## ABOUT THE LIBRARIES

### Reorganization of Library Associates planned:

A committee of twelve recently met to discuss the reorganization of the UK Library Associates, the "friends" group that has made significant contributions to the Libraries but has long been dormant. The committee includes four representatives of the Libraries (Paul Willis, Jacqueline Bull, Bill Marshall, David Farrell) and eight member from the faculty, alumni and citizens of the Commonwealth.

The role of "friends" groups in general, and the contributions of the UK Associates were discussed at the meeting. Following discussion, committees were selected to plan a general membership meeting in April.

### Staff Organization dues - Part-time staff:

Part-time staff working fewer than 32 hours per week are eligible to be Associates Members of the Staff Organization. The Organization encourages associate memberships. Associate Members cannot vote or hold office but can attend all Staff Organization functions.

Dues: \$1.00 (1 year) Associate Members ONLY  
.50 (6 months) Associate Members ONLY

Please Contact Mary Welch/Cataloging Department concerning associates memberships.

### From the Boy is our face red dept:

Our apologies to Joyce Turner for confusing her with Joyce Taylor in the LSO report in last week's Green Bean.

## IT'S A FIRST---"MADAME CHAIRMAN"

Professor Constance Wilson, the first woman to chair the University Senate, presided at the February 14th meeting. She urged each member to take an active role and suggested that Senators who habitually call in as accounted absentees relinquish their seats to someone else in their departments. Ms. Wilson recognized the composition of the Senate to be lacking in minorities and low in the number of women members.

A resolution to Malcolm Jewell, immediate Past-Chairman of the Senate, was read into the minutes.

Memorial resolutions for three former faculty members were also read into the minutes and copies of these are to be sent to their families.

April 4th has been designated for retirees' dinner which is to be held at the Lafayette Club.

Information items and a summary of Council activities were reviewed by Ms. Wilson.

Dr. Royster presented names of candidates for Honorary Degrees to be awarded at graduation ceremonies in May which met with the Senate's approval.

There was one action item on the agenda - one that had been hashed out previously and returned to the Council for more appropriate wording. This time it was the student senators who took the controversial viewpoint and prolonged its final adoption. They insisted that "belief" be left in the "Admissions" statement. After some deliberation, it was concluded that the following paragraph be added to Section IV, Admissions of the University Senate Rules:

All applicants meeting the appropriate academic requirements shall be considered equally for admission to the University or to any college or academic program regardless of race, color, religion, sex, marital status, or national origin.
