"AMERICANISM, AN EDUCATIONAL IDEAL"

# Aids For Standardization

The first requisite for securing Standard Equipment is to select it from standard catalogs of a reliable manufacturer, producing guaranteed products. The use of a standard catalog for making up your specifications insures highest quality of equipment and that it will fit the needs of your class and the requirements of your text.

## AS AN ADDITIONAL AID TO STANDARDIZATION WE OFFER:

Recommended lists of equipment for use with the adopted text books and manuals for Kentucky Schools.

### OTHER CATALOGS AND LISTS

- “A” Agricultural Apparatus and Supplies, 196 pages.
- “B” Biological Apparatus and Supplies, 64 pages.

# Simmons University

Founded 1879

LOUISVILLE, KENTUCKY

Rev. C. H. Parrish, F. R. G. S., President

---

## GENERAL INFORMATION

### Location

Simmons University is located in Louisville, Ky., an important railroad center, and the gateway of the South and West. Its position secures to it the advantages common to a cosmopolitan city. The kindest relations exist between the races. The population is about 300,000, 50,000 being colored people.

### Foundation and Aims

The institution was founded in 1879 by the General Assembly of Colored Baptists of Kentucky for the purpose of training and preparing young men and women for service, especially teachers, and pastors and preachers.

### Teaching Force

The faculty is composed of professing Christian men and women. In point of ability it is not too much to say it is the equal of any faculty of like size.

### Curricula and Degrees

There are 12 departments:

(1) The Grades; (2) Academy or High School; (3) Normal Department and University Extension; (4) Domestic Science Department; (5) Sewing and Dressmaking Department; (6) Millinery Department; (7) Music Department; (8) Commercial Department; (9) Collegiate Department; (10) Theological Department. (11) Nurse Training and Hospital Department; (12) Missionary Department.

Degrees in courses are offered. Diplomas and Certificates are given.

The Teachers' Review Course gives review in such subjects as the teacher would wish to review in preparation for examination.

Thorough training in Shorthand and Typewriting is offered in both day and night classes.

Correspondence courses in High School and College subjects are offered.

All work is thoroughly presented, and credit toward degrees is given for satisfactory work in all courses.

DR. C. H. PARRISH, President

D. L. LAWSON, Dean of Col Dept.

# Lincoln Institute of Kentucky

*Lincoln Ridge, Ky.*

Deeply religious, but non-sectarian.

Gives four and six year courses of thorough Normal training, fitting for common and high school state certificates.

Graduates are accepted on their record at the best Negro colleges and northern state universities.

Thorough training given in Carpentry, Mechanical and Electrical Engineering, Scientific Agriculture, Household Economics and Music.

The Institute has a domain of 440 acres, beautifully situated, solid brick and stone buildings with modern systems of heat, water, light, sewage and plumbing.

Normal graduates are eagerly sought as teachers. One County School Superintendent recently asked the Institute to supply all the colored schools in his county with teachers.

Graduates from the six year Normal course automatically receive State High School teachers' certificates.

Students are carefully safeguarded. Parents can be sure that their children are cared for.

The U. S. Bureau for Education says, "An effectively managed school, —with good equipment and considerable endowment. Emphasis is placed on development of character." The secretary of the Phelps-Stokes Fund calls it one of the "outstanding schools, and its location and work strategic".

One hundred and fifty-three graduates from full courses are making a notable record. Not one is bringing dishonor upon the Institute. A department head who spent some weeks in the field last summer reported that wherever he found Lincoln Institute graduates he found them working in the churches.

The Institute encourages athletics. Teams in baseball, football and tennis are organized, and inter-school games are played annually.

Faculty of 17 members. Model School for practice teaching of students.

One hundred and fifty-six dollars pay all necessary expenses for a school year of thirty-six weeks, except clothes. Much of this can be earned at the Institute.

Location—22 miles east of Louisville on the Louisville and Nashville Railroad and the Louisville and Interurban Railway. Nine miles west of Shelbyville.

For information write REV. A. EUGENE THOMSON, Principal, or REV. KIRKE SMITH, Dean.

SECTION 1. FEES.—The annual membership fee shall be one dollar, to be paid to the Secretary at or before the time of the regular annual meeting, or as otherwise provided in the By-Laws. No one whose dues have not been paid shall vote or hold office in this Association.

SECTION 2.—All members who are not present at the annual meeting must pay the membership fee not later than thirty days after the annual meeting or their name will be dropped.

SECTION 3.—The Secretary shall collect all fees and turn same over to the Treasurer immediately.

## ARTICLE VI.

SECTION 1. MEETINGS.—This Association shall meet annually, at such time and place as the Association, or the Board of Directors acting for the Association, shall determine.

## ARTICLE VII.

SECTION 1. DEPARTMENTS.—Any number of members of this Association, engaged in the same kind of educational work, may organize a department, and after the 1913 meeting each department may elect its own officers, adopt its own rules and regulations, and shall be given time for its meetings at each annual session of the Association.

SECTION 2.—The following departments are hereby organized: (1) Primary and Kindergarten; (2) Grammar and Intermediate; (3) High School, Normal School and College; (4) Music; (5) Industrial Education; (6) Social Service; (7) Rural School; (8) Commercial; (9) Negro History; (10) Athletic; (11) Principals' Conference; (12) Parent-Teacher Association.

## ARTICLE VIII.

SECTION 1. REGULAR COMMITTEES.—At each annual session the president, except as otherwise ordered, shall appoint the following regular committees: Auditing, Resolutions, Nominating, Necrology, Legislation. These committees shall report at each annual session. Special committees may be appointed as conditions may demand.

## ARTICLE IX.

SECTION 1. REPORT OF OFFICERS.—At each annual session the President, Secretary and Treasurer shall make an itemized report of their Associational work.

SECTION 2.—The Board of Directors of this Association shall consist of the following: President of the Association, who shall be chairman of the Board, and four other members of the Association. The latter four members shall be so elected that the term of one-half of them shall expire annually.

SECTION 3.—The Secretary shall collect all fees and other funds of the Association, turning same over to the Treasurer, and shall, as directed by the Board of Directors, publish the minutes, including all addresses and papers delivered at the annual meeting, giving one copy free to each member. He shall be responsible for working up the Association, excepting the program, and for the faithful performance of duty shall receive from 1 per cent to 25 per cent, as the Board of Directors may determine, of all fees collected by him. He shall give bond for the faithful performance of duty.

SECTION 4.—The Treasurer shall have charge of all funds of the Association, and shall pay out money, during the interim of the Association, on the order of the President, attested by the Secretary. He shall give bond in a sum satisfactory to the Board of Directors, for the faithful performance of his duty, and his traveling expenses to and from the Association, and those for the bond, shall be borne by the Association.

## ARTICLE X.

SECTION 1. TERMS.—All elective officers of this Association shall be elected annually, except as hereinafter provided.

The Secretary and Treasurer may be elected for a term of three years, within the discretion of the Association.

Members of the Board of Directors, other than the Chairman, shall be elected for a term of two years, as hereinafter provided. The necessary traveling expenses of the members of the Board of Directors to and from the Annual Session and to and from such other meetings as the President may call shall be borne by this Association. All vacancies occurring during the interim of the Association shall be filled by appointment of the President until the next Annual Meeting. All officers are to serve until their successors are elected and qualified.

The President, Secretary and heads of departments shall have complete charge of the program, be responsible for same as to subject matter and time to each subject.

## ARTICLE XI.

SECTION 1. QUORUM.—Fifty members of this Association shall constitute a quorum.

SECTION 2. RULES.—Roberts' Rules of Order shall be the Parliamentary guide of all points not in conflict with this Constitution or Articles of Incorporation.

SECTION 3. AMENDMENTS.—Any Article or Section of this Constitution may be suspended or amended at any annual meeting by a two-thirds majority vote of members present, provided that in case of an amendment, that the proposed amendment be given to the Secretary for publication at least 60 days prior to the meeting at which the proposed amendment shall be considered.

## ARTICLE XII.

SECTION 1.—The President and Vice Presidents shall be ineligible to succeed themselves after having served for two consecutive annual sittings of this Association, unless they receive a 2-3 majority vote of all members present at any Annual Meeting.

SECTION 2.—At each annual session, the President shall appoint a nominating committee consisting of one member from each of the Congressional Districts of Kentucky, whose duty it shall be to nominate members for the various offices of this Association.

SECTION 3.—The election of all elective officers of this Association shall be by ballot, except otherwise ordered by this Association.

All acts in conflict with this Constitution are hereby repealed.

Revised to April, 1924.

## SPECIAL DEPARTMENT ORGANIZED

The Manual Training Department met in Room 203 Central High School, had an interesting meeting and instructive addresses.

The Home Economics Teachers met with us and asked that the Manual Training Teachers and Home Economics Departments be consolidated under head of "Industrial Education". A committee was appointed to confer with Chairmen and Supervisors of Rural Schools so as to combine under one Department, and have some representative from the Departments on the General Program.

The following officers were elected for ensuing year 1924-1925:

Prof. W. L. G. King, Chairman,  
Miss E. A. Mundy, Vice-Chairman,  
Miss Alberta E. Barry, Secretary.

(Approved by Board of Directors)

FOR VISITING TEACHERS"

THE RESOLUTIONS OF THE KENTUCKY NEGRO  
EDUCATIONAL ASSOCIATION ADOPTED  
SATURDAY, APRIL 26, 1924.

1. Since the Kentucky Negro Educational Association has been extended such a hearty welcome by the citizens of Louisville, we hereby resolve to extend the citizens of this city a vote of thanks for their generous hospitality, kind treatment, and most cordial welcome.

2. Be it also resolved: That the K. N. E. A. thank the pastors, officers and members of Jones' Tabernacle and Quinn Chapel for the use of their buildings as meeting places. In addition to the thankfulness extended herein, we wish to extend to the Board of Education of the city of Louisville our thankfulness in like manner.

3. Be it further resolved: That we express our appreciation and thanks to all organizations and individuals that have aided in making the meetings of this session a success.

4. We recommend that our State Educational Association go on record as endorsing the work of the National Association of Colored Teachers for the new program of endeavor in behalf of the forty-five thousand teachers in Colored Schools. And we further recommend that we affiliate with them more helpfully by lifting a general collection to be sent as a donation to the N. A. T. C. S. (In case the donation does not reach the amount of fifty dollars, the K. N. E. A. shall furnish the amount to make the donation reach the amount of fifty dollars).

We further recommend that the teachers of Kentucky join the National Association by paying the fee of \$1.50, including the Journal, to the Kentucky Representative, Prof. J. W. Bell.

5. That, in accordance with the vote of the Board of Directors, as previously announced, that the section of the constitution pertaining to the secretary's fees—which reads: "from five percent to twelve percent", be changed to read: "from one percent to twenty-five percent", as the Board of Directors may direct

6. Whereas, the new Administration in charge of our State affairs, at Frankfort, has manifested such sincere interest in Negro education, and has outlined such a comprehensive program for the improvement of Negro schools: Therefore be it resolved:

That we pledge Gov. W. J. Fields, Supt. McHenry Rhoads, Profs. L. N. Taylor and W. C. Bell, and other members of the Department of Education our full and hearty support.

7. Be it resolved: That we hereby do endorse the bill providing for Federal aid for Education and the establishment of a Department of Education, having a Secretary of this department who shall be a member of the cabinet of the President of the United States.

8. Whereas: A number of bills have been introduced in the Lower House of Congress for the purpose of modifying the Volstead Act to legalize the manufacture of 2.75 per cent beer, which, if enacted, will mean the return of the beverage liquor traffic and the saloon. And whereas, public hearings are now being held on said bills before the Judiciary Committee of the House of Representatives.

Therefore be it resolved: That we the representatives of the homes, the schools and the future citizens of the State of Kentucky, do earnestly oppose the passage of these, or any bill increasing the alcoholic content of intoxicating liquor as now defined by the Volstead Act.

Be it further resolved: That a copy of this resolution be forwarded at once to Hon. George S. Graham, M. C. Chairman of the Judiciary Committee, Washington, D. C.

### SPECIAL COMMITTEE REPORT

The following is a copy of the findings of the committee which was appointed to report upon the address delivered by Prof. James H. Ward, in the Principals' section on Friday morning, April 25, 1924, at the Library, during the 1924 session of the Kentucky Negro Educational Association, Louisville Kentucky:

"All schemes, of whatever nature, that give the teacher a better understanding of the capacity of the pupil, a better understanding of his work, in matters pertaining to the student, his surroundings, and the course of study,—must be encouraged:—But we doubt whether we can find any one test that will be effective in very many cases."

JAMES H. WARD.

"Some flowers bloom early in the spring, some in mid summer, some late in the fall:

So with children, some develop their mental strength earlier in life than others.

While we believe mental tests have some practical value, we doubt the wisdom of using mental tests as a means of classification. They may, however, be of use as a guide for the teacher in determining where emphasis should be placed, and what students need special attention."

PARENT TEACHER ASSOCIATION REPORT  
TO THE PRESIDENT, OFFICERS AND MEMBERS OF  
K. N. E. A.—GREETINGS!

Realizing as we do the vast importance of the union of all people and workers for strength to put over any vital proposition, and realizing also, the need of time for progress, we, the State Parent-Teacher Association present to you these following resolutions for your endorsement:

1. That the State P. T. A., be allowed a day prior to the opening of K. N. E. A. proper. At which time 3 sessions of this State P. T. A., may be held, instead of being held as a sectional meeting as we are now.

2. We request that a place on the general program be given for a Representative of the Parent-Teacher Association group in order that the people may better understand the work we are trying to do.

3. We request more publicity during the course of the year so that it will be known there is such a body as a State Parent-Teacher Association and delegates shall come and have a definite time for representation in this body prior to meeting of K. N. E. A.

Respectfully submitted,

MRS. J. ETTA TAYLOR, President,  
MRS. EMMA J. BLANTON, Secretary,  
MRS. ESSIE D. MACK, Dist. Worker.  
Committee.

## DECLARATION OF PRINCIPLES

It passes for a common place observation to say that the proper study of mankind is MAN. From the version of the Delphic oracle, "Know thy self," down to the sententious maxim in Pope's essay, "the dictum has passed with the ready acceptance given to a proverb or axiom".

Indeed, man as an immortal being stands on the highest round of the ladder of nature and connects nature with the Divine Spirit. He, therefore, contains in himself the explanation of the purpose of the chain of beings rising from the senseless clod through the plant and animal, as far as the first stage of human history. But this purpose originated in the Divine purpose revealed in childhood and tying it helplessly to its own past, giving it a fitting birthright, that when it grows to the years of countability, the lower order of things will be a matter of natural certainty. Hence, its life will be enriched and enabled by the liberal, progressive educational scheme now being worked out by the Grand Old State of Kentucky. Hence, actuated by this scheme and by the imperative need of the boys and girls of Kentucky, we beg to submit the following declaration of principles:

1. *Consolidated Schools*—The present age demands a more thorough training of the boys and girls than any previous age. The time has come when one teacher, because of the great number of subjects required by the state curriculum, must admit that she is a complete failure and inadequate to the task of controlling from 40 to 80 pupils alone. Thus, the one room school must soon retire from the stage of action and welcome the modern consolidated school in its' stead.

2. *A Practical Course of Study Recommended*—We recommend the subordination of overburdened courses of study in the grades to a thorough drill in the essential subjects. Indiscriminate methodizing should be abandoned and a drill in the essentials in all the necessary projects of each community demanded.

We recommend that the Course of Study be largely constructed to suit and fit the child both in theory and in practice to the end that it may be a more useful and practical citizen.

3. *Physical Culture Should be Taught in all Public Schools*  
—A sound mind cannot dwell long in a diseased body. We believe that a strict course of physical education carried out in the public schools affords the best means of physical development. Hence, we recommend that physical education be provided for on the daily schedule of the public schools and that the pupil be graded on his achievement in said subject.

4. *Compulsory Education*.—The state enters into a contract with its citizens to educate their children in the common school branches. The constitution guarantees it and compels every tax payer to support the system as prescribed by the State. I thus regard that man or woman, a bad and a dangerous citizen who would attempt to thwart the will of the people and state by compelling the children to become bread winners at an early age. To this end a truant officer should be seen in each community and the compulsory law of education should be strenuously enforced.

The compulsory educational law in Kentucky exists simply in letter and name. The child laughs at it and the parent defies it. The truant officer usually hired by the county stands powerless, a sham of shams, a killer of time and a drawer of unearned salary. Hence, we recommend that the child labor law as well as that of truancy, be rigidly enforced.

5. *Better Qualified Teacher*.—To be a lawyer or a doctor, we must attend some special school for three or four years where we receive special preparations for our profession. So, also teachers should be compelled to make special preparation for the vocation of teaching. The idea that any one with a certificate or a diploma can teach school is slowly but surely passing from the minds of the public and the poorly prepared students every where clearly demonstrate the fact that teachers must be trained if we would secure efficiency in business.

The demand for a better trained force of teachers must reasonably and logically lead to higher salaries for the teachers, and every citizen should constantly make efforts to secure a reasonable compensation for the teachers.

6. *Local Taxation Needed*.—Local taxation together with the state tax afford the only means of adequate support for the public schools and for winning that deep abiding interest in them which is necessary to their greatest good. A 50c tax is inadequate to care for both the grade school and High school. There should be at least a 25c additional tax levied for the sole purpose of taking care of High Schools. Happier life will be denied and communities will continue to suffer until our people send to the General Assembly representatives with the right attitude toward school and a citizen's respect for the children of Kentucky.

All newspapers and pulpits should constantly remind the public of the imperative and absolute need of local taxation if we would build up an intelligent, honest citizenship.

7. *A More Liberal and Equitable Division of the School Funds Between the Races Should be Made*.—Most of the High

Schools of Kentucky for Negroes are shams and exist merely in name. The buildings are poor indeed, operating with about one half enough teachers. They are poorly equipped and rather repulsive to the eye. A citizen is a citizen—whatever may be his nationality. The laboring man pays the taxes of this country. Hence, we ask that the various City Boards of Education see to it that the school funds be more liberally and equitably divided between races.

8. *Measuring our Normal Schools.*—Our Normal Schools should be kept sacred and inviolate, free from politics and should measure a man for the presidency not by his party affiliation but by his high moral character and his educational fitness.

9. *A Limited Term of Office for Certain K. N. E. A. Officers.*—In an association of teachers where ambitious as well as prepared men and women meet annually to exchange ideas, I am persuaded to believe that the term of its officers should be limited to the end that its members might be trained that they might feel more keenly the responsibility of the childhood of the state. Therefore we recommend that the term of office be limited to two years.

10. *The System of Certification Indorsed.*—We fully realize that true citizenship depends almost solely upon the teachers of the state. Hence, we believe that the law enacted by the last General Assembly of the state relating to the manner of certification affords the best opportunity for securing the highest standard of morality and of educational efficiency for the childhood of the state. Hence, we separately and collectively endorse said law.

11. *The Bible Reading in School Indorsed.*—The building of character is the ultimate aim of all education. No other foundation is so solid as that of the Holy Bible. It is a masterpiece of literature. It has saved its thousand and inspired its millions.

A code of professional conduct clearly understood and rigorously enforced must one day control all teachers great and small, all citizens in whatever vocation they may be engaged to the end that peace and harmony may dwell among all men.

By PROF. P. MOORE, Hopkinsville, Ky.

## REPORT OF LEGISLATIVE COMMITTEE

Louisville, Ky., April 24, 1924.

We, your Legislative Committee beg leave to make the following report:

### I. Educational Campaign.

The committee in corporation with President Reed and Secretary Wilson and the teachers of the state have carried on a strenuous legislative program during the year.

(1) An educational campaign for the advancement of Negro schools and for the development of better citizens was conducted during the months of September, October, November and December of last year leading up to the meeting of the General Assembly. During this campaign a large number of leaflets were distributed containing resolutions adopted at the last meeting of the K. N. E. A., together with statements setting forth the comparison between Kentucky appropriations for state education and the appropriations made by Legislatures of other states, and an appeal to the Legislature for more generous support of our educational institutions.

(2) Educational meetings were conducted by district educational associations and teachers in practically every section of the state.

### II. Activities of the Committee in regard to the \$75,000,000 bond issue and other important measures.

(1) The members of the Legislative Committee together with other citizens appeared before the Governor and secured a pledge from him that a million dollars of the \$75,000,000 bond issue would be set aside for Negro education.

(2) The committee held numerous conferences with the Governor, Superintendent of public instruction, Senators and Representatives in regard to the proposed \$75,000,000 bond issue and other important matters.

(3) The committee has asked on behalf of the Negroes of the state a larger recognition of Negroes in the management of our state educational institutions.

(4) The committee has insisted on the removal of our educational institutions from the influences of politics and urged that they be placed on the same non-political basis as the white educational institutions of the state.

We, your Committee make the following recommendations:

1. That in view of the pledge given the Legislative Committee by the Governor that politics shall have no place in the management of our institutions, we urge that Negro voters support the bond issue to be submitted next November.

2. That an effort be made to obtain from the administration a statement as to the distribution of the proposed million dollars and the persons or department responsible for the handling of the same.

3. That we are encouraged by the progress President Wood at the State Normal at Frankfort and his faculty are making in the raising of the State Normal to the rank of a college, and we urge that legislative activities be continued with a view of securing two standardized teachers' colleges for the state, one in the western and one in the eastern section of the state.

4. It has come to our knowledge that a considerable number of fourth class cities are refusing to observe the law requiring them to take over colored schools and administer them as the white schools are administered and as is required by law providing equal accommodations and facilities for these colored schools, we therefore, urge the co-operation of the K. N. E. A., Inter-racial Commission, the supervisor of colored schools and the Department of Education in securing the enforcement of the law as mentioned above, seeing to it that the colored schools get their pro rata of the corporation taxes, etc.

#### EDUCATIONAL CAMPAIGNS

In view of the success of the educational campaign waged last fall, we urge that similar campaigns be carried on during the Falls of 1924 and 1925 to the end that our people may become aroused to their needs, duties and rights, and that the field may be prepared for a more sympathetic and generous General Assembly in 1926.

Respectfully submitted,

JAMES BOND  
A. E. MEYZEEK,  
J. W. BELL  
H. C. RUSSELL.

SPECIAL RESOLUTIONS ADOPTED AT K. N. E. A.,  
MEETING, LOUISVILLE, KY., APRIL 24, 1924

Whereas the Kentucky Normal and Industrial Institute at Frankfort is making splendid progress under the administration of the present president, F. M. Wood, and

Whereas President Wood is re-organizing the school along advanced and standardized lines and in keeping with the educational progress of the day and the needs of the colored people of Kentucky, and

Whereas President Wood has developed a splendid spirit of loyalty and co-operation among the faculty and students of the K. N. & I. I., and

Whereas the colored people all over the State are greatly encouraged by the statesman like work of President Wood and the high type of teachers he has employed, and

Whereas it has come to the knowledge of the members of the K. N. E. A., that efforts are being made to secure the removal of President Wood.

Therefore be it resolved:

1. That since the Kentucky Normal and Industrial Institute is dedicated to the education and training of the Negro youth of Kentucky, it is the sense of the K. N. E. A., that the Negroes of the state should have some voice in the selection of its president, the management of its affairs and the formation of its policies.

2. That the K. N. E. A., in convention assemble go on record as unqualifiedly endorsing the clean, efficient, and progressive administration of President F. M. Wood.

3. That it is the mature and sober judgment of the K. N. E. A., that such a procedure on the part of the trustees of the institution would be little less than a crime against the educational interest of the colored people of the state.

4. That a great injustice would be done President Wood and his faculty by their removal at this time, throwing them out of employment without sufficient notice and in many ways practically disrupting the school.

5. That such action on the part of the trustees would be resented by at least 85 per cent of the Negro Voters, and in all probability defeat the \$75,000,000 bond issue.

6. That after a fair trial it would appear that the best interest of the school would be conserved by the removal of Pres. F. M. Wood, we demand that a new man, an outstanding educator, in no way connected with political factions and free

from political influences and prejudices, whether coming from Kentucky or elsewhere, be elected to fill his place.

7. Resolve further that a committee be appointed by the K. N. E. A., to present these resolutions to Governor Fields, Supt. McHenry Rhoads, and the Board of Trustees.

8. Resolved that the committee be further authorized to secure for these resolutions the widest publicity possible.

Unanimously adopted by the vote of 1,000 Negro educators, ministers and other race leaders.

PROF. EDWARD DAVIS, Chairman.

**K. N. E. A., HOLDS ENTHUSIASTIC SESSION. PRESIDENT REED RE-ELECTED BY TWO THIRDS VOTE. EXCELLENT SPEAKERS ON THE PROGRAM. ENROLLMENT OVER 1150**

Saturday, April 26, ended what is considered by many the best session in the history of the Kentucky Negro Educational Association. There was not a dull moment in the four days of the session. Special demonstrations and discussions featured the sectional meetings while eloquent speakers charmed their hearers at the general sessions.

Dr. Carl Roberts of Chicago spoke on Wednesday night of the session on "The Youth of Tomorrow". Dr. Roberts showed in vivid descriptions how teachers were builders—the builders of the youth of tomorrow. He explained how the teacher must build the bridge over which the youth of tomorrow must pass. He spoke of the accomplishments of colored men and women and explained that teachers must keep the examples of those of our race who are successful constantly before our boys and girls if we are to properly prepare our youth of tomorrow.

President John C. Wright, of Edward Waters College Jacksonville, Fla., made a most scholarly address on Thursday, April 24, of the session. He described the Youth Movement as it is taking place in Germany, India, France, England and other foreign countries and showed the corresponding obligations resting upon American teachers. It was explained that our boys and girls have certain talents, curiosities, and inclinations and that it is the serious work of the teacher to learn the traits of our youth. After knowing these the teacher must develop these interests if we are to have youths who do things in a superior way.

Mrs. Cora Jordan White, of Nashville, Tenn., made an address on Friday night, April 25. Her address was considered by many as the big feature of the 1924 session. Mrs. White spoke on the subject, "Men Wanted". Mrs. White explained that we needed as teachers, men and women who were capable of character building. Mrs. White in most vivid descriptions took the teachers on a mental tour of this and other countries showing to them in shifting scene the master buildings and constructions of man. She reached her climax when she pointed out that teachers are bigger builders—"Character Builders". Teachers who heard the pleasant address of Mrs. White cannot

but go back into their respective communities with an inspiration to further encourage the ambitions of our boys and girls.

Louisville Educators made valuable contributions to the program. Supt. B. W. Hartley spoke on the theme of the meeting "Americanism an Educational Ideal". Mrs. Ellen Taylor Principal of Dunbar School read a carefully prepared treatise on the "Teaching of Citizenship in our Schools". Every teacher profited by it. Miss Carrie Warren of the Lincoln School made a welcome address long to be remembered for its perfection.

Mr. I. Willis Cole welcomed the K. N. E. A., for the Louisville citizens. Other Louisville teachers made valuable contributions to the sectional meetings.

Among others who addressed the K. N. E. A., were Presidents F. M. Wood and D. H. Anderson, Supt. McHenry Rhoads, Dr. James Bond, Dr. J. O. Englemen, Mr. Jackson Davis, and Mr. W. T. B. Williams of Tuskegee Institute.

Ruth Ella Tate of Louisville was a winner in the annual story telling contest. Julia Walker of Harrodsburg was also a story telling contest winner. William Orndoff of Russellville won the Medal in the oratorical contest on Americanism. The exhibits were of a high type. About seventy prizes were awarded to various schools throughout Kentucky.

Saturday, April 26, the closing day of the K. N. E. A., was characterized by a spirited election. Candidates for the presidency were Prof. E. E. Reed of Bowling Green, Prof. W. H. Fouse of Lexington, Mrs. L. B. Sneed of Louisville, and Prof. J. W. Bell of Frankfort. After two ballots a final race was had between Mrs. L. B. Sneed and Prof. E. E. Reed. President Reed received 258 votes out of 359 votes cast—more than two thirds. A. S. Wilson of Louisville was unanimously re-elected secretary. Mr. Jos. R. Ray of Louisville was elected as treasurer to fill the position of Mrs. K. C. Blackshear of Henderson who resigned after a period of long and faithful service.

The K. N. E. A., ended with a successful physical exhibition at the Louisville Armory. Thus the K. N. E. A., ended its 48th session having enrolled the largest number in its history.

K. N. E. A., PHYSICAL EXHIBITION A SUCCESS  
SIMMONS UNIVERSITY WINS TROPHY

A crowd of over 4000 spectators witnessed the various athletic features including a track meet at the armory on Saturday April 26. The K. N. E. A., wishes to express thanks to those who helped make possible the splendid program. The generous patronage of the public is also appreciated. In spite of the fact that nearly 900 complimentary tickets were given to teachers and school children and expenses of the track teams paid, the K. N. E. A., treasury will realize a good sum. A full report will be given in the annual proceedings of the K. N. E. A.

The graded school track meet was directed by Mr. W. L. Kean of Louisville. Winners of the sixty-yard dash for girls were: Mary Miller of the Dunbar School, Ophelia Saunders of the Phyllis Wheatley, and Catherine Brookens of the Lincoln School. Winners of the 100-yard dash for boys were: Paul Britt of Phyllis Wheatley, and Henry Field of the Booker Washington School. Julius Dickerson of the Portland School was a winner in a 75 yard dash. The graded school meet ended with the high jump which brought many thrills. Final winners of the high jump were: James Lee of the Western School, French Steverson of the Phyllis Wheatley School, and Eugene Garner of the Portland School. The Phyllis Wheatley School won the highest number of points and was awarded the "Championship Pennant". This pennant was donated by A. G. Spalding Bros.

The aesthetic classes of Miss Fishback made a splendid presentation, and gave evidence of highly efficient training. Miss Jenkins of the Central High School presented folk dances and gymnastic work with girls from Central High School. Miss Jenkins managed her girls well, and greatly impressed the public with her ability as a teacher of physical education.

The High School Track meet was directed by Mr. R. N. Dunn, the live secretary of our Y. M. C. A. He was ably assisted by many local and state men interested in the physical development of our youth. There were teams in the meet representing Lincoln Institute, Frankfort Normal, Dunbar High School, Simmons University, and Central High School of Louisville.

The winners of the 75 yard dash were (1) Perkins of Simmons, (2) Carpenter of K. N. I. I., and (3) Crumes of Central High.

The winners of the 220 yard dash were: (1) Parker of Dunbar High Lexington, (2) Stokes of Simmons, and (3) Renfro of Central High.

The High Jump winners were: (1) Simpson of Lincoln Institute, (2) J. C. Taylor of Central High, and (3) Yost of Bowling Green.

The 880 yard relay was won by (1) Perkins of Simmons, (2) Calloway of K. N. I. I., and (3) Jackson of Central High.

Winners of the one mile run were: (1) Caudler of Simmons, (2) Davis of Simmons, and (3) Sneed of Henderson.

The 440 yard dash (open event) was won by (1) Wood of Simmons, (2) Burnside of Lincoln Institute and (3) Taylor of Simmons University.

The 100 yard dash was won by (1) Chenault of K. N. I. I., (2) Wing of Central High and (3) Bell of Central High.

Simmons University (Preparatory Dept.) of Louisville was awarded the "K. N. E. A., Trophy" for the highest number of points in the High School events. This handsome silver cup was donated by the Palace Theatre of Louisville. Gold Medals were awarded the winners in each event.

Summary of Points: Simmons University, 21, K. N. I. I. 6, Central High, 6, Lincoln Institute, 5, Lexington (Dunbar High), 5, Henderson, 1, and Bowling Green, 1.
