Acting President

Dr. Leo M. Chamberlain, vice president of the University, will carry the duties of President of the University during the Summer Term while President H. L. Donovan is touring Europe. Dr. Chamberlain will remain in his regular office, No. 111, Administration building.

Kavanaugh Becomes New Comptroller

George R. Kavanaugh formally assumed duties this month as UK comptroller. He succeeds Frank D. Peterson, who has been appointed to the newly created post of vice president in charge of business administration.

Kavanaugh resigned 28 years ago as assistant to the dean of men at the University of Kentucky to take a position at Berea College. His first job at Berea College was that of associate business manager, a position he held from 1927 until 1934. In 1934 he became business manager of the college and he served in that capacity until he resigned to become comptroller at UK.

In addition to being assistant to the dean of men at UK in 1926 and 1927, Kavanaugh, for a brief period in 1926, served as general secretary of the University's YMCA during the absence of the regular secretary, Bart Peak.

Kavanaugh has been active in the Kentucky Society for Crippled

Children for several years. He served for a number of years on the Board of Directors of this society and from 1950 to 1952 he was chairman of the Board of Managers of Cardinal Hill, convalescent hospital for crippled children at Lexington.

At the time of his appointment at UK he was chairman for Berea and Southern Madison County of the Easter Seals Campaign for the Kentucky Society for Crippled Children. He also is a member of the Managing Board of the State YMCA of Kentucky. For several years he has been active in Boy Scout work and at present is chairman of the Berea Union Church Boy Scout Committee.

Kavanaugh also holds membership in the Kentucky Chamber of Commerce, the Berea Chamber of Commerce and has served on the Executive Committee of the U. S. 25 Dixie Highway Association. For two years he was president of the highway group.

Groups Will Sponsor Discussion On Religion

A series of six discussions on religious faiths, sponsored by the University of Kentucky's YWCA and YMCA, will be presented on Tuesday nights in the "Y" lounge of the Student Union Building, Bart Peak, executive secretary of the YMCA announced.

Lexington residents as well as students and faculty members are invited to attend these addresses. Ministers of local churches will speak on their respective faiths.

The speakers' schedule follows: Rabbi Albert Pappenheim of Ohava Zion Synagogue, June 21; Father Garland O'Neill of Christ the King, June 28; the Rev. Franklin Owen of Calvary Baptist, July 5; the Rev. Steadman Bagby of First Methodist, July 12; the Rev. William V. Gardner of First Presbyterian, July 19; the Rev. Ard Hoven of Broadway Christian, August 2.

UK Adopts New Rules For Autos

Freshmen, and all students on academic or disciplinary probation, are forbidden to possess and/or operate automobiles at the University of Kentucky. Sophomores will be included in this rule effective Sept. 1, 1956.

This is the gist of the new and stringent regulations which will govern and regulate UK parking and traffic control and will be enforced at the opening of the Fall semester.

"An analysis of student disciplinary records reveals that in more than 90 per cent of the cases of serious misconduct, a motor vehicle was the most important contributing factor to student delinquency," Dr. H. L. Donovan, UK president, said. This is the primary reason for the tighter controls according to the president.

Dr. Donovan also cited a student-staff committee report accepted by the UK Board of Trustees that said:

"More than 80 per cent of disciplinary cases involving a motor vehicle occurred among students registered at the University as freshmen and sophomores." The younger students are not ready to accept the responsibilities of serious college study, when they find it necessary to operate an automobile at the University, according to the committee report. Though nearly one-third of the students operate cars at some time, approximately 55 per cent of the students

NOTICE TO SENIOR AND GRADUATE STUDENTS

All Senior and Graduate students expecting to complete their requirements for graduation at the close of the summer term are requested to make application for degrees Tuesday and Wednesday, June 28 and 29, in room 16 of the Administration Building.

WELDON JAMES

Desegregation To Be Discussed By Weldon James

Weldon James, an Associate Editor of the Courier-Journal and lecturer of foreign and domestic affairs, will give a series of talks at the Guignol Theatre for the summer school students.

On June 22, Mr. James will speak on "The Desegregation Story." "Report from Spain" will be the topic of his lecture on Thursday, June 23. On Wednesday, June 29, Mr. James will talk on "Africa's Heartland." All lectures are scheduled to begin at 7:30 C.D.S.T.

Mr. James is a native of South Carolina and an honor graduate of Furman University. After teaching high school English literature and current history for two years, he joined the reportorial staff of the Greenville (S.C.) Piedmont, where he wrote a series of articles entitled "Adventure Through America," showing the viewpoint of the hobo, the hitchhiker and the migrant farm laborer as well as the well-heeled tourist.

Before joining the staff of the Courier Journal, Mr. James was roving associate editor of Collier's Magazine and spent two years in the Philippines, Japan, Indo-China, Indonesia, Malaya, Burma, India, the Middle East, Palestine, Africa and England.

From 1937 to 1939, he covered the revolution in Spain and the war between China and Japan for the United Press. He was the first foreign correspondent to be awarded a Nieman Fellowship for a year's study at Harvard.

Since 1948, Mr. James has been on the Courier-Journal staff and has continued his traveling and outside writing. His articles on foreign affairs, domestic politics, desegregation and the status of today's moonshiners have appeared in Collier's, Pageant, Reader's Digest, the New York Times magazine and other publications.

Both students and town people are invited, and the admission is free.

Donovan Hall Is Dedicated

Donovan Hall, future home for 357 UK students, was formerly dedicated May 30.

The \$1,706,000 building, named in honor of President H. L. Donovan, is the newest of five dormitories which serve the men. Guy A. Hugel, chairman of the executive committee of the Board of Trustees, presided at the dedication exercises.

Dr. Donovan, in a brief speech, said that the dormitory contains 1,250,000 cubic feet and that there are 24 acres of floor space in it. The cafeteria will accommodate from 1,200 to 1,500 students per meal. He called this "the most important contribution we have made to the welfare of men students at the University in several decades."

"It may be pointed out here that the dormitories will be restricted almost entirely to freshmen and we regret that this will be the case for several years to come," President Donovan said. Most students will be able to live in the hall and take tree meals a day for a maximum of \$60 for a school year of nine months.

Degrees Are Conferred On 857

Degrees were conferred upon 857 students at the 88th annual commencement of the University on Monday, May 30, in Memorial Coliseum. Dr. Harlan C. Hatcher, president of the University of Michigan, made the commencement address.

In the graduating class were students from 99 of Kentucky's counties, 27 other states and the District of Columbia, and five foreign countries. Seventeen doctorates, 138 masters and professional degrees and 719 bachelors degrees were awarded.

Honorary degrees were conferred upon President Hatcher, commencement speaker, and Tom Wallace, editor emeritus of the Louisville Times, both doctor of letters; Brig. Gen. Elbert DeCoursey, Washington, research scientist, doctor of science; Robert W. Woolley, Washington, lawyer and writer, and Judge James W. Cammack, Kentucky Court of Appeals, doctor of laws; and H. D. Palmore, Frankfort, engineer and industrialist, doctor of science; Dr. Henry W. Cave, New York City, surgeon, sci-

entist and author, doctor of science.

Degrees awarded by the respective University colleges follow: Arts and Sciences, 192; Agriculture and Home Economics, 122; Engineering, 111; Law, 26; Education, 107; Commerce, 135; Pharmacy, 35; and Graduate School, 129.

Miss Emma J. Woerner, retiring principal of the J. M. Atherton High School, Louisville, was awarded the 1955 Sullivan Medallion, a presentation made annually to the Commonwealth's "outstanding citizen of the year."

Honored with the veteran educator were two members of the University's graduating class of 857 students, Miss Ann Marie O'Roark of Washington, D. C., and Leslie W. Morris II, of Lexington, who also received Sullivan Medallions.

The Sullivan awards, presented each year to a citizen and two graduates of the state universities in 15 Southern states, were established in 1925 by the New York Southern Society in memory of Algernon Sydney Sullivan, New York lawyer of the post-Civil War period.

Baccalaureate

Dr. James W. Kennedy, rector of the Church of the Ascension in New York, delivered the baccalaureate address to the 1955 class in Memorial Hall on Sunday, May 29.

"Competition will drag you to low levels of ethics if you are not careful," Dr. Kennedy asserted. "Pilate's problem is with us still. It is easy for a vision of truth to shrivel up through neglect or undernourishment or by putting comfort, leisure and material success first."

Topic of the address by the former Lexington clergyman was "I Wonder as I Wander." According to Dr. Kennedy, he took his theme from "an immortal song by John Jacob Niles."

Gives Warning

One of the speaker's first points was a warning that "man without God can not successfully face life and find happiness." He continued: "In any resume of man's cultural, political, social or spiritual history, it is quite apparent man has not been able to go it alone and build society and the world aright—although he is still trying hard to progress and conquer on his own."

According to Dr. Kennedy, the basic facts of life to face will be much the same "in New York as in Versailles, in San Francisco as in Anchorage, in Berlin as in Peiping, and there is no escape from them anywhere."

Dr. Kennedy offered the graduates the Christian faith as a guide for their post-commencement lives.

1,147 Attend 4-H Conference At UK

The annual 4-H Week, which had for the first time boys and girls from every county in the state, was held on UK campus June 7-11.

A total of eleven hundred and forty-seven boys and girls registered on Monday, the first day of the convention. In addition to the

New Rules For Autos

(Continued from Page 1)

on academic probation have had automobiles at their disposal, it was pointed out.

The new regulations "are predicated upon the basic factor of the relation between the student having an automobile and his achieving academic success. In no wise are the regulations urged merely to alleviate parking and traffic congestion upon the campus."

The revised regulations provide that:

Effective June 6, 1955, all freshmen and all students on academic or disciplinary probation, and effective Sept. 1, 1956, all sophomores, will be forbidden to possess and/or operate cars at the University. Exceptions will be granted only with the permission of the dean of men and the Student Government Association's judiciary committee in order to avoid hardship based on physical handicap, need to commute, use of car for essential work, and other proven need.

All student cars hereafter must be registered in the office of the dean of men during the official registration period at the beginning of each term or, if brought to the University during the term they must be registered immediately. Failure to register a car will result in disciplinary action. Continued failure to register a vehicle will make the student subject to dismissal from the University. A copy of the regulations will be sent to the parents or guardians of all University students.

The University plans to open three new parking lots by the fall term, according to Dean of Men Leslie L. Martin. This should provide three times as much parking space for us at present, he said.

There will be a charge of \$5 a semester to students who have parking permits. This fund will help pay the cost of operating the lots.

Joint Discussion Groups Arranged

Jointly sponsored by the Presbyterian, Methodist and Disciples student fellowships, a series of interdenominational discussion meetings will be held throughout the summer on the campus.

The meetings will be directed by Diogenes Allen, UK graduate in 1954 and a Rhodes Scholar.

All students are invited to participate in the sessions which will be held alternatively in the Methodist and Presbyterian student centers. The meeting next week will be held at the Methodist Student Center, 151 East Maxwell street, Wednesday, June 22, at 6:30 p.m.

"Everyone at one time of another talks about religion," said Mr. Allen, in explaining the plan for the discussion sessions. "Sometimes discussions are pursued in a casual way; sometimes in a more systematic way. At the sessions this summer each student will be free to state his own views on the various subjects before the group."

"At a time when the world is in revolution," he continued, "it is vital that each person, be he a Christian or not, knows exactly what each group in the world believes and stands for. Attending this group discussion can aid one in understanding more completely the Christian position."

82 Commissioned

Eighty-two University of Kentucky Army and Air Force ROTC cadets received reserve commissions in a ceremony conducted May 30 in the University of Kentucky's Memorial Hall.

Major Gen. Ralph P. Swofford Jr., commandant of the United States Air Force Institute of Technology was the speaker for the occasion. Presiding at the program and introducing Gen. Swofford was Dr. M. M. White, dean of the College of Arts and Sciences. Other UK deans also present were presented to the audience.

Registration

The UK summer school registration this year showed a slight increase over 1954 as 2340 students groaned and bickered their way through the formal "signing up" for classes.
