

Kentucky University  
(Incorporated),  
Lexington, Ky.  
President's Office.

June 9, 1905.

President James K. Patterson,  
Lexington, Kentucky.

My dear President Patterson:-

I am pleased to see in the morning papers a statement that your institution is thinking of establishing a medical college in Lexington. I think there is plenty of room for one here and much need for one. I trust you will succeed in establishing the same. I am heartily in favor of the movement to gain the support of the City Council to the extent of \$20,000.00 or any other sum that they can be brought to give. I shall be glad to co-operate in any small way in my power to bring this matter about, and if there is anything I can do before leaving next Sunday night for Europe, I should be glad if you would command me. You may use this letter in any way you see fit, if it can be of service to you.

With assurances of respect and esteem, I am,

Sincerely yours,

*Robert A. Jenkins,*
