

I wrote some time ago urging
Ma and Sally to come on and
spend the winter with me for I am
sure it would do Ma great
good and I have such a pleas-
ant house - and what it would
require for her to live on during
the winter would pay all her travel-
ling expenses and of course they
would have no expense here
I find myself constantly think-
ing how nice it would be
but then it seems to be all on one
side - "This recollection soon brings
me back to despair" give
much love to Ma for me and
all the children - Tell T. B. P.
not to be so selfish as to keep you
all to himself - give him my sis-
terly regards - Now Annie this
is the second or third time I have
written to you and no notice have
you taken of my valuable letters now
I beg of you write me a long
family letter telling me all the news
Yours truly Salie
