

Minutes of the Meeting of the Executive Committee of the Board of Trustees of the University of Kentucky, Tuesday, June 11, 1974

The Executive Committee of the Board of Trustees of the University of Kentucky met at 2:00 o'clock (Central Daylight Time) on Tuesday, June 11, 1974 in the Board Room in the Patterson Office Tower on the University campus with the following members present: Mr. Albert G. Clay, Mr. Richard E. Cooper, Mr. George W. Griffin, Mr. Garvice Kincaid and Mr. William B. Sturgill. Mrs. Rexford Blazer, ex officio secretary, was unable to attend and Professor Paul Sears, assistant secretary of the Board, was present in her place. The University administration was represented by President Otis A. Singletary; Vice Presidents Alvin L. Morris, Lewis W. Cochran, Robert Zumwinkle, Stanley Wall, Peter Bosomworth, Lawrence Forgy, and Raymond Hornback; Dr. Donald B. Clapp, Executive Assistant to the President; and Mr. John Darsic, Legal Counsel. The various news media were represented at the meeting.

A. Meeting Opened

Mr. Clay called the meeting to order at 2:05 p.m. Following the invocation, pronounced by Mr. Clay, the assistant secretary reported a quorum present and the meeting was declared officially open for the conduct of business at 2:07 p.m.

B. Student Trustee Sworn In

Mr. David Mucci, the new president of Student Government, was present and Mr. Clay requested Mr. John Darsic to administer the oath of office to him. Mr. Mucci, by virtue of his office, becomes the Student Trustee on the Board for a one-year term ending in May, 1975.

C. Resolutions Adopted

Mr. Clay asked Professor Sears to read the resolutions prepared for Mr. Jesse M. Alverson, Jr., Mr. Thomas P. Bell, and Mr. James Flegle whose terms on the Board have expired.

Following the reading of the resolutions, copies of which are appended at the end of the Minutes, Professor Sears moved that they be adopted, spread upon the Minutes of the meeting, and a copy sent to each individual. Mr. Sturgill seconded the motion and it passed with all present voting "Aye". (See Resolutions at the end of the Minutes.)

D. President's Report

President Singletary reviewed the items in PR 1, calling particular attention to the announcement of the appointment of Dr. William L. Matthews, Jr. and Dr. Stephen Diachun to fill the two new alumni professorships authorized by the Board of Trustees at its May meeting.

Mr. Clay accepted the report and ordered it filed.

E. Recommendations of the President (PR 2)

Noting that the items in PR 2 were routine in nature, President Singletary recommended that it be approved as a whole.

After determining that there were no questions, Mr. Clay called for a motion. Mr. Cooper moved that PR 2 be approved as a whole. His motion was seconded by Mr. Griffin and passed without dissent.

President Singletary said that the appointment of Mr. Vonderheide as Director of the University Information Services was one of those just approved and introduced Mr. Vonderheide who was present at the meeting. Mr. Clay welcomed him to the University and extended best wishes of the Board for a happy and successful tenure. (See PR 2 at the end of the Minutes.)

F. Associate Degree Program in Dental Hygiene Approved (PR 4)

President Singletary said that the proposed new program relating to the degree of Associate in Applied Science in Dental Hygiene brings together the College of Dentistry and the Community College System in an effort to satisfy the need for properly trained dental hygienists for the more rural regions of Kentucky. The College of Dentistry has designed a laboratory that can be moved into a classroom in one of the community colleges. When the need in one area has been satisfied the unit can be moved to another college in another part of the state. The project has had a good reception from practicing dentists and external funds have been promised for at least two years with an additional promise of money from outside agencies to purchase the necessary equipment. Concluding that since this is a new program requiring certification of its graduates, President Singletary said that the proposal required approval by the Board of Trustees and the Council on Public Higher Education and recommended that the Board give such approval.

Professor Sears moved that approval be given for the activation of the new program leading to the degree of Associate in Applied Science in Dental Hygiene. His motion was seconded by Mr. Sturgill and passed. (See PR 4 at the end of the Minutes.)

G. Redesignation of the Bureau of School Services as Center for Professional Development (PR 5)

President Singletary recommended approval of the recommendation in PR 5 to redesignate the Bureau of School Services in the College of Education as the Center for Professional Development, a name which would more properly describe the operation of this unit.

Without discussion, on motion by Mr. Cooper, seconded by Mr. Griffin and passed, the Bureau of School Services in the College of Education was redesignated as the Center for Professional Development. (See PR 5 at the end of the Minutes.)

H. Retirement Resolution (PR 6)

At the request of the President, Mr. Forgy explained that the resolution recommended in PR 6 would permit a limited number of employees to work beyond the mandatory retirement age of 70 in order to establish the fifteen years of service required to receive retirement benefits. Although the University has no obligation to these employees the waiver of the mandatory retirement age would be a humane and generous gesture on the part of the University.

Without further discussion, on motion by Mr. Sturgill, seconded by Mr. Kincaid and passed with all present voting affirmatively, the recommendation in PR 6 was approved. (See PR 6 at the end of the Minutes.)

I. Budget Revisions for 1973-74 and 1974-75 Approved (PR 7 and PR 8)

President Singletary explained that there were two sets of recommended budget revisions included on the agenda - one for changes in the 1973-74 budget and one for the 1974-75 budget.

The Board members having already had the opportunity to examine these changes and having no questions, on motion by Mr. Griffin, seconded by Mr. Cooper and passed, the revisions as recommended in PR 7 and PR 8 were authorized and approved (See PR 7 and PR 8 at the end of the Minutes.)

J. Interim Financial Report (FCR 1)

Mr. Sturgill, chairman of the Finance Committee, said that inasmuch as the Interim Financial Report submitted in FCR 1 was routine in nature and a matter of record, moved that the report be accepted. His motion was seconded by Professor Sears and passed. (See FCR 1 at the end of the Minutes.)

K. Meeting Adjourned

After first determining that there was no further business to come before the meeting, Mr. Clay called for a motion for adjournment. The motion being made, duly seconded and carried, the meeting adjourned at 2:30 p. m.

Respectfully submitted,

Paul G. Scars, Assistant Secretary
Board of Trustees

(The Resolutions, PRs 2, 4, 5, 6, 7, and 8 and FCR 1 which follow are official parts of the Minutes of the meeting.)

RESOLUTION

The Board of Trustees of the University of Kentucky notes with regret the expiration of the term of

JESSE M. ALVERSON, JR.

as an appointive member of the Board and wishes through this resolution to express its thanks and appreciation to him for the loyal and devoted service he has rendered during his four years as a trustee of the University of Kentucky.

Mr. Alverson, editor of the Paris Daily Enterprise and vice president of the Paris-Bourbon County Broadcasting Company, was appointed to the Board of Trustees by Former Governor Louie B. Nunn for a four-year term beginning January 1, 1970 and ending December 31, 1973.

An active participant in community affairs in Paris and Bourbon County, Mr. Alverson brought the same enthusiasm and desire to be helpful to his duties as a trustee. He was faithful in his attendance and was loyal and supportive of the institution which he served.

An avid sports fan, Mr. Alverson encouraged and supported the athletics program of the University and rendered invaluable assistance in the area of student publications. He served on the Hearing Committee and the Medical Center Committee and was a valuable and contributing member of both.

Eager to be of service whenever called upon, Mr. Alverson made a real contribution during his tenure as a member of the Board and his absence from future deliberations of this body will be noted with regret by his fellow members. In appreciation and thanks, therefore, for services rendered, it is moved that this resolution be adopted, spread upon the Minutes of the meeting, and a copy sent to Mr. Alverson.

RESOLUTION

The Board of Trustees of the University of Kentucky notes with regret the expiration of the term of

THOMAS P. BELL

as an alumnus member of the Board and wishes through this resolution to express its deep and sincere thanks and appreciation to him for the loyal and dedicated service he has rendered during his four years as a trustee of the University of Kentucky.

WHEREAS, Mr. Bell gave freely and graciously of his time and talents for the benefit of the institution which he served; and

WHEREAS, his rapport with his fellow members, with the University faculty and administration, and with the student body was outstanding; and

WHEREAS, his sharp and inquiring legal mind enabled him to quickly grasp a problem and arrive at both a practical and workable solution; and

WHEREAS, his sense of fair play and justice provided him an insight and understanding of both sides of an issue; and

WHEREAS, his sense of humor and good will toward all made him an enjoyable and delightful companion and co-worker; and

WHEREAS, his sound judgment and common sense contributed greatly to the deliberations of this Board; and

WHEREAS, he will be greatly missed by his fellow members; now, therefore, be it

RESOLVED, that this Board recognize Mr. Bell's many contributions as vice chairman of the Board; member of the Executive Committee; chairman of the Hearing Committee and of the Special Committee appointed to draft rules and regulations of the University applicable to emergency situations; and member of the Student Code Hearing Committee, Medical Center Committee, and Trustee member of the committee appointed to study University Housing Policies; and further

BE IT RESOLVED that this resolution of thanks and appreciation be adopted, spread upon the Minutes of the meeting, and a copy sent to Mr. Bell.

RESOLUTION

The Board of Trustees of the University of Kentucky notes with regret the expiration of the term of

JAMES L. FLEGLE, JR.

as a student member of the Board and wishes through this resolution to express its thanks and appreciation to him for the manner in which he represented the interests of the student body and for his calm and judicious approach to the solution of problems, both those concerning the students and those concerning the entire University community.

Mr. Flegle came to the University of Kentucky as a graduate of Carlisle County High School in 1969 and graduated from this institution in 1974. He compiled an amazing record as a debater and climaxed his college debate career by being inducted into the University's "Debaters' Hall of Fame".

Elected as President of Student Government by his fellow students in the Spring of 1973, Mr. Flegle became the sixth student member of the Board of Trustees. Although not officially seated until September 1973, Mr. Flegle spent the summer months in preparing himself for his responsibilities as a member of the Board. His abilities as a debater were soon evident to his fellow Board members for he presented the students' viewpoint eloquently and persuasively. He served as a member of the Student Code Revision Committee and, among the items he advocated and saw passed was the elimination of expulsion from the Code. His advocacy of increased student input in the faculty promotion and tenure decisions played an important part in its acceptance.

The Board of Trustees wishes to recognize Mr. Flegle's accomplishments as a student, as a debater, as president of Student Government, and as a fellow Trustee, and to express its best wishes for continuing success in his chosen field of endeavor. He served the students of this institution effectively and well and he will be missed by his fellow trustees.

THEREFORE, BE IT RESOLVED that this resolution of appreciation for the contributions made by this young man be adopted, ordered spread upon the Minutes of the meeting, and a copy sent to Mr. Flegle.

PRI

PRESIDENT'S REPORT TO THE TRUSTEES

June 11, 1974

1. LIBRARY RANKS 54TH IN NUMBER OF VOLUMES, BUT 13TH IN MICROFORMS

With the addition of 72,000 volumes last year to the University Libraries' collection, holdings in the King Library and in the eleven branch libraries now total 1.3 million volumes, Paul A. Willis, director, reports. The ranking in number of volumes among the 81 members of the Association of Research Libraries is 54th.

Mr. Willis said the library ranks 13th in the nation in total microforms held, which number 1,059,178, essentially doubling the million-plus volumes available to users of King Library. In the number of periodicals held and subscribed to, the library ranks 14th, with 33,000.

The above statistics do not include library holdings in the community colleges, or the branch libraries in medicine and pharmacy.

The Association of Southeastern Research Libraries, with 23 member libraries, ranks the University seventh in number of volumes held.

Mr. Willis added that the new King North addition will adequately provide for approximately ten years' growth of the collection.

2. SUMMER YOUTH PROGRAM FOR DISADVANTAGED OFF TO GOOD START

The NCAA-National Summer Youth Sports Program began yesterday at Seaton Sports Center, and will continue for five weeks, with an awards ceremony tentatively scheduled for the last day, July 12, according to Dr. Don R. Kirkendall, activity director. The program, currently underwritten by the Office of Economic Opportunity but expected to be shifted to HEW sponsorship if a bill currently before the Congress re-establishes it, is designed to serve boys and girls from low-income families.

The 250 youths are brought by bus from their respective neighborhoods to the Seaton Center before 9 a.m., given juice and cookies upon their arrival, and started in the first of three "stations," or activities they will participate in that day. The "stations" may be an hour's instruction each in tennis, soccer or swimming. They will take part in an enrichment program, which will feature successful people in talks and discussions, and will be provided lunch before they are returned to their neighborhoods.

3. RAIN SIMULATOR AIMED AT EROSION CONTROL

A rainfall simulator, the only one of its kind in the nation, will be used by its builder, Dr. David Kao, to study the mechanics of rainfall and runoff soil erosion so that better quantitative sediment prediction may be obtained.

The professor of civil engineering is concerned with gully erosion that occurs during strip mine operation, highway construction and urbanization.

The simulator is housed in a pressurized room where droplets of water fall eight feet onto a bed of soil. Water from numerous outlets around the sides of the soil provide information on the evolution of gullies.

Dr. Kao said he was particularly interested in finding new ways to anticipate the amount of erosion that will come from strip mining and from urban development since these are the two principal sources of siltation in Kentucky.

The project is funded by the U.S. Department of the Interior, Office of Water Resources Research.

Dr. Kao has obtained approval and funding of a new project from the Department of Interior. He and Dr. Billy Barfield, Department of Agricultural Engineering, will cooperate on a study of the filtering capacity of vegetative strips. They will be planting various kinds of grasses at the bases of slopes to catch silt before it runs into major streams, enabling them to determine some of the best methods to control sediment pollution with vegetation practices.

4. MATTHEWS, DIACHUN NAMED ALUMNI PROFESSORS

Dr. William L. Matthews Jr., former dean of the College of Law, and Dr. Stephen Diachun, chairman of the Department of Plant Pathology, as new Alumni Professors, will receive grants which are funded from unrestricted contributions to the annual giving program, supported by members of the Alumni Association.

"It is a pleasure and a privilege for the University to recognize these two fine scholars in this manner," Dr. Otis Singletary said. "Their contributions to the University have been invaluable and it pleases me greatly to see this honor bestowed upon them."

Professor Matthews, dean of the College of Law from 1957 to 1971, first became associated professionally with the University in 1947 when he was appointed associate professor.

Dr. Diachun, a native of Rhode Island, was named professor of plant pathology in 1959 after serving as an assistant plant pathologist (1943-51) and associate professor and plant pathologist (1951-59).

5. ANNUAL ALUMNI AWARDS CITE SERVICE

The Alumni Association presented service awards to four alumni at its annual meeting and reunion banquet in May.

Honored were John R. Crockett, Louisville, James S. Hudnall, Tyler, Texas, Marie Lewis, Syracuse, N.Y., and Frank D. Peterson, Lexington.

The association has recognized 53 men and women since 1960 for their exceptional interest and help in alumni affairs.

Crockett, a 1949 graduate, is past chairman of the Jefferson County Alumni Committee and a member of the Alumni Board of Directors. He currently is serving a four-year term on the Board of Trustees.

Hudnall, who graduated in 1921, last year set up a \$100,000 fund to challenge other alumni to contribute to the 1973 Annual-Giving Fund. He is a charter member of the Development Council, a life member of the Alumni Association and a University of Kentucky fellow.

Miss Lewis, a 1948 graduate, has been active in the Central New York UK Alumni Club. She served for two years as its president and for the past eight years has served as coordinator for the Club's annual Kentucky Derby party.

Peterson played a major role in the development of both Carnahan House and Spindletop Hall as headquarters for the alumni club, and served as its president. He also helped in acquiring part of the land in 1961 on which the present Helen G. King Alumni House stands at the corner of Rose Street and Euclid Avenue.

6. ALUMNI TO SELL MOREHEAD PRINTS OF ADMINISTRATION BUILDING

The Alumni Association has commissioned famed Kentucky artist C. G. Morehead to paint the 92-year-old Administration Building--the oldest and perhaps best-known structure on campus.

Morehead's original painting will be reproduced in a limited edition of 5,000 prints and sold by the association to raise money for student scholarships as part of the Kentucky Bicentennial celebration.

The Administration Building is the only structure remaining of the three original buildings dedicated in 1882, and therefore is a link for older alumni who visit the ever-changing campus.

Known as Kentucky's Artist of Property, Morehead has painted 19 different old structures in Kentucky and elsewhere. All of the paintings were available in limited edition prints, most of which have been sold. Some prints which originally sold for \$15 now are selling for up to \$155.

The artist is expected to finish painting the Administration Building in time for prints to be available this fall. He personally checks each print for quality before signing it.

7. RECREATIONAL VEHICLE ACCIDENT STUDY UNDERWAY

A two-year study being conducted by a team at the College of Engineering is looking for a pattern in recreational vehicle accidents.

With primary assistance from the Kentucky State Police and the Metro Police Department in Fayette County, the \$370,000 project is supervised by Vincent Sayre, graduate student in the Department of Civil Engineering. John Hutchinson is principal investigator.

The study will include almost every conceivable variable that could have influenced an accident. In addition to the usual time of day, weather conditions, direction of travel and related factors, the research team will determine the driver's mental state in 50 separate accidents.

8. FOUR ARE NAMED GREAT TEACHERS

The Alumni Association on May 10 honored four faculty members who have distinguished themselves in teaching.

Recipients of Great Teacher Awards were James R. Richardson, professor of law; John N. Walker, professor of agricultural engineering; Elizabeth Ann Walthall, associate professor of biological sciences at Ashland Community College, and Ralph E. Wiseman, professor of biological sciences.

Awards were announced at the Alumni Association's annual meeting and reunion banquet. A \$500 award was presented to each honored faculty member.

9. DR. BEERS HONORED FOR SERVICE BY SYMPOSIUM

Dr. Howard Beers, distinguished professor of rural sociology and director of the Center for Developmental Change, was honored last month by a symposium in his name. He was cited for his more than 35 years' service to the University.

The subject of the symposium was the appropriate role of the state university in solving regional, national, international, and social and economic problems. The two-day event was sponsored by the Graduate School and the Department of Sociology.

Much of Dr. Beers' professional life has been devoted to social and economic development of rural societies in the U. S., Indonesia, India, and parts of Europe.

The symposium brought to the campus a number of distinguished educators and administrators, including Clifton R. Wharton, president of Michigan State University.

10. REMOTE CONTROLLED DISASTER VEHICLE EXHIBITED

A remote control, experimental vehicle designed and constructed at the College of Engineering was shown recently on ABC television network news.

Filming of the vehicle was a part of news coverage given national student competition in fire fighting at Marinette, Wis.

The vehicle was exhibited by a team from the Department of Electrical Engineering. They were Dwight Lewis, Greenville, Gene Jones, Ekron, Don Garland, Middlesboro, and Dr. Robert Cosgriff, professor of electrical engineering, and team advisor.

The team fitted out the vehicle for fire fighting and entered it in the National Student Fire Fighting Contest sponsored by Students Against Fires (SAF), Dr. Cosgriff said.

"This vehicular system is probably the most sophisticated ground based vehicle ever developed and was certainly impressive in the contest," Prof. Cosgriff added.

11. ELEVEN HONORED BY COLLEGE OF ENGINEERING

The College of Engineering has honored 11 students for outstanding achievement. They are: Michael Simms, 3706 Hanover Rd., St. Matthews, who received the American Society of Civil Engineers award; David Burden, Echols, the A. L. Chambers award; Martin A. Wand, Route 9, Bowling Green, the H. Alex Romanowitz award; James Gordon, 500 Burnside Drive, Vine Grove, the Pi Tau Sigma outstanding sophomore award; Michael Lewis Munday, Crofton, the "Old Timers" award.

Outstanding seniors (and their field of study) were Barry Dean Rankin, Route 2, Danville, agricultural engineering; Howard Francis Moore, Louisa, chemical engineering; Donald Lee Bryenton, 337 Forest Meadows, Medina, O., civil; Thomas Leonard Schoo, 1851 Marietta Drive, Lexington, electrical; Ernest L. Fletcher, 4070 Victoria Way, Lexington, mechanical, and Jay Erwin Benjamin, 2204 Cranston Rd., University Heights, O., metallurgical engineering.

12. DR. EHMANN TO CONTINUE MOON ROCKS STUDY

Dr. William D. Ehmman, Department of Chemistry, has received an extension of a grant from the National Aeronautics and Space Administration for studies on the chemical evaluation of moon properties.

Dr. Ehmman presented a paper last March at the fifth NASA Lunar Science Conference. It was titled "Implications of Zr and Hf Abundances and their Ratios in Lunar Materials."

Last summer he presented a paper to the Meteoritical Society in Davos, Switzerland, titled "Zirconium and Hafnium Abundances in Lunar Materials and Meteorites and Implications of their Ratios."

13. THREE SULLIVAN WINNERS DEVOTED TO SERVICE

Mrs. Alberta Coleman, recipient of the Sullivan Award, and wife of Dr. Lee Coleman, Department of Sociology, is volunteer coordinator of Tenant Services and Organization Assistance, a group she helped organize in 1968. The award was presented during commencement exercises in Memorial Coliseum on May 11.

Student recipients of the Sullivan Medallion, established in honor of the late New York philanthropist, Algernon Sydney Sullivan, were Kris W. Kimel, Lexington, graduate student in the College of Social Professions, and Tracy Ann Bruce, Cincinnati, graduating senior in journalism.

Mrs. Coleman's citation recalled a newspaper feature story about her which stated that her attention "constantly is focused on the problems of Lexington's poor, displaced, and homeless."

Active for many years in the University Women's Club and the League of Women Voters, she became concerned over the problems of housing while president of the latter group in 1966.

"In honoring Alberta Coleman, we are in a sense saluting all faculty wives who give of their time and talent to community affairs," the citation stated.

Kimel, an August 1973 graduate of the College of Social Professions, has, in the eyes of faculty and colleagues in Social Professions, "shown his commitment to human dignity, worth, and basic human rights."

In recommending Miss Bruce, a professor wrote, "I wish there were more students like her on campus, and in this world at large." A member of numerous honor societies and cultural activities committees, she was a member of Kentuckians Interested in Disadvantaged Students, and she did voluntary tutoring. "She is always cheerful and gives tirelessly of herself whenever she accepts these demanding positions of responsibility. Being a natural leader she shares her ideas and exudes excitement; consequently her opinions and outlooks are always respected," the citation stated.

14. TOP LAW STUDENTS NAMED TO ORDER OF THE COIF

Fourteen students in the recent College of Law graduating class have been named to the Order of the Coif, an honor society for law students.

They are: Maxwell P. Barrett, William Engle III, and Paul R. Keen, all of Hazard; David C. Fannin, Catlettsburg; James T. Gilbert, Berea; Frank H. McCartney, Flemingsburg; Thomas W. Miller and J. David Rosenberg, Lexington; Thomas M. Cooper, Elizabethtown; W. D. Lambert, Henderson; Frank Stainback, Paducah; John Porter Sawyer Jr., St. Matthews; Robert G. Lowen, Binghamton, N. Y., and Mark Hutchinson, Carlyle, Ill.

15. DR. ULMER, SANG WINNER, CITED AS INNOVATOR

Dr. S. Sidney Ulmer, professor of political science, was named recipient of the \$3,000 Sang Award, an award given to the graduate faculty member judged "to have made the most outstanding contribution to the graduate program." The award was founded by Philip D. Sang of Chicago.

A specialist in constitutional law and behavior, Dr. Ulmer joined the faculty in 1963 after seven years at Michigan State University, in East Lansing. He was cited in 1963 as one of the nation's "most innovative scholars studying the legal process," in a survey published under the title, "Innovators in the Study of the Legal Process."

He is the author of "Courts as Small and Not So Small Groups," and "Military Justice and the Right to Counsel," editor of two other books, and the author of 45 research articles and numerous reviews in books and scholarly journals. He has served on the board of directors of many of these journals, and held offices in many scholarly organizations.

Dr. Ulmer has received more than \$95,000 in research funds since 1965 from such sources as the National Science Foundation, Sperry-Hutchinson Foundation and the UK Research Foundation.

16. INTERNATIONAL SYMPOSIUM HERE FETES RILKE

The recent Kentucky Foreign Language Conference, held on campus, also was billed as an international symposium on the 20th c. writer and poet, R. M. Rilke. Speakers included prominent scholars from the U.S., Germany, Switzerland, Austria and Australia. Travel funds for the foreign participants were provided by the German and Austrian Cultural Institutes and the University of Adelaide/Australia.

A Rilke Exhibit, featuring rare editions and translations of the poet's works from the King Library and a private American collector, remains open at the Special Collections Department, new annex, the library. Mrs. Victor Hammer, UK Libraries, assisted with the exhibit. Dr. Ingeborg H. Solbrig, assistant professor of German, organized the conference for the German department.

17. DEBATERS TAKE THIRD IN NATIONAL TOURNEY

University debaters captured third place in the recent National Debate Tournament held at Colorado Springs.

The top varsity team--Ben Jones of Campbellsville and Jim Flegle, Bardwell--was awarded the third place trophy after dropping their semi-final round to Augustana College on a 5-4 decision.

Another University team, Mark Viehe, Lexington, and Gerry Oberst, Owensboro, reached the octo-finals before losing to University of Southern California on a 5-4 decision. Jones was awarded one of the top speaker trophies in the country. Flegle and Jones finished the eight preliminary rounds as the top ranking team, including a 3-0 decision over Harvard University which went on to win the tournament.

18. RESEARCH GRANTS FOR YEAR NEARING \$16 MILLION

The nineteen awards received through the Research Foundation during April added \$212,503.75 to funds for research at the University. The total since last July 1 is \$15,896,980.22. April, however, saw 36 grantees receive additional funds in the amount of \$362,999.10. Some of these were researchers in tobacco and health and in the Medical Center.

19. HOST FIRM TO BROADCAST CAGE, GRID GAMES

The Athletics Association Board of Directors has accepted the bid of Jim Host & Associates Inc., Lexington, for exclusive radio broadcast rights to the Wildcats' football and basketball games for the next three seasons.

Cawood Ledford, WHAS, experienced in radio and television in Louisville, will call the play-by-play action in both football and basketball games, according to W. James Host, president of Jim Host & Associates.

The Host firm was selected on the basis of sealed, competitive bidding. One other firm, G. H. Johnston, Inc., New York City--which held the two previous contracts for the broadcast rights--submitted a bid.

The contract with Host will cover football and basketball games for the 1974-75, 1975-76 and 1976-77 seasons. The Host firm will pay UK \$52,750 each season for the exclusive right to broadcast the games.

20. SIGNIFICANT ACTIVITIES OF FACULTY AND STAFF

Dr. Robert Harman and Dr. Louise Dutt, University Counseling and Testing Center, were on a panel entitled "Innovations in College Counseling," at the recent annual convention of the American College Personnel Association. Their article, "A Career Counseling Workshop for Undecided College Students," will be published by the "Vocational Guidance Quarterly." Dr. Harman's article, "Goals of Gestalt Therapy," was published in May by "Professional Psychology." In August, the journal is publishing a follow-up article by Dr. Harman entitled "Techniques of Gestalt Therapy."

Dr. Michael D. Bayles, associate professor of philosophy, is one of 13 U.S. scholars who, after a national competition, has been awarded a post-doctoral fellowship for study in fields outside his present areas of specialization. The fellowships were awarded by the American Council of Learned Societies. Dr. Bayles also has been awarded a Liberal Arts Fellowship in Law by Harvard University. He will spend the 1974-75 academic year at the Harvard Law School.

The Kentucky Society of Professional Engineers has presented its 1974 Award for Outstanding Achievement in Education to Prof. Russell E. Puckett, Lexington Technical Institute and College of Engineering. Prof. Puckett was cited for his guidance and leadership in the development of education programs in engineering technology in Kentucky, particularly those offered by the Institute in cooperation with the College of Engineering. Prof. Puckett participated in a forum on "Relationships of Four-Year Engineering Technology Degrees and Engineering Education and Practice," at Texas A&M University, in May.

Dr. Holman Hamilton was commencement speaker at Oneida Institute on May 26.

Dr. Michael East gave a public lecture on "The Role of Small States in World Politics" at Illinois Wesleyan University, where he was a College Science Improvement Program Lecturer. Dr. East also will lecture on the utility of international systems concepts for foreign service officers June 13 at the Foreign Service Institute in Washington, D. C.

Dr. Sidney Ulmer's review article, "From 'Academic Stuff' to Judicial Behavior: A Continuing Search for Identity," has been published in the Spring issue of "Polity."

The Mexican-American scholarship at Texas Tech University, Lubbock, will be awarded for 1974-75 in honor of Dr. Paul Street, director of the Bureau of School Service in the College of Education. The award is provided annually by Dr. and Mrs. Lee J. Juarez for deserving Mexican-American students. Dr. Juarez received his doctorate at UK, where he worked with Dr. Street in the Bureau of School Service.

Dr. Stephan L. Brenner, assistant professor of chemistry, has been named the 1974 winner of the Victor K. LaMer award in national competition sponsored by the American Chemical Society. The award is given annually for outstanding research in the field of colloid and surface chemistry based on dissertations written during the previous three years.

Dr. Edward Kifer, assistant professor, Department of Educational Psychology and Counseling, College of Education, will spend the next academic year in Stockholm, Sweden, as a Spenser Foundation Post-doctoral Fellow analyzing data for the International Institute for the Study of Educational Achievement.

Dr. John W. Greene Jr., professor and chairman, Department of Obstetrics and Gynecology, attended the 98th Annual Meeting of the American Gynecological Society in Hot Springs, Virginia, and led a discussion on "Estriol Production Rate Measurement in Pregnant Women."

Dr. Don E. Wrede, associate professor, Department of Radiation Medicine, attended the 14th Annual Conference of the Australian Physics in Medicine and Biology Society held in Sydney, Australia, last week.

Dr. Yosh Maruyama, professor and chairman, Department of Radiation Medicine, has been appointed to a National Patterns of Cancer Cure Study Committee.

Dr. Robert H. Spedding, acting chairman of the Department of Pedodontics, has been elected president of the Blue Grass Dental Society for 1974-75.

Miss Betty Bear, associate professor in the College of Nursing, has been appointed to the editorial board of the "Journal of Obstetrical and Gynecological Nursing."

Dr. Donald F. Diedrich, associate professor of pharmacology, presented a seminar recently to the faculty, staff and graduate students at the Medical School of Wisconsin, Milwaukee.

Roger Meece, director of vocational rehabilitation at the Medical Center and area administrator for the State Vocational Rehabilitation Service, attended the conference on "Rehabilitation Potentials of the Severely Handicapped," held recently in Miami.

Dr. Warren E. Wheeler, professor and chairman of the Department of Pediatrics, who is retiring this month, was honored on the occasion of his 65th birthday with a banquet at Spindletop Hall. Over half of his former residents attended the function and those who were unable to attend sent letters of congratulations which were mounted in a scrapbook and presented to Dr. Wheeler. He came to the University in 1963. A former chief editor of the American Journal of Diseases of Children and president of the American Pediatric Society, he is a member of the American Public Health Association, the American Academy of Pediatrics and the American Society of Microbiologists.

Electrical Engineering Profs. John Jackson and Robert Cosgriff presented papers to the Symposium on Simulation and Modeling, April 25-26 in Pittsburgh. Prof. Jackson's paper was entitled "Efficiency Model of an Economic System," and Prof. Cosgriff's paper was "Evolution of State of Mind."

Prof. Hsi-Han Yeh of the Department of Electrical Engineering has been awarded a Summer NASA Research Fellowship for the second year at Houston Space Flight Center. While in Texas he will attend the Joint Automatic Control Conference where he will present a paper which is co-authored with Prof. Ronald Kuhler.

Dr. Lance Banning, assistant professor of history, has been awarded a National Endowment for the Humanities Fellowship for Younger Humanists. The grant will enable him to compile a study of the ideology of the Republican party in the era of Thomas Jefferson.

Dr. Donald Nugent, associate professor of history, recently published a book, "Ecumenism in the Age of the Reformation." Dr. Nugent's study, published by the Harvard Press, examines the Colloquy of Poissy, held in 1561, one of the last pre-modern attempts to reconcile the differences between Protestantism and Catholicism and which Dr. Nugent regards as a forerunner of present-day ecumenism.

A two part article by Dr. Amry Vandenbosch, emeritus professor of political science, which appeared in "Reformed Journal," has been awarded first prize in competition for the best article of 1973 in magazines of opinion that are members of the Associated Church Press. Entitled "To Fashion a Land," the article gives an in-depth description of the racial separation policies of South Africa and their future political implications.

Two Department of Geography professors, Ronald Garst and Richard Jones, and one graduate student, Stephen White, presented papers at the Association of American Geographers annual meeting held in early May at Seattle, Washington. The focus of Mr. White's paper was residential preference and urban in-migration in Kentucky. Prof. Garst's paper concerned spatial behavior in Kisii border villages in Kenya. Prof. Richard Jones chaired a session on Macro-Scale Models of Agricultural Location as well as reading a paper on testing macro-Thunian models by linear programming.

The Hammer-Purgstall Society (for cultural relations with the Near and Middle East) and the Academy of Sciences, Vienna, have honored Dr. Ingeborg H. Solbrig, assistant professor of German, with the Hammer-Purgstall Gold Medal 1974, for her scholarly work on the influence of classical Near Eastern literature on Goethe. Her recently published book, "Hammer-Purgstall and Goethe" has been chosen as special "Festausgabe" (50 numbered copies from the edition) to dignitaries, at the occasion of the celebration of the 200th anniversary of Hammer-Purgstall's birth in Graz, Austria, on June 6. The writer, poet, orientalist, historian and diplomat, the Austrian Baron Joseph von Hammer-Purgstall (1774-1856), was one of the founders and the first president of the Austrian Academy of Sciences.

ASSOCIATE DEGREE PROGRAM IN DENTAL HYGIENE

Recommendation: That approval be given for the activation of a new program leading to the degree of Associate in Applied Science in Dental Hygiene.

Background: The College of Dentistry and the Community College System have jointly developed a program proposal leading to this degree. This proposal has been approved by the Program Development Committee of the Community College System and the Community College Council. The necessary funding to permit activation of this program is available from extra-mural sources.

The need for properly trained dental hygienists for the more rural regions of Kentucky has been clearly established by the study groups developing this proposal. This program is designed to offer a sound educational program in the areas where there is greatest need by utilizing the expertise and resources of the College of Dentistry, the Community College System and the dental practitioners of the region.

Since this is a new program requiring certification of its graduates, approval of the University of Kentucky Board of Trustees and Council on Public Higher Education is required.

REDESIGNATION OF BUREAU OF SCHOOL SERVICES
AS CENTER FOR PROFESSIONAL DEVELOPMENT

Recommendation: that the Bureau of School Services in the College of Education be redesignated as the Center for Professional Development with responsibility for improving education through the facilitation and coordination of service, research, and continuing education activities of the College of Education and its departments.

Background: The Bureau of School Services of the College of Education has for many years provided certain research and service activities to the school systems and professional personnel in Kentucky. With the increasing emphasis on continuing education and the desire to provide enlarged services to these constituencies, it seems appropriate at this time to redesignate this unit as the Center for Professional Development to more properly describe the enlarged operation which is envisioned. The specific responsibilities of the Center staff are expected to include:

1. Development of cooperative research studies with school systems and educational agencies related to the determination of present and future needs of Kentucky. Findings would be disseminated appropriately and used both for College program development and as bases for services through mini-courses, workshops, conferences, and consultation.
2. Coordination of research needs, activities, and competencies of faculty and graduate students with the research needs of school systems and other educational agencies.
3. Provision of consultant services to faculty, students, school systems, and other educational agencies with respect to funding sources, design, management, and evaluation of projects.
4. Determination of professional development and service needs of the region and state with the help and participation of administrators, teachers, and professional organizations. Provision of leadership in the establishment of continuing education and service programs for involving the College in meeting such needs.

5. Leadership in identifying appropriate locations for establishing off-campus centers for educational personnel development to meet graduate and continuing education needs.
6. Facilitation of cooperation with school systems in the design and staffing of employer-based in-service education.
7. Staffing and consultation services to state professional organizations (i. e., Southern Association of Schools and Colleges, Elementary Principals Association).
8. Coordination of international projects of the College other than those of a regular graduate or undergraduate degree nature.
9. Development and coordination of a system of accountability and reporting of continuing and service activities rendered by the College and its several departments.
10. Fostering establishment of contributions to the Center's role as a part of each faculty member's work load and provision of leadership in determining quality performance in this dimension of faculty assignment.
11. Maintenance of liaison with continuing education efforts of our other units of the University and with Graduate and Undergraduate Associate Deans in the College.
12. Facilitation of communication between field and campus through editing and publication of appropriate newsletters and monographs.

This redesignation and enlarged scope have been approved by the College of Education, by the University Senate Committee on Academic Organization and Structure, and by the Senate Council.

RETIREMENT RESOLUTION

Recommendation: notwithstanding the revised provisions for mandatory retirement at age 65 established on July 1, 1964, those employees hired prior to July 1, 1964, who at the time of mandatory retirement in effect at the time of hire had the potential to accumulate at least fourteen years of service and who have since date of hire remained in a continuous full-time active service status, will be permitted to work the necessary number of months beyond their original mandatory retirement date required to establish the minimum fifteen years of service for retirement with benefits.

Background: The University Board of Trustees has in the past permitted the employment beyond the age of mandatory retirement of employees who need only a few months to qualify for retirement with benefits. Generally the employment continuation authorization equals the exact number of months needed by the employee to meet the required fifteen year rule. There are currently four employees who have been identified, that on the date of hire would have needed less than one year of additional employment in order to qualify for retirement with benefits. Without the additional service, there will be no retirement benefits.

This recommendation entitles these employees to work only the necessary number of months beyond their original date of mandatory retirement thus entitling them to earn University retirement benefits.
