

PUBLICATIONS

HANDBOOK

The Varsity Handbook is published by the Y. M. C. A. and Y. W. C. A. and given to each student on matriculation in September. It is known as the "Freshman's Bible," giving information that will be helpful to all new students. An effort has been made in preparing the handbook this year to incorporate into its covers the spirit of the University and of the Kentuckian as well as the information which will be useful to the new student. Every freshman should read this book through and we think you will find something interesting as well as valuable in its contents.

* * *

The weekly announcements are to notify students and faculty of all meetings and entertainments, athletic contests, etc., on the campus. It is issued by the Journalism Department and can be found on any bulletin board in the different buildings.

The Kentucky High School Quarterly is published by the Department of Education and contains information of value to teachers throughout the state.

KENTUCKY KERNEL

This is the weekly news publication of the student body, faculty and alumni. The entire work, with the exception of the mechanical makeup and printing, is done by the students, most of whom are in the journalism department. Its editors and business manager are elected annually by the Kernel Staff. Other members are appointed by the managing editor.
