Attached is a list of outstanding checks issued for Extra Compensation Payments for the years of 1943, 1944 and 1945 to employes of your works. Please contact those individuals who are still working, to determine whether these checks have been cashed or are still being held by them. Any checks now being held should not have the date approved for payment, but, should be returned to this office for reissue, inasmuch as the bank accounts have now been closed.

If any of the employes on the attached list have been transferred, please advise us of new location.
