Deckblätter Nr. 1-2

zur L. Dv. 755

Richtlinien für die Durchführung des erweiterten Selbstschutzes im Luftschutz

Berichtigung ist gemäß Nachbemerkung der L. Dv. 1. Ziffer 5 vom 14. Juni 1939 auszuführen.

Zu Ziffer 9 Absatz 4, zu Anhang 5 Ziffer 6.

Streiche auf Seite 7 Ziffer 9 im 4. Absatz den Schluß des letzten Satzes von „treffenden Maßnahmen“ bis „zu lassen“ und klebe nachstehendes Deckblatt an:

treffenden Maßnahmen je nach Eigenart des führenden Betriebes (Werkluftschutz, erweiterter Selbstschutz, Selbstschutz) einheitlich unter ihrer verantwortlichen Leitung vornehmen zu lassen.

In jedem der geführten Betriebe ist ein Werk- oder Betriebsluftschutzleiter polizeilich heranzuziehen. Jeder dieser Werk- oder Betriebsluftschutzleiter ist dem Werk- oder Betriebsluftschutzleiter des führenden Betriebes unterstellt und hat nach dessen Anweisungen die zur Bildung der für das Gesamtgrundstück aufzustellenden Einsatzgruppe (im Werkluftschutz auch Bereitschaftsgruppe) notwendigen Personen aus der Gefolgschaft seines Betriebes heranzuziehen. Müssen zur Bildung der Einsatzgruppe (im Werkluftschutz auch der Bereitschaftsgruppe) Hausbewohner herangezogen werden, die keinem Betrieb angehören, so ist diese Heranziehung von dem Werk- oder Betriebsluftschutzleiter des führenden Betriebes beim Ortspolizeiwalter zu beantragen. Die Kosten für die Ausbildung und Ausrüstung trägt jeweils der Betrieb, dem der Herangezogene angehört. Gehört er keinem Betrieb an, ist der führende Betrieb Kostenträger.

Ist ein Werkluftschutzbetrieb führend, dann wird damit die Beitragspflicht nach § 8 der L. Dv. nicht auf solche geführten Betriebe ausgedehnt, die nur wegen ihrer räumlichen Verbindung mit dem führenden Betrieb, nicht aber wegen ihrer Eigenart zum Werkluftschutz gehören.
