credit regulations as they apply to all other institutions.

Acting Dean Dawson presented recommendations from the Graduate Council that graduate credit be allowed for the following courses which had previously been approved for undergraduate credit. These recommendations were approved by the Faculty.

Commerce 177c. College Business Management.
(2) Frank D. Peterson

Geology 135. Advanced Principles of Geology.
(4) Fisher

Associate Dean Horlacher presented a recommendation from the College of Agriculture and Home Economics that the rule governing the method by which a special student may become a candidate for a degree be modified. He asked that the recommendation be referred to the Rules Committee and this was done by the University Faculty.

President Donovan announced the various events of Commencement Week and urged that the Faculty support all of these events by their attendance.

The Faculty adjourned.

- "5. Any person presenting a teaching area may qualify to teach an additional subject by presenting 12 semester hours in that subject. The addition of 12 semester hours to the face of any certificate to take place only in cases where the applicant has fulfilled the requirements in general education."

President Donovan stated that he and Dean Dickey would be glad to present the requests to the Council on Public Higher Education.

Associate Dean Horlacher presented for the College of Agriculture and Home Economics recommendations concerning dropped and added courses which were approved by the Faculty.

Drop

Agronomy 1, Elementary Farm Crops; Agronomy 10, Soils; and Agronomy 11, Soils Laboratory.

Substitute the following:

Agronomy 5, Introduction to Agronomy. (3)

The interrelation of soil, plant diseases and crop production. Lecture, discussion and demonstration, three hours.

Agronomy 6, Principles of Field Crop Production (3)

A course in scientific fundamentals underlying the production of cereal, fiber, forage and tobacco crops. Lecture, two hours; lab, two hours. Prereq: Agron. 5; Bot. 1 or approval of the instructor.

Agronomy 61, Soils (4)

A general study of soil properties and processes with emphasis upon their influence on soil management. Lecture and discussion, three hours; lab, two hours. Prereq: Agron 5; or approval of the instructor; Prereq or concurrent: Chemistry 1b or 4b

Dean Dickey presented for the College of Education a recommendation concerning a new course and a change in course which was approved by the University Faculty.

New Course

Education 50. PLANNING A CAREER IN EDUCATION.

General Orientation to the teaching profession; emphasis is given to choosing the level or field of teaching and developing plans for meeting certification requirements. (1 semester hour)

Change of Title and Number of Course with Modification in Course Description

Educa.35. INTRODUCTION TO EDUCATION (2 semester hours) to be changed to: Education 51. THE TEACHER IN AMERICAN SCHOOLS.

Topics include: the school in a democratic society, the teacher, the learner, the educative process, legal aspects of education, and history of education. (2 semester hours).

President Donovan reviewed the Commencement weekend activities and urged that all members of the faculty be present at these functions.

The President spoke briefly to the Faculty of the problems of parking at the University and outlined some of the groundwork which had been laid in providing for adequate parking. He called on the faculty to help in this major project which was under study by the Board of Trustees and the administration.

The Chairman introduced Mr. Don Whitehouse, 1955-56 President of the Student Government Association, and welcomed him to the University Faculty meetings.

The President stated that Mrs. Donovan and he would be away from the University during the summer and that during his absence Vice President Chamberlain would act as President of the University and any item of business should be taken up with Dr. Chamberlain. He extended to the Faculty wishes for a delightful summer.

The Faculty adjourned.
