Greetings From the President

October 2, 1935

Fellow Teachers:

The president of the K. N. E. A. takes this opportunity to call your attention to the importance of taking an active interest in the rapidly changing administration of affairs in our state and nation. It is important that we study well the educational and civic program of the various office-seekers, especially in our state. This is the year for selecting the personnel of a new administration of our State Government. Every teacher should be interested to use his influence in safeguarding our progressive educational program which has been promoted by the present administration. This administration has gone a long way towards giving our school a progressive program with the benefits of a New Deal in education in Kentucky.

This program provides for prepared teachers with better pay for BETTER trained teachers. There is an apparent over-supply of trained teachers but this is not the real truth, when we stop to consider that the depression has created a sympathetic attitude towards the employment of local talent with the minimum preparations. In many cases the applicant has had only four years of high school training plus one year of standard college preparation. This is a serious condition and should and could be corrected by co-operation with our State Board of Education and Superintendent of Public Instruction. There is a tendency to consolidate our schools and provide transportation and tuition for our students to attend schools affording a more effective and comprehensive school program. To assist our school administrators in getting the best results for our Negro youth, our K. N. E. A. recommended the appointment of a committee to study the problems of transportation of Negro students.

Our Research Committee has already begun to study the problems of education in the Negro schools of Kentucky. It has had a meeting of the general committee in which a practical program of procedure was outlined. We are expecting some helpful results from this committee. Of course, we do not want to be selfish nor partisan in our efforts to improve conditions in our schools, but we do urge every teacher in Kentucky to take an active interest in the election of a set of State officers who will serve the interest of all of the people after they are elected. Our schools are always affected by a change in the administration of our State Government. This is one instance when "the strong should bear the infirmities of the weak" by informing our fellow citizens in the right use of their suffrage.

As your president, I am urging and encouraging a closer contact between the secretary of the K. N. E. A. and the secretary of the K.E.A. I will do my part in co-operating with our legislative Com-

mittee in securing the legislation recommended by it and adopted by you.

Finally, let every teacher support his district organization and help his organization support the K. N. E. A. As you go about your task of boosting your K. N. E. A. as a vital factor in the educational welfare, let us say a good word for our two State Colleges and encourage the hearts of their presidents by urging our patrons to send our high school graduates to these two institutions and prove by actions, as well as words, that we have faith in Kentucky and its educational institutions. This is the way to vitalize the pleas of the college presidents for expanding their plants and improving their programs.

Hoping and trusting that you have caught the full import of your humble servant's message, I am

Sincerely yours,

W. S. BLANTON.

PROF. JOHN W. BATE

On the outside cover of this Journal is the likeness of Prof. John W. Bate, A. B., A. M., principal of Bate High School, Danville. Prof. Bate was educated in the schools of Louisville, Ky, then graduated with honor from Berea College, receiving his Master's degree from that fine old institution. He came to Danville in 1881. At that time, the school system was unorganized. The idea of grading was wholly unknown. The building was old and dilapidated, the grounds unsightly, the entire place presented an unattractive appearance.

With the dauntless confidence of youth, Prof. Bate took charge. His thorough training and careful preparation recommended him. His superior ability, clean upright life, his honesty, courtesy, industry, and kindness soon won the respect and confidence of the public. He possessed the fine quality of making and holding friends among both races.

By perseverance, patience, and devotion to duty he has secured for Danville an accredited standard high school, answering the rigid requirements of modern educational ideas.

The school house is a beautiful brick building containing sixteen rooms, besides a dining hall, domestic science room, and a spacious auditorium, the latter having a seating capacity of 700. The building is steam heated, provided with indoor fountains, play rooms, showers, laboratory, library and other conveniences necessary for the modern school.

Bate High School, named in honor of the principal, has a faculty of thirteen teachers and an enrollment of over 400. Its pleasant location, beautiful building, spacious, attractive grounds make the school property value over \$80,000—one of the show places of Danville.

Among its graduates, more than a thousand in number, we find a Ph. D., M.D., D.D.S., several with D.D., social service workers, musicians, postal clerks, lawyers, and many teachers; Some of the finest persons in the entire country are proud to call Bate High School their Alma Mater.

In Prof. Bate, we find the finest and noblest qualities which a man can possess. He is a pioneer educator of Kentucky. His life is a benediction and an inspiration to all. He has given more than fifty years of faithful service to the Negro youth of Kentucky.

THE 1935 ROLL OF MEMBERSHIP

In this issue of the K. N. E. A. Journal, there appears the names and addresses of the teachers in Kentucky who enrolled in the K. N. E. A. during the school year 1934-35. The 1935 membership is the highest in the history of the K. N. E. A. Moreover, an analysis of the membership reveals that ninety-two per cent of the colored teachers in Kentucky are members of the K. N. E. A. There are, in Kentucky, about 1,525 colored teachers, and of this number, 1,394 enrolled in our organization. This leaves approximately one hundred tucky, about 1,525 colored teachers, and of this number, 1394 en-

hoped that we shall have the membership of this remaining one hundred or more and excell even the record already made. Investigation reveals that the Kentucky percentage of membership is about the highest of any association in the country. Let us keep up this splendid interest in the profession and continue to make the K. N. E. A. one of the most outstanding teachers associations in the United States.

There appears also in this issue of the Journal the K. N. E. A. enrollment by districts and counties. The new organization outlined includes nine districts instead of eleven, as heretofore. Because of this change in the congressional districts of Kentucky, there has been a change in our district organizers. The district organizers of the K. N. E. A. appear under our officers for 1935-36 and it is hoped that they will receive the support of the teachers in their respective districts.

There also appears in this Journal an "Honor Roll," showing the counties and city schools which reported one hundred per cent enrollment at the 1935 convention. The Board of Directors and officers of the K. N. E. A. wish to thank the principals and organizers, whose teachers appear on the honor roll, for their splendid work. We hope that every teacher will plan to enroll for 1935-36 and attend the convention in Louisville, April 15-18, 1936.

COMMITTEES OF THE K. N. E. A.

Elsewhere in this publication will be found a list of committees for 1935-36 which have been appointed by President W. S. Blanton. Most of the persons on the various committees have been notified concerning their appointments. It is desired that teachers on these committees take note of their appointment at this time of the school year and begin the work allotted to their respective committees. Among the committees which are to report for the 1936 session are the Committee on Transportation, the Research Committee, and the Committee on the Revision of the Constitution.

The Research Committee is already at work making a study of the salary situation in Kentucky with regard to colored teachers. One issue of the K. N. E. A. Journal during the year 1935-36 will report the findings of the Research Committee. This issue of the Journal will be sent to all school officials and persons who are in position to utilize the findings of the Research Committee.

The work of the Transportation Committee is extremely important because the question of consolidation among colored schools is more important than in other schools due to the sparsity of the Negro population in our state.

There appears in this Journal the Constitution of the K. N. E. A. revised to date. The Constitution Committee will probably make some recommendations to revise this Constitution in certain respects and report these recommendations at the 1936 K. N. E. A. convention.

A PUBLIC RELATIONS PROGRAM

A recent trend in education is the establishment of a Better Public Relations program between the school and the community. Should one seek to learn the ideas of the community concerning a school in its midst, it is surprising to note the meagre information which patrons have concerning the activities of their schools. Many people of a community object to the payment of taxes and in turn seek better school facilities for their children. A knowledge of what the school is doing for the child, its curriculum, its aims and objectives would aid the citizens in general in a better understanding of the importance of the school to their children. When citizens have built up

a proper attitude concerning the school, they are willing to pay their share of the tax burden; they are also more inclined to see that the teachers receive a square deal in the matter of salary and retirement provisions.

It is hoped that the colored principals and teachers of our state will realize the importance of keeping the community informed concerning the activities of the school through all types of publicity and programs. The means by which a public relations program may be executed are the radio, news articles, parent-teacher association activities, school papers, addresses in churches, addresses to civic groups, and bulletins sent home through the children. The matter of securing adequate support for our schools will be a vital question for the next few years and unless the public is thoroughly informed concerning the needs of the school and its aims and objectives, there will be a reluctance on the part of citizens to give the school children a square deal. Let us talk about our school activities more during the year 1935-36 and arouse our patrons in such a way that they will be ever ready to safeguard the interest of our profession and their children. We need better school buildings, better salaries for Negro teachers, and more educational opportunity for the Negro youth of Kentucky.

JOE LOUIS AS INSPIRATION TO OUR YOUTH

Practically every boy and girl in the schools of Kentucky is now acquainted with the achievements of Joe Louis in the pugilistic world. Teachers may capitalize this interest of our youth and use it in a program of character training. While we should emphasize the physical excellence of Joe Louis, we should not fail to point out that he is different from other fighters in that he has certain character traits that are worthy of emulation. Indeed, the gift of Joe Louis to the sporting public is good character along with outstanding boxing ability. This is an unusual combination and because of this, Joe Louis stands out as one of the greatest pugilists in the world's history. The secretary of the K. N. E. A. gives below an editorial taken from the Chicago Evening American, which gives due credit to Joe Louis and his home training and is worthy of being read to any class of Negro youth in America. The editorial follows:

A big brown boy, just past 21, is swiftly and methodically fighting his way to the top in the strange and hazardous world of pugilism. His name is Joe Louis.

He may presently become heavyweight champion of the world.

If that comes, many will say, "Joe Louis is a credit to his race."

He is **ALREADY** a credit to his race.

Already he has acquired enough money, fame and admiration to make a fool of **MOST** young men of 21.

But they have **NOT** made a fool of **HIM**.

In the ring he fights to win.

Outside the ring he behaves quietly, goes to church, saves his money, goes to bed early and eats what his mother tells him to eat.

Reading his mother's story of Joe Louis' life as it appears day by day on the sport pages of this newspaper, you understand **WHY** success has not spoiled him.

His **MOTHER** is the reason.

She "hoed and chopped and picked cotton" on a tiny Alabama farm to feed Joe and his seven brothers and sisters after her husband died.

She brought them up on the Bible and rock-bottom common sense.

She herself possesses CHARACTER, and she brought up her son Joe to have it, too.

That explains why millions of Americans admire Joe Louis and wish him well.

Many of them know nothing about prize fighting; do not really care which man can beat all others with his fists, but they APPRECIATE CHARACTER when they see it.

They see it in this big boy with the powerful arms and the pleasant placid face.

Minutes of the Annual Convention, Fifty-Ninth Session, K. N. E. A. Louisville, Kentucky, April 10-13, 1935

The Kentucky Negro Educational Association held its 59th Annual Session in Louisville from April 10 to 13, 1935. The central theme of the convention was, "Specific Objectives in the Education of the Negro." The first general session was held Wednesday, April 10 at 8:15 p. m. at Quinn Chapel, with the K. N. E. A. officers, directors, and past presidents seated on the rostrum. Dean H. C. Russell, a past president of the K. N. E. A., presided at this session. The opening musical numbers were rendered by the Girls Glee Club of Central High School, directed by Miss Nannie G. Board. The invocation was rendered by Rev. C. L. Russell, pastor of Chestnut Street C. M. E. Church. The first speakers of the program consisted of a welcome address by W. H. Perry, Jr., President of the Louisville Association of Teachers in Colored Schools, and a response to this welcome by Mrs. Emma Quarles, a teacher in the schools of Hopkinsville.

After a piano solo by Tella Marie Cole, of Louisville, President R. B. Atwood greeted the Association and rendered an address in the capacity of the K. N. E. A. president. President Atwood, after being presented in fitting words by Dean H. C. Russell, delivered a broad, comprehensive and practical address, in which he commended the Association for its co-

operation with him, paid a high tribute to State Superintendent James H. Richmond, indorsed the new school laws and eloquently expressed the need of a practical education which would meet the needs of the present day. Among other things he said, "There are too many of our children who are learning to say 'Amo, amas, amat,' and not enough who are learning to hang wall paper, lay brick, or repair an automobile." Following the address of President R. B. Atwood, Miss Clarissa Graham, of Louisville, rendered a vocal solo. The next main feature of the program was an address by Miss Joanna Houston, assistant dean of women at Howard University. Miss Houston was introduced by Miss B. Clarice Scott, of Louisville. Her subject was, "The Integration of Personality in Education." In her address she emphasized that the children must adjust themselves to life and must understand the spiritual values, that they must be taught to distinguish between right and wrong, and that they need to be taught how to have faith in God. Miss Houston, who is past grand basileus of the Zeta Phi Beta Sorority, was presented with a bouquet by Mrs. Fannie R. Givens, a representative of the local chapter.

Other features of this program included the introduction of past presidents on the rostrum: Prof. W. H. Perry, Sr., of Louisville;

Miss M. S. Brown, of Paducah; Dean H. C. Russell, of Frankfort; Principal A. E. Meyzeek, of Louisville; and President D. H. Anderson, of Paducah.

This session was concluded by announcements from the secretary, A. S. Wilson. He read to the Association a telegram from Mrs. Roscoe Conkling Bruce, of New York, expressing regret at not being present to speak on the program because of illness.

SECOND GENERAL SESSION Thursday, April 11, 9:00 A. M.

The second general session of the K. N. E. A. was opened by community singing led by Miss R. L. Carpenter, of Louisville, and an invocation by Rev. Frank M. Reid, pastor of Quinn Chapel, in Louisville. The main music of the program consisted of numbers rendered by Jackson Junior High School chorus, directed by Miss M. Lyda Johnson, and the Georgia G. Moore School boys' chorus, directed by Miss Mabel Coleman.

This session of the K. N. E. A. was given over largely to reports of special committees and business. The first report was that of the resolutions committee, of which Prof. S. L. Barker, of Owensboro, was chairman. The committee report consisted of nine resolutions, which are shown elsewhere in this publication. The resolution concerning a provision by the state of Kentucky to pay tuition for students of our state who must go elsewhere to pursue graduate work or work not offered to colored students in Kentucky, received much discussion. It was finally agreed that this resolution as published be the general sentiment of the K. N. E. A. The re-

solution as published was adopted by a vote of the Association. At this point, Prof. S. L. Barker presented the Association with a check for \$25.00 from Mr. Silas Rosenfield, of Owensboro, for the use of the research committee in making its studies. The Association passed a motion to extend special thanks to Mr. Rosenfield for his interest in the K. N. E. A.

Another feature of this session was a report of the legislative committee by Prof. W. S. Blanton, of Frankfort. The legislative report, as shown elsewhere in this publication, was adopted by a general vote of the Association. That part of the legislative committee report which deals with the resolution mentioned above received special discussion, the outcome of which was that a \$10,000 appropriation be sought from the Legislature to carry out the provisions of the proposed bill, as outlined by the legislative committee.

The secretary-treasurer made his annual report at this session. This report is shown elsewhere in this publication. Following the report of the secretary, the auditing committee, of which Mr. P. L. Guthrie was chairman, made its report. The auditing committee reported that the accounts of the secretary-treasurer were accurately kept and were correct in detail as shown by the financial report herein mentioned. The auditing committee further commended the secretary on the accurate and systematic method employed in keeping all accounts pertinent to his office. A full report of the

auditing committee is shown as an addenda to the financial report of the secretary. The general Association passed motions to receive reports of both the secretary and the auditing committee and refer them to the Board of Directors.

The main address of this session was given by Hon. Mark Godman, of the State Department of Education.

At the close of this session, the nominating committee reported the following nominations: for president—W. S. Blanton, Frankfort, and S. L. Barker, Owensboro; for vice-presidents—Mrs. Ellen L. Taylor, Louisville, and Mr. H. R. Merry, Covington; for secretary-treasurer — Atwood S. Wilson, Louisville; for assistant secretary, Miss L. V. Ranel, Winchester; for historian—Prof. G. W. Parks, Richmond, and for the Board of Directors—R. L. Dowery, Elizabethtown; E. T. Buford, Bowling Green; Victor K. Perry, Louisville, and F. A. Taylor, Louisville.

THIRD GENERAL SESSION

Thursday, April 11, 8:15 P. M.

The third general session of the K. N. E. A. opened at Quinn Chapel with the presidents of the district associations seated on the rostrum, and with H. E. Goodloe, of Russellville, president of the Third District Teachers Association, the master of ceremonies. The opening music for this session was furnished by the Louisville Normal School Girls Glee Club, under the direction of Miss R. Lillian Carpenter. The invocation was rendered by Father J. A. Johnson, pastor of the Church of Our Merciful Savior, in Louisville.

The first main address of this session was that given by State Superintendent James H. Richmond. Superintendent Richmond outlined some of the policies of his administration and expressed a desire to bring about the best conditions possible to insure an equal opportunity to every Kentucky child regardless of race.

The second main address of this session was that of Dr. James Weldon Johnson, of Fisk University, who was fittingly introduced by Dean R. E. Clement, of the Louisville Municipal College. Dr. Johnson spoke on the subject, "The Creative Genius of the Negro." In his address he stressed the contributions of the Negro to American life along the lines of art and music in particular. Dr. Johnson's address was given before one of the largest audiences in the history of the K. N. E. A. His address was said to be the high-light of the 1935 convention.

Another feature of this session was the presentation of the chairman of district teachers' associations by Prof. Goodloe, the presiding officer. Among those introduced were T. R. Dailey, Paducah; R. L. Dowery, Elizabethtown; W. H. Perry, Jr., Louisville; J. W. Bate, Danville; Kenneth Meade, Henderson, and W. F. Mudd, Benham. After music numbers, rendered by the Jefferson County Teachers' Chorus, and a solo by Mrs. Letia Wiggins-Tate, the K. N. E. A. secretary, A. S. Wilson, made announcements which ended this session of the K. N. E. A. In the announcements, the secretary called attention to the picture presented on Thursday, free to enrolled teachers, by the manage-

ment of the Grand Theatre, and also to the picture presented free to members of the K. N. E. A. on Friday morning, by the management of the Lyric Theatre.

FOURTH GENERAL SESSION

Friday, April 12, 2:15 P. M.

The opening feature of this session of the K. N. E. A. was a band concert by the Kentucky School for the Blind, under the directorship of Mr. Otis Eads. This concert was heard by a large and enthusiastic audience. Mrs. Ellen L. Taylor, first vice-president of the K. N. E. A., presided at this session.

The first main address was presented by Mr. Lawrence D. Reddick, of Kentucky State Industrial College, who spoke on the subject, "Recreating a Lost Tradition." The second main address of this session was by Dr. Bertram Doyle, of Fisk University. Dr. Doyle spoke on the topic, "The Negro and the American Social Order." The addresses of both Prof. Reddick and Dr. Doyle were highly instructive to the members of the K. N. E. A. Many references were made in both of these addresses to matters of vital importance to the continued progress of the Negro in America.

Music for this session was furnished by the Girls' Glee Club of Madison Junior High School under the direction of Miss Barbara Simmons, and a chorus from Lincoln Institute, of which Prof. William Bembower is principal. The invocation and benediction for this session were rendered by President M. B. Lanier, of Simmons University, in Louisville.

THE LAST GENERAL SESSION

Saturday, April 13, 9:00 A. M.

This session of the K. N. E. A. was opened by memorial exercises for deceased members of the K. N. E. A., under the leadership of Rev. J. Francis Wilson, of Maceo, the chairman of the necrology committee of the K. N. E. A. He, along with Prof. R. L. Dowery and Miss Rebecca Tilley, of Shelbyville, presented a program in which the names of members of the K. N. E. A. who died during the past school year were brought to the attention of the Association. The names of those mentioned in the exercises were: E. B. Davis, Georgetown; William H. Steward, Louisville; Mrs. W. S. Blanton, Frankfort; Mrs. Sarah Richmond, Elizabethtown; Mrs. Sophia Tipton, Mt. Sterling; Bishop Geo. C. Clement, Louisville; Mrs. Cora T. Taylor, Hopkinsville; Elbert H. Banks, Louisville; Mrs. T. M. Roberts, Lexington; and Miss Eulah Vertreace, Louisville. Rev. J. Francis Wilson delivered a eulogy on the general theme, "Going Home," after a scripture reading found in John 14:2. These exercises closed by the audience singing "Nearer My God to Thee."

The remaining part of this session was given over to the general business of the Association, which included reports from departmental chairmen and other officers. Prof. G. W. Parks, Richmond, made a report in his capacity as historian of the K. N. E. A. Prof. Parks outlined his work during the past year, stating that he has been accumulating facts in the history of the K. N. E. A. for the period from 1877 to 1935 and that he would very soon present in tangible form an account of his findings. He pro-

posed further to publish the pictures of past presidents of the K. N. E. A. and a short sketch of the life of each president, presenting this information in a suitable booklet to be placed in the hands of the teachers of Kentucky at a small expense. Prof. Parks receives the cooperation of the K. N. E. A. secretary in his proposed plans.

Reports were then made by various departmental chairmen, which reports are shown elsewhere in this publication. Prof. W. H. Fouse, of Lexington, brought to the attention of the Association the Chamberlain study, which had been made in Lexington, regarding teachers' salaries for whites and Negroes. Prof. Fouse discussed the rebuttal made by the colored teachers of Lexington, Kentucky and pointed out that the Chamberlain report might have an influence that would be detrimental to the best interest of the Negro teachers. He, therefore, recommended that the K. N. E. A. give attention to the situation at Lexington. As an outcome of the discussion led by Prof. Fouse, it was moved and seconded that the copy of the report on conditions at Lexington as read by Prof. Fouse be placed in the hands of the research committee, to be distributed to the superintendents of the state along with such data as the committee might see fit to add to it.

At this point, the new officers of the K. N. E. A. were presented. Prior to this session, and on the occasion of the Fourth Annual Musical at Quinn Chapel on Friday, April 12, at 8:00 p. m., the following report was given re-

garding the outcome of the election of K. N. E. A. officers, which was held on Friday, April 12, 1935. For president: W. H. Blanton, 246 votes, and S. L. Barker, 206 votes; for vice presidents, Mrs. Elden L. Taylor and H. R. Merry no opposition; for secretary-treasurer, Atwood S. Wilson—no opposition; assistant secretary, Miss L. V. Ranel, —no opposition; historian, G. W. Parks—no opposition; and for directors: R. L. Dowery, 201 votes; E. T. Buford, 170 votes; Victor K. Perry, 159 votes; and F. A. Taylor, 142 votes. This election committee, consisting of C. Walter Sedwick, chairman; Alec H. Hopson, Charles W. Glass, L. V. Gee, and J. H. Ingram, also reported that the amendment to revise the constitution in certain respects received a vote: yes, 176; no, 0. The newly elected officers of the K. N. E. A. were installed at this point; these new officers being: W. S. Blanton, president; Mrs. Ellen L. Taylor, first vice-president; H. R. Merry, second-vice-president; Atwood S. Wilson, secretary-treasurer; Miss L. V. Ranel, assistant secretary; G. W. Parks, historian; and K. N. E. A. Directors: E. T. Buford and R. L. Dowery. At this point, President-elect W. S. Blanton, who also was a member of the Board of Directors until 1936, offered his resignation for that office. In view of the fact that Victor K. Perry, of Louisville, had the next highest number of votes in the election of K. N. E. A. directors, President Blanton appointed Victor K. Perry as a director of the K. N. E. A. to serve until 1936, the remainder of his unexpired term.

At this point, Prof. W. H. Blanton made a brief address to the Association in which he sought the cooperation of all of the members and school officials of the state. President Blanton appointed certain communities which are shown elsewhere. Following the talk by President Blanton, Atwood S. Wilson, secretary, spoke briefly concerning his association with the retiring president, R. B. Atwood. Mr. Wilson pointed out that his association with President Atwood had been most pleasant and commended President Atwood for his efficient administration. He further pledged to President W. S. Blanton his loyalty and co-operation in his administration of K. N. E. A. affairs. He pointed out that he had served 13 years as secretary of the K. N. E. A. and that at the end of the Blanton administration, he will have served 15 years as secretary-treasurer, and and that he contemplates yielding the place to some other aspirant for that office, if the Association sees fit to continue him in service until that time. At the suggestion of the secretary-treasurer, it was moved and seconded that a fee of \$25.00 be paid the National Association of Teachers in Colored Schools as an affiliation fee of the of the K. N. E. A. for 1935. A motion was carried that the K. N. E. A. donate \$10.00 to the Association for the study of Negro life and history. This donation was authorized to be taken to the annual convention by Mrs. Lucy Harth Smith, of Lexington, Ky., a member of the Board of Directors of that Association. The General Association then passed a motion that President W. S. Blanton and

ex-President R. B. Atwood be the official delegates of the K. N. E. A. to the N. A. T. C. S. meeting in Florida during the month of August, 1935. A motion was also passed that these two delegates be allowed \$50.00 to be divided equally between them, for their expenses to the convention of the National Association of Teachers in Colored Schools to be held in August, 1935, in Florida.

Appropriate remarks were then made by Mrs. Ruth Johnson Crittenden, of Cincinnati, a life member of the K. N. E. A., who was in attendance at the convention. Mrs. Jessie Mae Harris, a school counsellor at Harriett Beecher Stowe School of Cincinnati, who appeared on a sectional program of the K. N. E. A., also made appropriate remarks. At this point, the attention of the Association was called to the fact that the articles of incorporation of the K. N. E. A., which had been made for 20 years in 1913, had now expired. A copy of these articles was presented to the Association by Prof. A. E. Meyzeek, who brought the matter to the attention of the convention. A motion was then carried that the K. N. E. A. be re-incorporated and that a committee consisting of the Board of Directors and three lay members—A. E. Meyzeek, W. H. Perry, Sr., and G. W. Jackson—be appointed to re-incorporate the organization in accordance with the provisions of the constitution. The President, after appointing committees, urged that the research committee begin its work at once and present to the Association as soon as possible its findings along lines of vital

interest to the teachers of Kentucky. Adjournment of the Association took place at noon on Saturday, April 13, 1935, at which time Rev. J. Francis Wilson, of Maceo, rendered the benediction.

Departmental Sessions of the 1935 Convention

VOCATIONAL EDUCATION

Essay Contest Featured

This department convened in the Sunday School room of Quinn Chapel Friday morning, April 12, 1935 and was called to order at 9:30 o'clock by chairman Whitney M. Young, of Lincoln Institute. After an invocation by Father J. A. Johnson, of the Merciful Savior Church, in Louisville, we were favored with music by the male quintet of Lincoln Institution, their rendition of "There's One More River to Cross" and "Deep River" was exceedingly good and highly impressive. After brief remarks by the chairman, the minutes of the last meeting were read and adopted. At this point, chairman Young gave the session some very timely remarks on the theme, "The Negro's Vocational Opportunities." He stated that the essay contest which was conducted by this department during the past winter has done much to create a state-wide interest in the value of Industrial Education. He further stated that there was a

response from each of the eleven districts in the state and that there were some 230 essays written on the subject, "The Advantages of a Vocational Education." Due to the quality of each essay, the process of elimination was quite a task. However, the very efficient judges finally selected the nine best essays to be presented at this session as orations, offering prizes as follows: first prize, \$25.00; second prize, \$15.00, and third prize, \$10.00. The first speaker, in the person of Miss Lena Mae Price, of Louisville, representing district No. 5, was called. She established the thought that the advancement of the race depends on the home-makers, and the foundation of proper home-making is only found in vocational guidance and vocational education.

The second speaker was Miss Ophelia M. Townley of LaCenter, Ky., district No. 1. She advanced the thought that vocational education is the most democratic

type of education because it offers employment to the greatest number of people in every walk of life.

The third speaker, a first prize winner of \$25.00, was Miss Martha King, of Georgetown, Ky., district No. 7. At her beginning she quoted Mr. Henry Ford: "The way to happiness is through work." She enumerated several vocations suited to the choice of both girls and boys, and deeply impressed the necessity of a choice of a vocation, and efficient preparation in one's choice, the acceptance of a lower place in one's choice, and ever looking toward and preparing for the higher places.

The fourth speaker was Master Louis Runyon, of Richmond, Ky., representing district No. 8, who was the second prize winner of \$15.00. He defined vocational education as, "Scientific training for a particular kind of work." He further stated that vocational education presents a wider scope for special preparation for one's job, and that many well educated people are unemployed because they have not had this specialized scientific training. At this point, we were again thrilled with the music of the quintet, "Ezekial Saw a Wheel."

The fifth speaker was then presented, Miss Normal K. Pennington, of Somerset, Ky., representing district No. 11. Miss Pennington advanced the thought that vocational training continues the natural inclination of the child. She very strikingly pointed out the many duties of the housewife and showed how these are influ-

enced by proper vocational education.

The sixth speaker, Master James H. Mitchell, of Covington, Ky., representing district No. 6, was the third prize winner of \$10.00. Master Mitchell stated that vocational education not only prepares the youth of today for the life of tomorrow, but that it also prepares the youth for training others to live full and useful lives, and this education starts with the choice of one's life work. He further stated that it has been the main method of restoring criminals to useful citizenship where all other methods have failed.

The seventh speaker, Miss Lora Stateman, of Springfield, Ky., representing district No. 4 was also adjudged a first prize winner, since her score tied with that of Miss Martha King. Miss Stateman asserted that vocational education prepares one along the line of his natural inclinations, and for this reason we should establish vocational bureaus in all of our high schools for the purpose of directing our pupils into the right channels in life, because misfits in a vocation spell failure in life. She also stated that such training gives one a finer knowledge of how to earn, how to spend, and how to save money.

The eighth speaker was Miss Pauline Richardson, of Glasgow, Ky., representing district No. 4. Miss Richardson stated that as early as 1821 some form of vocational education was introduced into our schools, and so clear have been the benefits of such

education, that all present day schools now have some form of vocational training. She further stated that "ability to do" gives one confidence and increases one's earning capacity. She emphasized the fact that the skilled laborer, or the vocationally trained person, can generally find employment.

The ninth speaker was Miss Amelia Dee Hayden, of Owensboro, Ky., district No. 2. She stated that vocational training leads to expertness in particular kinds of work, and such expertness leads to ease of finding employment. She further stated that the great pressure of the industrial age in which we now live, calls for the greatest efficiency in vocational training.

Again we were charmed by the melodious voices of the quintet in the songs, "O Mary Don't You Weep," and "Little David, Play on Your Harp." Next we heard the decision of the judges. Because of a tie for first prize, it was suggested that a duplicate prize of \$25.00 be given. Contributions were as follows, to make up this needed \$25.00 prize:

Miss E. Henderson, of Covington, \$2.00; Mr. C. A. Rice, Covington, \$1.00; Mr. John Little, Louisville, \$1.00; Mr. James Hill, Indianapolis, \$1.00; Mr. R. L. Dowery, Elizabethtown, \$1.00; Pres. R. B. Atwood, K.S.I.C., Frankfort, \$10.00; Lincoln Institute, \$9.00; Total, \$25.00.

The awards were made in checks by Business Manager J. Mansir Tydings of Lincoln Institute, Lincoln Ridge, Ky. After

this, each contestant was introduced to the audience. Chairman Young personally congratulated the participants and extended appreciation for the fine type of work which they had done. He stated his belief in the near future this department will outgrow our present quarters and then we shall ask for a seat in the general assembly of the K.N.E.A. He further stated that the type of program outlined above would well merit the attention of the general public at any session of the K.N.E.A., and hoped we would have more programs of that type and interest the younger people at our sessions.

One hundred persons attended this departmental session.

LIBRARIANS' CONFERENCE at 1935 K.N.E.A.

The organization of a librarians' and teacher librarians' conference at the K.N.E.A. was effected with the approval of the Board of Directors on April 11, 1935 at the 59th session of the K.N.E.A. The organization has the following purposes:

1. To bring together the librarians and teacher-librarians of the state of Kentucky to stimulate interest among them so that they might fully realize and emphasize the library's place in the educational realm.
2. To serve as a clearing house for common problems.
3. To establish a place in the curriculum for instruction in the use of the library; or to establish

such a course as an extra-curricula activity on the part of the librarian, but compulsory for the student.

4. To provide for a survey of conditions in Negro libraries: high school, college, and public, in Kentucky.

On April 11, 1935, at Central High School, twelve librarians met and unanimously pledged their whole-hearted interest, support and cooperation in such an organization. Miss Ruth Theobald, supervisor of Public School Libraries in Kentucky, was the principal speaker. She outlined several problems that a librarian is confronted with, and emphasized the benefits that would be derived from banding together. High School, college and public library problems were discussed, and in some cases, straightened out.

Miss Ann L. Rucker, librarian of Kentucky State Industrial College, Frankfort, Kentucky, was elected chairman, and Miss Elizabeth Johnson, librarian of Central High School, Louisville, Kentucky, was elected secretary. Miss Rucker was given the right to appoint a committee to draw up a questionnaire as the first step in making a survey of Negro libraries in Kentucky. Miss Virginia M. Lacy and Mrs. Rachel D. Harris, of Louisville, and Mrs. K. T. Haskins, of Lexington, were appointed.

The interest shown at this meeting clearly means that we need co-operation and backing. A section for librarians and

teacher librarians is, we feel, a necessary part of the K.N.E.A.

ELEMENTARY SCHOOL DEPARTMENT

The Elementary School Department held sessions on Thursday afternoon and Friday morning during the 1935 convention, under the leadership of the chairman, Mrs. Lucy Harth Smith, of Lexington. The main addresses of the first session were delivered by Prof. L. C. Harris, of Newport, Ky., who spoke on the topic, "Inspiring the Boys;" Prof. R. L. Dowery, of Elizabethtown, who spoke on the topic, "Some Mediums Used In Teaching Negro History;" and Mrs. Ethel Peyton, of Lexington, Ky., who spoke on the topic, "Teaching Pupils to Read." Other features of the program included music by the pupils of Misses Eloise Bell and Evelyn Gaddie, of Louisville. A major feature of this program was a demonstration in story telling by Mrs. Leonora Carrington-Lane, of Wilberforce University. With the cooperation of Mrs. Ellen L. Taylor, of Dunbar School, in Louisville, Mrs. Lane was furnished pupils for this demonstration. Mrs. Lane demonstrated in a very admirable manner the art of story telling, showing how simplicity, emphasis, and expression could be utilized in interesting a group of very young children. The first session closed with a report from Mrs. Lucy H. Smith on the last annual meeting of the Association for the

Study of Negro Life and History held in Houston, Texas in 1934.

The Friday morning session of this department consisted of music by the children of Jefferson Jacobs School, directed by Mrs. Mayme Morris, and a special address on the topic, "Guidance of Negro Boys and Girls in this Changing Age," by Mrs. Jessie-mae Gross Harris, of Cincinnati, Ohio. Mrs. Leonora Carrington-Lane also made a lecture on the topic, "Personality Foundations Laid in Early Childhood."

The Elementary School Department featured, at this Friday morning session, the annual spelling contest, under the leadership of Prof. G. H. Brown, of Louisville. The spelling contest proved to be a popular feature of the K. N. E. A. session as usual. After two and one-half hours of spelling, Lillie H. Bingham, 14 years of age, and a pupil in the school of Cerulean, Ky., in Trigg County, won the first prize of \$10.00. The second prize was won by John McClayborne, an eighth grade pupil, 14 years of age, of Versailles, Ky. The other spellers ranked in the following order: Jack McGee, Harlan County; Lillian J. Decembly, Mason County; Cordelia Frazier, Jefferson County; Clara Claudy, Christain County; Susie Wisdom, Todd County; Beatrice Johnson, Daviess County; Thelma Owens, Larue County; Ella R. Gale, Owen County; Walter Smiley, Barren County; Lottie Garr, Lincoln County; Captalia Spaulding, Logan County; Dorothy Bishop, Shelby County; Mary C. Dixon, Hardin County; John Sanders, Louisville;

Hatchett, Owensboro; Clarence Frye, Jessamine County; Elizabeth Higginson, Union County; Julia Ladd, Hopkinsville; Lillian H. Shively, Green County; Dorothy Short, Greenville; Kenneth Garton, Nelson County; Minnie Crockett, Oldham County.

The spelling contest closed the sessions of this department.

MUSIC DEPARTMENT

The Music Department under the chairmanship of Miss R. L. Carpenter, of Louisville, had one of the most outstanding music programs in the history of the K.N.E.A. convention. The first program was rendered on Wednesday afternoon at the K.N.E.A. meeting, at which time an operetta, "The Triumph of Joseph," was presented at Quinn Chapel by the pupils of the Louisville elementary schools. The dramatization of the story was done by pupils of Dunbar School and the chorus of the operetta consisted of pupils from the sixth grade students in the city. This operetta was unusually well presented and enthusiastically received by a large audience. Mrs. Adah Locke, of Louisville, assisted in the dramatization and general rendition of the operetta.

On the evening of April 10 the one-hour musical recital, prior to the opening of the K.N.E.A. meeting, was featured at 7:00 p. m. On this program outstand-

ing pupils in piano and voice were presented. Among the pupils on this program were: Gladys Watts, Wilma Holland, Edwyna Offutt, James Goodall, Martin Phelps, Goldie Hyatt, Goldie Mae Hyatt, and Thomas, John, and Albert Queen. Vocal numbers on this program were rendered by Mrs. Johnella McGavock.

On Thursday evening of the K.N.E.A. convention, the Music Department featured an all-state musical, in which various music students and music artists of the state were presented. Among the participants of this program were Miss Thelma Johnson, of Ashland; Miss Arnita L. Young, of Lincoln Ridge; Mrs. Carrye Williams, of Hopkinsville; Mrs. Theda Van Lowe, of Lexington; Mrs. Roberta Bruce, of Hopkinsville; Mr. Emmett Dickson, of Lincoln Institute; and Prof. M. W. Strider, of Lexington. Other musical numbers consisted of the chorus of Jefferson County Children's Home, directed by Mrs. Juanita Lonas; the octet from the Bond-Washington School at Elizabethtown; and a quartette from the Christian County teachers.

The final program of the Music Department was given on Friday, April 12, at which time Miss R. L. Carpenter directed the Fourth Annual Musicales of the K.N.E.A. A very large audience was on hand to witness this program. The program was said by many music critics to be the best in the history of the K.N.E.A. and the crowd was the largest one to have attended the K.N.E.A. musicales. Features

of this program consisted of numbers rendered by the Jordonaires, a group of singers directed by Miss Iola Jordon, of Louisville; a number from the Central High School quartet, of Louisville, directed by Miss Nannie G. Board; two numbers from the Louisville Choral Club, under the direction of Miss R. L. Carpenter; piano selections by Mrs. Aline Martin and Miss Barbara Simmons; the double sextet from K.S.I.C., directed by Miss Clarice Michaels; a chorus from Louisville Municipal College, directed by Miss Nancy Bullock; and numbers from the Apollo Quartet. Among those who served as vocal soloists on the program were: Mrs. Cora DeSha Barnett, of Louisville; Mr. Carl Barbour, of Louisville; and Mr. William Gee, of Newport. Miss Blanche Moody, of Louisville, was featured in a violin solo.

The final feature of the K. N. E. A. convention was the Fifteenth Annual Exhibition and Pageant rendered at the Armory on Saturday, April 13. Under the leadership of Miss R. L. Carpenter and other teachers in the Louisville public schools, a mammoth demonstration of 15 drum and bugle corps of the schools of Louisville was given. More than one thousand pupils participated in this part of the program, which made up Part I. The boys and girls in these drum and bugle corps displayed extraordinary skill in marching as well as skill on the instruments. It was difficult for the audience to decide which of these schools made the best showing. A drum and bugle

corps and band from the Booker Washington Community Center also appeared on this part of the program.

The pageant rendered was titled "Hiawatha's Adventures." Episodes in this pageant were under the direction of Misses Jewel McNari, Luvenia Neal, Lucy Bond, and other teachers of the Louisville schools. The Fifteenth Annual Exhibition of the K.N. E. A. had more than 5,000 spectators on hand and was a success both from the standpoint of the program and financially. The principals and teachers of Louisville received the hearty congratulations and thanks of the K.N. E.A. Board of Directors for the rendition of this unusually successful pageant at the 1935 convention.

PRIMARY DEPARTMENT

The Primary Department held its session on Thursday afternoon, during the K.N.E.A. meeting, under the directorship of Mrs. Blanche Elliott, of Greenville. This department met at the Dunbar School and with the cooperation of Mrs. Ellen L. Taylor, had a very outstanding session. The teachers attending this session were given an opportunity to witness an exhibit prepared by the faculty of the Louisville Normal School and other schools of the city. This exhibit included all types of units in teaching of the elementary school branches and was unusually attractive to many visitors attending the K.N. E.A. convention.

After opening remarks, Mrs. Elliott introduced the main

speaker on her program, Mrs. Leonora Carrington-Lane, of Wilberforce University. Mrs. Lane, who was the guest speaker at the 1935 convention, gave a demonstration in this department on the teaching of reading to beginners. Mrs. Lane very skillfully demonstrated with pupils from the Dunbar school of Louisville the techniques in teaching children to read. She gave out a series of mimeographed suggestions to primary teachers in service. She urged that the teachers take this material to their respective schools with the idea of improving the teaching of reading to beginners. Mrs. Lane made a lasting impression on the teachers who had the privilege of hearing her.

Other addresses in this department were those of Mrs. Bessie Henderson, of Fayette County, who spoke on the topic, "Teaching of the Social Studies," and Miss Sophronia Robinson, of Graham, Ky., who spoke on the topic, "Teaching Devices for the Rural Teacher." Music was presented on this program by the pupils of the Phyllis Wheatley School under the direction of Mrs. May Etta Bowlan and by the pupils of the Booker Washington School under the direction of Miss Virginia Ross and Mrs. Emma Reid.

HIGH SCHOOL AND COLLEGE DEPARTMENT

The High School and College Department of the K. N. E. A. met in the Sunday School room of Quinn Chapel on Thursday, April 11 from 2:30 to 4:30 P. M., with Dean T. R. Dailey, of W. K. I. C., presiding. After opening remarks by Dean Dailey and music by the

Central High School Glee Club, under the direction of Mr. Carl J. Barbour, the general theme of the session was set forth. This theme was, "The Contributions of the College Teacher Training School to Teaching Efficiency." It was discussed from the point of view of the director of teacher training, by Dr. R. E. Jagers, Director of Teacher Training, State Department of Education; from the viewpoint of the supervisor, by Miss Thelma Drinnon, of Paducah, Ky.; from the viewpoint of the college dean, by Dr. R. E. Clement, of Louisville Municipal College; and from the point of view of the critic teacher, by Miss E. E. Brogwell, head of teacher training at W. K. I. C.

RURAL EDUCATION DEPARTMENT

The Rural Education Department had a very enthusiastic session on Thursday of the K. N. E. A. convention, under the leadership of Mrs. M. L. Copeland, of Hopkinsville. Cabell, of Henderson County, on the topic, "Creating a Desire for Reading in Primary Grades;" Mrs. Emma Bennett, of Jefferson County, on the topic, "Reading Activities;" Mr. L. E. Taylor, of the State Department of Education, on the topic, "The Curriculum Needs of Our One-Room School Teacher;" Supt. G. R. McCoy, of Christian County, on the topic, "Importance of Rural Supervision;" and Mrs. Minnie L. Watkins, of Hopkinsville, on the topic, "Doing the Best With What You Have." A demonstra-

tion in reading was presented by Miss Artie Dickerson, of Jefferson County, with pupils from the Dorsey School. Solos were rendered by Mrs. Sallie Summers, of Christian County; Mrs. Mildred Atwood-Story, of Trigg County; and Mr. E. Vance Kinard. Another feature of this program was the demonstration by Mrs. Emma Quarles, of Hopkinsville, on the topic, "Visual Aid in Teaching Social Studies." This session closed with fitting remarks from Mrs. M. L. Copeland, chairman of this department.

PRINCIPALS' CONFERENCE

The Principals' Conference met at the Phyllis Wheatley Y. W. C. A. on Thursday afternoon during the K. N. E. A. convention. The general theme of this conference was, "Guidance in Secondary Education." This theme was discussed in its various aspects by Prof. E. T. Buford, of Bowling Green; Prof. C. V. Nuckolls, of Ashland; Prof. G. W. Adams, of Washington County; Prof. C. A. Bonner, of Montgomery County; and Miss V. J. Johnson, of Lexington.

After remarks on the general theme of the conference, Prof. Fouse introduced the great speaker of the occasion, Dr. Spencer Shank, Assistant Professor of Education, in the University of Cincinnati. Dr. Shank spoke on the topic, "Guiding Youth in a Confused Society." The address was highly instructive and presented the principals with much to think

about in the field of guidance when they returned to their respective schools and cities.

The final feature of this program was a banquet, made possible by a gift from the Louisville Convention and Publicity League.

Following the serving of a delightful menu, some speakers at the banquet included Prof. J. Bryant Cooper, of Louisville; Atwood S. Wilson, secretary of the K. N. E. A.; R. B. Atwood, president of the K. N. E. A.; Prof. S. L. Barker, of Owensboro; Prof. W. S. Blanton, of Frankfort; and Prof. H. R. Merry, of Covington. Nearly one hundred principals attended this banquet and department session.

ENGLISH TEACHERS' CONFERENCE

The English Teachers' Conference, under the direction of Miss Helen Yancey, was an unusual success. This was the first attempt to organize the English teachers into a group. The conference was held at Central High School building on Friday morning, April 12. The session was well attended by English teachers of the city and state at large. Miss Nancy E. Bullock and Prof. J. S. Redding, both of Louisville Municipal College, were guest speakers on the program, Miss Bullock discussing Children's Literature and Prof. Redding discussing "The Relation between Composition and Literature." The major feature on this program was a lecture, "Creative Activities in the Field of Literature," by Dr. James Weldon Johnson, of Fisk University. Dr. Johnson spent more than an hour in con-

ference with the English teachers, giving them answers to practical questions in the field of English literature. Another feature of this conference was an exhibit of high school publications, which was arranged by Mrs. B. B. Flack, of Central High School in Louisville. Because of the success of this conference, the teachers decided to ask that there be an annual conference of English teachers of this state and the K. N. E. A. convention.

ATHLETIC DEPARTMENT

The Athletic Department, under the direction of Mr. H. A. Kean, of K. S. I. C., met on Friday, April 12 at Central High School. Mr. H. E. Goodloe, of Russellville, was the general chairman of the department at the 1935 convention, because of the absence of Mr. Kean in the state prior to the convention. Mr. H. A. Kean, however, was on hand at the above mentioned session.

Several topics received the attention of the various coaches and athletic directors of the state. These were, "The Coach's Opportunity to Train for Citizenship," led by Prof. R. P. Richardson, of Central City; "Some Standards That Should be Maintained in High School Athletics," led by Mr. H. E. Pierce of K. W. I. C. at Paducah; and "The Successful Coach," led by Mr. J. A. Walker, of K. S. I. C., Frankfort. A closing feature of this department consisted of a round table discussion on the topic, "The Problem of Organizing an Athletic Association in Western Kentucky," led by Mr. Kenneth Meade, of Henderson, Ky.

THE FOREIGN LANGUAGE TEACHERS' CONFERENCE

The Foreign Language Teachers' Conference was held on Friday, April 12 at Central High School under the direction of Miss Augusta Emanuel of the Louisville Municipal College. After opening remarks by the chairman, various foreign language teachers of Louisville and of the state presented numbers that would enrich the teaching of foreign language in the schools of Kentucky. Miss Gladys Williams, of Louisville, suggested methods and devices for the vitalization of Latin teaching. Miss Louise Richardson spoke on "The Benefits to be Derived From the de Sanze Method in French." Mr. H. W. O'Bannon gave a demonstration with pupils of Madison Junior High School in French folk songs. Mr. H. M. Jason, of W.K.I.C., Paducah, spoke on the education of boys and girls in Porto Rico. Miss Mary E. Black, of Louisville, presented pupils of the Madison Junior High School in a Latin demonstration. Miss Louise Matthews, of Louisville, presented a scene from "le Nou Nou" with pupils of Central High School. Miss Hazel Brown, of the Louisville Municipal College, demonstrated German folk songs with students of the Louisville Municipal College. Miss Augusta Emanuel presented a play, "Bonnes Resolutions," with students from the Louisville Municipal College. The foreign language teachers of the city and State proclaimed this as one of the best sessions since the organization of the department.

ART TEACHERS' CONFERENCE

The Art Teachers' Conference of the K.N.E.A., under the leadership of Miss Ouida Wilson and the teachers of the Junior High Schools, featured an Art Exhibit in the gymnasium of Central High School during the K. N. E. A. convention. A special program for the art teachers of the state was featured on Friday, April 12 at Dunbar School, under the chairmanship of Miss Ouida Wilson. On this program Miss Beatrice Spain, of the Mary B. Talbert School, gave a demonstration lesson in the teaching of art. Miss Anna Louise Master-son, of Jackson Junior High School, gave a demonstration in the making of mottos, modernistic and pictorial. Miss R. T. Hansberry, of Madison Junior High School, gave interesting suggestions on various methods and technics in meeting the modern art problems in the public schools. The main address of the conference was made by Prof. G. M. Bush, of Louisville Municipal College, who spoke on the topic, "Commercial Art and its Relation to the Public School Program." The exhibit of this department was under the general supervision of Miss Lena Hillerich of the Louisville public schools, who has taken a special interest in the organization of the art teachers' conference of the K. N. E. A. This department shows a steady growth and each year attracts more art teachers to its session.

SCIENCE TEACHERS' CONFERENCE

In the absence of Prof. W. M. Bright, of the Louisville Municipal College, no program for the science teachers of the state was announced. The department was, however, called together by Prof. Henry Frizell, of Dunbar School at Mayfield, Ky. In spite of the lateness in beginning a program for the conference, Prof. Frizell reported an unusually interesting session of the science teachers in Louisville and elsewhere. This department aims to have a more systematic organization during the next convention of the K. N. E. A.

F. E. R. A. TEACHERS' CONFERENCE

An outstanding feature of the K. N. E. A. convention was the meeting of the F. E. R. A. teachers of the state, called by Mr. Lyle Hawkins, director of the F. E. R. A. schools in Louisville and Jefferson County. Mr. Hawkins invited all the F. E. R. A. teachers of the state to attend this conference during the K. N. E. A. convention, on April 11 and 12, at the Western Branch Library. These sessions were very well attended and proved interesting to the teachers who were engaged in the teaching of adults at the evening schools and in the direction of nursery schools for children. After a welcome address by Mr. Lyle Hawkins and an invocation by Rev. M. A. Garner, Mr. O. A. Harris, general supervisor of F. E. R. A. work in Louisville and Jefferson County, spoke on the topic, "The Need of Adult Education." An address was also delivered by Mr.

J. L. Henderson, the supervisor of F. E. R. A. teachers in Lexington. Mr. Moses L. Garnes, of Anchorage, spoke on the topic, "The Organization of County Schools." An address was made by Mr. Homer Nichols, director of Special Education, at Frankfort, Ky.

Mr. Hawkins presented topics for discussion to the conference, among them being, "Compulsory Attendance Law for Illiterates," "State Certificates for Adult Students," and "Certificate Renewal for F. E. R. A. Teachers." On each evening of the session of this department, the teachers were invited to visit the Negro Emergency Education classes being conducted in Louisville. The department closed with final plans for a permanent organization and will hereafter meet annually during the K. N. E. A. convention. Nearly all the teachers of this conference enrolled as members of the K. N. E. A., due to a great extent to the untiring efforts of the director, Mr. Lyle Hawkins.

Resolutions Adopted at the 1936 Session of the K. N. E. A.

RESOLUTION NO. 1

WHEREAS, the new school laws of Kentucky require one year of graduate work for the **standard high school certificate**, and WHEREAS, instruction on the graduate level is not available to all bona fide citizens of the state, and WHEREAS, education in certain courses of study is available at state expense to some bona fide residents of the state but not to all of them, THEREFORE BE IT RESOLVED: that the state legislature be requested to provide state aid in certain courses of study of state students in school outside of the state, for whom no courses are provided in the educational institutions of the state.

RESOLUTION NO. 2

WHEREAS, school boards are facing a most difficult problem in providing adequate school service to our children in the state living in sparsely settled counties; and WHEREAS, it is believed school boards, school administrators and state officials will welcome constructive recommendations in the solution of this most difficult problem; THEREFORE BE IT RESOLVED: that the President of the K. N. E. A. be empowered to appoint three persons, to be known as the "Commission on Methods of Providing Adequate Education in Sparsely Settled Counties." The duties of said Commission shall be to study the question for one year and make its written report at our 1936 convention.

RESOLUTION NO. 3

WHEREAS, a recommendation has been made by a survey staff to a school board in one of our cities that Negro teachers of equal training, equal experience, and performing equal services be paid 85 per cent of the amount paid a white teacher; and WHEREAS, the study made by the survey staff appears to be one of those rapid studies unscientifically made and designed to prove a conclusion reached prior to the study; and WHEREAS, said study has been published in bulletin form and placed in the hands of school administrators all over the state to serve as an influence in salary scheduling; THEREFORE BE IT RESOLVED: (1) That the Research Committee of the K. N. E. A. conduct at once a thoroughly scientific study on salary scheduling and standards of living as regards races. (2) That the study be published in bulletin form and distributed to all school administrators and editors over the state. (3) That the cost of same be paid by the K. N. E. A., the amount of which is left to the discretion of the President, the Board of Directors, and the Secretary-Treasurer.

RESOLUTION NO. 4

WHEREAS, there is a great need for surveys and scientific studies of our educational problems, and WHEREAS, we have appointed from time to time a Research Committee, but with no finances; THEREFORE BE IT

RESOLVED, that a special fund for research be raised by donations and apportionment of five per cent of the annual membership fees.

RESOLUTIONS NO. 5

WHEREAS, the Federal Government and State are providing funds to increase short school terms, funds for repairs to school buildings, direct relief for children, classes for adults, nursery schools, etc.; and WHEREAS, there is reason to believe that our group has not received such benefits in as large proportion as they are entitled to receive; and WHEREAS, the Negro in several states of the far South seems to be receiving greater benefits from such funds than we are in Kentucky; and WHEREAS, in such states, the Negro race is participating in the administration of such funds, while in Kentucky, there is practically no such participation; THEREFORE, BE IT RESOLVED: That the K. N. E. A. initiate a movement by empowering its President to appoint a committee to work with other interested organizations to bring about the establishment of Negroes in the administrative offices of the Kentucky Emergency Relief Administration.

RESOLUTION NO. 6

WHEREAS, there is now pending in Congress an anti-lynching bill, which if passed, would tend to wipe out lynching, one of the greatest evils in our American life; THEREFORE BE IT RESOLVED: That the K. N. E. A. send letters to all Kentucky Senators and Representatives in the Congress of the United States, urging their support of the Costigan-Wagner Anti-Lynching bill,

more important still, that each member of the K. N. E. A. be requested to send a personal letter to these congressmen urging their support of this legislation.

RESOLUTION NO. 7

WHEREAS, the constitution and by-laws of the Kentucky Negro Educational Association have been outgrown by this progressive body, and WHEREAS, the constitution and by-laws are couched in language that in some cases is not clear, and WHEREAS, a revision of the constitution in the light of recent trends in education, seems desirable, THEREFORE, BE IT RESOLVED: that the President of the K. N. E. A. be empowered to appoint seven members who shall constitute a committee on revision of the constitution and by-laws, the same to report at the first business session of the 60th annual convention, 1936.

RESOLUTION NO. 8

WHEREAS, our Association's efficiency has been increased by excellent management of our finance, by publicity, and increased enrollment, THEREFORE, BE IT RESOLVED: that we commend the Secretary-Treasurer, Atwood S. Wilson, and the Board of Directors for their excellent work.

RESOLUTION NO. 9

WHEREAS, President R. B. Atwood, our retiring president, has worked faithfully and wisely for a constructive and harmonious K. N. E. A., THEREFORE BE IT RESOLVED: that we give him a standing vote of thanks as a token of our appreciation of his excellent work.

The Legislative Committee Report

Louisville, Ky.

April 10, 1935.

To the Kentucky Negro Educational Association:

We your Committee on Legislation, beg to herewith submit the following report:

1. In view of the fact that the Legislature passed recently legislation revising our entire educational system, we deem it inadvisable to propose any drastic changes in the School laws at this time.

2. However, we would recommend that a bill relative to providing "state aid to education in certain courses of study of state students in schools outside of the state for whom no such courses are provided in the educational institutions of the state" be recommended to the next Legislature, and that a concerted effort be made to secure its passage. A thorough examination of this proposed bill is invited.

Proposed Bill To Be Offered To 1936 Legislature

An Act to provide state aid to education in certain courses of study of state students in schools outside of the state for whom no such courses are provided in the educational institutions of the state and the conditions under which such state aid may be granted.

**BE IT ENACTED BY THE
GENERAL ASSEMBLY OF
THE COMMONWEALTH OF
KENTUCKY:**

Section 1. That pending the full development of the educational institutions of the Commonwealth of Kentucky, all bona fide

residents of the state who have qualified for matriculation in courses at the University of Kentucky, but who, because of Section 187 of the Constitution of Kentucky, cannot pursue such courses at the University of Kentucky or other state institutions at which such courses are offered, shall have their annual tuition and fees paid by the Commonwealth to that amount above and over the sum paid by a resident student of the state university.

Section 2. That such tuition and fees be ascertained by the State Superintendent of Public Instruction and paid upon requisition of him out of funds not otherwise appropriated.

Section 3. That the State Board of Education shall prescribe the rules and regulations governing the granting of state aid under this section.

NOTE: This bill will require an accompanying appropriation in the biennial Budget Bill—the suggested amount being \$5,000.00 for year ending June 30, 1937 and \$5,000.00 for year ending June 30, 1938,—a total appropriation of about \$10,000.00.

3. We further recommend that this Association go on record as favoring the passage of a law to provide transportation for all high school students of our group who live in districts or counties in which there are no colored high schools to districts and counties where same may be located.

4. We finally recommend that the president of the K. N. E. A. appoint a committee to serve as lobbyists during our legislative

sessions to sponsor such legislation as will benefit all of the teachers, children, and citizens of the state regardless of race. The funds for this purpose shall be left to the president, Board of Directors, and secretary-treasurer of the K. N. E. A.

The Creative Genius of the Negro

On Thursday evening, April 11, the Honorable James Weldon Johnson made an address at the general session of the K.N.E.A. on the subject, "The Creative Genius of the Negro." This address was said to be the outstanding feature of the convention program. The effect of this address was a resolve on the part of many teachers to encourage our Negro youth to develop their talents and feel proud of the race to which they belong. In this address, Dr. Johnson sought to emphasize the various contributions which the Negro has made to the life of America.

After introductory remarks, Dr. Johnson pointed out that the Negro was not simply a receiver, but is a giver and has been a giver ever since he has been in this country. "The Negro helped to shape and mold—America and has been an active force in its making," said Dr. Johnson. "We have not only been giving to America in general, but we have been making something out of America," said Dr. Johnson in the midst of applause.

The first gift emphasized was that of labor. Negro labor has been the constructive force behind the development of this country since 1619. The chief gifts of the Negro to America are, however, his aesthetic and spiritual contributions. Indeed the only artistic thing in America that has sprung from American soil and has been accepted the world over has been the creation of the American Negro.

When we look for folk art in the United States, we must turn to the Negro. Though we have mountain songs and cowboy songs, the world recognizes only the Negro music of America as its contribution to world culture. The Negro spirituals are unequalled in the permanency of their beauty and have the "heart pull" that no other music has in it. The Negro spirituals of America represent the vital creative art and constitute the most valuable heritage of the American Negro.

More recently the so-called "jazz music" has received attention from great musicians of the world. Constance Lambert, a young English composer, in his newest book, makes this statement, "In the music of Duke Ellington, the world has the most distinguished popular music that has been written since Johann Strauss." Duke Ellington, along with many other Negro composers, has given America a type of music which is distinctive for America.

Another contribution pointed out by Dr. Johnson was the gift of folk lore to American life. Among the greatest poems of folk lore of America are the primitive tales which are collected under the title of "Uncle Remus." "The Uncle Remus stories have been taken into American life, and we get them diluted, sugar-coated, and candied, and we get them in the daily papers in the form of bed-time stories," said Dr. Johnson.

Another creation of the Negro

in American life is the art of dancing. Everybody in the United States now dances as colored people have been dancing for the last thirty or forty years," said Dr. Johnson. Nobody dances as people did twenty-five or thirty years ago. It has been the Negro who has set the pace in this feature of American life.

Another contribution of the Negro to American life is his art of cooking. The great Negro cooks of the South have been the leaders in the development of this art.

Another contribution mentioned by Dr. Johnson was the contribution of the Negro, to American speech. "Negro dialect is, in some respects, an improvement upon the English language. It has improved the American language by cutting out the troublesome consonants and making it more musical," said Dr. Johnson.

The Negro has been the inspiration for some of the greatest novels and music in the United States. It was the Negro who inspired Harriet Beecher Stowe to write the greatest novel in American history, "Uncle Tom's Cabin." It was the Negro whose life inspired the great Stephen Foster to write his so-called "Ethiopian Melodies."

The Negro has made his contribution to drama. "The Count of Monte Cristo" sprang from the pen of a Negro, Alexander Dumas. Some of the Negro plays of the last decade have been those on Negro life. They are "In Abraham's Bosom," "Porgy," and "The Green Pastures."

The Negro's contribution in music would come down from Black Patti to Roland Hayes. "The Negro's contribution in poetry would include among the most gifted poets, Joseph Cotter, a Louisville boy," said Dr. Johnson.

Finally Dr. Johnson pointed out that a Negro at Harvard University, Augustus Hinton, is the inventor of the Hinton test. It is a blood test which is found to be finer and more delicate than the Wasserman test.

In closing his address, Dr. Johnson read one of his own poems, "The Creation." In this poem, he pictured the old-time preacher of the South, telling his congregation how God made the world.

These high-lights of the address of Dr. Johnson indicate some of the many creations of the Negro, his contribution to the life of America, and should inspire teachers to encourage the creative genius of the Negro youth of America.

In these instances please notify the secretary in order that such schools or counties may be added to the Honor Roll for 1935 and published in the December, 1935 K.N.E.A. Journal. Please note the 1935 K.N.E.A. Enrollment by Districts and Counties for further information on the Honor Roll.
