NEH FELLOWSHIPS

The Division of Fellowships and Seminars is concerned that scholars at museums, historical societies and research libraries may not be aware of their eligibility for the various programs of the Division. NEH Fellowships support six to twelve months of full-time, uninterrupted study and research that will make significant contributions to the humanities.

While NEH Fellowships cannot be used to catalogue or organize collections or to prepare exhibitions, they can be used to work on books, monographs, series of articles, series of public or scholarly lectures and presentations, and interpretative catalogues to accompany exhibitions. Work which is not eligible for fellowship support may, however, be eligible through programs in the Division of General Programs, the Division of Research Programs, and the Office of Preservation Programs.

Full details about the programs are available in the application materials. The address is Division of Fellowships and Seminars, National Endowment for the Humanities, Room 316, 1100 Pennsylvania Avenue, N.W., Washington, D.C. 20506. The telephone number is 202/786-0466.

STAFF ACTIVITIES

Two of the Library faculty members recently appeared in publications:

Toni Powell and the Agriculture Library are the subjects of an article in The Ambassador (Spring 1990), p. 6-7. The title of the article is, "Got a Question? The Ag Library is the place to go for answers." and it looks at the changing role of the library and related challenges.

Mary McLaren is the author of an article in the "Give Us Your Input" column of Against the Grain, 2/1 (Feb. 1990), p. 31-32, 36. The article, "Acquisitions System--The Response(s)" examines the use of current automated acquisition systems--who's using what and who's changing to what. The list is very illuminating.

THANK YOU

I wanted to let all of you know how much I enjoyed my assignment in the UK Libraries system. Each of you that I worked with were very helpful and informative, I learned a great deal.

Best wishes for the future plans of the Libraries and I hope to see you around campus.

Sincerely,
Margey McQuilkin

The following memo was received by Paul Willis from Judi Joseph:

I want to thank you and the UK Libraries for presenting the River of Earth anniversary celebration for Mr. James Still. I was quite moved by the event, and I think Kate Black did an excellent job in blending special personalities and material for a touching yet joyous celebration.
