January Commencement

In all the talk, pro and con, about a mid-semester commencement, one fact seems clear: the lack of such a commencement is somewhat unfair for the student who pays his nine-dollar graduation fee, goes to work away from Lexington, and is unable to return for the June exercises.

He gets his diploma anyway, but he misses out on a fitting climax to four years of none-too-easy work.

Perhaps it is true that in the future not so many will graduate in January. But this year, and probably for a few years to come, it would seem that there are enough mid-semester graduates to warrant commencement exercises.

When this enrollment situation passes, then a January graduation could be abandoned and UK could go back to its usual June and August commencements. It need not become a hard and fast tradition.

It seems that the number of January graduates who would be inconvenienced by returning for the June exercises would justify the expense of a speaker and the use of Memorial Hall.

Independents

The Association of Independent Students, contrary to what many people still think, is not a political organization.

It's now strictly a social group, and as such should appeal to all students on campus who do not belong to clubs which provide social functions.

The Association, now planning a big dance, offers a lot for the independent student. It could do a lot more if more students were aware of the opportunities it offered, and if more unaffiliated students took an interest in it.

The Independents meet every Wednesday night in the Student Union Building. If you'd like to look into the matter, you'll be welcome.

See you next Wednesday!

New Society Page

If you'll turn to page five, you'll see the new Kernel society page. It will probably be a weekly feature from now on.

Its purpose is to lump together all the various notices of social functions that are usually scattered throughout the paper. No group or groups will be favored or given special attention.

Any social activity of any campus club will be given proper recognition, if the facts are turned in before the deadline.

UN Flags

The 57 flags displayed on the SUB balcony were arranged there by the Student Union Board because this is United Nations Week.

They serve as a reminder to students that the UN, hopeless as it sometimes seems, is worth their study and interest.

Got A Ride?

SGA's transportation pool idea has met with a very poor response so far.

With winter coming on, students who'll soon be shivering on bus stops will probably wish the plan had been a little more successful.

This commuters-aid program is workable, if students who live off campus will turn in the coupon appearing on this page.

The Bicycle Peril

"Such a strange end for General Follinsbee—felled by a Flexible Flyer."

This Thurber caption leaps frequently to the mind as one is leaping off the campus sidewalks to avoid being mowed down by one of those numberless bicycles.

That no serious accident has occurred is a high tribute to the agility and keen hearing of nimble UK students.

Motorcycles, motorscooters, and University trucks that cruise around the walks at least give you fair warning—they have motors. But a bicycle's approach from the rear is silent and sinister.

There are several solutions to this menace. Bicycle riders could use the streets or be more careful; SGA could put safety patrol boys with white belts at all intersections; we could all get bikes and fight it out.

Maybe when the snows come, the bicycle riders will take to sleds. Here's hoping—or would that be worse?

Name Bands

The surprise success of the fall is the SUB sweater swings on Tuesday nights.

The idea is that it's all for free, and the crowds, big ones, go away happy.

Last year's sweater swings had all the pull of a ten-cent store.

magnet. What's happened to bring about the change? Similarly, the Lances dance was a big success, in vivid contrast to some of last year's flops. The University, remember, dropped considerable money on the big-name band ventures, and logically gave up the attempts.

This year, with the slack in veteran enrollment and the greater influx of younger students, Union dances are once more popular.

If the Homecoming Dance is as well-liked as it promises to be, the Union Board ought to try one well-advertised big-name dance. If it goes over, perhaps those big dances could be resumed as a regular policy.

It's worth thinking about.

Letters To The Editor

Editor: Saturday at the UK-Vandy game, I became quite aware that I was ashamed to be called a student at the University of Kentucky.

The boing, howling, side-line coaches, many of whom ought to be in uniform, were going through their weekly act of criticism of the way our University football team conducts themselves on the football field.

But this past game was truly unbearable. Not only were there boos and hisses for some of the players, but also for the coach that everyone simply adored last year when most of the games were won and when the team went to play a bowl game.

It cannot be expected of a group of boys who are doing their best to win, to play a sixty-minute game without reserves and not feel tired. It's not their fault that so many of the first-string players are pretty well banged up so that they cannot play.

I know for a fact, that they would have given their all to have played that game and beaten Vandy. But the odds were against them.

People are funny creatures. They love a ball club when they win, but how they howl when they lose.

When the team left for Georgia, a week ago, the train station was crowded to capacity. I wish I could say the same when they returned that Sunday morning. They knew then who their friends were. It wasn't pretty seeing them come limping off the train, wistfully hoping that someone would be there with a handshake and a slap on the back.

They played a good game in Georgia, as the statistics show and as the radio stated, but how many people were interested in hearing them fight and fight hard towards the end of that game, when they

duct themselves as befits college students? Ruth Black

Dear Sir or Madam: Have you no sense of propriety? Or does the fault lie with the campus?

These allusions allude to something that shocked me very deeply, namely, the appearance of an advertisement on your editorial page last week.

It was not the ad but the trend it indicated which was so alarming. When your campus becomes a good market for garments for the mother-to-be, then it is high time the alarm was sounded.

Allow me to sound that alarm; let it ring from the carillon bells and be proclaimed from the building-tops!

I am very broadminded myself and do not think I am leaping to conclusions. Therefore permit me to state that if the Student Government does not voluntarily proclaim a 6:15 curfew for all students, the

Magazine Offers Home Economics Graduate Course

A program for a six-months graduate course in home economics in which the students will be paid while learning was announced today by Good Housekeeping Magazine.

Good Housekeeping, in collaboration with the American Home Economics Association, will offer a six-months training course in the laboratories of Good Housekeeping Institute, beginning Feb. 1, 1949. In planning the individual training programs, the major interests and specialized training of the student will be considered.

Those eligible to apply include home economics graduates and seniors with a major in any of the fields of home economics who expect to be graduated in January, 1949. No graduate who has been employed as a home economist after graduation will be eligible; however, vacation jobs and field work during school years will count in favor of an applicant.

Application blanks may be obtained by writing to Katherine Fisher, Director, Good Housekeeping Institute, 2715 Street at 24th Avenue, New York 19, N. Y. Applications received after Nov. 15, 1948, will not be considered.

ROA Meets Tuesday To Discuss Training The Reserve Officers Association of the University of Kentucky will meet Tuesday, Oct. 23, at 7 o'clock in the Student Union Building.

There will be a general discussion of recent developments in active duty training for Reserve Officers, and the role of the Reserve Officers Association in connection with President Truman's recent proclamation ordering a stepping up of reserve training for the Army and the Air Force. In addition, representatives of these two branches of service will discuss the activities of their respective summer camps.

A combat film will be shown following this discussion.

Help Classes Slated For Language Exams

Help classes for those interested in taking the language proficiency examinations will be conducted Oct. 26 from 4-6 p.m. at Miller Hall.

The Spanish class will be held in room 307, and the French class in room 308.

from Tessen to Berlin costs 150 marks.

War Restrictions
During the war, the German government was very strict with civilians. Radio, press, and motion pictures had a one-sided, pro-German viewpoint. People were punished severely for listening to English or American radio programs. Even British and American fiction was forbidden to the public.

One night a few months before the end of the war, Miss Dederich was visiting a friend who had a phonograph, and they were listening to his records. She picked out an American recording and played it. A few minutes later a German policeman came in and questioned her closely. Some neighbors had heard the music and told the policeman.

Several weeks later Miss Dederich was taken to trial. She was tried four or five times before the case was finally dropped because of political events.

Long Preparations Needed
Miss Dederich began in March to get the required papers to allow her to come to the United States. It was necessary to obtain several recommendations from her high school rector, health report, visa, a certificate stating that she was not and had not been a member of the Nazi party, and a good conduct record from the police.

She had to fly to the United States, as only male students could get ship reservations. The trip was financed by a newspaper fund set aside for that purpose.

After her year of study in this country, she plans to return to Germany and continue her university education.

ANTICIPATION

I've seen so many sights of wonder Strew across this land of ours; Great bridges over, tunnels under; Deepset holes and highest towers.

But stretching out imagination Beyond all elasticity, I wait with great anticipation A few delightful things to see.

The sort of irony I'd like Is John L.'s chauffeur out on strike. Or Petrillo with a symphonette Planted in his kitchenette.

See Henry A.'s exclusive daughter Married to a fellow-traveler, Or Harry S. again a hater Making with a salesman's chatter.

And what if Dewey's barber slipped, And half that black mustache were nipped? All the world would hear a shriek If Happy's pool should spring a leak.

I bet old Bull would raise all heck If someone made him swab a deck. And Douglas Mac develop gripes, If forced to wear a corpora's stripes.

All these things and many others May, or may not, ever be; But if they should, my humble brothers, You will laugh along with me.

The Spice Of Life

By Ruby Graham and Jabie Anderson.

Idea for vets: Have you written your Congressman telling him you can't get on Kentucky and go to the races on 75 bucks a month?

Andy Mouts must be an early-to-see boy. We heard that he's been getting up at five a.m. to answer calls from Penny. But that doesn't make him healthy, wealthy, and wise!

Jack Judy must be practicing for Sledge Hawkins Day. He must have some good reason for pushing Libby Rogers in that manhole.

Shirley Heath is planning a book on how to get out of trouble gracefully.

We don't see how Walter Underwood missed the boat to Atlantic City. He's the best "Miss America" yet.

Sue Mae Byrd caught more looks than tennis balls at the Theta booth last Friday night.

It seems that Sandy Morgan is down off the Frank Gilliam band wagon or has the wagon moved on?

Pretor and Gambel are going and coming salesman in Morris Beebe. Pat Conway is going for his wares in a big way.

We wish to congratulate John "Cuddles" Owens on his Delta-gram of good tidings. May we have many more!

And speaking of—well, anyway, "Smilin' Tilly" McCarty was pinned to Buzzy Short for two hours Saturday night. Short and sweet, we'd call it.

Becky Billeter is trying to ring her old "schmoos," James Mulloy, back into the picture. Nice seeing them together again.

Craig Wright and Sing Yearly didn't have much luck with the Kennesaw hills. Sing Yearly, our lucky fan we've seen is th, one and only Hubert Hazelip, official track steward.

Margaret Tweedy and Mickey Reagan have been pinned since late summer and are still mighty happy about the whole thing.

It certainly is convenient for Monte Newman that Charlie Priehett and Mouse Seaman are such good friends. They even go out together when Monte has a snorter date.

Bill Samuels was introducing everybody to his little sister at the Joyland party. Whose sister was she?

If all churches were as popular as the "First Church of Phi Kappa Tau," we wouldn't have a "single" person left on campus. Many happily-marrieds have been seen honeymooning in the Grill this week.

Charlie White plans to catch some "big uns" with that shiny fishing reel he won at the carnival. Bet he can't wait for the Kentucky-Miami game.

Nancy Hurst has renounced allegiance to Billy Noe. Right, Cisee?

Freddie Nichols reports that the Sigma Nus are cutting up ten pledges for the barbecue tomorrow night.

Seth Settlemeyer is now called "Eruhan Yob" at the Kappa Sig.

Miss Broadkin Becomes Bride

Miss Alice Broadkin and Mr. Robert Clertway were married at noon Monday at the home of the bride's parents, Mr. and Mrs. P. D. Broadwin, with the Rev. M. L. Grassaw officiating.

The groom is a popular young bum who hasn't done a lick of work since he got kicked out in the "middle of his senior year at college. He manages to dress well and keep a supply of spending money because his dad is a soft-hearted old fool who takes up his bed checks instead of letting him go to jail where he belongs.

The bride is a skinny fast little thing who never kisses by every boy in town since she was 12 years old. She chews tobacco in secret and is chippy for the rest of the winter anyhow!

See ya' next week.....

UC Invites Students To Post Game Dance

University students who are in Cincinnati for the game next Saturday have been invited to attend a Sledge Hawkins dance given by the Liberal Arts College of the University of Cincinnati. The dance will be held Saturday night in the Student Union Building on campus. Costumes are optional.

Faculty Plays Bridge

An informal bridge party was held last night for Faculty Club members and their guests in the clubhouse on the University campus. This was the first social gathering in a series planned by the social committee of the club.

ODK Sets Date For Fall Banquet

Omicron Delta Kappa, junior and senior men's honorary and leadership fraternity, will hold its annual fall banquet for prospective members Nov. 4, according to John Angelis, president.

The dinner, to be held in the Student Union Building, is open to all men who qualify for membership under the present point system or those who believe they may qualify in the near future, Angelis said.

Reservations for the banquet must be made in the office of the Dean of Men before noon Oct. 20. Application blanks for membership may be filled out at the same time.

To be considered for election to ODK, a man must have a 2.0 cumulative standing and at least eight points in two or more fields of activity. The point list may be acquired from any member of the membership committee.

Cookin' With Gaskin

By Nancy Gaskin

At Michigan State College, an alert young college man took his date to one of the dances. At intermission he visited the men's lounge, went to sleep, and didn't wake up until 2 a.m. He found a girl's coat check in his pocket and remembered he'd had a date. While searching for her he got lost and finally went home to bed. Blind date, too.

The reason no woman has married the man in the moon is because he makes only a quarter a week, gets full once a month, and stays out all night.

—Berea College Wallpaper

The Sigma Nu fraternity at Howard College has recently adopted their second war child, after they were notified that their former foster child had been restored to her parents in a small Czechoslovakian village.

Overheard in Boyd Hall's lounge during the course of a terrific game of three-handed pinocle:

First fiend, in a conversational tone: "I'm dead."

Second fiend, (trying to conceal):

"Looks bad for the yankies, if even their women are disgusted with them now. Maybe the whole race will die out soon."

A serious thought for the day. Is one that may cause us dismay. Just what are the forces, That bring little horses, If all of the horses say "No?"

Are you interested in amateur radio? Or maybe you are one of those for whom trains, buses, planes, or jet propulsion holds a fascination. Or would you like to repair and maintain that car of yours? If you are married you may be having trouble repairing and redecorating your home. And there are thousands who have been bitten by the photographic bug.

The Engineering Library is your paradise if you are having any of these worries. Some of the amateurs and hobbyists, the make-it-yourself addicts, and the repair-it-yourself economists have made the discovery that the material found here is presented in a popular style for the layman.

The very information for which you have been searching may be easily obtained at this special library in the Engineering building.

The Engineering Library is not just for engineers only. The librarian, Mrs. Mary F. Pope, says the facilities are open to anyone who wants information on any hobbies or avocations as well as any of the highly technical phases of engineering.

Medals And Team Trophies To Be Given In Intramurals

Intramural trophies are to be given this year to eight teams and medals for five different individual events.

The trophies will be presented to the groups or individuals winning touch football, volleyball, basketball, bowling, wrestling, softball, track, free throw.

Gold and silver individual medals include: tennis (single and double), ping pong (single and double), basketball (single and double), wrestling (winner of weight class), and track (winner of individual events).

Points gathered by teams will count toward an all-participation trophy for the highest total score.

The scoring for the group participation trophy is as follows: 1st Line—Sports; 2nd Line—Each Match Elimination; 3rd Line—Group Runner-up; 4th Line—Group Winner; 5th Line—All Participants.

Touch football	1	9	18

Free throw	1	2	4
Baseball	1	2	4
Handball	1	2	4
Headball	1	2	4

The individual scoring system is as follows: 1 point for each round-robin game played; 1 point for each single elimination game played; 3

Independent Students Will Elect Officers

Election of officers of the Association of Independent Students will be held at 7 p.m. Oct. 27 in room 128 of the Student Union Building.

Nominations for officers of the association closed Wednesday. Candidates for president are listed as Gloria Bilando, George Kirchner, Peggy Compton, and Joe Rankin.

Independent candidates for Kentuckian Queen will also be selected at the Wednesday meeting.

At the last meeting of the Association, it was voted to extend an invitation to any interested campus organization to join the Independent Students in sponsoring the Thanksgiving eve dance on Nov. 24.

The individual scoring system is as follows: 1 point for each round-robin game played; 1 point for each single elimination game played; 3

Intramural Sports

The Charles Hackensmith Trophy for good sportsmanship will be presented to the most deserving IM team at the end of the school year.

The intramural bowling league for the semester is made up of the following entries: PSK, SPE, 500 Club, DTD, SK, PKT, ASP, Th-Y, U-XA, SN.

The first of the playoffs to be presented to the team with the best average will be announced at the end of this semester.

G. Whelan (PSK), J. Wotowicz (PSK), and C. Wright (SAB) were the first of the playoffs to enter the quarterfinals of the singles tourney.

In the doubles contest, the teams of Grugin-Griffin (KA) and Everett-Wright (SAB) have entered opposite brackets of the semifinals and received advancement of their opponents to be.

The football game of the day today will be KS-PDT at the U-High Field at 4:30 p.m.

Touch football division standings are shaping up as follows in the third week of competition.

Some of the best contests of the past 10 days were:

Top game of the week was the Kinked Hall-SPE tilt played on U-High field.

A hard fought contest pitting two undefeated teams resulted in a 1-0 score after an overtime touch grid game.

Fasting by Woodie Pritts to Ends Spears and Bailey gave the Six Eps the yardage needed in the overtime.

A strong line and a classy backfield, led by Tailback Fred Lawson, never stopped fighting for the green and gold of the Demos.

This could well be a preview of the finals in the IM tourney.

A movie-style finish was furnished by Signs Nu's Bud Zuerner when he scored after the game ended.

As Zuerner skirted left end time ran out, so the completion of the play ended the game. He ran 10 yards for the score.

The SN line, led by Guard Bob Russell came to life this game and outplayed the opposition.

Rat Emicks tossed passes over the field to End Frank Benton for KA, and formed a dangerous combina-

tion. KA is hampered by a light line. SX 7, ASP 0.

Sigma Chi assured themselves a place in the tourney by defeating Alpha Sigs 7-0. SX is the defending champion of IM football.

At the half it seemed as if an upset might be in the making with the score 0-0.

However, reserve strength proved to be the deciding factor for SX when they pushed across a score.

At the half it seemed as if an upset might be in the making with the score 0-0.

Center Bob Wootie tossed several no-hit softball games last spring and summer.

One of the biggest thrills of the season's play came when the Northern Kentucky Turtles held PDT for downs on the six-inch line last week.

Passes from Elmer Reusch to Peck Poller spelled the touchdown margin for the Turtles. Left End Bob Greenserger, of the Turtles, was outstanding.

Quarterback Johnny Koster was the top player for the Demos.

Phi Sig looked in peak condition as they outplayed AGB 14-0.

PSK Halfback Don DeBoor and Fullback Jack Asher led the attack. End Bronson Calahan looked well as he pulled down passes from all directions.

KS 23, ZBT 0. An up-and-coming KS nine ran over ZBT to the tune of 20-0 by the pass combination of Rolfe Leach to Halfback Jim Stewart.

End Rodney Beck also did his share of pass collecting for the Kapsa Sigs.

Bill Frisch's kicking for ZBT was their outstanding feature.

Other scores for the week include: SX-20, ZBT-0; ASP-1, No. Ky. Turtles-0 (overtime); Kinked Hall-20,

Wildcats Knocked Into SEC Cellar By Vandy

The Vanderbilt Commodores torpedooed Kentucky last Saturday, 26-7, in a game played on Stoll Field before 25,000 people.

For the injury-riddled Wildcats the loss was their third straight. Their record for the season now stands at one victory (Xavier) and three defeats (Ole Miss, Georgia and Vandy).

A stronger Vandy forward wall, two pass interceptions of Blanda serials, a Cat fumble and Little Lee Nalley, the Commodore's speedy safety man were the primary factors of the game.

The half ended with Kentucky ahead, 7-6. But in the 2nd two periods, Vanderbilt came back strong to score 20 more points to top their initial win of the campaign.

Although George Blanda's punting average was nearly 50 yards per try, the Commodores made their longest gains returning them.

In the fourth quarter, Billy Fagan returned another punt 40 yards to pay dirt, to score for the winners.

Another Vandy touchdown came in the third quarter when Bobby Berry bucked over from the four yard line. Berry scored again in the final period on the three-yard line.

Kentucky's lone tally came in the second quarter on a long touchdown march. Phelps returned Clutter's kickoff to the 21, and from there the Cats marched to the Vandy goal in 14 plays, with Clayton Webb bearing the brunt of the attack. Webb climaxed the drive by recovering his own fumble in the end zone. Gain converted and Ken-

tucky led for the only time during the game, 7-6.

Vandy's hard-charging forwards kept Wildcats subdued on the defense and paved the way for numerous long runs with good blocking.

Norm Klein Top Rusher Rich Robinson, Berry and Nalley were outstanding in the Vandy backfield. Several of the Commodore linemen spent more time in the Kentucky backfield than some of the cat backs.

Norman Klein had the best rushing average for Kentucky, averaging 6.5 from scrimmage. Don Phelps made up for a poor rushing average by returning two punts more than 20 yards each.

Sophomore Harold Woodell, playing for the first time before a home crowd, was outstanding as a defensive back. Shorty Jamerson, Bob Gain, Dick Holway, and Doc Ferrell were other defensive mainstays.

DisKentucky Sports Review

— By Tom Diskin, Sports Editor —

In four games this season, the Kentucky defense has yielded a total of 88 points, or an average of 22 points-per-game.

Now compare this with the 1946 and 1947 seasons. In Coach Bryant's first year at Kentucky, the Wildcats allowed only 91 points to be scored on them in 10 games, for an average of approximately nine points-per-game.

Last season, the defensive play of the Cats was even better. In 11 games, which includes the Great Lakes Bowl tilt, the Big Blue gave up 75 points, for an average of only 6.8 points allowed the opponents each contest.

This is one of the answers to the students' demand of "What is the matter with the Wildcats?" The defensive play of Kentucky this season has been greatly inferior to the two previous years under Coach Bryant. Few new recruits have been made by the two stellar linemen last season. But this year the line is quite different. Ole Miss' Bobby Wilson and Farley Salmon, Georgia's Joe Geri and Eli Martrich, Vandy's Lee Nalley and Bill Pappas all broke down for long springs.

Rhodomyre and Serini Missed
The graduation of Jay Rhodomyre and Wash Serini have really hurt the line. At the present time, Bob Cain is the only one that even compares with the play of these two stellar linemen last season.

There is no doubt that injuries to key players have hurt the Wildcats considerably this fall. But what has proved more costly is the disappointing play of many of the reserves that were rushed in to fill the gaps of the ailing first-string players.

Other factors that have been somewhat responsible for defeats by several opponents this season are the departure of several players that were needed and counted upon, at the start of the campaign.

Len Preston, an experienced 285-pound guard, decided to cast his lot with the U. S. Army and gave up his final season of college eligibility.

Frank Smithers, 215-pound tackle who could have been a great help in the forward wall, dropped football because of a leg injury.

Jim Stephens, another 215-pound tackle, who has two years of competition remaining, was forced to give up football for this fall because of scholastic difficulties.

These and many more behind-the-scenes stories are just some of the answers to this season's defeats.

However, this is no time to be jumping off the Kentucky bandwagon. Coach Bryant and his Wildcats need student support as never before. It would certainly be a mark to the University if the students give up on their football team after these three recent defeats.

It was just a year ago that Kentucky's gridirers reached a new high in football fame. By October 23, 1947, one year ago the Cats had scratched Cincinnati, Xavier, Georgia and Vanderbilt after being upset by Ole Miss in the campaign's bid-bidder. They were well respected and feared by all their opponents.

This season the picture is different. With the season not quite over, the Cats have had their tail pulled, twisted and tied by three opponents.

However, you may be sure that Coach Bryant has plans for the future. He's the kind that will produce a top-notch team or die trying. The Blue never was connected with a losing team and he definitely isn't going to have one now.

With George Blands, Wash Jones, Doc Ferrell and Norm Klein the only seniors on this year's team, things might pick up considerably in the coming seasons.

But there are still six games left for this campaign. It is possible that the Cats might snap back like the Tennessee Vols did in '47, and cause future opponents plenty of anguish. That is, if in injury jinx decides to leave the Cats and move on to other places.

Norm Klein leads the backs in rushing with an average of 8.8 yards gained per try. Following him are Lee Truman (4.2 average); Dupoy Phelps and Clayton Webb tied (with 4.1); Jim Howe (3.5); and Shorty Jamerson (3.3). All the other backs are below the 3 mark.

As much space as possible will be given to the University's intramural program in future issues. Your sports editor is well aware of the importance of intramurals. In the past, lack of space on the sports page and the failure of turning in reports on the various contests by sports scribes have sometimes caused the IM news to be brief in covering the various games.

However, Tom Spillman is now devoting much time to gathering the intramural reports and we feel that in the future this program will get the proper coverage.

Player Of The Week: Clayton Webb

For the second time this season Clayton Webb, Kentucky's sophomore fullback, has taken the Kernel Player-of-the-Week award.

Webb was awarded Player-of-the-Week earlier this fall after he scored two touchdowns in the Cat-Xavier game along with Wash Wash Jones. At the present time, the 190-pound Webb is the No. 5 scorer in the Southeastern Conference. He is tied with Georgia Tech's Frank Zeigler with 18 points each. Chuck Huggins of Florida and Tennessee's George Ballistraker rank first with four touchdowns each for a total of 24 points.

Webb, an 18-year-old husky from St. Albans, W. Va., is one of the few Wildcat gridirers who has not been a disappointment so far this season. His speed, ability and determination make him one of the most promising members of the Wildcat crew.

The five-foot, eleven-inch West Virginian is an excellent punter. He will probably take over from George Blands next year in this department. Webb has demonstrated his running ability against Xavier, Georgia and Vanderbilt. He promises to develop into an outstanding passer also, with a little more experience.

Webb scored the Cat's lone touchdown against Vandy last Saturday by bringing his scoring total of points for the year to 18.

With Lee Truman ailing, and Bill Bolter proving to be a disappointment, at the present time, it won't be too surprising to see the blond-headed Webb moved into the starting fullback position in future games.

Music Frat Observes Fiftieth Anniversary

Phi Mu Alpha, national music fraternity, celebrated the fiftieth anniversary with a banquet in the Student Union Building Oct. 14.

Dr. Edwin Stein, new music department head, was guest speaker. The chapter welcomed Mr. Gordon J. Kinney and Dr. Edward Horvath, also new music department faculty members.

Dr. Stein, a member of Phi Mu Alpha, told of the many opportunities and benefits of the fraternity.

The national organization was founded at the New England Conservatory of Music in Boston, in 1898. Its purpose is to advance the cause of music in America, to foster the mutual welfare and brotherhood of students of music, and to encourage loyalty to the alma mater.

Bill Leskovar won all-state honors in football, basketball and baseball while attending Palmetto, W. Va., high school.

Wildcats Go North To Meet Marquette

COACH FRANK MURRAY has been head football mentor for the Marquette Hilltoppers since 1922. In his first two years there, his gridirers went undefeated, winning 16 and tying one. Again in 1939, Marquette went unbeaten and the following year the Toppers had an 8-1 record. He is a native of Meaford, Mass., and a graduate of Tufts.

The Cats clipped Xavier to start the season, then were beaten by Ole Miss, Georgia, and Vanderbilt. Marquette began the '48 campaign by losing to a tough Iowa team 14-12. The following week, the Hilltoppers were soundly whipped by Detroit. In this game, however, Marquette had six first-stringers out because of injuries.

The Toppers came back strong in their third game to trounce St. Louis University, 47-7, however, last Saturday the Wisconsin eleven were bitten by the Pitt Panthers, 20-7, after putting up a strong fight in the first half.

Has 24 Lettermen
Marquette has 24 lettermen back from last season, when they won four and lost five. This year the team is composed largely of juniors, with two seasons of experience under their belts. The Toppers, under the guidance of Coach Frank J. Murray, also have a large number of promising sophomores up from last year's huge freshman squad.

Mentor Murray uses the T-formation, with an emphasis on defensive play. He has been experimenting with separate offensive and defensive units and this season has been making team-unit substitutions as much as possible.

Hickey or Leahy at QB
Barring injuries, the starting backfield will include Bill Hickey or Don Leahy at quarterback, Jerry Hiller at left half, Lorry Piate at right halfback, and Bob Hester at fullback. All are seniors except Hester (a junior) and Don Leahy (a sophomore).

Top linemen are Charley Smith, tackle, Guard Al Jancauskas, and Allan Molgaard, another tackle.

Rubber Game
This is the rubber game of the U.K.-Marquette series. Marquette won in 1945, here in Lexington, 19-13 while in the following season, the

Ocelots of Lexington bounced back to win, 35-7, in Milwaukee. Due Back Sunday
The Wildcats are due back in Lexington Sunday morning at 9:42 o'clock at the Southern Railroad depot. While in Milwaukee, the Kentucky team will be quartered at the Plankinton Hotel.

Fencers To Practice
The University's fencing team will hold practice every day, Monday through Friday, in the basement of Alumni gym. Anyone interested in joining the team is asked to report there to coach Breckinridge.

Registrar Announces Enrollment Breakdown
University of Kentucky's fall semester student population of 7,863, already listed in the record books as the highest number of regular students to register for a single term, also holds the record of representing the most wide-spread geographical distribution in the institution's history, it was reported recently by U.K. authorities.

A geographical breakdown of the record enrollment disclosed that students come from all of Kentucky's 120 counties, 44 other states, the District of Columbia, and 19 foreign countries and U. S. possessions.

Thirty-six students of foreign nationality or residence come from Belgium, Bolivia, Brazil, Canada, China, Colombia, Cuba, Egypt, Finland, Germany, India, Japan, Mexico, The Netherlands, Palestine, Panama Canal Zone, Puerto Rico, South Rhodesia, and Turkey.

Marquette's Hilltopper, tomorrow's Wildcat gridiron opponents, have lost to Iowa, Detroit and Pitt. Their only victory was over St. Louis.
