

Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, May 1, 1990.

The Board of Trustees of the University of Kentucky met at 1:00 p.m. Lexington time on Tuesday, May 1, 1990 in the Board Room on the 18th floor of the Patterson Office Tower on the Lexington Campus.

A. Meeting Opened and Roll Called

Mr. Foster Ockerman, Chairman, called the meeting to order at 1 p.m., and the invocation was pronounced by Mr. William B. Sturgill.

The following members of the Board of Trustees answered the call of the roll: Mr. Foster Ockerman, (Chairman), Mr. Ted B. Bates, Professor Raymond F. Betts, Mr. William E. Burnett, Jr., Governor Albert B. Chandler, Professor Mary Sue Coleman, Mr. Tracy Farmer, Mrs. Edythe Jones Hayes, Senator Walter D. Huddleston, Mr. Sean Lohman, Dr. Robert P. Meriwether, Professor Judith Rhoads, Mr. James L. Rose, Judge Robert F. Stephens, Mr. Jerome A. Stricker, Mr. William B. Sturgill, Judge Julia K. Tackett, Mr. Billy B. Wilcoxson, and Judge Henry R. Wilhoit, Jr. The University administration was represented by Interim President Charles T. Wethington, Jr.; Chancellors Peter P. Bosomworth and Robert E. Hemenway; Acting Chancellor Ben W. Carr, Jr.; Vice Presidents Edward A. Carter, Wimberly C. Royster and Eugene R. Williams; and Mr. John C. Darsie, General Counsel.

Members of the news media were also in attendance. Mrs. Hayes reported a quorum present, and Mr. Ockerman declared the meeting officially open for the conduct of business at 1:03 p.m.

B. Minutes Approved

Mr. Ockerman stated that the Minutes of the April 3, 1990 Board of Trustees meeting had been distributed and asked for any corrections or additions. The Minutes were approved as circulated.

C. Meeting Dates Established

Mr. Ockerman noted that the Board of Trustees meeting dates for fiscal year 1990-91 were in the Board packets and requested that the members mark their calendars accordingly. (See copy of dates at the end of the Minutes.)

D. President's Report to the Trustees (PR 1)

In reviewing his report, Interim President Wethington reminded the Trustees of the Commencement ceremony scheduled at 1:30 p.m. on Sunday, May 6. He requested that the Trustees attend, if possible, and indicated that caps and gowns would be provided.

He noted that the University of Kentucky recently dedicated two new facilities: the Regulatory Services building and the Center for Robotics and Manufacturing Systems.

Interim President Wethington expressed pleasure in announcing the University's Academic Ombudsman for 1990-91, Professor Gretchen LaGodna in the College of Nursing. Professor LaGodna, a long-term employee of the University of Kentucky, will continue the long-standing tradition of UK faculty members serving in an office that deals primarily with academic concerns of students in the University. He stated that the Academic Ombudsman's office has proven to be an excellent office, a good decision that the University made years ago. He recognized Professor LaGodna and asked her to stand and be recognized, following which she was given a round of applause. Professor LaGodna will assume office on July 1, succeeding Professor Dan Fulks.

Interim President Wethington mentioned the other items in the report for the members perusal.

E. Personnel Actions (PR 2)

With Interim President Wethington so recommending, on motion by Judge Stephens, seconded by Mr. Stricker and carried, the routine personnel actions in PR 2 were approved. (See PR 2 at the end of the Minutes.)

Interim President Wethington called attention to two specific items in PR 2:

1. Interim President Wethington reported that Edward Jay Brumfield, Director of Alumni Affairs at the University of Kentucky, has decided to retire on August 31, 1990 after 25.5 consecutive years of service. He expressed appreciation to Mr. Brumfield for his service to the University and stated that his leadership will be missed. Mr. Brumfield was asked to stand and be recognized, following which he was given a round of applause.
2. Interim President Wethington reported that he had stopped the search for a Vice President for Research and Graduate Studies at the advice of many faculty members and administrators. After consultation with the Chancellors and a faculty advisory group, a decision was made concerning an acting appointment during the interim presidential period. He proposed to the Board that Dr. Leonard K. Peters be appointed Acting Vice President for Research and Graduate Studies for the period July 1, 1990 through June 30, 1991. Dr. Peters is currently Vice Chancellor for Research and Graduate Studies for the Lexington Campus. Interim President Wethington stated that Dr. Peters will ably fill in during this interim period for the position of Vice President for Research and Graduate Studies. He asked Dr. Peters to stand and be recognized, and Dr. Peters was given a round of applause.

Interim President Wethington expressed appreciation to Dr. Peters for his willingness to take on the responsibility. He stated that Dr. Peters will continue the strong emphasis on research that Dr. Wimberly Royster has provided throughout the past years.

F. Candidates for Degrees - Community College System (PR 4A)

With Interim President Wethington so recommending, Professor Rhoads moved that the Board approve the awarding of degrees specified in PR 4A, upon certification that the requirements for those degrees have been satisfactorily completed. The motion, which was seconded by Mr. Burnett, carried. (See PR 4A at the end of the Minutes.)

G. Candidates for Degrees - University System (PR 5A)

Interim President Wethington stated that PR 5A lists the degrees that will be awarded by the University System at the May Commencement Ceremony. He stated that the recommendation is made with the provision that the individuals on the list satisfactorily complete all degree requirements prior to the awarding of the degrees and recommended its approval. Mr. Stricker so moved. His motion was seconded by Dr. Meriwether and passed. (See PR 5A at the end of the Minutes.)

H. Establishment of Health Service Faculty Practice Plan for the Colleges of Allied Health Professions, Nursing, and Pharmacy (PR 6A)

Interim President Wethington stated that PR 6A is a recommendation that would establish a Health Service Faculty Practice Plan for the Colleges of Allied Health Professions, Nursing, and Pharmacy. He reported that there is not a practice plan in place for these colleges in the Medical Center. He asked Dr. Peter Bosomworth to comment on the recommendation.

Dr. Bosomworth stated that the administration has been working with the faculty of the respective colleges for the last several months to develop a practice plan which is very similar to the existing practice plan of the College of Dentistry. He explained that the intention is to enhance accountability with regard to income derived from professional practice of faculty members. When faculty are engaged in professional practice, they are also involved in teaching and are enhancing their professional skills. The administration feels that this is particularly important in these three professional schools and has, therefore, developed a practice plan proposal. The principal elements of the proposal are outlined in PR 6. He stated that the practice plan is very similar to that which was approved in 1962 by the Board of Trustees under the auspices and recommendation of The Fund for Advancement of Medical Education and Research. He noted that Mr. Ockerman, Chairman of the Board of Trustees, is a member of that committee and had the opportunity to review the plan along with other members of the research fund which is an affiliated corporation of the University. The practice plan would now make it possible for all faculty members of the five Medical Center colleges to be a part of and party to a practice plan. It is expected that all members would abide by the rules and regulations of the practice plan and that all faculty would participate.

Interim President Wethington stated that Dr. Bosomworth and his staff worked with the faculty of each college, and the faculty are in support of the recommendation. He, therefore, recommended approval of PR 6A. On motion made by Judge Tackett, seconded by Mr. Wilcoxson and carried, it was so ordered. (See PR 6A at the end of the Minutes.)

I. Establishment of Multidisciplinary Center on Drug and Alcohol Abuse (PR 6B)

Interim President Wethington stated that PR 6B recommends approval for the establishment of a Multidisciplinary Center on Drug and Alcohol Abuse. He called upon Dr. Wimberly Royster to address the Board about the proposal.

Dr. Royster stated that drug abuse and alcohol abuse are some of the most serious public health problems. The University is in an excellent position to mobilize and concentrate research, teaching and service efforts in a multidisciplinary center as is being proposed. He introduced Dr. Robert Kraus, Chairman of the Department of Psychiatry, and stated that Dr. Kraus was one of the individuals who has been instrumental in the proposal. The other individual who has been very active in the proposal is Dr. Richard Clayton, Department of Sociology.

Dr. Royster explained that the proposed Center fits very well in the University's strategic plan, and it offers the potential for enhancing research contributions at the University of Kentucky. The Center will permit the University to be competitive at the national and international level and will have an impact on local, regional, and state public health resources.

He noted that the University has been associated with drug issues for a long time and has been a leader in alcohol abuse and drug abuse. He reported that competitive research programs have recently evolved in a number of areas at the University: communications, social work, psychiatry, psychology, preventative medicine, pharmacy, anthropology and nursing. He indicated that the University has received sizable funding in alcohol and drug abuse from federal sources as well as state and local government over the last three to four years.

Dr. Royster voiced his satisfaction with the proposal and stated that it is truly a multidisciplinary effort. The University of Kentucky has excellent facilities, and it is a unique opportunity for the University.

Mr. Sturgill moved approval of PR 6B. The motion, which was seconded by Professor Rhoads, was voted on and carried. (See PR 6B at the end of the Minutes.)

J. Acceptance of Interim Financial Report for the University of Kentucky for the Nine Months Ended March 31, 1990 (FCR 1)

Mr. Ockerman, Chairman of the Finance Committee, reported that the FCR's had been considered by the Committee and were recommended for adoption by the Board. He stated that FCR 1 is the acceptance of the interim financial report for the nine months ended March 31, 1990, and the report is in order. He entertained a motion for approval. Mr. Sturgill so moved. The motion was seconded by Mr. Bates, and it carried without dissent. (See FCR 1 at the end of the Minutes.)

K. Report of Leases (FCR 2)

With the Finance Committee so recommending, on motion by Mrs. Hayes, seconded by Mr. Burnett and unanimously carried, the Board approved the lease agreements in FCR 2. (See FCR 2 at the end of the Minutes.)

L. Bookstore Lease Agreement (FCR 3)

Mr. Ockerman reported that the Bookstore Lease Agreement had been advertised for a three-year period. There were three bids ranging from \$750,000 to \$1,962,000. The Follett College Stores Corporation of Elmhurst, Illinois was the highest bid and is, therefore, recommended for approval. On motion made by Mr. Rose, seconded by Dr. Meriwether and carried, the Board approved FCR 3. (See FCR 3 at the end of the Minutes.)

M. 1989-90 Budget Revisions (FCR 4)

On motion by Mr. Wilcoxson, seconded by Mr. Farmer and carried, the Board approved the budget revisions in FCR 4. Mr. Ockerman noted that the revisions were minor and could be anticipated as the University nears the end of the fiscal year. (See FCR 4 at the end of the Minutes.)

N. Patent Assignment (FCR 5)

Mr. Ockerman stated that FCR 5 is a routine patent assignment which is in keeping with the policy of the University of Kentucky and is recommended for approval by the Finance Committee. Mr. Sturgill so moved. The motion, seconded by Mr. Stricker, passed. (See FCR 5 at the end of the Minutes.)

O. Professorship in the Division of General Surgery (FCR 6)

Mr. Ockerman stated that FCR 6 is a recommendation to establish a Professorship of General Surgery in the College of Medicine, Department of Surgery. The Division of General Surgery has committed funds to establish an endowment to support the professorship in the amount of \$200,000. Funding will be from the Kentucky Medical Services Foundation, Inc., and FCR 6 is recommended for approval by the Finance Committee. Mr. Burnett so moved. Dr. Meriwether seconded the motion, and it carried. (See FCR 6 at the end of the Minutes.)

P. Report of Investments (ICR 1)

Mr. Stricker, Chairman of the Investment Committee, reported that the Investment Committee met and reviewed ICR 1. He explained that the first four pages of the report were transactions executed by the First Kentucky Company, the investment advisers, and the last page of the report contains transactions executed by the Commonwealth of Kentucky's Office of Financial Management. He noted that representatives from both offices attended the Committee meeting.

Mr. Stricker mentioned that the University hired the Office of Financial Management on October 31, 1989 to help with the short-term investments and during the first six months they added approximately \$100,000 additional returns to the University. He stated that the short-term investment plan has been quite successful and moved that the report be accepted. His motion was seconded by Judge Stephens and it passed. (See ICR 1 at the end of the Minutes.)

Mr. Wilcoxson noted that the maturity date was incorrect on the sales of the Amoco Bonds. The date listed is September 11, 1913, and it should be September 1, 1913. Mr. Stricker asked that the record show the correction.

Q. Committee Appointments

Due to the unfortunate death of Dr. Nicholas Pisacano, Mr. Ockerman made the following committee appointments:

Student Code Committee
Professor Judith Rhoads

Mr. Ockerman stated that Professor Rhoads will serve as chairman of the Committee for the remainder of the fiscal year.

Presidential Search Committee
Dr. Robert P. Meriwether

Mr. Ockerman stated that Dr. Meriwether brings to the Presidential Search Committee a representation from the far western part of Kentucky, and he is confident that Dr. Meriwether will make a good member of the Committee.

R. Meeting Adjourned

There being no further business to come before the Board, the Chairman adjourned the meeting at 1:24 p.m.

Respectfully submitted,

Edythe Jones Hayes
Secretary
Board of Trustees

PR 5A

Members, Board of Trustees:

CANDIDATES FOR DEGREES
UNIVERSITY SYSTEM

Recommendation: that the President be authorized to confer upon each individual whose name appears on the attached lists the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the University Senate.

Background: Since the Commencement exercises are held immediately following completion of examinations, it is not possible for the University Registrar to certify satisfactory completion of requirements prior to Commencement exercises for those candidates who completed their requirements in May. The candidates who completed their requirements in August 1989 and December 1989 were approved by the Board of Trustees at earlier meetings.

ESTABLISHMENT OF HEALTH SERVICE FACULTY PRACTICE PLAN
FOR THE COLLEGES OF ALLIED HEALTH PROFESSIONS, NURSING, AND PHARMACY

Recommendation: that approval be given to the establishment of the Health Service Faculty Practice Plan for the College of Allied Health Professions, Nursing, and Pharmacy.

Background: The Plan is patterned after the Dentists' Services Practice Plan which the Board approved in 1962. The Plan will enhance the teaching and research programs in each college.

- Teaching and research programs in the community to provide additional health care resources.
- The kinds and volume of services and programs provided will better meet the needs of the teaching, research and service programs of the Medical Center. Individuals receiving services will do so as part of the teaching and research program.
- The service activities will provide the student with a rich clinical experience for training in his/her profession and increase the opportunity to instill the students with the ability to relate to patients which represent a cross section of the population.
- Income realized from the provision of services is to be incidental to the purpose of the program. This income will provide a financial incentive to retain full-time faculty.
- The incentives will be administered by deans and departmental chairs to allow balance of activities for teaching, research and service.

The faculty of each of the colleges has voted to adopt this plan pending Board approval.

ESTABLISHMENT OF MULTIDISCIPLINARY CENTER ON DRUG AND ALCOHOL ABUSE

Recommendation: that approval be given to establish a Multidisciplinary Center on Drug and Alcohol Abuse.

Background: Alcohol and drug abuse is commonly acknowledged as the most serious health problem in the United States in terms of total morbidity. The national statistics, when pro-rated to Kentucky, outline a problem of very serious public health concern.

The University of Kentucky, as the principal research entity of the Commonwealth, is in an excellent position to mobilize and concentrate its research, teaching and service resources in a center that addresses the problem of drug and alcohol abuse.

This Center is to be established for the administration of multidisciplinary programs which would bring together faculty members from various colleges and departments of the University who have a strong common interest in the various dimensions of drug and alcohol abuse and in the phenomenon of addiction.

The proposal for the establishment of a Multidisciplinary Center on Drug and Alcohol Abuse has been reviewed and approved by appropriate faculty bodies and administrators, the University Senate Council's Academic Organization and Structure Committee, the Senate Council, and the University Senate. If authorized, the Center will operate under the auspices of the Office of the Vice President for Research and Graduate Studies. Extramural funding will be sought to complement and supplement University support.

PROPOSAL FOR THE ESTABLISHMENT OF THE
UNIVERSITY OF KENTUCKY MULTIDISCIPLINARY
CENTER ON DRUG AND ALCOHOL ABUSE

A. Proposal

It is proposed that a multidisciplinary center for research, teaching and service in the area of drug and alcohol abuse be established at the University of Kentucky. This center is to be established for the administration of multidisciplinary programs which would bring together faculty members from various colleges and departments of the University who have a strong common interest in the various dimensions of drug and alcohol abuse and in the phenomenon of addiction. The center will operate under the aegis of the Office of the Vice-President for Research and Graduate Studies. Extramural funding will be sought to complement and supplement University support.

B. Background

Alcohol and drug abuse is commonly acknowledged as the most serious health problem in the United States in terms of total morbidity. The national statistics, when pro-rated to Kentucky, outline a problem of very serious public health concern.

The University of Kentucky, as the principal research entity of the Commonwealth, is in an excellent position to mobilize and concentrate its research, teaching and service resources in a center that addresses this problem. The concept of a Center on Drug and Alcohol Abuse is consistent with the mission of the University as summarized in the strategic plan and with the long-range planning for education in Kentucky on every level. It offers the potential for enhancement of the University's research contributions on the national and international level. Through such mechanisms as coordination and enhanced effectiveness of existing services, successful competition for research grant funds and reduction of direct and indirect economic costs related to addiction, the Center will have a very positive impact on local, regional and state public health resources and the economy of the Commonwealth.

It is clear that the University of Kentucky has a unique opportunity within the above framework to address some of the core research problems in the area of addictive behaviors and effect key research breakthroughs that will shape knowledge and program direction in the field in the future. The University of Kentucky and the Lexington area in general have long had an international reputation for excellence in research, teaching and service in the field of the addictions. This tradition relates to the time when the Public Health Service Hospital for the treatment of drug addiction and the Addiction Research Center were located in Lexington. This tradition was a dimension of the original research emphasis of the medical college and continues today in the laboratories and programs of a variety of University departments and colleges.

The University has the enviable resource of a group of highly-respected, well-funded, biological, epidemiological, psychological and sociocultural investigators in the area of drug abuse. Among this group are individuals who have given serious consideration to the meaning of knowledge across disciplines. Furthermore, substantially-funded research programs are currently underway. Various investigators within the University are

presently in receipt of approximately \$1.6 million annually in research money.

The people, research programs, funding and intellectual framework are in place to afford the University of Kentucky a unique opportunity to be an outstanding example on campus of the integration and collaboration of research activities underway throughout the institution. Current programs, as well as those to be developed, will provide significant additional resources for the training of graduate students and post-doctoral fellows who aspire to research careers related to the addictions.

C. Mission Statement

On the basis of personnel already here and their work, the University of Kentucky Center on Drug and Alcohol Abuse will be an internationally recognized Center for research into the biological, psychological, sociocultural, sociological, pharmaceutical and communications aspects of substance use and abuse. The Center will organize and integrate a series of major scholarly efforts in the field that are university-wide so as to achieve an interdisciplinary perspective in research, education and clinical services.

The objectives of the University of Kentucky Multidisciplinary Center on Drug and Alcohol Abuse are as follows:

1. Integration and enhancement of current University programs in research, education and clinical services in the area of addictive behavior.
2. Establishment of new basic and clinical research programs in the area of addiction, with particular emphasis on multidisciplinary and interdisciplinary University-wide approaches.
3. A core addictive sciences research facility structured in such a way as to be available for affiliation to all segments of the University.
4. Work in a close coordinate relationship with the University Hospital, the various departments of the College of Medicine and the multiple components of the University at large to establish new patient care programs and coordinate their activities.
5. Serve as a coordinating entity for the wide range and complexity of current educational programs in the addictive diseases conducted within the context of the University of Kentucky.

D. Research Priorities

The Center on Drug and Alcohol Abuse of the University of Kentucky will have for its intellectual framework a truly integrative concept of the addictive process. In this concept, addictive behaviors are viewed as the result of biological, developmental/psychological and sociocultural factors acting in concert and evolving in their relationship to one another through time, both in terms of the natural history of populations and the life span of individuals. This framework defines the various

disciplinary efforts in the field as complementary and makes possible the development of more complex, integrative hypotheses concerning addictive behavior, particularly with regard to the interrelationships among environmental, cultural and other psychosocial factors and genetic, chemical and neurological factors.

The Center will establish a division of research devoted to studies of a broad range of problems related to addiction. Research will incorporate both the basic and clinical perspectives. Multidisciplinary and regional research will be stressed in recognition of the unique interface of biological, developmental/psychological and sociocultural issues that are characteristic of problems of alcohol and drug abuse.

The Center will serve as a focal point within which the wide range of research interests within the University will find expression. In addition, the Center will not only facilitate the exploration by new and existing faculty of new areas, but will also encourage the utilization of new approaches to understanding the factors involved in substance abuse. Pharmacogenetics, the neuropharmacology of addiction, epidemiology, psychological, sociocultural factors in etiology, prevention and treatment approaches, situational determinants of addictive behavior and the behavioral aspects of addiction will have high priorities as research areas.

E. Involvement in Institutional Programs

The theme and conceptual model that has been developed for the Center makes it a truly university-wide entity. Liaison has been established with a wide range of colleges and departments. These preliminary liaisons include, but are not limited to, the Colleges of Medicine, Dentistry, Pharmacy, Nursing, Social Work, Communications, Education and Arts and Sciences. The Departments of Pharmacology, Psychiatry, Preventive Medicine and Environmental Health, Anthropology, Sociology, Psychology and Behavioral Science are among the academic entities currently involved in programs of clinical service, teaching and research of direct relevance to the Center. The Center on Drug and Alcohol Abuse will relate constructively to other existing centers. Examples are the Center on Aging, the Graduate Center for Toxicology and the Appalachian Center.

Through this institutional network, the Center will be involved in the orientation of new students, undergraduate education, graduate education, post-doctoral training and professional education. The Center will seek involvement in the process for planning and resources for employee assistance and wellness programs within the University community. Training opportunities for international scholars and for research on addictive diseases will be offered.

F. Center Service Commitment:

In addition to the university-wide service programs mentioned above, a clinical range of community services in Lexington for drug and alcohol abusers offers a rich resource for integration and development. Among the elements are the private sector, the University Hospital, the Lexington V.A. Medical Center, the Bluegrass Comprehensive Care Center, Charter

Ridge Hospital, the correctional system that is represented by the Federal Correctional Institute and various state and local penal facilities, and such well-established programs as Alcoholics Anonymous and Narcotics Anonymous.

Specifically, the Center will work with these organizations to identify specific populations for clinical research, to compete for research grant monies and to assist in such areas as staff recruitment and development. Local, regional and national consultation activities will take place. At the state level, a close liaison will be obtained with the Division of Alcohol and Substance Abuse of the Department for Mental Health. A close liaison between the Center and Department for Mental Health will facilitate recruitment into the state system, program consultation and development and focused clinical research relating to populations under care for substance abuse in state facilities.

G. Center Organization

The Multidisciplinary Center on Drug and Alcohol Abuse will be administered by a core staff supported by regularly-budgeted state funds. The core staff will consist of a director, along with necessary support staff. Staff additions and program expansion will be supported by extramural funds as they become available. The Center will be part of the Research and Graduate Studies sector and operate under the auspices of the Vice-President for Research and Graduate Studies.

The Vice-President for Research and Graduate Studies will, upon recommendation from the Advisory Council (see below), appoint the director to serve as the Center's executive administrator. The director should have a demonstrated interest and commitment to the multidisciplinary aspects of alcoholism and drug abuse. The Center may have employees and make appointments of research scientists who will be Associates of the Center in accord with current administrative regulations. Faculty throughout the university who are actively engaged in efforts relevant to the Center on Drug and Alcohol Abuse will be eligible for appointments as Associates of the Center. The designation of Associate will be for a two-year term, with renewal subject to continuing relevant involvement. Associates will be appointed by the Vice-President for Research and Graduate Studies upon recommendation of the director. With respect to clinical activities of the Center, as opposed to teaching and research activities, the director will report to the appropriate chancellor. In the case of the Medical Center, this will be through the Vice-Chancellor for Professional Services.

The Vice-President for Research and Graduate Studies will appoint an Advisory Council to the Center, which will consist of the following permanent members:

1. The Chancellor of the Medical Center;
2. The Chancellor of the Lexington campus;
3. The Vice-President for Research and Graduate Studies or the appropriate Vice-Chancellor for Research and Graduate Studies;
4. The Dean of the College of Medicine; and
5. The Dean of the College of Arts and Sciences.

Other members may be appointed by the Vice-President for Research and Graduate Studies and may include representatives from those colleges and departments significantly involved in the problems of drug and alcohol abuse. The Vice-President for Research and Graduate Studies will serve as chair of the Advisory Council.

The Advisory Administrative Council will be concerned with major policy issues and will hold regular meetings. Notice of the meetings shall be given by the chair. Special meetings of the Council may be called by the chair or upon written request of at least three members of the Council. The Advisory Council will make recommendations to the Vice-President for Research and Graduate Studies for a director of the Center, who will be a member of the faculty of the University of Kentucky.

Working closely with the director in an advisory capacity will be a Program Steering Committee, consisting of no more than 5 senior faculty members, with any external and regular members holding 3-year terms in addition to Ex Officio members. The members of the Steering Committee will have a demonstrated interest and expertise in clinical services, teaching and research in the area of substance abuse and will be charged with representing the Center rather than their particular colleges, departments or disciplines.

22.0 PURCHASING, DELIVERY, STORAGE

22.1 The contractor shall make all purchases in his own name and not in any way attempt to bind the University in its contractual agreements. Any contract documents issued by the contractor must be very clear that it is the contractor that is being bound by the document, not the University of Kentucky.

22.2 Delivery of merchandise to and from the bookstore will be at the contractor's risk and expense. The contractor shall promptly unload and store any bookstore shipments delivered to University premises.

22.3 Storage of merchandise will be in the areas allocated for the bookstore, or such other premises as the contractor chooses to use, and will be at the contractor's sole expense and risk.

23.0 BOOK ORDERS AND DEADLINES

23.1 The contractor shall provide books and required supply items from semester to semester in accordance with textbook and supply requests by the faculty. Textbook requests are made to the Textbook Information Service office of Auxiliary Services which disseminates the information to the University Bookstore and the private bookstore adjacent to the campus. Such requests are due by approximately April 1st for the summer and fall semesters and November 1st for the spring semester. The University shall exert its best efforts to see that the store manager is given timely notice of textbook requests in accordance with the established schedule.

23.2 The contractor shall provide information to faculty requisitioners of the status of the orders of materials for their respective courses, including items discovered to be unavailable, delayed in delivery, available in new editions, etc.

23.3 The contractor shall not be held responsible for books or other items not being ready for sale to students when it is

the result of failure of faculty to submit requests in accordance with the University schedule. However, the contractor shall make every reasonable effort to supply materials requested even when requests are tardy.

- 23.4 The contractor agrees to accommodate any modifications in the schedule resulting from authorized changes in the University calendar and in the schedule of classes.

24.0 MANAGEMENT AND STAFF

- 24.1 The contractor agrees to provide a fully qualified and experienced management staff for the University bookstore and to operate the Bookstore with policies and practices consistent with contracts of a similar nature.

- 24.2 The contractor shall staff the bookstore with experienced and qualified clerical personnel. The contractor shall list part-time job opportunities suitable for students with the University's student employment office and shall exert its best efforts to hire students. The contractor shall pay wages and benefits and accept all employer liabilities for all bookstore employees.

- 24.3 The University reserves the right to review the credentials and qualifications of all personnel hired by the contractor for management positions.

- 24.4 The employees of the contractor shall strictly adhere to University regulations while on the University premises, including but not limited to regulations governing access to buildings, personal conduct, possession of prescribed substances or articles, parking and traffic. Further, the University reserves the right to require the removal of contractor's employees from assignment at its campus for good cause.

- 24.5 Store management may meet regularly with designated University officials and work cooperatively with them and with the University management in the development and improvement of the bookstore program, services, and policies. These meetings shall be used to air grievances and determine corrective courses of action.

25.0 SERVICES EXPECTED

- 25.1 On opening, the contractor shall operate the Bookstore as an independent contractor, providing quality services with the

facilities and equipment agreed on.

- 25.2 The emphasis at the bookstore will be on books, and the contractor shall assure proper stock of all textbooks used in scheduled classes, trade books, school, office, art, and engineering supplies, insignia merchandise, and such other sundry items necessary to complement the educational programs of students and meet the needs of student residents on campus. The contractor shall make maximum possible use of used books in order to decrease book costs to students. Prices of textbooks, reference books and related classroom materials shall be commensurate with prices charged at the other college and University campus' of a similar nature.
- 25.3 In addition, the contractor will provide appropriate retail and related service programs that are responsive and sensitive to the needs of students, faculty, research personnel, and staff and compatible with the educational and cultural objectives and atmosphere at the University.
- 25.4 The contractor shall stock, in sufficient quantity, display and sell all required, recommended, and suggested course books, whether new or used, in the editions specified by faculty or authorized department designees and other educational supplies, tools, and materials used by the students in pursuing their courses of instruction.
- 25.5 The contractor may offer for sale such speculative merchandise as books, soft goods, stationery, and gifts, imprinted sporting goods, desk and room accessories, and other items presently sold in college bookstores. The contractor is precluded from selling food items which may be in direct competition with the same or similar items sold by the University food service or vending operations.
- 25.6 The contractor shall purchase textbooks no longer needed by the student at the end of each term and throughout the year. Used books shall be purchased from students at the highest market value consistent with adoption information, inventory status, and condition. Adopted textbooks shall be purchased at fifty (50%) percent of retail price as long as sufficient quantities for course requirements are not already in inventory.
- 25.7 The contractor shall be responsible for the disposition of any surplus books or other distress merchandise he has acquired regardless of the cause.
- 25.8 The contractor shall provide special order book service for students, faculty, and staff, and make every effort to obtain the earliest possible delivery.

- 25.9 The contractor shall provide charge sales for materials sold for official use by University departments and offices when purchased in accordance with the University standard purchasing procedures.
- 25.10 The contractor may provide for charge sales of books and supplies to students, faculty, and staff through MasterCard and/or Visa or other methods determined by the contractor.
- 25.11 The contractor may establish his own policy regarding acceptance of checks for purchases made by faculty, staff, students, and the general public.
- 25.12 The contractor shall provide cap and gown sales and rental service to students. In addition, the contractor will arrange for the rental of gowns, hoods and caps, or purchase of "souvenir" type gowns for the faculty. Separate itemized invoices showing the name of the faculty member renting or purchasing the souvenir gowns will be submitted to the University office of Commencement Coordinator for payment. The existing inventory of gowns will continue to be stored in the bookstore and the contractor shall be required to fit and issue them to faculty and/or graduate students on a first come/first served basis as long as the existing inventory is usable.
- 25.13 In support of the University's educational, cultural, and other programs, the contractor may provide sales counters or services in other locations on campus in connection with special University events (for example, symposia, lectures, and concerts) subject to University approval in advance.
- 25.14 The contractor agrees to promptly withdraw from display and sale any item which the Vice Chancellor for Administration, Lexington Campus, requests in writing not be sold in the Bookstore. Such University requests shall not be made arbitrarily or capriciously and shall be based on reasonable safety, health, or security concerns; competent legal counsel; or, with respect to items affecting the education program, the considered decision of appropriate faculty bodies. The contractor shall be provided the opportunity to discuss with appropriate University officials or counsel, and request reconsideration of, requests for withdrawal of items.
- 25.15 The CONTRACTOR shall post conspicuously and without equivocation, store policies concerning refunds, buy-backs, exchanges, check cashing, and special orders.
- 26.0 **STORE SECURITY**
- 26.1 The contractor shall collaborate with the University Chief of

Police and with Dean of Students concerning questions of discipline, enforcing regulations, and internal security and theft control in the Bookstores. The contractor shall not, except in physically dangerous or other emergency situations, summon public emergency services except through the campus police dispatcher. The contractor shall not seek to have students of the University who are suspected of theft arrested by public authorities or prosecuted without prior consultation with the Dean of Students.

- 26.2 The contractor shall control all keys to the Bookstore premises except two (2) keys shall be supplied, one each to University supervisors of maintenance and security, for such admission of authorized University maintenance and security personnel as may be necessary to monitor or inspect alarms, to provide for building and property security, and to provide emergency utility service. It is understood that any such entry on the Bookstore premises without prior knowledge of the contractor's representative shall be in emergency situations and that each occasion shall be immediately reported to the contractor's representative.
- 26.3 The contractor shall provide the University a list of contractor personnel having keys to the premises, including addresses and telephone numbers, and University campus police and maintenance supervisors shall call the contractor to gain access to the Bookstores except when an emergency situation clearly precludes this.
- 26.4 The University will provide effective and prompt support to the contractor in his efforts to assure the security of his premises and stock. If the contractor feels the measures taken by the University for the resolution of any security problem are insufficient, the contractor shall have the right to present his views and recommendations to the Vice Chancellor for Administration, Lexington Campus, who shall not unreasonably deny his requests.

27.0 STUDENT BOOK EXCHANGE

The establishment of this contract shall not preclude University of Kentucky student organizations from operating textbook exchange services on the University campus.

3. Comments - The increase in summer registration fees supports enrollment growth for the summer school in the University System and at Jefferson, Lexington, Madisonville and Somerset Community Colleges. The increases in University Extension supports Off-Campus and Weekend activities at Elizabethtown, Hazard, Hopkinsville, Jefferson, Lexington, Prestonsburg, Somerset, and Southeast Community Colleges. The increase in continuing education fees supports those programs sponsored by the College of Agriculture; the College of Education's Principals Summer Institute, Writing Institute, and Teachers Training Workshops; the College of Medicine's National Institute of Occupational Safety and Health training; the College of Pharmacy; the College of Allied Health Professions; the College Business Management Institute; and community service programs in Hazard, Hopkinsville, Maysville, and Paducah Community Colleges. The increase in other tuition and fees supports activities in Admissions, Student Affairs and Paducah, Prestonsburg, and Somerset Community Colleges. The decrease in Federal Appropriations requires adjustment in programs in the Agricultural Experiment Station. The increase in other gifts and grants supports administrative activities in Student Financial Aid; public relations activities in the

Office of Alumni Affairs; the teaching workshop in the College of Education; the Chancellor's Office in the Medical Center; and the Community College System's Central Administration and Jefferson Community College. The increase in farm sales supports activities in the Animal Sciences department at the Agricultural Experiment Station. The increase in public and regulatory services supports seed, alfalfa, and beef herd testing in the College of Agriculture. The increase in departmental sales and services includes support for scholarships for Ashland, Hopkinsville, and Paducah Community Colleges; activities for the Chancellor for Lexington Campus; Agronomy Department in the Agricultural Experiment Station; activities in the Physical Plant Division; and parking lot maintenance in the Community College System and on the Lexington Campus.
