Three of the new centers will be in Knott county and the fourth will be located in Martin county.

The listening center system being established by the University of Kentucky is created with the idea of bringing the educational, cultural, and social advantages to the mountain people living in sections very distant from transportation lines. Each center is in charge of a director who tunes in daily to the University and other educational programs.

The first two listening centers were established in the community houses at Carcassonne, in Letcher county, and Cow Creek, in Owsley county. The four new centers will be in the Judson school at Boyln; the Delta Zeta Community Center at Vest; the Caney Creek Community Center, Inc., at Pippipass, and at Davella in Martin county.

CUTS IN EXPENSES OF STATION WORK MAY BE RESCINDED

News from Washington that the administration had withdrawn, temporarily at least, its plan to decrease by 25 per cent expenditures for agricultural experiment stations, colleges and extension work, brought hope that the Kentucky Agricultural Experiment Station program would not be curtailed as ordered in a notice received at the local station June 17.

If the order received June 17 is carried out, all members of the staffs of the College of Agriculture and the Experiment Station at the University of Kentucky and all county and home-demonstration workers throughout the state will receive 25 per cent reductions in salaries. In addition to salary cuts, the order provides for a 25 per cent reduction in all expenditures of the Kentucky Experiment Station, effective July 1.

Such a reduction would affect work now being carried on among farmers and others throughout the state. The salary reductions would affect 280 persons. These are employed at the college and station and in extension work throughout the state.

According to information from Washington, Budget Director Lewis W. Douglas and Secretary of Agriculture Wallace have ordered that this phase of the economy plan be held up indefinitely.

The decision to hold up the plan followed protests by senate Republican leaders that the administration was ignoring the understanding reached just before congress adjourned that this work would not be curtailed.

Thomas P. Cooper, dean of the College of Agriculture and director of the Experiment Station, had received no official notice of the withdrawal of the reduction order. He received notice June 17 to put the plan in operation July 1. With no other instructions, Dean Cooper continued preparations to effect the reduction.

It is possible, however, that the change, reported in Washington, will be forwarded to Lexington in an official order later.

CLUB NEWS

The Atlanta Alumni Club held its annual party at 2 o'clock, May 27, at Lithia Springs Park, near Atlanta. The party was in the form of a picnic with swimming, golf, bridge, dinner, and dancing. One of the main attractions was the dinner menu which advertised fried chicken, Kentucky style, with all the trimmings. Many Kentucky alumni from Atlanta and neighboring cities attended.

Dr. Frank L. McVey, president of the University of Kentucky, has notified Fred B. Wachs, president of the Lexington Board of Commerce, of his acceptance of a directorship on the board.

Dr. McVey's nomination, recommended by Mr. Wachs, was confirmed by the board of directors at a meeting recently. He fills a vacancy caused by the recent death of E. R. Ackerman.

The president of the University has always taken an active interest and important part in civic affairs. He was awarded the Optimist cup for being Lexington's most valuable citizen in 1932.

GOAL SET FOR 1933 MEMBERSHIPS

Due to the reduction in dues to the Alumni Association, the Executive Committee decided that it would be necessary to set a definite goal for membership and work toward it. As dues are the only maintenance of the office and alumni work, it was decided that the office and work could not go on unless a total of 2,500 memberships was reached by next June. Alumni and clubs will be asked to do all that they can to help enlist as many members as possible.

All graduates of the University are entitled to nominate three persons, graduates of the University and citizens of the State of Kentucky.

When the nominations are counted September 15, the names of the six candidates receiving the highest number of votes will be placed on a ballot, this ballot to be mailed to all graduates of the University for the final voting.

SPICY leaves of
TURKISH tobacco
are strung to dry
and cure in the sun.

*Well, that's something
about cigarettes I never knew before*

I'd never thought much about what's inside a Chesterfield cigarette. But I have just been reading something that made me think about it.

Just think of this, some of the tobacco in Chesterfield—the Turkish—comes from 4000 miles away! And before it is shipped every single leaf is packed by hand. All because Turkish tobacco is so small and delicate.

Of course I don't know much about making cigarettes, but I do know this—that Chesterfields are

milder and have a very pleasing aroma and taste. They satisfy—and that's what counts with me!
