Dr. A. B. Peck,
Medical Examiner,
City.

Dear Sir:

In order to make our system of handling I. A. D. claims more complete and to conform with other departments of this company, allow me to make the following suggestion.

"That in all cases of prolonged injury Form I. A. D. #5 be issued, with your statement as to how the injured party is progressing, also giving your opinion whether or not the party is entitled to benefits under the rules of the I. A. D. plan." Having this data at hand, we are then in position to allow claims - with your I. A. D. 5 supporting same.

Yours truly,

WISCONSIN STEEL COMPANY, INC.

B. Diidrew.
