

AMERICAN

TOBACCO CIPHER.

1880

ag 633.7 M475

Meier, Adolphus & Co., St. Lo
American tobacco cipher, 1880
SB273 .M450 1880

Hints for using this Cipher.

To prevent mistakes by telegraph operators, begin each "Cipher" word with a capital letter, and leave a little space between words.

Words to fill blanks in sentences, must be placed immediately after the "ciphers" for such sentences, in the order in which they should be read.

When words in ordinary language are used, see that they do not occur in the "cipher"; if they do, avoid them or begin that part of the message with the "cipher" *Narrator* and before returning to "cipher," insert *Nasal*.

On pages 1, 5, 6, 7, 10, 11, 13, 14 and 15 the increasing words, when used, should immediately follow the "cipher" to which they refer, thus: *Abroach Adjutant*, means *Buy 165 Hhds*.

On pages 2, 3, 4, 8 and 9, the increasing word should immediately follow the "cipher" to which it refers, thus: *Bashaw Batavia* means 26.50.

To express an amount for which there is no "cipher" in the tables, use two or more "ciphers," the sum of which will give the desired amount, thus: *Broadley Bedeck Bender* means \$1028.39.

Office of **ADOLPHUS MEIER & CO.**

St. Louis, January 2d, 1880.

DEAR SIR:

We have the pleasure to present you with this, our newly revised Telegraph Cipher, and trust that it may be found convenient and covering the expressions most needed for transactions in American Tobacco, at home and abroad.

Thanking our friends for past favors, and hoping for a continuance thereof, we invite the attention of manufacturers and dealers to our market, and solicit their correspondence.

The Warehouse capacity here is large and charges are very reasonable.

Owing to the competition of railroad and river routes, our shipping facilities are good, and for foreign ports through Bills of Lading are obtainable.

Thanking you to preserve this cipher and to use it when occasion for telegraphing offers, we are,

Yours very truly,

ADOLPHUS MEIER & CO.

Our cable address is:

Adolphus,

ST. LOUIS.

EXPLANATION.

Prefixing the syllable:

RE——..... We have sold Invoice marked——
immediate shipment at——.

IN——..... Withdraw invoice marked——from the
market, if sold, advise us by wire.

CON——..... For Invoice marked——we are offered——.

Affixing the syllable:

——ED..... Invoice marked——we value at——.

——ING..... Invoice marked——has been sold at——.

EXAMPLES.

CONBAW CALORIFIC.... For Invoice marked BAW, we
are offered $4\frac{7}{8}$ pence.

BAWING CALORIFIC.... For Invoice marked BAW, has
been sold at $4\frac{7}{8}$ pence.

——:O:——

NOTE: Other three letter marks may be used for Invoices, if they do not conflict with the "Cipher" when above syllables are added.
