ENGINEERING SENIORS RETURN FROM ANNUAL TOUR OF INSPECTION

Eighty Kentucky Men Attend Dinner Stourday In Chicago Hotel

GUESTS OF ALUMNI

Seniors and Dean Given Great Welcome

The graduating class of the College of Engineering returned Sunday evening from the twenty-sixth annual inspection trip to Chicago and vicinity. The week's activity was brought to a climax with a dinner Saturday evening in the Great Northern Hotel given in honor of the seniors by the Alumni Club.

Eighty men attended the dinner which was considered the best ever held there. Officers of the club were elected for next year, plans were made for quarterly luncheons and monthly luncheons. The luncheons will be in the Marshall Field restaurant on the third Monday of each month.

Charles K. Dunn, '16 was elected president of the alumni club, C. S. Rollins, '15, vice president, and J. Rufus Watkins, '15 secretary-treasurer. In addition to the following toasts there was an elaborate entertainment program and short talks by a dozen alumni and under-graduates: "Greeting," R. C. Bunter, '04; "Response," W. M. Bauleh, '21; "The Kentucky Family," Dean F. Paul Anderson, and "The Alumni," Herbert Graham, '16.

Plans for the club announced by those attending the meeting Saturday evening are to make it the leading organization of alumni outside Kentucky.

DOCTOR McVEY SPEAKS AT K. E. A. MEETING

"The American Educational Highway" Subject of Address at Louisville

Dr. Frank L. McVey, in his address "The American Educational Highway" before the general meeting of the Kentucky Educational Association at Louisville Thursday afternoon, said: "When I think of the lanes and blind alleys that are to be found in the educational systems of other lands, I am impressed that what we have in America is a great Educational Highway boldly planned. It is a great scheme of education for all of the people from primary to university. It is open to every aspiring youth who may toll along its way.

"It required something like fifty years before the public authorities had decided that education might be supported by taxation. Then came the question as to whether such education might be extended and carried into secondary fields and this, too, after a considerable period was added to the plan. The completion of the system through the creation of the State University was not begun until the middle of the nineteenth century and is yet in process of making.

"The American people, in the building of their great Highway have been confronted by obstacles. Despite the fact that both schools and efficient teachers to teach in them are necessary to a well administered and progressive community there have been difficulties about financial support. Schools are fundamental and must have a sufficient financial support."

"Ignorance now stands in the Highway and prevents its development.

COACH BUCHHEIT AND TEAM OFF FOR MIAMI

The Bunch is Expecting to Win Regardless of Opposition

They're off for Miami to bring home the big end of the score as they did last Saturday.

The bunch at Oxford usually puts up a good fight in track. Last year they got the most points by three. Last fall when the Wildcats were up there they were training on the track for this spring and incidentally for this coming meet. Little is known of the Ohioans for it is quite early in the season for them.

Buchheit has been out all week and the members of the team have been improving and brushing up the ragged edges which were not so perceptible even last week. Hayden has a leg, two of 'em in fact, that will be in condition and it is expected that he will be much better in the discus and javelin than at any time so far this season.

Dorman is out of the high jump but "Fairless Dougbanks" Wilhelm can knock it off around five-seven. It is understood that Miami has several good distance men and Porter will have to work if he expects to come in the initial place again this time. He will push them all though.

The following men will, in all probability, make the trip: Capt. Clare, Snyder, Wilhelm, Cameron, Clarke, Wilson, Boyd, Hollowell, Hayden and Thornton, leaving this afternoon and returning Sunday morning. Coach George, the boy who produces the championship teams, will chaperone the bunch.

TIGERT MAKES TALK AT JOINT MEETING

Speaks on "Success" at Patt Hall Sunday Night

Professor John J. Tigert was the speaker at the joint meeting of the Y. W. C. A. and the Y. M. C. A. last Sunday evening at Patterson Hall. Among other things Professor Tigert said: "The time has passed when a man can make a success in anything without a thorough knowledge of that subject. The Germans gave the best demonstration that knowledge is power. The greatest factor in Germany's strength was the power of education. But besides knowledge man must also have perseverance and a wise direction of his energy and the proper character. These things all men must have to obtain success."

The girls' choir gave a special musical selection and Lucille Yungbluth led the meeting.

DANCE AT HIGH SCHOOL.
The "Dirty Dozen" will give a dance Friday night at Senior High School. Many students of the University are invited and it will be one of the most delightful dances ever given at the school.

S. I. A. A. PRESIDENT TO MAKE ADDRESS IN CHAPEL NEXT MONDAY

Rev. H. D. Phillips Visiting All Colleges in The Association

SPEAKS AT FIFTH HOUR

Next Week's Chapel To Be On Monday

Rev. H. D. Phillips, president of the S. I. A. A. and a member of the faculty of the University of the South, will arrive in Lexington tomorrow night or Sunday morning and on Monday will address the men students in chapel at the fifth hour and the faculty in the afternoon. The chapel hour has been changed from Tuesday to Monday in order that the students may hear Rev. Phillips, and Monday fifth hour classes will be held at that hour on Tuesday. Rev. Phillips will be here in the interest of better and clearer athletics in the South.

Rev. Phillips, when reelected president of the S. I. A. A. at its last meeting, took the office on the condition that the universities and colleges of the south would co-operate with him in ridding the Association of all professionalism. He feels that these conditions should be brought to the attention of the institutions in the Association and steps taken to correct the present situation.

At the instance of the S. I. A. A. he is making a tour of the universities and colleges, advocating better and cleaner athletics. He is acquainting the administrative bodies with conditions and is seeking their assistance in getting rid of ringers and professionals.

The Athletic Council especially urges the faculty and students to hear Rev. Phillips.

On Sunday Rev. Phillips will be entertained by the Athletic Council, and together they will discuss various athletic problems. Part of the day will be spent in visiting points of interest in the Blue Grass and a special visit to Man o' War. Dr. Funkhouser will entertain Rev. Phillips and the Council at dinner.

ONE THOUSAND FORMER STUDENTS TO BE HERE

Large Attendance Expected For Alumni Day, June 13

The advisory committee, appointed several days ago, to supervise arrangements for "Alumni Day," June 13 during commencement week at the University of Kentucky, held its first meeting Tuesday noon in the Phoenix Hotel and discussed plans for the occasion.

This committee is composed of Desha Breckinridge James H. Combs, Richard C. Stoll, Henry T. Duncan and George H. Graves. The last named was selected as chairman. Professor Enoch Grehan, representing the alumni, was present at the luncheon.

No definite plans were adopted, but it was decided to appoint subcommittees representing the various alumni clubs, and classes of the alumni, which will aid in perfecting the plans for the day. Over 1,000 graduates and former students are expected to attend, and it is planned to have something doing from 8 a. m. to midnight.

Miss Sarah Blanding will attend the meeting of the physical educators of the middle west to be held in Cleveland, April 21, 22 and 23.

TODAY: 3:45

For the benefit of the shed hounds the Wildcat-Colonel contest has been moved up one day and will be played this afternoon at 3:45 instead of tomorrow.

If Bud Slomer's arm is in good condition he will get the call today.

PHILOSOPHIANS SCORE HIT IN "THE AMAZONS"

Pinero Piece Given Before Enthusiastic and Critical Audience

By Fred K. Augsburg.

Sir Arthur Wing Pinero's "The Amazons" was presented in Chapel last night by the Philosophian Literary Society, under the auspices of the Little Theatre, before an enthusiastic and critical audience. The piece finds Pinero at his best and the subtle humor dispensed last night by the playwright convulsed the audience with laughter.

The burden of the comedy of the piece was carried on the shoulders of John Land and Jack Dahringer doing the parts of Galfred Earl of Tweenways and Andre Count de Grival, respectively. Both scored heavily in the interpretation of their roles.

Honors among the female contingent of the cast were shared by Margaret Harbison, Lucy Smith and Henrietta Rogers as the three sisters Noeline, Wilhemina and Thomasine. The amusing situations in which "The Amazons" are frequently entangled goes to make an enjoyable plot.

Fred Houston-Shaw's Barrington, Viscount Litterly was extremely well done and he never fails to make the most of all his excellent lines.

Claribel Kay as Mariam, Marchioness of Castle Jordan, who is well remembered for her work in former Stroller productions, did her usual stellar work in this difficult role.

Lillian Dalton was well chosen for the role of Sergeant Shuter.

Frank Wedekemper in the part of the Reverend Roger Minchin, was good at all times.

Minor roles of the piece were well taken care of by Robert Bamber, Jack Swearingen and George Rouse.

The staging was entirely adequate, considering the arrangement of the platform in Chapel. The costuming was ornate and correct to the minutest detail.

The burden of directing "The Amazons" fell on Professor William Mike-sell of the Little Theatre and the success of the piece is largely attributed to his untiring efforts. The program given last night was the third bill of the Little Theatre season, the success of which has long since been assured.

CENTRE COLONELS INVADE STOLL FIELD THIS AFTERNOON

Danville Boys Are Undefeated So Far This Season

GAME CALLED AT 3:45

Coach Gill Has Shifted the Line-up

Hostilities will be resumed on Stoll Field this afternoon at 3:45. With veterans in the ranks side by side with recruits and untried material, Centre College will invade Lexington and attack the ball-playing Wildcat regiment. Having won all its previous battles this season the Danville hopes have vicious designs on the scalps of Coach Gill's men, but according to reports that leak out of headquarters the invaders will capture none of Captain Brown's men on no-man's land. An armistice was signed around 10 o'clock on the night of March 3 after the basketeers of McMillan's army had suffered a decisive setback. Since then peace has almost been a certainty, but Centre is not satisfied with the terms offered and with new troops and increased hopes, they come to do battle today.

A reorganized platoon will uphold the Blue and White banner on the field of operations today. Coach Gill has foreseen the necessity of a change. The game with Michigan told Andy Gill the need of a rejuvenated squad and the Cincinnati game was a skirmish to test Wildcat mettle.

Today will probably find new faces in the line-up against our rivals. Paul Adkins of championship caliber has enlisted and was immediately promoted to the first squad. Who knows but what he might be seen in action today.

AN OPPORTUNITY

Students of the University of Kentucky should consider themselves fortunate in having an opportunity to hear at the chapel exercises next Monday the president of the Southern Intercollegiate Athletic Association, Dr. Henry D. Phillips.

Organized collegiate athletics in the South owes more to President Phillips than to anyone else for well directed efforts to purify athletic relations between institutions. Aside from the undisputed fact that he is the best authority on athletics in the South he has gained, through his pleasing personality and genial disposition, a reputation for cleaner ideals, straight forwardness and fair-play.

President Phillips' message will be a straight-from-the-shoulder talk, to men only, about athletic possibilities and responsibilities here in our University and should be considered a rare treat by those who have the welfare of Kentucky at heart.

Our recent entry into the Southern Conference has brought to the fore many of the athletic questions and problems with which every student should be familiar. How many students know what improvements, if any, the Southern Conference has over the S. I. A. A.? Yet the solution of this problem is of importance to even the non-athletes who must share the burden of bringing good athletic material to Kentucky.

The Kernel does not venture to predict what President Phillips will say but it is certain he will leave an inspiring message that every student should hear. Show this Sewanee man that Kentucky is interested in her athletics! Turn out!

The bulletin boards were put up to be used and then erased when the heterogeneous mass of what not had served its purpose. A hint to the wise is, in some isolated cases, sufficient.

Once upon a time there was a school which could stand defeat and not lose enthusiasm or confidence in its teams. That sounds like a fairy tale.

Doctor Shull spoke before the meeting on the "Importance of Biology in Secondary Education." Doctor Shull succeeds Clarence Clark, Madisonville, as president.

In the second game the Freshman won handily from the Juniors by the shutout route. Six to 0 was the final score at the end of the seventh inning. Batteries: Freshmen, Van Arsdale and Brown; Juniors, Winters and Burnham.

In the game played Wednesday afternoon the Sophomores defeated the Seniors by a 5 to 1 score. Both pitchers allowed but two hits but loose fielding on the part of the upperclassmen beat them.

POLITICAL ANNOUNCEMENT

OF

GEORGE R. SMITH

For the first time in the history of the University of Kentucky one of her graduates seeks the office of Commonwealth's Attorney for Fayette County.

The University has not grown, in the past, with the strides which have marked the progress of many of her sister institutions. One reason for this has been due to the failure of our university to exhibit a genuine interest and concern in the welfare of her graduates — an interest so strikingly noticeable in the policies of other institutions in the state, whose graduates, in turn, have striven for the upbuilding of their alma maters, but whose regard for the University of Kentucky is secondary.

I assure you that I have the interest of the University at heart, and I request, and will greatly appreciate, the consideration and loyal support of university men and women, and of the alumni. The results of my candidacy, as I sincerely believe and intend, will accrue to the mutual advantage of us all.

DR. McVEY SPEAKS AT K. E. A. MEETING

Continued From Page 1.

The Highway can not be carried to its final goal unless there are leadership, knowledge and vision. These are developed among the population through the process of higher education.

"In Kentucky we are talking about a modern Highway. We have yet to select the materials, survey the route and gather together the organization that shall work it out. We now need vision, leadership and a purpose. Vision and leadership can be found. Purpose must be demonstrated thru the process of financial assistance or the Highway can not be built. In time, and I trust soon, Kentucky will begin to build her Highway in earnest so that the youth of the commonwealth may start at the beginning and go to the end uninterrupted on their journey by broken bridges or educational wash-outs in the Highway."

LOGAN WINS CONTEST FOR PATTERSON MEDAL

Oratorical Competition Held In Chapel; Dr. Phillips to Speak Next Week

Rex Logan of Brownville, Freshman College of Arts and Sciences, won the Patterson Oratorical Medal at the contest held in Chapel Tuesday. His subject was: "Ireland and England." The Glee Club program which was scheduled for Chapel was not given.

Logan said in part: "Out of the World War there has fallen upon the people of the earth a great malady. That malady is self determination by racial differences. Ireland has at last called upon the League of Nations to recognize her independence." Upon this ground Logan brought out views against giving Ireland her independence, stating that the Irish people now had more liberty than the British.

Doctor Phillips, president of the S. I. A. A., is to be the speaker at Chapel next week. Chapel will be held fifth period Monday instead of Tuesday, and classes meeting fifth period Monday will meet next week at the fifth period on Tuesday.

DRASTIC MEASURES ADOPTED BY JUNIORS

Tuesday at a meeting of the Junior class, which was as usual attended by the same loyal few, some drastic measures were adopted that are hoped to help the collection of class dues. Unless \$300 is collected by May 1 the Junior Prom will be called off and the class will go down in the history of the University as the only Junior class failing to entertain the Seniors since the custom was established here.

It behooves every Junior to do his or her part toward preventing such a disgrace befalling their class, and regardless of whether they are to receive direct benefit or pleasure from the dance, they owe it to the class as a matter of spirit to do their share in making the Prom a success.

A vigorous campaign is to be waged this week by the treasurer and his assistants and all Juniors are warned to have their dues ready when first asked for them, for "persistence" is the motto of the campaign and all those who have not paid up are going to be worried until they "fork over" the five "sheekles." Those in charge of the campaign are: Arthur Shanklin, treasurer; Burton Prewitt, Walter Morris, Henry Sullivan, John Crenshaw, Elizabeth Kimbrough, Margaret Harbison and Margaret Smith.

It's mighty hard for them to locate every Junior and then "lead pipe" their victim after he is found and remove the five dollars from him while in the state of unconsciousness. Hunt up one of the committee this week and surprise them by paying your dues.
