

# Chandler's Ice Crusher

Wherever used is regarded as a necessity. By a few turns of the handle the ice is reduced to a mass of clean, dry crystals of similar size and shape.

Ice is an antiseptic; it arrests decay and kills the germs of disease; its free use is advised by best physicians; is a prompt and effective remedy in all fevers, throat affections and hemorrhages.

Delicious beverages, ices and creams are prepared; salads, vegetables and relishes are rendered crisp and refreshing by the use of crushed ice.

Price \$3.00, crated for shipment by Express.

April 1, 1886.
