

Y. M. C. A.

The Y. M. C. A. was organized at the University of Kentucky about 1890 and since 1912 has employed a full time secretary. Under the leadership of these secretaries with the co-operation of the faculty and students it has become one of the most important and useful branches of the University. We all know that the best education means little if not accompanied by a strong character, so it is the purpose of the Y. M. C. A. to assist the University in developing the young men not only mentally and physically but morally and spiritually as well. When a fellow gets away from home he is likely to forget the sound advice of his parents and to drift into careless habits unless he is brought under some such influence as that provided by this association.

PURPOSE

- a. To lead students to faith in God through Jesus Christ.
- b. To lead them into membership and service in the Christian church.
- c. To promote their growth in Christian faith especially through the study of the Bible and prayer.
- d. To influence them to devote themselves in united effort with all Christians to make the will of Christ effective in human society, and to extend the Kingdom of God throughout the world.

WHY YOU SHOULD JOIN

Every man in the University should join the Y. M. C. A. because it is the only religious organization in the University, and the greater the membership, the greater the amount of service it can render.
