THE UNIVERSITY BANQUET

In other columns on this page will be found the announcement of the annual University of Kentucky banquet to be held during the meeting of the Kentucky Educational Association in Louisville next week.

THE UNIVERSITY CLUB

As has already been stated in The Kernel at different times, there has been organized in Louisville a University Club, including in its membership alumni from almost every university and college in the United States.

A previous announcement states that alumni of the University of Kentucky are invited to join the University Club of Louisville, whether residing in Louisville or not.

They Tell Me

- 1916 William Jefferson Harris, B. S., is an assistant professor of Animal Husbandry, University of Kentucky. His address is 127 University avenue, Lexington.
1917 Lillian Askew Gaines, now is Mrs. E. B. Webb, and lives in Lexington, where her address is 643 South Limestone street.
1918 Myra Katherine Gay, A. B., lives in Winchester, Ky.
George Martin Gumbert, B. S., is a farmer and lives in Richmond, Ky.
Mary Katherine Hamilton, A. B., is a bookkeeper for W. P. Humphrey, Cynthiana, Ky.
Ivan Clay Graddy, B. S., is with the extension division of the Experiment Station of the University of Kentucky. His address is 122 Westwood drive, Lexington.
Richard M. Greene, B. S., is county agricultural agent for Mason county. His address is 201 East Second street, Maysville.
Rose Lenore Hampton, A. B., is a teacher and her address is Montclair avenue, Ludlow, Ky.
Emmett Presley Hatter, A. B., LL. B., 1921, is an attorney-at-law and is practicing his profession in Frankfort, Ky.
Rutherford B. Hays, B. S., is a farmer and his address is R. F. D. 1, Maysfield, Ky.
Kate Gray Heatt, A. B., is teaching in Pleasome school and her address is R. F. D. 6, Lexington, Ky.
1918 William Richard Gabbert, B. S., is a member of the firm of Gentry-Thompson, Stockyards Company, and his address is in care of the company, West High street, Lexington, Ky.
Lelah Vaughn Gault, B. S. H. E., is an assistant chemist in the fertilizer department of the experiment station of the University of Kentucky. His address is 201 East Second street, Maysville.
1919 Effie Lee Gentry, B. S. H. E., now is Mrs. Eugene H. Junkin and her address is Fredonia, Pa.
Edward Earle Gotherman, B. A., M. A., 1923, is principal of Harrison school in Lexington and pastor of the Old Union church in Fayette county. His address is 415 South Broadway, Lexington, Ky.
Mildred Hosen Graham, B. A., is with the American Association of Social Workers in New York City. Her address is 130 East Twenty-second street.
Virginia Taylor Graham, B. A., M. A., 1921, is living in Richmond, Va., where her address is 2120 Greenwood avenue.
Raymond Wesley Hanson, B. S. C. E., is manager of the Boston office of the A-H-Ferguson Company of Cincinnati. His address is 714 Old South building, Boston, Mass.
Sarah Cardwell Harrison, B. S. H. E., now is Mrs. Carlton Phillips Nash and her address is Shelbyville, Ky.
Ada Louise Hardesty, A. B., is living in Fort Thomas, Ky., where her address is 97 Highland avenue.
Lillian Ella Hayden, B. A., now is Mrs. William Henry Prewitt and her address is Rose Lane, Lexington, Ky.

U. K. BANQUET TO BE HELD APRIL 18

Seventeenth Annual Event to Be Held at Brown Hotel in Louisville During Meeting of K. E. A.

The seventeenth annual banquet of the University of Kentucky, in connection with the Kentucky Educational Association, will be held in Louisville, at the Brown hotel, Thursday evening, April 18 at 5:45 o'clock.

This banquet has been an annual custom for the past 17 years and each year draws a larger and more enthusiastic number of graduates and former students of the University of Kentucky who attend the meeting of the K. E. A.

The programs for the past several years have been most interesting and entertaining, judging from the responses from those present. The program this year will not deviate in the least from this precedent.

As usual the menu has been selected with care and will be pleasing to everyone.

Program Toastmaster—John Y. Brown. "A Viewpoint of an Alumnus" A. B. Crawford, superintendent of schools, Anchorage.

"As Seen by Others" J. L. Harmon, president, Bowling Green Business University, Bowling Green.

"Doings on the Campus" Frank L. McVey, president, University of Kentucky.

Music during the dinner hour will be furnished by the Men's Glee Club, University of Kentucky.

Group singing will be led by E. P. Ramsey, University of Kentucky.

The time has been set for 5:45 in order that the banquet will be finished in time to allow all who wish to attend the evening session of the K. E. A.

Tickets will be on sale at University headquarters in the Brown hotel, and reservations can be made by writing to Raymond L. Kirk, secretary of the Alumni Association, either here at the University or in care of the Brown hotel in Louisville.

As usual the Alumni Association will maintain a desk at University headquarters and all graduates and former students are invited to make it their headquarters, forwarding address and general information to the bureau. All alumni attending the meeting of the K. E. A. are urged to call at the alumni desk and register with the alumnus in charge.

ANNOUNCEMENTS

University of Kentucky Club of Greater Cincinnati: Dinner on the first Tuesday evening of each month at the Industrial Club in Covington, located at Pike and Madison streets. The time is 6:30 in the evening.

University of Kentucky Club of Chicago: Luncheon third Monday in each month at 12:30 p. m. in the grill room of Marshall Field's Men's store.

Louisville Alumni Club of the University of Kentucky: Luncheon first Wednesday in each month in the Grill Room of the Brown hotel, at 12:30 p. m.

The Buffalo Alumni Club: Luncheon on the second Saturday in each month at the Chamber of Commerce building in Buffalo. The time is 1:30 p. m.

Note—Will the officers of other Alumni Clubs please send us the dates and places of their regular meetings?

Louisville Alumni to Banquet Saturday

The regular monthly luncheon of the Louisville Alumni Club of the University of Kentucky was held in the dining room of the newly organized University Club of the Brown building, Thursday evening, April 17, at 12:30 p. m.

The program for the past several years has been most interesting and entertaining, judging from the responses from those present. The program this year will not deviate in the least from this precedent.

As usual the menu has been selected with care and will be pleasing to everyone.

All alumni attending the meeting of the K. E. A. are urged to call at the alumni desk and register with the alumnus in charge.

A. V. LESTER DIES FROM ACCIDENT

Widely Known Alumnus Fatally Injured When Car Goes Into Ditch; Lived in Dayton, Ohio.

Arthur Vane Lester, widely known engineer and contractor of Dayton, Ohio, who was graduated from the college of Engineering of the University with the class of 1900, died as a result of injuries received in an automobile accident Wednesday, April 3, according to information that has reached friends and associates on campus.

Mr. Lester, accompanied by two sons and one of their friends were enroute from Dayton to Gambier, Ohio. The car left the road and crashed into a ditch near London, Ohio and Mr. Lester was fatally crushed in the accident. The other three occupants of the automobile were slightly injured in the crash.

At the time of the accident Mr. Lester was driving an automobile which he was taking one of his sons, C. Jolin Lester, and a friend, DeForest Erlen, back to their studies at Kenyon College, Gambier, Ohio. A rear wheel of the automobile dropped off the pavement and he brought to car to the center of the road with a quick twist of the wheel. He was forced to swerve again to avoid striking an approaching automobile. This time his car went into the ditch beside the road, turning over and pinning Mr. Lester beneath. He and the three young men were rushed to the White Cross hospital in Columbus where Mr. Lester died a few minutes after being admitted.

He is survived by his widow and three sons: A. Vane Lester Jr., 24, who also was with his father at the time of the accident; C. Jolin Lester, 19, and Harry Nelson Lester, 8. Funeral services and burial were held in Dayton, Saturday, April 6.

Mr. Lester was born and reared in Williamsburg, Ky. He entered the University after receiving his B. A. degree from Williamsburg Institute. In 1900 he was graduated from the College of Engineering with the degree B. C. E. In 1916 he received his C. E. degree from the University. He has been located in Dayton since leaving the University in 1900. Together with George No-laud of Dayton he formed the Industrial Building Company of Dayton and has been in that business for the past 19 years.

At the time of the construction of the stadium here on the campus, Mr. Lester together with J. Irving Lyle and Frank Daugherty formed the committee from the alumni association, supervising the construction. He was a member of Sigma Chi and of Tau Beta Pi. He was a brilliant mathematician and during his lifetime a close friend of Prof. James Garrard White and of the alumnus of the university and during his college career was one of the most popular men on the campus. His death is a great loss to his friends and to the Alumni Association of the University of Kentucky.

THE YEAR'S AT THE SPRING

The year's at the spring,
And day's at the morn;
Morning's at seven;
The hillside's dew pearled;
The lark's on the wing;
The snail's on the thorn;
God's in His heaven—
All's right with the world!
—From Pippa Passes.

CALENDAR

Friday, April 12—
Opening performance of "Cinder-

ella" at the Guignol theater, given under the auspices of the Junior League.

Saturday, April 13—
Baseball game between Kentucky and University of Louisville, 2:00 o'clock, Stoll Field.

Phi Delta Theta formal dance in the Men's gymnasium.
Annual dinner-dance of Louisville Alumni Club of the University of Kentucky at Louisville.
Cadet Hop in the Men's gymnasium, 3 to 6 o'clock.

Closing performance of "Cinder-

ella" at the Guignol theater, Monday, April 22—
"Flight of the Duchess," last presentation at the Guignol theater.

SuKy Dance

The SuKy Circle entertained with an enjoyable dance Saturday night in the Men's gymnasium, from 9 to 12 o'clock.

Music for the occasion was furnished by the Rhythm Kings orchestra. Over two hundred guests were present.
Chaperones for the occasion were Mrs. Edward Farquhar, Dean and Mrs. Alvin E. Evans, Dean and Mrs. P. P. Boyd, Major and Mrs. O. R. Meredith, and Miss Marguerite McLaughlin.

Sigma Delta Chi Banquet

The following invitation was received on the campus during the past week:

Kentucky Chapter of Sigma Delta Chi International Professional Journalistic Fraternity invites you to be present at the twentieth annual Founder's Day Banquet Phoenix Hotel, Lexington, April seventeenth, Six-thirty o'clock.

Interesting Program for Banquet

SuKy, "pep" circle of the University, entertained with a banquet Saturday evening at 6:30 o'clock in the rose room of the Lafayette hotel.

Spring flowers decked the tables and blue and white, the University colors, were carried out in the place cards, which consisted of blue figures representing the SuKy letters, on a white background.

Mr. James Fester, president of the organization, presided as toastmaster and the name of the organization was also carried out in the talks made by Mr. Fred Conn who spoke on the letter "S," Mr. Job Turner discussed the letter "U," Mr. James Thompson told the meaning of "K" and Miss Mary Brown discussed the letter "Y." Miss Marguerite McLaughlin, a chapter member, gave a summary of the founding and history of the organization. Mr. Frank Davidson gave an amusing parody on the interpretation of Movietone.

A delicious menu was served and music was furnished by Mrs. Martha Alexander and her Phoenix hotel orchestra.

Those present included the active members and alumni. The active members are Misses Mary Brown, Frances Basket, Marjory Little.

Tech Window Is of Unique Design

In the New York Times of December 16 there appeared an article describing a huge stained-glass window symbolizing engineering to be given by the student body of Georgia Tech to their alma mater. This window is to be placed in the new dining room of that institution. It is one of the greatest existing achievements of the art of glass designing and it tells graphically the history of engineering in the past, its position at the present, and its possibilities in the future. Twenty feet high and fourteen wide, it will shed light throughout the greater part of the room and be a constant reminder of the ideals of the school.

In addition to the three figures symbolizing the process of engineering, the window will contain eleven other figures denoting phases of modern industry associated with engineering progress—textiles, commerce, architecture, engineering, chemistry, ceramics, and science. Besides these figures, the design bears the seal of the institution, the seal of Georgia, the school monogram, emblems of the Greek letter fraternities at Georgia Tech, and symbols of the Army, Navy, literature and athletics.

The process of the making of this testimonial was very elaborate and it should stand as a lasting monument to the love that the student body of Georgia Tech bears for her.

Mary Alex O'Hara, Ann Rhodes, Lucille Short, Margaret Wilson and Mrs. Dale was a member of the Chi Omega sorority, the English Club, and was a Stroller elsewhere. She was graduated from Hamilton College before attending the University.

Mr. Dale was a member of the Sigma Nu fraternity and is now a prominent farmer of Fayette county. They will be at home at the Center Store farm on the Nicholasville road after their return from their wedding trip to Washington, D. C.

Luncheon for Professor Rippy

Dr. and Mrs. McVey had as their guest on Tuesday, Prof. J. Fred Rippy, of Duke University, who was in convocation speaker for this month.

ENGAGEMENTS

Mr. and Mrs. W. T. Murray have announced the engagement of their daughter, Miss Margaret Hunter, to Mr. H. Schimmel, Jr., of Fairmont, W. Va.

Mr. Schimmel attended the University last year and was pledged to the Delta Delta Delta fraternity. The wedding is to take place in June.

WEDDINGS

Hunter-Hudgins
Miss Margaret Hunter, daughter of Mr. and Mrs. June Hunter, and Mr. Hope Hudgins, both of Winchester, were married at the home of the bride's parents in Winchester on April 4.

The bride attended the University and was a member of the Kappa Kappa Gamma sorority. Mr. Hudgins has been connected with the Bell Telephone and Telegraph Company, of Winchester. Mr. and Mrs. Hudgins will reside in Birmingham this summer, going from there to Louisville where Mr. Hudgins will be traffic manager for his company.

Rogers-Garred

The marriage of Miss Lottie Mae Rogers, daughter of Mr. and Mrs. F. Rogers, and Dr. David M. Garred, of Louisville, Ky., was performed on April 4 at the home of the bride's parents in Lexington.

Mr. Garred was graduated from Ward-Belmont at Nashville. She attended the University of Kentucky where she was a member of the Delta Delta Delta sorority. Dr. Garred was graduated from the Medical School in Louisville in 1928 and is now a surgeon at the Stephenson hospital in Ashland, Ky.

Holiday-Dale

Miss Catherine Holiday and Mr. William Dale, both of Lexington, were married on April 2 at the home of the bride's parents, Mr. Leroy Land on South Hanover avenue.

Mr. and Mrs. Dale both attended the University for three years.

Ohio State May Bar Hazing at Initiations

COLUMBUS, Ohio—"Rough Stuff" fraternity hazing was barred at Ohio State University by action of a faculty committee last week.

The "informal initiations" of the fraternities, under the committee's orders, must not last longer than 36 hours, and must be "confined to the premises."

Since the "rough stuff" put on by the fraternities in the usual Hell Week that precedes the administration of the formal ritual is the only vestige of hazing left on this campus the faculty order means that within a few years hazing will be a thing of the past.

It has been years since freshmen were hazed by sophomores at Ohio State, for there is virtually no class spirit left at the university. Class spirit is hard to work up among 3,000 freshmen.

The Ohio State Lantern, undergraduate daily, has been editorializing against hazing for some time as a "childish" practice.

"Good Smoke!" Says Hubby

"O. K." with Wife

Brooklyn, N. Y.
Larus & Bro. Co.,
August 4, 1923,
Richmond, Va., U. S. A.

Dear Sir:
Going to take the pleasure and drop you a few lines to say that my favorite tobacco is your Edgeworth. I have been a user of it for the last eight years and find it the only tobacco for a real good smoke.

For the last five or six months I have been trying several other kinds but I find Edgeworth is the only tobacco for me.

If I am smoking any other brand my wife will tell me, as she likes the smell of only Edgeworth. When I'm smoking others she opens all windows and doors.

The reason for writing this letter is that I had a card party last night, and most of all the party asked me what kind of tobacco I used. So I told them Edgeworth.

Yours very truly,
A smoker of Edgeworth
(Signed) E. E. Boisvert

Afternoon Tea

Dr. and Mrs. McVey were at home on Wednesday afternoon to the students, faculty and alumni of the University.

Campus Club Initiation

The Campus Club of the University entertained with a banquet Friday night at the Phoenix hotel, following the initiation exercises. Dean C. R. Mecher was the principal speaker.

Those initiated were Messrs. Alvin Chabonson, Charles Kitchin, Charles Fury, Walter Sparks, Leon Morrin and Edward Duval.

Junior Prom

The annual Junior Prom was held Friday night at the Men's gymnasium from 9 to 1 o'clock. Two orchestras, Winstead and Jordan, furnished music for the affair and eight no-breaks were played. Attractive programs were given the guests.

FRATERNITY ROW

Miss Jane McKee, of Cynthia, was a week end visitor at the Kappa Delta house.

Mr. L. L. Johnson, of Greensburg, Kas., visited at the Alpha Sigma Phi fraternity house over the week end.

Mr. P. H. Gooding, of Purdue, was a week end guest at the Alpha Gamma Rho fraternity house.

Mr. Harvey Yeaman, prominent lawyer, of Henderson, Ky., visited at the Sigma Alpha Epsilon house on his way back from Jellico, Tenn.

Mr. Henry Maddox visited in Winchester over the week end.

Messrs. Tom Buckner and James Hayes, of Shelbyville, were week end guests at the Kappa Alpha fraternity house.

Messrs. O. L. McElroy and Guy McClure, of Irvine, were visitors at the Alpha Gamma Epsilon house last week end.

Mr. "Bud" Bishop, of Cumberland College, was a guest at the Alpha Gamma Epsilon house last Sunday.

Mr. Lloyd Fiskin, of Hopkinsville,

California Will Conduct Student Tour in Summer

Two professors and a group of students of the University of Southern California will "hitch-hike" a vagabond way through Europe this summer studying and sketching classes of ancient, renaissance and modern architecture.

Forty-five students led by Dean A. C. Weatherhead and Prof. C. M. Baldwin, of the architecture department, will cross the Atlantic third-class and tramp their way through England, France, Italy and Switzerland. The class will net six units of upper division credit and is open to advanced and graduate students.

Dean Weatherhead, in announcing the "vagabond class," said that \$25 will cover all expenses of the three months trip. He said, "sketching from the structures themselves is much more advantageous than from photographs to which the average classroom is confined."

Misses Alma Leper and Evelyn Laird, of Covington, were visitors at the Delta Zeta house last week end.

Miss Betty Robinson, of Danville, was a guest at the Delta Zeta house last week end.

We are so tired of hearing jokes about—
1—The Absent-minded Professor.
2—The tight Scotchman.
3—Bald pecker.
4—The bride's domestic ability.
5—The hen-pecked husband.

"ON, ON, U. OF K."

A revelation of what the University is doing and the progress it is making and its plans for the future was presented to the public in an editorial which appeared in the Lexington Herald Sunday, April 7. Tribute was paid to the University authorities, including "Miracle Man McVeey," for their efforts in the University development program.

The Kentucky Kernel, on behalf of the student body and all others who are interested in the advancement of our University, wishes to thank The Herald for "those kind words." We appreciate them, but also we believe that they were merited. We believe that too much praise cannot be given the workers in this great project which will result in a greater state and in a greater nation.

The editorial is herewith reprinted. It should be read by every Kentuckian. It cannot be paraphrased and made better. Let it speak for itself:

Honest confession is good for the soul. When a western Kentucky newspaper said recently that there seemed to be no purpose or plans to put the University of Kentucky forward, The Herald felt justified in trying to take the rest of the state to task for knowing so little of the great achievements taking place on the grounds of its own near neighbor.

How little indeed do Lexingtonians realize what is being accomplished on paper. In this series of articles members of the board of directors of the Lexington Board of Commerce and representatives of Lexington newspapers were taken to task Wednesday at the University their eyes were opened—their mouths, too.

A regular avul chorus rings out from the builders; such construction as one might have expected in a Houston or a Miami is actually taking place.

On Memorial Day, May 30, the beautiful campus known as the Memorial Building, in which enmeshed in glass and in gold lines are to be written the immortal names of Kentucky's 3,300 World War dead, will be dedicated. Slightly back of the College of Agriculture building, this sturdy temple is now on what is generally considered the south end of the campus.

A campus plan for the University, looking forward 25 years, already on paper. In this series of articles members of the board of directors of the Lexington Board of Commerce and representatives of Lexington newspapers were taken to task Wednesday at the University their eyes were opened—their mouths, too.

Back toward Ross street the two new units of the dormitory group are rapidly nearing completion as though springing from the ground. Indeed, when completed these new dormitories will offer to the students who remain in the dormitories facilities that are the best that any students could hope for, with study rooms, baths, gathering rooms, a group system for rooms and spacious rooms and halls. To find a contrast, one has only to look at the old dormitory building still in use, with its crowded quarters. When Maury Crutcher, the superintendent of buildings and grounds and genius of much of the campus development, was a student not so many years ago the boys carried water from Mulligan and Maxwell springs and filled a tank, still enshrined in the old dorm at the foot of the pre-Saturday night ceremonies. McVeey hall, facing Kastle hall on the eastern part of the campus, which was recently erected, is a joy to behold. Here is the cafeteria, indeed a valuable acquisition. Shaded and open, its glass sides glisten in the sunlight but a short distance from the grove whose center and sponsor was a sinkhole, a natural bowl which at one time was a water system, at another indeed was used as an amphitheater for commencement. What a comparison, with the Memorial building now almost ready for such use.

Back of the football stadium there is now being completed a garden and arboretum in which are to be found all the plants, shrubs and many small trees which are native to Kentucky, and an old log road, looking forward 25 years and anticipating a student body ten thousand strong—this is the evidence that the University is looking forward.

Let it not be thought from this that the State of Kentucky has been lavish in gifts. That is far from the fact. The dormitories are built under an authorized amortization plan, the education building largely through the gift of the General Education Board, the engineering laboratory through a gift and McVeey hall partly through popular subscription.

Yet another source has been from savings from the current income. The University has saved all that it could in running expenses and has put its savings in buildings—a secure bank.

This has been accomplished through the cooperation of the faculty. Under Dr. McVeey's leadership there has developed among the University family not only professors but all who are a part of its development, their families, the administrative personnel, a deep and glorious faith attuned to a peace before those who establish when cases a great reconcept that they have kept at their posts, rejoicing in their hopes for the University and for the commonwealth.

COLLEGE COMMENT

The Co-eds' code from the University of Cincinnati adjures "necking" but sees "no harm in kissing the boy of whom you are particularly fond."

Tests made with student at Lafayette College show that students who are underweight set higher grades than those who are either normal or overweight.

The co-eds of Ohio Wesleyan University "bum" auto rides the same as the men students if they wish so far as the authorities of that university are concerned.

During the first three days of the Technique quarter semester plan campaign at Georgia Tech, over five hundred students signed the petition expressing their favoritism of the system for their university.

A child prodigy, Moses Finkelstein, 16 years old, has just been awarded the degree of master of arts by Columbia University.

Eight co-eds at Murray State Teachers College have purchased a collegiate Ford and have painted it red with proper collegiate inscriptions emblazoned upon its 'attered sides. The machine has been affectionately christened the "Thoroughbred." Why not the "Bucking Broncho?"

LITERARY SECTION

(MARGARET CUNDIFF, Editor)

SONNET

With joy I swam up through a sea of light
I, Zephros, to see the moon's bright face!
And o'er me ran a shiver of delight
I lost all thought of time or space.
This ran my day-dream, sleeping in the shade
Emotion-choked my heart broke when I woke
To find a dream, shaped by a demon over me played.
Carooning through the trees I hoarsely spoke:
"Are skevey boons denied to earthly things?"
Must cross-pure ecstasies be viewed afar?
A dim glimpse makes the singer gayly sing:
Such are the moon's soul-stretchings for a star.
Have patience, Spirit! See, the last day brings
Us all to portals where immortals are.

—KERN PATTERSON

HEART-REGRET

Love came before the threshold of my heart
Paused and then—
Tiptoe away.
I cried within myself
Because I recognized the visitor
And did not meet him at the door,
My heart could not meet him.

—ELIZABETH SKINNER

VISIBLE TRUTH

With wondering, the clouds wind-driven
Flit between the moon and me.
Unconsciously they take the drawing of a veil.
Now black now white.
The moon is but the face of Truth
And those clouds the thoughts of ages
Forced on by winds of time.
No one knows where they may go
But he can see the light of Truth grow dark
As some of them drive by.

—ELIZABETH SKINNER

Music, Stage and Screen

By Edwards M. Templin

Kentucky Sunday

Lexington theatergoers have often in the past been denied the privilege of seeing Clara Bow's display of vivaciousness and "it," but Sunday they may hear for the first time the voice of Paramount's red-headed star. Clara is slated to make plenty of "whoopie" in this production along with her naughty little school mates.

"Miss Bow has an opportunity in this film to demonstrate her prowess as a speaking actress, and it is said she makes every line effective. No doubt it will be a most agreeable surprise for the army of film fans to have the pleasure of hearing the voice of their suburban-naiad screen idol.

The cast in this picture is the greatest aggregation of youthful players—all them "starlets," that Paramount has ever called to act with any of its stars. They are all college age, and their effort in "whoopie" cue when they hear one.

Yes, this is a woman's picture. The college age, and their effort in "whoopie" cue when they hear one. Yes, this is a woman's picture. The college age, and their effort in "whoopie" cue when they hear one.

Strand Sunday
Ceel B. DeMille's production of the "Goddess Girl" probably will be the greatest DeMille drama to date in Lexington since the "King of Kings." It is a powerful picture of a modern girl who degrades herself to a prostitute and finally comes to retribution.

The "Goddess Girl" is indeed a wonderful picture. Accompaniment for the first part of the picture is reproduced over the R. C. A. Phonograph and the talking sequences at the end of the picture make this a well-balanced production.

Ben All Program Sunday
With a change of characterization Lew Cody and Allen Fingle score new screen triumphs in "A Single Man" which opens at the Big All theater next Sunday.

Current Attractions
"Kid Gloves" is a melodrama of the underworld, with Conrad Nagel in the title role playing the part of a hit-jack. It is a gripping melodrama embracing the love affair of a beautiful society girl and a ruthless underworld gangster.

Stray
The Red Swan All
The Red Swan All is a dashing drama of Russia during the heyday of the Romanoff Czar regime, probably the most dramatic and colorful period in the world's history.

The Duke Steps Out
"The Duke Steps Out" blends the life of the ring and campus life in a rapid-fire mixture of comedy and thrills, with a very clever love story as its central thread.

Letters to the Editor

I've lost;
but...
HE lost that particular race. And so, honest effort and tense concentration got him nothing. But in industry this fine spirit would not be thrown away.
In that respect industry is fairer and kinder than college. It applies a man's high qualities in useful channels.
It opens to all men a field as wide as all human endeavor.
One may qualify himself along purely engineering lines. Another may contribute his powers of commercial reasoning. Another his ability to analyze management problems.
These three totally different qualifications just begin to define the possibilities in one industry alone—the telephone making industry.

Ladies and gentlemen and members of the Student Council. Many moons have passed since this old clod-hopper has "busted" into the columns of this scholastic publication...

THE GREAT CIGARETTE DERBY

By Nunnally Johnson

As the red sun sank behind the mountain horizon yesterday afternoon, casting gaunt shadows over Soldiers Field, the cigarette smokers of John Harvard went down in glorious defeat in the big cigarette de-athalon...

Marriages may be made in heaven but collegiate divers have been the scenes of a lot of preliminaries. She was only a pool-shack's daughter but on how she could scratch.

A certain co-ed says that she never parks with boys on dark roads unless she's driven.

"Skirts are dying ineb by inch," scream long-faced reformers as the men hope that they will be able to attend the funeral.

A girl may wear a riding outfit when she can't ride and a bathing suit when she can't swim, but when she puts on a wedding gown she means business.

good old "Tien-ti," as he is called, was always there. These two bore the brunt of the battle and it was losing battle...

Yale won because she had the weight, the experience, and the generalship. Furthermore, in the team, "was pointed," as they say for Harvard.

It was a grizzled collection of veterans that Yale trotted out with their eye bandages yesterday. Under the tutelage of Head Grizzle Coach McNut, the boys went through a series of grizzling that left them hard and dry.

The tale of the contest was told in a few minutes. Cigarettes flashed like tiny streaks of lightning. Matches fluttered. Smoke rings rose and drifted.

Immediately after the contest, a "pep" rally was held in the City Hall. Head Coach McNut spoke at length, and the four class presidents followed.

"Smoke, fellows, smoke! Get the old ciggy habit! You big fellows who are too lazy to come out for the team—take a line on yourself!

According to Coach McNut, the prospects for next year are great. Two big cigarette smokers, from Groton are entering, and the present freshman team contains no fewer than five men who are rated as four-gal hand-icapped cigarette addicts.

"All we ask is cooperation," the grizzled old coach said. "We've got the men, we've got the cigarettes—the old school will stand behind it. We've got the money to buy a frazzle, though I'm against boasting."

Cornell Graduate Praises Rooting

ITHACA, N. Y.—That there is value in organized cheering and songs, even though they be caused by false emotions, is the contention of Merle Thorpe, editor-in-chief of "Nation's Business," who was graduated from Cornell 20 years ago.

As an old graduate—20 years old—I saw the Standard-Army game played in New York last fall, says Mr. Thorpe. As I proceeded from the stadium I caught an idea by a shoofring. Here it is.

How important are the athletic hates of college days? Conservative old dry-as-dust professors were accustomed to show their disgust at the enthusiasm undergraduates had in athletic contests.

I remember a conference with my history professor, a conference which was called by him and the main item on the agenda was only the state of my work.

After having been away from college walls for a period, I came to see the error of my undergraduate hates. It was foolish, and a great waste of time and energy and white linen.

But the occasion of the Army-Standard game brought about a reconsideration. I experienced something of the thrill of 20 years ago. It was an emotional phrase that had long since atrophied.

After having been away from college walls for a period, I came to see the error of my undergraduate hates. It was foolish, and a great waste of time and energy and white linen.

had lost something through the years. On the other hand I had gained something by giving that emotion full swing in the most plastic period of my life.

It is a great thing to learn to cheer in unison, to sing with your fellows, to count your score up to eighteen or twenty-one together.

As an old graduate—20 years old—I saw the Standard-Army game played in New York last fall, says Mr. Thorpe. As I proceeded from the stadium I caught an idea by a shoofring. Here it is.

Two \$500 Awards Will Be Given for Best Articles on College Experiences

The American Mercury offers two prizes, each of \$500, for articles by college graduates of this year, discussing their experiences in college.

1. No article should be less than 3,000 words long, or more than 8,000.

2. Each must be the original work of a student graduating from an American college with the class of 1929, and taking the A. B. or its equivalent.

3. Each must bear the full name and address of the author, the name of the college attended, and a statement of the course followed and the degree to be taken.

4. Each must be accompanied by a stamped and addressed envelope for its return in case it is not accepted.

5. The editor of The American Mercury will be the sole judge of the competition.

Rhys Discusses Famous Authors

Editor of Everyman's Library Lectures to Students at Cornell

ITHACA, N. Y.—Introducing personal reminiscences of famous literary figures into his talk, Mr. Ernest Rhys, widely known editor of Everyman's Library, poet and critic, lectured on "Modern English Novelists" in the main lecture room of Baker Laboratory at Cornell recently.

In determining the greatest novels of all time, Mr. Rhys ascertained from both Conrad and Galsworthy, among others, that they ranked Dickens and Thackeray first. Speaking of Shaw, Mr. Rhys told of his first meeting with the author.

Mr. Rhys did not feel capable of discussing American authors, but stated that America is influenced by English tradition. He told of his visit to Walt Whitman in the poet's Camden home.

Since the war the English novel has changed considerably, reacting from the effects of the Russian and French novelists on English writers. The present books deal much more with nerves, and associated subjects.

Mr. Rhys said that Kipling trod on his heels the whole way of the procession. Russian and French Influences Since the war the English novel has changed considerably, reacting from the effects of the Russian and French novelists on English writers.

"Not too modern, please!" ESTERFIELD MILD enough for anybody... and yet... THEY SATISFY bacco. Maybe it's the modern idea, but—oh, well, let's talk about something else! Chesterfields, now. They satisfy. Their only "specialty" is high tobacco quality. Friendly as your most comfortable armchair, as full of flavor as your favorite book. A splendidly made and blended cigarette. And—maybe we are old-fashioned—recommended to you for that very reason.

WILDCAT TENNIS STARS INVADE SUNNY SOUTH

Team Wins Three and Loses Two Games on Easter Tennis Pilgrimage

NETMEN PRACTICE FOR DIFFICULT SCHEDULE

Coach Downing Has Material for Winning Team This Season

Coach Downing's Wildcat Tennis stars hit their stride during their invasion of the South and returned home with three victories and two defeats. The University racket wielders had but one day of practice before starting their trip south thus making their record all the more impressive.

Kentucky won from Union College, 4 to 3; Maryville, 7 to 0, and Howard, 5 to 2. The Wildcats lost to the University of Alabama, 7 to 0, and to Georgia Tech, 6 to 0. Coach Downing was very well pleased with the early season form that his boys displayed during their trip south. Alabama and Georgia Tech have been practicing for about four months, which gave them a tremendous advantage over the Wildcats. The Crimson Tide is reported to be the outstanding team in the Southern Conference this year, therefore the Wildcats do not feel disgraced over their losses so far this season.

Never before has the University of Kentucky had better material for an outstanding team than this year. With such stars as Captain Hammersley, Ragland, Kee, Brock and Senff, the season is sure to be a success.

Dwight Hammersley, Rawlings Ragland and Joe Kee are veteran tournament performers and are sure to make trouble for their opponents during the season. Brock and Senff are less experienced than their team mates but they show promise of developing into future Wildcat stars. With such brilliant prospects for a winning team Coach Downing has arranged the most difficult schedule

that any Kentucky team has ever faced. Games have been arranged with the University of Louisville, St. Xavier of Cincinnati, Marvillie, Union College and Hanover College of Indiana.

U. K. Basketball Team Will Have Heavy Schedule

The Wildcat basketball schedule for 1923-24 calls for games with eight of the best teams in the Southern Conference with five of the games to be played at home. There are three other open dates on the 'Cat schedule and these will probably be filled by some other conference foes.

The schedule so far has not been completed but negotiations are under way for more games and by the time the season begins the Wildcats should have a very attractive schedule. They will open their season as usual with some team from Kentucky or Ohio about the middle of December. Miami University, the 'Big Red' team from Oxford, has been the favorite for the past three years, and fans will remember that team as was demonstrated last December when the 'Cats' and the Big Red battled through three extra periods before the Blue and White eked out a one-point victory.

The schedule to date includes home games with Washington and Lee, Georgia Tech, Georgia, Tennessee and Clemson. Return games with Clemson, Georgia and Tennessee have been contracted. Negotiations are under way with Mississippi A. and M. and North Carolina State, the 1923 title holders, and it is possible that these two schools will play in Lexington. It is also possible that a game will be arranged with Creighton University, of the Missouri Valley, as tentative dates have been arranged.

Ella Vator—I want a cap, if you please, for my husband.

Clerk—Yes, madam. What size does he wear?
Ella Vator—Well, I really forgot. His collar are size 16; I expect he'd want about size 18 or 20 for a cap, wouldn't he?

The Sportgraph

(By VERNON D. ROOKS)

"DADDY" BOLES

Back in 1916 when there was almost as much mud around the University of Kentucky as there is now, S. A. "Daddy" Boles made the pilgrimage from Fort Worth, Texas, to Lexington to accept a job as physical director and assistant coach of Kentucky athletes. There was no gymnasium in the Winslow avenue valley and Stoll field was not a part of the University property. The space allotted for gambling athletes is now used as a baseball diamond.

Since his unheralded entrance in 1916, "Daddy" Boles has gone through an evolution that would start a revolution in any Tennessee court room. In 1917 University authorities saw fit to make him athletic director, physical director, and head coach. His several duties included coaching football and basketball teams, managing physical education within the University, and such little things as arranging schedules, getting the teams from place to place, finding a place to practice, hunting finances, and making plans for the future.

"Daddy" Boles hired some coaches in 1918 and has since held the title of director. He coached freshman basketball in 1923 and again in 1926, starting such men as McGinnis, Phipps, Dees, and Gill on their athletic careers. In the days of free-for-all football, "Daddy" Boles captained the football team of Kentucky Wesleyan. One afternoon as Captain Boles led his warriors in after practice, an admiring urchin chirped up that Captain Boles looked like the "father of the other men." The boys started calling him "Daddy" and somehow the name has stuck.

"Daddy" Boles started the Kentucky State High School Basketball Tournament in 1918. The crowds that tried to see the games caused a movement to be started for a real gymnasium. "Daddy" Boles organized the Sukey circle in 1920 to further University athletics. "Daddy" received his B. S. degree at Wesleyan and his master's degree at Vanderbilt. He attended summer school at the University of Tennessee and coaching classes at the University of Illinois. For two years he taught and coached at Locust Grove Institute, Locust Grove, Ga., before going to Texas Christian University at Fort Worth.

If the progressive movements advertised by the Republicans and demonstrated by "Daddy" Boles continue in the future, Kentucky is destined to claim a box seat in the national athletic arena.

A SOBORITY DANCE is an old, established institution for making one man women.
JAZZ: "Say, I believe the carburetor is missing."
MAD: "That's fine. I'm tired of that running out of gas story myself."

BUT THE ALPHA GAMS are old-fashioned. They still use a garden

Athletic Council Establishes Golf As Minor Sport

Efforts of a group of students who met before the Easter holidays have materialized, and golf will be added to the growing list of sports at the University of Kentucky. Dr. W. D. Funkhouser, of the University Athletic Council, gave encouragement to the project. A petition signed by 70 men was presented to Dr. Funkhouser last week requesting that golf be sponsored by the University as a minor sport.

At the first meeting of the group presided over by Prof. J. C. Jones, head of the political science department, Kenneth Larmee, Edward Hettiger, and Harry Calloway, was appointed to further the plans. The proper enthusiasm is shown there is a chance of holding the Southern Conference Golf Tournament in Lexington provided one of the better courses can be obtained. St. Xavier College, Cincinnati, has asked for a match.

Opportunities Are Offered Athletes To See the World

Be an athlete and see the world, counsels the Daily Northwestern. Travel inducements offered by the United States Army, Navy and Marine Corps pale in comparison with the opportunities afforded at a modern American university. Play football in Lexington provided one of the miles of Columbia's fair bosom in six short weeks; see New York, Los Angeles, Atlanta and perhaps even South Beach.

Swim at Northwestern and visit California. Play baseball at Indiana in Lexington in comparison with the Pacific; swat the ball in the Land of the Rising Sun. Swim the Channel, the Pitt basketball squad and tour the Middle West. Row at Washington and span the Pacific. Or, better yet, pull an oar at California and compete in the Olympics 7,000 miles away. Run, 3,000 miles, or put the shoe at Stanford and win additional laurels at New Haven or Boston or Princeton while competing in the Eastern Intercollegiate. Guard a goal for Amherst or Williams and enjoy Lake Placid at the peak of the season.

Nor is the wanderlust appeased only by athletic. One may attend Press dispatches of the high scores in the Big Ten and the Eastern Intercollegiate Basketball League. A similar chart for the Southern Conference is not available as yet. In the north the majority of the scoring power lay in the centers, the three leading bell-ringers holding down the pivot post. "Stretch" Murphy, Purdue's six-foot-seven-inch tall center, set the season tally records in the final game. Harmonson fed the ball to the lanky Bollinger ace and he fouled 21 points, bringing the season's aggregate up to 143.

Captain Joey Schaaf, of Pennsylvania, repeated his high performance of last year, taking high-point honors in the East.

WILDCAT TRACK MEN IN TECH RELAYS

Coach Bernie Shively and seven members of the Wildcat track squad left Lexington last night at 9 o'clock for Atlanta to enter the Tech relays tomorrow afternoon. The men making the trip were Owens, Thomason, Jones, Twaddell, McClane, Ruttencutter and Cochran. The squad is in excellent condition following the Georgetown meet.

The Kentucky men will enter the two-mile relay and the distance medley. Owens will run the mile, Thomason the half, Twaddell the three-quarters and Jones the quarter mile in the distance medley. The two-mile relay team is composed of these four men with McClane, Ruttencutter and Cochran as alternate. In the Tech relays last year Kentucky ran second to Notre Dame in the two-mile relay, and third to Iowa and Duke in the two-mile medley. Owens and Thomason are the only members of the 1923 squad who will run tomorrow afternoon.

Frank Phipps Made Coach at Eastern Teachers' College

Frank Phipps, of Ashland, former Kentucky football star, has accepted a position as line coach at Eastern State Teachers' College, Richmond, for the 1923 season.

Phipps is one of the three brothers who are now attending the University. Tom and Jack Phipps will try for positions on the Wildcat football team next fall. All three are members of the Sigma Alpha Epsilon fraternity.

Frank Phipps broke his neck in a game against Centre College while playing under Coach Harry Gamage and played half the game, feeling no pain until after the game. Phipps served as assistant freshman coach in the fall of 1922. He played football in 1925 and 1926 and under Coach Gamage in 1927. He played fullback, center, tackle and guard.

Smaller Golf Ball Will Make Game More Difficult

By Ed. Garman, Ohio State Lantern

Just about the time the most of us have learned the preliminary rudiments of that rapidly arriving great American game—golf—those who take it upon themselves to regulate the game for others find it advisable to change the size and weight of the ball—as if the darned thing wasn't hard enough to hit and find at present.

These same fellows admit that the changing of the weight of the ball will be the cause of more pronounced hooks and slices and will result in shorter distances on the drive. The present weight of the little white pellet which it takes a master to control is something like 1.62 ounces and is 1.62 inches in diameter. The new ball will weigh in at 1.55 ounces and will measure 1.58 inches through the bands.

It seems that someone has taken to the bright idea of trying out the new ball in some of the 1923 squad informing the dufers just what they yet have to learn about chasing the pull around the field. Since most of the campus golf enthusiasts are members of the dufer class (scores of 115 or over), they are in for some real fun. Once Sunday morning furnishes the best time for such indulgence, we fear for the first Sabbath thought of our odds and coveys who drive off the first tee with one of the new style emeralds.

THE FURNACE BEHIND THE FACT

Back of the five remarkable qualities that give Reading Genuine Puddled Wrought Iron Pipe its long, long life stands the flame-filled puddling furnace—the time-tested method of making genuine puddled wrought iron.

It is in the puddling furnace that the fiery, hot, pure iron and silicious slag are stirred and worked together until every inmost particle of the iron is coated with corrosion-defying slag. Out of the puddling furnace comes genuine puddled wrought iron—the same wrought iron that has been so famous for generations.

You can buy proved pipe dependability, freedom from frequent replacements and uninterrupted production by insisting on Reading Genuine Puddled Wrought Iron Pipe. Your protection from untried substitutes is the Reading name, date of manufacture and spiral knurl mark on every piece of Reading Pipe.

READING IRON COMPANY, Reading, Pennsylvania

Atlanta	Cincinnati	Pittsburgh	Fort Worth
Baltimore	Detroit	Cleveland	Seattle
Boston	Houston	St. Louis	Philadelphia
Buffalo	Los Angeles	Tulsa	New Orleans
Chicago	New York	San Francisco	

Reading tubular goods are furnished in sizes ranging from 1/2" to 20" in diameter.

The annual intra-mural free throw tournament began Wednesday night at the Men's gymnasium with practically all the fraternities on the campus entered. Points for this sport are awarded on the basis of the following:

1929 WILDCAT BASEBALL SCHEDULE
April 13—Louisville; here.
April 18—Minnesota; here.
April 20—Centre; there.
April 26—Vanderbilt; there.
April 27—Vanderbilt; there.
May 1—Centre; here.
May 4—Cincinnati; there.
May 10—Tennessee; here.
May 15—Louisville; there.
May 20—Oglethorpe; here.
May 21—Oglethorpe; here.
May 25—Cincinnati; here.

of team sports toward the participation trophy.
All men are eligible for this event except those making letters in basketball, those on the varsity squad at the close of the season, and freshmen members of this year's freshman team.
Each fraternity team is composed of eight men; each man throws 53 throws, and the team score is determined on the total scores of the men making the largest number of successful throws.
Each organization may enter 15 men and the eight are selected from this group. An entrance fee of \$2 is charged each organization.

HER FIRST TALKING

EVERYBODY'S GOING TO THE WILD PARTY
BIG DOINGS! MUCH WHOOP!!
CLARA BOW
A Grandstanding Picture

at the banquet recently held in honor of Robert Zuppke, the veteran coach of Illinois athletic teams, a most interesting and informative talk about present-day football was given by the guest of honor. The following paragraphs taken from the "Colorado Oregional" are a part of the report on the banquet:

Short build and inclined to be what folks call chunky, he nevertheless, is of a certain physical vigor which would make a prowler hesitate to pounce upon him. His words flow in an uninterrupted stream, his thoughts are punctuated with humor and amplified with colorful incidents.

Zuppke prefaced his round-table discussion with coaches of the region by giving an original but highly descriptive definition of a coach: "A coach? He's a fellow who can kick a player in the pants and make that fellow feel honored."
The essential of the modern football team, says Zuppke, is not beef or brawn, brains or gaff matter, but speed.

"The teams or Illinois have not been heavy," continued Zuppke, "but they have been fast. A quick start is the solution to the problem of beef. I've had big fellows, plenty of them; long and short, thin and fat; but I select the fast men able to get off their marks and catch the other fellow before he gets started. That's the way to get blocking, get the backs to the line, throw back a line or make a gain."
The second greatest fundamental in football is the spirit of the school, according to Zuppke. "It is vital to success on the football field," he said. "An illustration of school spirit and traditional rivalry, Zuppke related a story about two men prior to the Iowa game."

"We tell the team that 11 men start the Iowa game and 11 men finish it, and a substitute is made only when a player drops dead. On one occasion I saw a player acting queerly. That's the way to get a huddle. I called a substitute and sent him dashing to the field, telling him first to report to the referee and then inform the player whose place he was taking. Nervously he ran to the player for whom he was substituting, hime upon the field. He took one glance at him, turned around and dashed right out. 'What's the matter?' I asked. 'He's still breathing. He isn't dead yet, came the reply. We were penalized to the five-yard line and lost the game.'"

It is not difficult to understand why Bob Zuppke is successful coach at the University of Illinois. His vital personality and instinctive leadership have placed him foremost in the minds of his men and his emphatic nature has won him the place of one of the leading coaches in the Big Ten.
Zuppke's watchword is action and his preference lies in the men who are light and capable of getting the jump on their opponents. He does not advocate football as a form of physical culture but rather as an achievement and a means toward the expression of youthful vigor, spirit and courage are the factors

at noon prior to the games and relays. The games will be played from teams composed of girls from several colleges and not from one college. An exhibition basketball match will be played between the winners of the Kentucky trial tournament.
Colleges which have already declared their intention of sending delegates are Georgetown, Berea, University of Louisville, Centre, Kentucky Wesleyan, Transylvania, Western Normal, Eastern Normal, and Morehead. Miss Schenck, however, said the games were sponsored to promote a feeling of good will among Kentucky colleges.
Following the Play Day, the W. A. A. will hold its fourth annual banquet at the Lafayette hotel.

SOCCER
The Women's Athletic Association will begin spring soccer games on Monday, April 15, at 4 o'clock. Practice sessions will be held each day from 4 o'clock until 6 o'clock with a trial tournament held at the end of the practice season.

PLAY DAY
Following a custom that has grown in popularity in women's colleges on the Western coast, the University of Kentucky Women's Athletic Association will sponsor a "Play Day" for all Kentucky colleges on April 20. Nine colleges have already accepted an invitation to send 15 girls to the meet.
A "get acquainted" meeting will be held in the women's gymnasium

Zuppke Defines Qualities Of Good Football Coach

with which Coach Zuppke has turned out squad after squad of successful football players and his hearty endorsement of "intestinal fortitude" will live to be carried far beyond the football field.
As an average, according to Zuppke, the best football teams are found in the largest schools where there is more material to select from. "But the material in the West is greater than that of the East because there are fewer schools. That's the reason the Stanford, California and U. S. C. elevens are so strong year after year. Warner told me that his second and third teams were so nearly equal in strength to his first team that he sometimes wondered if he had his best players on the first team."
The coaches should remember that the main idea is to get the 11 best men on the field. If you have six backs and five linemen, convert your backs into linemen by dashing their brains out. And if you find a player without any brains at all, put him at end."
Zuppke averred that you couldn't coach a player like upon the football field. He might be able to, but it is not safe to rely upon such an exigency.
"You have to teach your men to react to certain situations in a given way. Good generalship is a matter of right habits formed in practice. Practice certain plays for certain areas, let the player unconsciously use those plays. A quarterback should think in terms of the best men and the weakest opponents."
His advice to players applies also to coaches and it is through the application of such that he has gained his place in the athletic world, namely, be true to yourself.

Track
The fleet-footed brothers of Sigma Alpha Epsilon ran away with high honors and a large silver loving cup at the annual intra-mural track meet held on Stoll field on March 23. The Sigma Chis ran close second, taking two first places and a string of seconds and thirds. The final standing of the first four teams was as follows:
Sigma Alpha Epsilon..... 25
Sigma Chi..... 22.5
Pi Kappa Alpha..... 17.5
Alpha Sigma Phi..... 14
The spring relays last year were won by the Sigma Chi fraternity with the Pi Kappa Alpha not far behind. Winners of the first four places in the contests this year were awarded ribbons.
Winners of the various events were as follows: 220-yard hurdles, Butler, Delta Tau Delta; one-mile relay, S. A. E.; one-mile run, Twaddell, independent; 120-yard high hurdles, Butler, Delta Tau Delta; high jump, Gibson, Pi Kappa Alpha; javelin throw, Rogers, S. A. E.; broad jump, McLane, Pi Kappa Alpha; 200-yard run, Kelly, S. A. E.; 100-yard run, Heizer, Pi Kappa Alpha; discus throw, Urevig, Sigma Chi; shot put, Urevig, Sigma Chi; pole vault, Porter, Kappa Sigma.

ARCHERY
The spring archery tournament, sponsored by the Women's Athletic Association, will begin April 22, on Women's field. Only those attending ten practice sessions will be eligible to participate.

KENTUCKY WINS FIELD CONTESTS

Hays Owens Leads Shively Men in Defeating Georgetown Tigers, 72-45, on Stoll Field Last Saturday.
Coach Bernie Shively had an opportunity to observe his 1929 Kentucky track team under the pressure of competition when the Blue defeated the Tigers of Georgetown College 72 to 45 in a dual meet on Stoll field Saturday, April 6. Both teams were in poor condition. Hays Owens, who threatens to break the state record for the mile run, this season, was high-point man of the meet, winning the mile and half-mile runs and running in the mile relay.
Complete results follow:
100-yard dash — Adams, Georgetown, first; Harris, Kentucky, second. Time 10.2 seconds.
Shot put — Urevig, Kentucky, first; Kavanaugh, Kentucky, second. Distance 28 feet, 5 1/2 inches.
Mile run — Owens, Kentucky, first; Twaddell, Kentucky, second. Time, 4 minutes, 47 1/2 seconds.
220-yard run — Adams, Georgetown, first; Hill, Georgetown, second. Time 23.6 seconds.
Pole vault — Pelphrey, Georgetown, first; West, Kentucky, second. Height 10 feet, 6 inches.
120-yard high hurdles — Hawkins, Georgetown, first; Weiman, Kentucky, second. Time 18.3 seconds.
440-yard run — Thomason, Kentucky, first; Jones, Kentucky, second. Time 53 seconds.
Discus throw — Urevig, Kentucky, first; Allen, Georgetown, second. Distance, 117 feet, 1 1/2 inches.
High jump — McLane, Kentucky, first; Clellan, Kentucky, second. Height, 5 feet, 7 inches.
Two-mile run — Cochran, Kentucky, first; Johnson, Kentucky, second.

Time, 10 minutes, 47 1/2 seconds.
220-yard low hurdles — Hawkins, Georgetown, first; Anderson, Georgetown, second. Time, 28 1/2 seconds.
Half-mile run — Owens, Kentucky, first; Walters, Georgetown, second. Time, 2 minutes, 6 1/2 seconds.
Broad jump — McLane, Kentucky, first; West, Kentucky, second. Distance, 20 feet, 9 inches.
Javelin throw — Allen, Georgetown, first; Schmidt, Kentucky, second. Distance, 162 feet, 2 inches.
One-mile relay — Kentucky, Thomas, Butteneutter, Jones and Owens. Time, 3 minutes, 44 1/2 seconds.

Study Is Made of Christian County
The College of Agriculture of the University has studied the business of fifty Christian county farms for two years, in an effort to learn why some farmers succeed and why some fail.
The most successful twelve farmers' net earnings of \$3,883 per farm for their labor and management, against a minus figure of \$141 per farm for the labor and management of the least successful farmers.
Factors most responsible for the difference appeared to be better crops, better control of the cost of production, greater labor accomplishment per man and per \$100 expended for labor, volume of sales per acre, better utilization of pasture and feed through livestock, and better judgment in investing in farm machinery.
A woman went on a professional hunger strike and 20 Scotchmen proposed to her.
