The Student Government Association was installed on the University campus in 1939. It replaced a divided system in which men were represented by a Men's Student Government Council, women by a Women's Self-Governing System.

The constitution of the Student Government Association was drawn up in the spring of 1939 and went into effect in September of the same year when it was ratified by the student body. This constitution was revised in 1943 and the revised constitution is now in effect.

The Student Government Assembly is composed of the president, vice-president, secretary, treasurer, and twenty-nine members selected by and from the various colleges at elections held during the first and second semesters.

Officers: Carter Alan Glass, president; Fred Williams, vice-president; Pat Morrissey, secretary; and James Perry, treasurer.
