FROM THE ADMINISTRATIVE COMMITTEE...

Paul Willis announced that there is a notebook available on the reorganization of the University administration. It is a good source for sorting out where authority lies. Authority for signing forms is still being worked on but it looks like forms will be required to go up to the next level for signature instead of to someone else in the department. Contracts that pertain to more than one sector of the University must be signed by the President.

Non-recurring funds should be coming within a few weeks.

Paul Willis referred the committee to a memo from Chancellor Callaher on setting priorities for the future in light of developing excellence in our area of primary responsibility. It was decided that system priorities would be set and each division would present a plan for their area. The differences would be ironed out and a system plan developed. The report is due on December 15th. The Library Faculty would review the plan in the spring.

The University is asking for recommendations for candidates for honorary degrees. Recommendations can be made directly or through the Library system. System recommendations should be made through Paul Willis.

Paul Willis reported on the CRL meeting in Atlanta. CRL discussed their five year plan but it seems that the real reason for the meeting was to establish a rapport with their membership. Many libraries are evaluating the value of CRL for the amount of the dues. CRL has a toll free number where holdings information can be obtained and they can be accessed via Tymnet. The fiche edition of their catalog is coming out soon and work has been stepped up so that users will be able to access CRL via OCLC. CRL has an exhibit that is designed to make library staff and users aware of what they have to offer.

The SOLINET meeting held in Atlanta on September 23rd was a planning meeting where it was announced that Solinet is thinking of starting interest groups. There is a backlog of terminal installations. They will begin in early October.

Newspaper/Microtext/Periodicals are testing indexes in microform.

DEDICATION OF THE GEOLOGY LIBRARY

The Geology Library will hold a dedication service and reception on Friday, October 22 at 3 p.m. honoring George W. Pirtle of Tyler, Texas. The Library will be named in honor of Mr. Pirtle at this time. He was the first student to receive a graduate degree in geology at the University of Kentucky. Since receiving his M.S. in 1925, he has been a strong supporter of the Library and the University. He also provides one graduate scholarship of \$1,000.00 annually and two undergraduate scholarships of \$500.00 each.

LSO CHRISTMAS BAZAAR

Remember the Christmas Bazaar that LSO sponsored last year? The handmade ornaments, the sweets, toys, even an afghan? Well, that time is upon us again--time for the second annual CHRISTMAS BAZAAR! It will be held on

Tuesday, November 30, in the Staff Lounge. Doors will open at 9:45 a.m. We will need your contributions of crafts, baked goods, pine cones, etc. to have a successful bazaar. Please be planning for this event!! Let's make this year's bazaar even bigger and better than last year's!!

INDEXES TESTED BY NEWSPAPER/MICROTEXT/PERIODICALS STAFF

INFORMATION ACCESS, Inc. indexes are located in the Periodicals Area of King North. These include The National Newspaper Index, The Business Index, and The Magazine Index. They represent a new approach to indexing (covering more journals and more years in one index). The library has them on a thirty day trial. If you have heard or read of these indexes but never examined them come by the Periodical Area in King.

OCCASIONAL PAPER NO. 3

The University of Kentucky Libraries Occasional Paper Editorial Committee announces the publication of Occasional Paper No. 3. It is by Toni Powell, entitled "The Landscape Architecture Book Catalog: A bibliography of holdings on the University of Kentucky Campus through 1977." Occasional Paper 3 sells for \$10.00 per copy from Administrative Services.

VACUUM CLEANERS NEEDED BY PRESERVATION COMMITTEE

The Preservation Committee is considering ways to keep books and shelves dusted. The easiest way would be to have several vacuum cleaners for this purpose. They would be housed in Administrative Services and loaned as needed. If any staff members have vacuum cleaners that would be suitable for dusting books and shelves, and would like to donate them to the Library, please contact Cheryl Jones, Chairperson, Preservation Committee.

TRAINING AT UK

October 28--HOW AND WHEN TO SHOW APPRECIATION TO EMPLOYEES: THE REWARDS OF REWARDING.

The focus of this workshop is how to respond to people at work. This program will enable supervisors to begin to use several of the more important "How-To's" in giving recognition to employees, and make better use of the University's reward and reinforcement tools.

October 29--HOW TO DEAL WITH EMPLOYEES: THE CORRECT WAY OF CORRECTING.

This training program takes a positive approach to correcting mistakes. It contrasts ineffective and successful methods of correcting, and demonstrates how a supervisor's behavior directly impacts the performance and attitudes of employees.
