

GREETINGS

I am sure a student associating himself with the Y. M. C. A. and Y. W. C. A. during residence at the university will be the richer in spiritual life. Spiritual force is a great agency for accomplishing things. It is worth having and worth cultivating. Consequently, the newcomer can't afford to pass by the Y. M. C. A. and Y. W. C. A.

In addition these organizations bring fellowship, new vision and an opportunity for service. Every man and woman should join when coming to the university. The student who does will be happier. Happiness makes for better work and a bigger appreciation of life.

PRESIDENT FRANK L. McVEY.
