LIBRARY STUDY OPPORTUNITIES

See Oxford University Library

Study "British Libraries and Librarianship" at Oxford University this Spring. May 27 - June 15 gives opportunity for a broader look at our world of work in a series of workshops and seminars sponsored by the University of Oklahoma College of Liberal Studies and School of Library Science, and the Oxford Liberal Studies and School of Library Sciences, and the Oxford University Department for External Studies. For further information, see Mr. Willis.

Take a Course for Credit, or Not

A special workshop on "Library Public Relations and Accountability" will be held June 9-16 at the School of Library Science, George Peabody College for Teachers, Nashville Tennessee. For further information, see Mr. Willis.

Computer Based Reference Service

Western Kentucky University. Departments of Library Science and Instructional Media presents a 2-day workshop on Computer Based Reference Service. C.E.U. credit if you desire. This study is scheduled April 27-28. See Mr. Willis for further information.

Study At Home

Time for registration for Summer Session and Fall Semester approaches. Right after ITD, you begin advance enrollment. See all the proper people, and take care.

THE LIBRARY IN ACTION

The Handicapped and the Library

The Staff Development Committee will be sponsoring a program on the handicapped and the library, employees and patrons. Jack Karnes, of Handicapped Student Services, will lead the discussion and will have a panel of handicapped students or employees of the University to answer questions. The Committee wants to submit questions to him prior to the program. If you have any questions regarding services to, or problems of, the handicapped, please submit them to Barbara Galik, Reference Department, MIK South by Friday April 13. These questions, plus any you may want to ask them from the floor will be answered by the panel.

SPEC Kit

The Reference Department has received a new SPEC Kit, no. 51, titled "Professional Development". The SPEC Kits are published by the Systems and Procedures exchange center of the Association of Research Libraries; they are available at the Reference Desk.

Telephone Rate Increase

There has been a telephone rate increase for interstate calls effective Feb. 1, 1979. According to University Communications Services, long

distance calls to Texas, North and South Dakota and all states within and west of the Mountain Time Zone should be made over GTE lines at applicable toll rates rather than KATS.

LIBRARIANS IN ACTION

SUSAN CSAKY, LARRY GREENWOOD, JUDY SACKETT journeyed to Cincinnati for a days workshop sponsored by architects. Taking advantage of what you have was the part most enjoyed. The psychological effect of color, signs, arrangement was emphasized, and the point made that they frequently can be controlled by the librarians working there.
